Sale of Vetract Wreaths Under Way

Help the Ex-Servicemen in Their Good Work.

The lady canvassers for Vetract wreaths and other products commenced their work this week and report very favorable reception by merchants and business men. Last year Timmins was a little under its quota of wreath sales, but with kindly co-operation of all it is anticipated that the allotted quota for this year will be exceeded.

Some were ready to form battalions of fighting units, but the great majority being past the age limit were decidedly unanimous to give of any service the government desired. To forcibly put this attitude to the public, the illustration of the British Government's acceptance of 1,000 British Legion members to police the Czech areas during the plebiscite shows that Legionaires are a factor in every part of the British Empire, and this applies to Canada in very emphatic manner.

Since the signing of the Armistice, the veterans of the Great War have carried on and are still carrying on. The proof of this can be seen locally in the work of the Legion relief fund. This fund has been the means of helping many an unfortunate veteran's family. Hundreds of individual ex-service men have also been assisted and in this way the spirit of comradeship has been maintained. Taking expenditures over a period of years it can safely be said that an average of \$1,200 per year has been expended in this respect.

When one considers that the average Poppy Day contributions only average around \$400, it can plainly see that the Legion has to seek other means of financing this work. This is done by the members planning activities of various kinds but never a direct appeal for funds to the public. The only direct appeal is made on Poppy Day, which this year will be Thursday, November 10th. The local committee asks everyone to give a little more generously this year, and again all are reminded of the fact that orders for wreaths for placing on memorial and

for window decoration must leave Timmins by Oct. 15th. Look for the display next week and then act quickly.

Dr. Russell Speaker at Citizen's League

Address Gathering on Silicosis. Councillor Wren to be Speaker Next Week.

There was a good attendance last night at the meeting of the Citizens' League in the town hall. Dr. N. R. Russell was the speaker for the evening, and spoke on silicosis. He contrasted conditions in South Africa and the North in connection with the compensation to workmen contracting the disease. He also made reference to the plan of Mr. J. J. Denny and Dr. Robson, of the McIntyre, to reduce the danger of silicosis in the mines. Dr. Russell used a blackboard to illustrate parts of his address, sketches on the board making his remarks plain and pointed. Mr. Homer Gauthier, president of the Citizens' League, occupied the chair and introduced the speaker for the evening. Mr. Gauthier also announced that the speaker next Wednesday would be Councillor Wm. Wren. "We heard Mayor Bartleman last week," said Mr. Gauthier, "and next Wednesday the other side will be presented by Councillor Wren."

An interesting feature of the meeting last night was the fact that a gentleman in the audience who was well acquainted with South Africa added his comments to silicosis and the measures taken against it both here and in South African mines.

Miner is Killed at McIntyre

Timmins Man Crushed Under Rock Fall and Partner Has Narrow Escape.

Crushed and buried under a rock fall on the 2800-foot level of McIntyre Mine about 4.30 Wednesday morning, the lifeless body of Fred Kobyluck, 36, married, was recovered about an hour later by a rescue crew. Josef Michalk, who was working with Kobyluck at the time, had a narrow escape from death, being buried up to the waist in loose rocks. He was rushed to hospital suffering severely from shock and while his lower limbs are badly bruised, an x-ray examination disclosed no broken bones. Dr. W. D. Robson, staff doctor at the mine, said Kobyluck's death was instantaneous.

The unfortunate victim is a married man and is survived by his wife and 3½-year-old child who reside at 252 Elm street north. Michalk resides at 281 Birch street north.

Mines Inspector A. B. Weir investigated the accident and an inquest will be held.

SALUTE TO PEACE

The man of the hour—Prime Minister Neville Chamberlain—is pictured here in a symbolic pose. He might be acknowledging the acclaim he is now receiving throughout the world for the efforts that won a last-minute victory over the forces of devastation and death. No one can estimate the number of human lives spared by Chamberlain's successful fight for peace, but history will place this stolid British prime minister high above the warlords and more colourful diplomats as one of the greatest statesmen of all time.

Enjoyable 500 Party by the Ladies' Auxiliary

Members of the Ladies' Auxiliary of the Canadian Legion gathered at the home of Mrs. J. Shaw, 41 Laurier avenue, on Wednesday evening, to spend an enjoyable evening playing 500. A dainty lunch was served by the hostess, and winners at cards were: 1st, Mrs. Roberts; 2nd, Mrs. McGarry; and 3rd, Mrs. Bennett.

Tabulation of Favourite Hymns at Haileybury

Cobalt, Oct. 6.—(Special to The Advance)—Members of the United Church here are to be afforded the opportunity of submitting their favorite hymns so that officials in charge of the musical portions of the services may learn what are the views of the congregation in this respect. It is announced that, for the next few Sundays, a box will be placed at the church door, into which all interested are invited to drop a list containing the ten selections they like best, and the results later will be tabulated for the guidance of the church authorities. A similar experiment, it is recalled here, was tried out at Haileybury United Church several years ago, and the results there showed a wide variety of hymns listed as favorites among the approximately 130 persons who participated in the scheme there. At the time, one report says, "Lead, Kindly Light" led the list, with 16 votes, and a considerable number of hymns received but one vote apiece, so great was the diversity revealed in the checking of the lists, which contained five favorites of each participant.

HON. G. HOWARD FERGUSON MENTIONED AS NEW LEADER

Despatches this week from Toronto again suggest that Hon. G. Howard Ferguson, former premier of the province, may again be pressed into service as the new leader of the provincial Conservative party.

Annual Meeting Saturday of the Cornish Social Club

The annual meeting of the Cornish Social Club is to be held on Saturday, October 8th, commencing at 8 p.m. The chief business will be the election of officers for the ensuing season. After the business of the meeting there will be a social evening enjoyed. All members are requested to attend to have the season open in auspicious way.

NO MORE STALE BREAD—IT'S FROZEN

A problem that has long puzzled government officials, that of feeding the nation in wartime, is solved, as far as the staff of life is concerned, with the revelation that bread can be frozen and kept for months as fresh as when it was baked. The American Bakers' Association and the American Institute of Baking, conducted the experiments in freezing freshly baked loaves. Here you see bread being baked in the ordinary way, TOP, and made ready for the oven. Then, BELOW, to the other extreme, Dr. William Cathcart, of the A. I. B., inspects bread that has been kept in cold storage at seven below zero. It'll keep thus for nine months.

Sudbury Star: During the war scare it is said unemployment in England almost vanished. But this is no excuse for including Hitler to act up every six months or so.

Leader, Duncan, B.C.—Some persons in the United States are not even past introducing the circus freak into religion. Recently a child of eight was ordained there as a minister, and pictures were published on both sides of the line showing him performing his first marriage ceremony. We heard a broadcast by this youngster. It was a pathetic commentary on the intelligence of those responsible for the whole "stunt."

MEN!

... Get the Habit—Shop Where You Can Combine QUALITY, COMFORT AND PRICE.

With our store just recently enlarged and re-modelled, we are presenting here a few late arrivals for Fall and Winter Styles that will be worn by well dressed men everywhere! We bring them to you at economy prices, top-notch quality and the last word in style and comfort.

Million and Quarter Miles Flown by Imperial Airliner

Montreal, October 5.—According to news received today by the Trans-Canada Air Lines here, the Imperial Airways' liner Hercules has just celebrated the seventh anniversary of her maiden flight. Her mileage is 1,250,000, or 50 times around the earth. She has carried 95,000 passengers—chiefly between London and Paris. Not one emergency landing has been necessary in her seven years. Not a passenger has been injured.

The Hercules was the first four-engined airliner ever commissioned. Pioneers in multi-engined aircraft, the Imperial Airways long ago set a new fashion in the arrangement of power plants.

In days when aircraft designers were thinking in terms of accommodation for 10 or 12 passengers, the Hercules was built to carry 38 and a crew of five.

The Hercules and others of her type will shortly be superseded by new "Ensign" and de Haelland 91 "Frobisher" type replacements.

BRITAIN SEEKS RELEASE OF HOSTAGES IN GERMANY

Prime Minister Chamberlain told the House of Commons yesterday that Great Britain was seeking the release of "certain Czech officials on frontier districts" and Czech residents in Germany who had been imprisoned there as "hostages." He agreed to "press for the release of any such hostages as soon as possible."

In the cant phraseology of the day: "Be Fire Prevention Conscious."
