

Opening Meeting of the Music and Literary Club

Porcupine Women's Music and Literary Society to Hold First Meeting for the Season in Harmony Hall on Monday, October 24th. Attractive Programme for Season.

The first meeting of the Porcupine Women's Music and Literary Society will be held on Monday afternoon October 24th, commencing at 3 o'clock, at the Harmony Hall on Fourth avenue. A very pleasing programme has been arranged for the event, and it is expected that the club will be an even greater success this year than it was the last season.

Conveners of the programme on Monday are Mrs. Webber, Mrs. Wilkins, and Mrs. Longmore, who have prepared a varied programme that will please all lovers of musical and literary work. Mrs. W. O. Langdon, president, will be in the chair, and introduce the artists on the programme.

The programme for the coming season has been carefully arranged, and plans are now practically completed for the entire season. When the Music and Literary Society closed for the summer season, there were nearly two hundred members, the majority of these members being added to the club in small groups as the meetings progressed. From this it can easily be learned that many local women are interested in good music and literary work, and as the meetings are held in the fall season, it is expected that a much larger membership will add to the success of this worthy organization.

An invitation is extended to all last year's members, and to all those interested in the club, to attend the meeting on Monday afternoon, at 3 o'clock, in the Harmony Hall.

Paper Hats Ready for Firemen's Ball

Hallowe'en Event at the Riverside Pavilion on Oct. 31st.

Arrangements are well advanced for the Fire Fighters' Annual Ball and Hallowe'en Dance to be held at the Riverside Pavilion on Monday, October 31st. Music for the occasion will be supplied by Andy Cangiano and his boys who are sure to bring rhythm to the feet of everyone who attends. Large boxes of paper hats and novelties have been prepared and are waiting in the fire hall for the big night, when they will bring enjoyment and fun to the Hallowe'en celebrators. Not only will the dancers have hats with which to adorn themselves but the band will also be "dressed up" for the occasion, with very special hats, especially prepared to remind all present that the gala occasion is the Fire Fighters' dance.

A particularly pleasing and satisfying point in regard to the dance, is the fact that choice of costume is optional. The dancers may don Hallowe'en costumes, formal evening clothes, or the comfortable afternoon dress.

The committee in charge of the dance is made up of the following members of the Timmins Fire Department: Captain Morton, assisted by J. A. Aoyte, and Gordon Pooley. Tickets may be purchased from any member of the Department, or at the Fire Hall.

Juvenile Sent to Industrial School

Mother Hysterical When Sentence Passed—Six Others are Paroled.

One juvenile out of seven, who appeared before Magistrate Atkinson on Tuesday afternoon on a variety of breaking, entering and theft charges, was committed to St. Joseph's Industrial School for an indefinite period.

The magistrate warned the youthful delinquents who were paroled that it was their last chance. "Some of you are coming before me repeatedly and the next time there will be no paroles," said Mr. Atkinson. It required almost fifteen minutes and the combined efforts of court attendants to pacify the mother of the boy sent to the Industrial School when she lapsed into a fit of hysterics.

Among the thefts committed by the boys were offences at the Star Transfer and T. & N. O. box cars.

Kiwanis Club History Is Traced by Speaker

Paddy Lynch Reviews Kiwanis Ideals in Relating Growth of Movement from Modest Beginning in 1914 Until Today. International Membership Now Totals More Than 110,000.

The promotion of good citizenship, friendship, education and love of God and our country, were cited as the principal aims of Kiwanis International in an address to the local club on Monday by Paddy Lynch, manager of the Lynch Electrical Appliance Company.

Mr. Lynch traced the history of the Kiwanis movement from its early beginning in 1914 until the present day. The idea of forming such a club was conceived by two men in Detroit, who had formed the habit of meeting together for lunch. The first charter was granted there, the motto of the organization being "we trade." This was shortly changed to "we build."

Three years later the first International convention was held in Detroit, at which there were two Canadian delegates in attendance. By 1924 Kiwanis had so grown that at the international convention in Denver, Colorado, 1,245 clubs sent delegates, representing a total membership of 89,685. In the following six years the Kiwanis movement embraced 1,876 clubs with members totalling 102,713.

The depression years took their toll and in the period from 1930 to 1933, the total enrolment of members dropped to 79,589. During this time, however, only two clubs surrendered their charters. With the return of prosperity another marked expansion took place until today there are 1,900 clubs and over 110,000 members.

The chairman of the Entertainment Committee, Geo. Nippers, will occupy the chair for the evening. A very promising line-up of local artists is being arranged for and some of the old favorites will be on hand to assist in providing a very attractive programme of music and entertainment.

Members are asked to bring along their friends and spend a happy evening next Saturday in the Legion hall.

CRICKETS AS WATCHDOGS

They speak of the unpredictability of the Oriental mind; and I can quite believe it after learning that Japanese watch-dogs warn their masters of the presence of burglars by keeping quiet! These "watch-dogs" are really crickets. The Japanese householder keeps these little creatures in a cage in his room, where they chirp loudly all night. Directly a stranger enters the house the crickets, sensing his presence, stop chirping and the sudden silence awakens the householder as effectively as the barking of any dog?

Annual Commencement Exercises of T.H. & V.S.

To be Held at Timmins High and Vocational School on Friday, October 21st. Dr. McArthur, Deputy Minister of Education, to Give Address. Orchestra Selections and Other Numbers.

Attractive Wedding at United Church

Miss Goldie L. Harris and Mr. John L. Day Married.

A quiet but attractive wedding took place in Timmins on October 8th, when Miss Goldie L. Harris, twin daughter of Mr. V. E. Harris, of Leduc, Alberta, and the late Mrs. Harris, became the bride of Mr. John L. Day, only son of Mrs. J. E. Day of Westmount, Que., and the late Mr. Day. The ceremony was performed by Rev. W. M. Mustard at the United Church at 7.30 o'clock in the evening.

The bride was very charming in a floor-length dress of blush rose sheer, with white accessories. She was attended by Mrs. Bannerman, who chose a vine velvet street-length dress.

Mr. Rod Matheson acted as groomsmen.

After the ceremony a reception was held at the home of Mr. and Mrs. J. T. "Scotty" Andrews, 41 Patricia Boulevard. The wedding table was beautifully decorated with a lace cloth and vases of roses. The centre attraction was a large wedding cake, which was cut by the bride. The bride and groom were the recipients of many beautiful gifts, and the best wishes of their many friends.

Later Mr. and Mrs. Day left on a honeymoon trip to Niagara Falls and Buffalo, and on their return will take up residence in Timmins.

Coast to Coast Air Express Commences

Trans-Canada Air Route Takes Another Step Forward.

Montreal, October 19.—Inauguration of air express service between Montreal, Ottawa, Toronto and Winnipeg on October 17, by the Canadian National Railways Express Department in conjunction with Trans-Canada Air Lines, was announced by G. E. Bellerose, general manager, Canadian National Express, and Philip G. Johnson, vice-president in charge of operations of the Trans-Canada Air Lines.

The service will extend the air express routes now in operation between Winnipeg and Vancouver to establish daily two-way complete express service by air between Montreal and Vancouver.

The initial schedule which will come into effect on October 17 calls for departure from St. Hubert Airport at 7.00 a.m. Eastern Standard Time, arriving at Ottawa 7.53 a.m., departing 8.08

Arrangements have been completed for the annual commencement exercises at the Timmins High and Vocational School, to be held this year on Friday evening, October 21st, commencing at 8.30 p.m. A special feature of the evening will be an address by Dr. McArthur, Deputy Minister of Education.

Also included on the programme are several selections by the school orchestra, and other musical selections. Pupils of the High School, Commercial, Industrial and Domestic Science classes will be awarded their diplomas by members of the School Board, and others will receive special prizes such as the Dr. Honey prizes and the Special French prizes.

The Halperin Medal, which was won by Meyer Bucovetsky, and the I.O.E. Scholarship won by Ross Service, now at Toronto University, will be presented to the winners. This medal and scholarship have each year passed into the hands of the most-deserving students at the school, and Meyer Bucovetsky and Ross Service are to be complimented on winning this honour.

The programme will conclude with the class ceremony, presenting the valedictory, the lamp ceremony, class song, and class predictions. This ceremony is performed by the graduates as their last school activity before entering the new life ahead of them.

a.m., arriving at Toronto 9.56 a.m., departing 10.11 a.m. and arriving at Winnipeg 5.08 p.m. Central Standard Time.

Leaving Winnipeg eastbound departure will be daily at 6.00 a.m. Central Standard Time, arriving at Toronto 2.23 p.m. Eastern Standard Time, departing 2.38 p.m.; arriving Ottawa 4.03 p.m., departing 4.18 p.m. and arriving at Montreal 5.03 p.m.

The first air express service to be established by the Canadian Express in connection with the Trans-Canada Air Lines was on September 19 last between Winnipeg and Vancouver by way of Regina. On October 1 last the air express service on the western district was extended to Lethbridge, and on October 5 last was further extended into Edmonton, the latter being a branch line service connecting with main transcontinental route at Lethbridge.

With the extension of the service between Montreal and Winnipeg, business routed through to the Pacific Coast and arriving in Winnipeg at 5.08 p.m. Central Standard Time, will continue by a plane leaving the latter city at 11.30 p.m. Central Standard Time, arriving at Regina 12.36 a.m. Mountain Standard Time, leaving 12.51 a.m., arriving at Lethbridge 3.27 a.m. and leaving 3.42 a.m., arriving at Vancouver at 5.20 a.m. Pacific Standard Time. At Lethbridge the transcontinental planes provide a connection with a plane leaving Lethbridge at 4.00 a.m. and arriving at Edmonton at 5.45 a.m.

With allowance for three additional time zones through which the aeroplanes must fly, the inaugural schedule including the layover at Winnipeg, allows elapsed time of 25 hours and 20 minutes between terminal points at Montreal and Vancouver.

Eastbound the aeroplanes with express traffic now leave Vancouver at 7.00 p.m. Pacific Standard Time, and will continue to do so after the service is extended on October 17. Arrival at Lethbridge is at 10.35 p.m. Mountain Standard Time. The plane leaving Edmonton at 8.45 p.m. and arriving at Lethbridge at 10.30 p.m. will provide connection with the transcontinental plane. Departure eastbound from Lethbridge is at 12.05 a.m., arrival at Regina 2.10 a.m., departure 2.25 a.m., and arrival at Winnipeg 5.18 a.m. Central Standard Time. With departure eastbound from Winnipeg at 6.00 a.m. Central Standard Time, and arrival at Montreal at 5.03 p.m. Eastern Standard Time, and making allowance for the time zones, the eastbound trip from Vancouver to Montreal will be accomplished in 19 hours, three minutes.

No attempt is being made in the initial stages of the air express service to lower the elapsed time from Montreal to Vancouver until more experience has been gained by the Trans-Canada Air Lines as to the requirements of the patrons.

In announcing this additional express service by air, Mr. Bellerose said that all traffic now accepted for movement in rail express service will be accepted for movement in air express service, with certain exceptions such as acids, explosives, inflammables, extremely fragile articles and live freight. Traffic to be accepted will also include bonds, bullion, currency, coin, precious stones, jewelry or other articles of high value when suitably packed.

The air express service includes free pick-up-and-delivery within the same published limits as apply for rail express shipments, and provides for shipments being forwarded with carriage charges either collect or prepaid, and, in addition, the handling of shipments C.O.D. is provided for.
