Rev. Heinoner and Family Leave for Summer Vacation

Rev. A. I. and Mrs. Heinoner and their daughters, Ellie, Leah and Vera, left early Wednesday morning (July 13th) by motor on their holiday, which they will spend on their Rauhala Island, Long Lake (Rheault P.O.), via Sudbury. Miss Myra Heinoner and Miss Gertrude Heinoner will join them for a two week holiday ten days later. Rev. Heinoner and family will return home Saturday, Aug. 13th, and will take charge of the regular services in the Timmins Finnish United Church on Sunday, Aug. 14th.

TEN YEARS AGO IN TIMMINS

From data in the Porcupine Advance Files

Ten years ago an alarm was turned in from Box 46, and from the upper part of the town the blaze could be seen in the Mattagami section. It looked like a bad fire, and it was a difficult one to battle, the blaze having a good hold before being discovered. The firemen, however, made their usual speedy run, and did their usual excellent work, with the result that the fire was conquered in a comparatively short time.

"Outside newspapers last week carried detailed accounts of the supposed death of Jack Munroe, noted North Land pioneer," said The Advance ten years ago. "The death was supposed to have taken place at Rouyn, but it was contradicted as soon as it was published, it being known that Jack Munroe, formerly mayor of Elk Lake, and one of the original Princess Pats, is now in the Red Lake area. Evidently the report of the death of the 'Jack Munroe' of North Land fame, arose from the death of another Jack Munroe, usually known as 'Little Jack Munroe,' in his cabin at Cheminis. This Jack Munroe was a man of about 60 years of age and was well known in the Larder Lake and Kirkland Lake sections. He also was a war veteran and it is understood that his death resulted from hemorrhages caused by the after-effects of gas poisoning in the war."

Ten years ago, Robt. Davidson, of Schumacher, a young man of nineteen years, met death at the McIntyre Mine, where he was employed underground. He was missed from his work and search being made for him it was found that there was no place else to look for him except in one of the ore chutes. The rock was cleaned out of the chute and the young man was found dead beneath some tons of rock. The inquest into the death resulted in a verdict of accidental death, with the cause of the accident unknown.

There was a large and enthusiastic number of members of the Timmins Golf Club participating in the qualifying round for the Golf Club trophy ten years ago. The weather was splendid for golf, any complaint which could be made would have been that it was rather warm.

In the Temiskaming Baseball Association series (senior) South Porcupine won here from Timmins ten years ago, the score being 13 to 7. There was a good crowd and an interesting game, with lots of sport and fun in the proceedings. The Timmins team, though still needing practice and coaching, was playing better ball and promised still better things before the season was over.

The Cornish dropped another match in the P.D.F.L. series, ten years ago, to the Holly Recs, by a 2-1 score. The Holly Recs, were leading 1 to 0 at half-time. At the kick-off in the second half very fine headwork was achieved by the Holly Recs. The ball was brought down from centre field by the halves; then out to Landers and back to McCorry, and then to centre of the goal mouth.

A change in the plan of supervision

of the Provincial Police in the North Land was announced ten years ago. Sergeant Gardiner, who had been at Cobalt for some years as second in command, was transferred to Cochrane. Sergeant Gardiner had direction of the force in this northern part, his headquarters being Cochrane.

Among the visitors to Timmins ten years ago was Major Burwash of the Dominion Geological staff at Ottawa. "Major Burwash left here on Sunday," said The Advance, "on the way to Edmonton where he will leave the railway line to travel a thousand miles to the far north. At Edmonton he has 16 tons of supplies to take in, including instruments for testing, assaying, etc. His objective is the preparation of a complete report on the geology and mineral probabilities of the Herschel Islands."

Timmins Junior Baseball team visited Cochrane ten years ago in the Temiskaming Junior League series and won a very pleasing victory with the score of 8 to 5. The win was particularly acceptable as the game was keenly contested.

"In The Advance ten years ago—"This week a rather distinguished visitor is expected in town—the distinction being in the fact that he is the son of a British peer and also that he has planned to spend his vacation in Canada as a mucker at the mines. He is Hon. Ian Baird, the nineteen-year-old son of Lord Stonehaven, Governor-General of Australia. According to despatches from Montreal on Tuesday, Hon. Ian Baird was in that city that day having just landed from the steamship trip from England. He was en route to Timmins, Ont., and also planned to visit Amos, Que., and other mining areas."

In the South Porcupine news ten years ago: "On Monday evening, while Mrs. A. DeRosa, of 66 Bruce avenue was sitting on her porch with a lady friend a sneak thief entered the kitchen by the back door and obtained her purse which was in a cupboard there. Her son, Victor, who had gone up to his room hearing the stealthy footsteps in the kitchen thought they seemed peculiar and came down to investigate. When he made his appearance the burglar made a dash out the back door. Victor called out, 'A robber, mother, quick!' so both women hastened to the kitchen but seeing he had gone from there Mrs. DeRosa rushed back to the front door just in time to see him take refuge behind a neighbour's house."

Ten years ago, the Cornish, Boxer Cup holders, met the McIntyre in the series of the same cup for this season, and lost their hold on it by being defeated by a 4-1 score.

In The Advance ten years ago (in part):—"On Friday night last about ten-thirty the worst accident yet of the Timmins-South Porcupine highway occurred when a motorcycle and Whippet motor car collided. One woman, Mrs. Marina Ziglotte, who was riding in the side car of the motorcycle died in four minutes after being admitted to the hospital. She was terribly crushed and mangled from the impact. Her husband lies at the hospital here in a very precarious condition. On Sunday last his limbs which had been crushed, had to be amputated and his life is still in danger. He and the young woman who was killed were only married about three months. The other occupant of the motorcycle, Angelo Artuso, is also at the hospital but is recovering nicely. Mr. James Gibson, of South Porcupine, the occupant of the car, was knocked unconscious for a while but was taken home. He is in a very nervous condition from shock. The accident occurred out near the South Porcupine cemetery. There are many versions of it but until the inquest can be held, nothing definite can be stated."

Among the local news in The Advance ten years ago were: "Born—On Tuesday, July 10th, 1928, to Mr. and Mrs. Irwin Richardson, of the Dome Mines—a daughter." "Born—In Timmins, Ont., on Thursday, July 5th, 1928,

to Mr. and Mrs. W. Kyle, a daughter."

"Born—At the General Hospital, Timmins, on Wednesday evening, July 11th, 1928, to Dr. and Mrs. Lee Honey, a son." "Mrs. Ernest Fitzpatrick, of Timmins, has left to spend the remainder of the summer with her parents at Pembroke." "Miss Weir, who has been on the staff of one of the Nova Scotia public schools, is home for a holiday visit to her parents, Mr. and Mrs. Weir, Hollinger townsite." "Miss Mary McCafferty left yesterday for a holiday visiting relatives in New York City." "Miss Q. Swadling, of Toronto, is visiting friends in Timmins, where she spent several months a couple of years ago." "Miss Kate France, of Toronto, is holidaying at the home of her parents, Mr. and Mrs. Slater, Borden avenue." "Mr. H. W. Kearney, now of Halleybury, but for several years manager of the Curtis Optical parlours here, is in town this week, relieving Mr. D. B. Curtis who is on a trip to the South." "Mr. F. Elphick, of The Advance staff, is spending his vacation in Toronto." "Mr. M. McChesney, of Timmins, was a visitor to New Liskeard last week." "Mr. Osborne Alton, of The Advance staff, is spending his vacation in Toronto." "Mr. and Mrs. C. A. Bancroft, of Ottawa, were the guests of friends in the camp last week." "Mrs. S. R. McCoy and daughter, Phyllis, are on a holiday visit to the South." "Miss Gladys Hughes, of The Advance staff, is spending her vacation in Buffalo, N.Y." "Miss Muriel O'Neil, nurse-in-training from St. Catharines, is visiting her parents, Mr. and Mrs. W. P. O'Neil, Ankerite Mine." "Mrs. Thomas Howard and family, of Hearst, are visiting her parents, Mr. and Mrs. W. P. O'Neil, Ankerite Mine." "Mr. W. J. Dagenais, merchant of North Cobalt, was last week elected by acclamation as reeve of Buck township to succeed the late W. J. Post who died last month."

Moose of Iroquois Falls Hold Picnic

Annual Event has Record Attendance.

Iroquois Falls, Ont., July 11.—(Special to The Advance)—With the largest gathering of pleasure-seekers on hand ever, the annual picnic sponsored by the Moose proved most successful on Sunday, July 10th, which was held at Child's Beach, on Herman Lake.

Leaving the Ansonville town hall, three truck loads of kiddies and scores of motor cars were lined up on their way to the beach, and shortly after 10 the vehicles started moving, loaded down to capacity with lunches, kiddies, parents and paraphernalia.

On their arrival at the beach, each child, whose parents are members of the Moose Lodge, was given two tickets, which would purchase either ice-cream or soft drinks, and 600 tickets in all were distributed.

Swimming, baseball, swinging, teeter-tottering, and generally a fine outing was the order of the morning, and with the weather ideal for such an occasion, it was a marked success.

Variety lunches were then eagerly demolished, which were prepared by the parents, after which races for the children were held. Valued cash prizes were distributed in all cases, immediately after each race to the winners. Those taking prizes were:

Girls 6 years and under—first, D. Lefebvre; second Y. Hardy.
Girls 8 years and under—first L. Gauthier; second F. Bedard.
Girls 10 years and under—first L. Gauthier; second Y. Gauthier.
Girls 10 years and under—second run—first M. Lefebvre; second J. Gratton.
Girls 12 years and under—first A. Olaveson; second A. Lefebvre.
Girls 14 years and under—first L. Pregent; second B. Oulette.
Boys 6 years and under—first P. Paquette; second J. Oulette.
Boys 8 years and under—first G. McDonagh; second P. Conway.
Boys 10 years and under—F. Scott; second, D. Mongeon.
Boys 12 years and under—M. Lachance; second W. Lachance.
Boys 14 years and under—K. Kushner; second J. Lachance.
During the afternoon, an abundance of fun was realized by the individuals, all participating wholeheartedly, and all deriving a great deal of enjoyment. The afternoon wound up with the

drawing for a beautiful 97-piece dinner set, which was held by the Women of the Moose. Everyone gathered around where the ticket was being drawn, all holding their breath, and hoping. However, a little girl was the lucky winner in this case—Miss Marie Huard, aged 6, of Ansonville. Envied by all, but nevertheless pleased with her good fortune, she was given loud applause, and heartily congratulated.

No casualties were reported during the day.

The Moose Lodge feel deeply grateful to the donors of the means of transportation, especially to the owners of the trucks, who so willingly assisted in the eventful day.

Committee in charge were: Mr. Wm. Roach, Mr. A. Gauthier, Mr. T. Drummett, Mr. S. Bedard, and Mr. E. Campbell.

Particular Birds May be Known by Their Feet

One can tell the kind of feet a particular bird has by knowing his habits. For the feet of birds are almost as important to them as their wings, writes a correspondent to the St. Louis Globe-Democrat.

The duck's feet are webbed because it must have good paddles to push the water with when it swims. Otherwise, it would be as poor a swimmer as a hen.

The robin has a foot much like the ordinary chicken. His foot has three toes in front, the centre one a little longer than the others, and a rather long, strong toe behind. Because he scratches for most of his food, his front toes are fitted with sharp nails which can tear at the hardest ground. The back toe is held in reserve, for when a cat or any other annoying enemy comes along, the robin is obliged to abandon his search for worms and atting to a safe, high branch.

Woodpeckers have two toes in front

and two behind. Consequently they hobble awkwardly on the ground, like some old man with corns on his feet. But in the trees they're quicker than almost any other bird at hanging to the skinniest branches and getting through the thickest leaves.

The cassowary and ostrich, tall birds that are surpassingly good runners, have the strangest feet of any. The foot of the ostrich has only two toes. He hasn't any use for the back toe because he doesn't climb trees. And for running, the back toe would be just so much extra luggage. Both of these runner birds live in Australia.

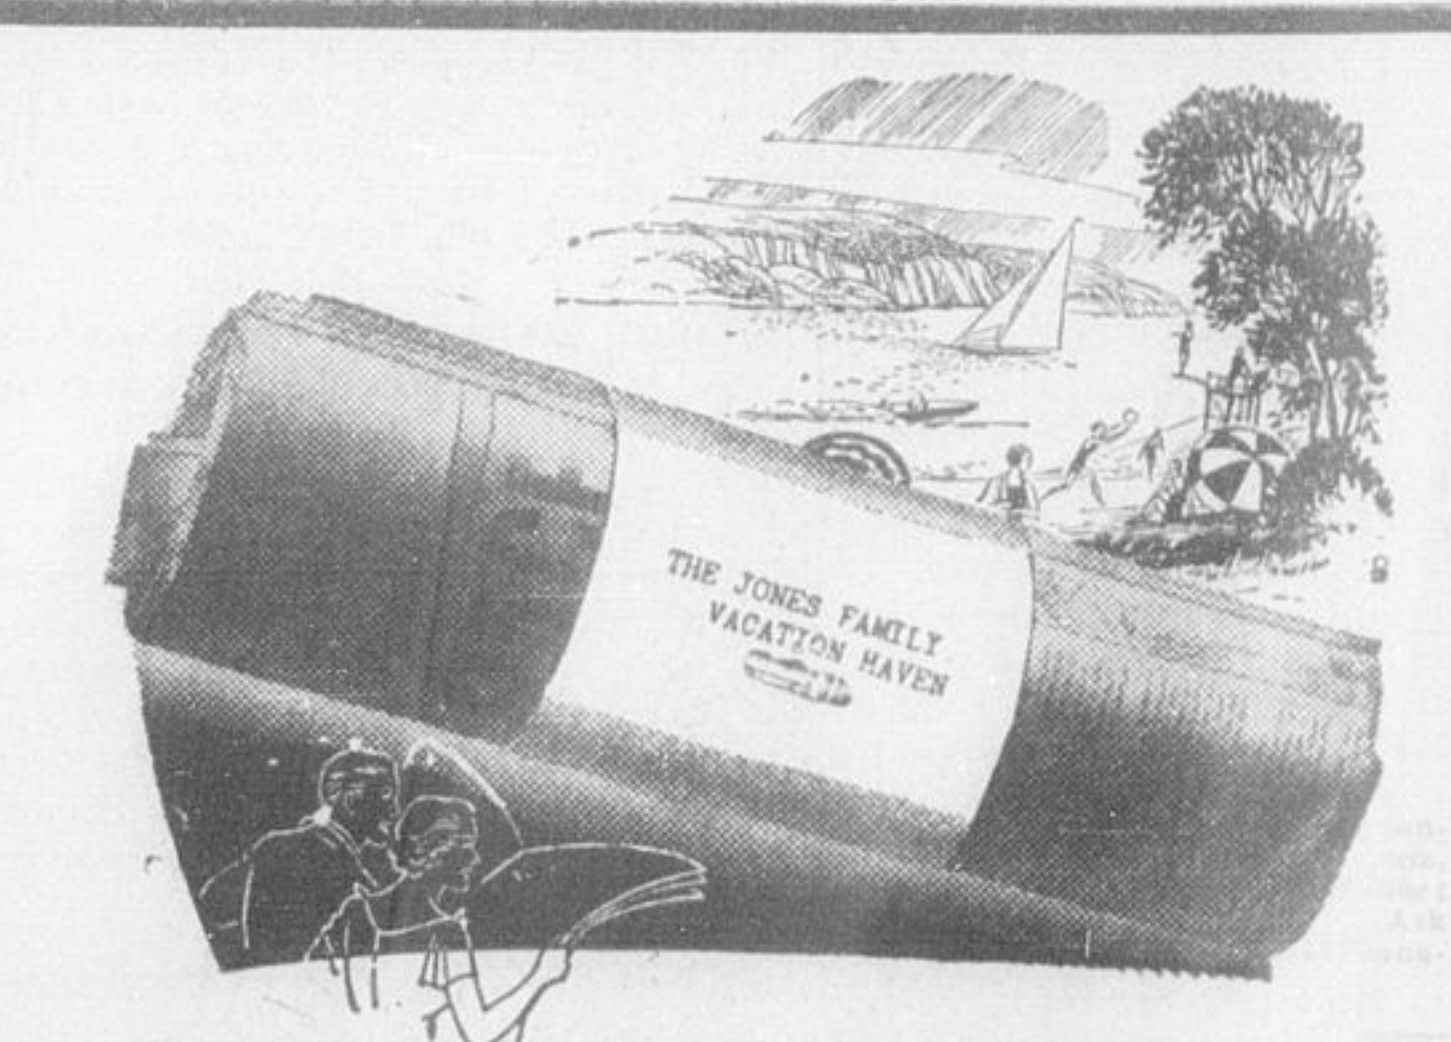

Over 40 Register for Corps Reunion

Porcupine Will be Well Represented at Gathering of Veterans in Toronto.

With over forty veterans registered to date, indications are that the Porcupine will be well represented at the Canadian Corps Reunion, which opens in Toronto on June 30.

Wally Nicholson, of Dugwal, who is in charge of arrangements for the local group, announced to-day that two special cars will be provided to transport the Porcupine delegation to Toronto. Additional veterans will be picked up at various points along the line. Headquarters for the Northern veterans in Toronto will be at the Imperial hotel, at the corner of Dundas and Yonge streets.

A final meeting is being held at the Empire hotel here next Tuesday night to complete the various details of the trip. Berets and arm bands will be issued at that time and final instructions issued. All veterans are invited to attend the meeting when registrations will be closed.
