The highway project from Sudbury to Parry Sound has been dalled with for years. There is a total distance of 66.6 miles to be constructed to open up this highway to the South.

## Rabbi Monson Explains Jewish Crisis of To-day

Large Attendance at Men's Forum at United Church, Including Many Prominent Members of the Jewish Community. Why Britain Welcomes the Jews. Notable Address by Rabbi Monson.

A remarkable address and a remarkable gathering tells the story in brief of the meeting on Monday night of the Timmins United Church Men's Forum. The guest speaker for the meeting was Rabbi Monson, and there were over seventy-five present, including many of the most prominent members of the Jewish community in Timmins. The fact that Rabbi Monson spoke in a church, that he was accompanied by a number of his own people, and that both the Men's Forum and the special guests of the evening enjoyed and appreciated the occasion seems to emphasize the timely British spirit that binds together men of the same high ideals for freedom, security, peace and progress, and does not make distinction of race and creed.

Rabbi Monson's topic was "The Jewish Crisis" and he dealt with it in eloquent and forceful way. In Canada, he said, all races and religions lived peacefully together in friendship and goodwill. Fortunate Canada! Happy Canada! How sadly different were conditions in Europe. The years 1933 to 1938, he said, were the darkest in

### Career of Bootlegger Is Brief

What appeared to be a young but flourishing business was brought to an abrupt end in police court here yesterday morning when Frank Legault, who had taken up residence in a shack near Craft's Creek, was sentenced to three months in jail on a charge of keeping liquor for sale. Brevity may be the sole of wit in the lives of some people but to Legault, who had only commenced to purvey his "wares" last Saturday, the visit of the police to his abode early Tuesday morning, simply meant that he will eat his Christmas dinner from a plate at Halleybury jail. He pleaded guilty to the charge.

### Patented Chimney Fire Extinguisher

Useful Device Invented by L. Mammolite, Timmins.

A chimney fire extinguisher that works automatically when the chimney is overheated has recently been patented by L. Mammolite, 39 Tisdale Ave., Timmins. Fire Chief Borland says that this new device will certainly put out a chimney fire and that if all homes were equipped with it there would be a material reduction in loss and danger from chimney fires. Chimney fires cause many of the fires threatening homes. Many of the local fire calls are for chimney fires and if the brigade is called in time the danger is soon eliminated. The device invented by Mr. Mammolite acts automatically and so gives the fire no chance to spread to other parts of the house. Mr. Mammolite has evidently given the matter much thought and study and has perfected a device that kills the chimney fire. Any general adoption of the use of the device in chimneys should cut fire losses considerably.

### Luigi De Luca Dies on Way from South

Old-timer of Camp Stricken at Kirkland Lake.

The body of the late Mr. Luigi De Luca who died at Kirkland Lake, will arrive in Timmins on the afternoon train today (Thursday). The late Mr. De Luca returned ten days ago from Italy, where he had gone in the hopes of curing a heart condition from which he was suffering. Returning from Italy, Mr. De Luca spent some days with a brother in the New England States, and then stopped for a few days with his brother in Kirkland Lake. There he suffered a stroke, and died very suddenly at 6 o'clock on Wednesday evening.

The late Mr. De Luca is survived by his wife and family, residing at Balsam street south, in Timmins. He was forty-five years of age, and had been in Timmins for a long time, being classed as one of the old-timers of the camp. Their many friends will sympathize with the bereaved family in their loss.

Claiming that two men and a woman had beaten and attempted to rob him outside a house on Pine street south, about 1:30 this morning, John Serig, of Paymaster Mine, staggered into the police office, his clothes saturated with blood from two ghastly head wounds that required twelve stitches. The circumstances of the assault were similar to two robberies with violence in a lane at the rear of Third avenue between Spruce and Cedar streets last Saturday in which Lew Foy, Chinese restaurant employee, lost \$100 and George Oeler, two dollars.

Immediately on his arrival at police headquarters, Serig was rushed to a doctor for medical attention and in the meantime all available police officers went to work on the case under Sgts. Frank Devine and Jack Downey.

From information supplied by the victim, Sgt. Devine conducted a raid on the Pine street address and is alleged to have found Timothy "Dan" Brosnan washing bloodstained clothes. Placed under arrest along with his wife Irene Brosnan, the accused told the officers that the blood on the clothes in question had been the result of a nose bleed the "day before".

### Boy Scout Meeting Postponed to Nov. 2.

Annual Meeting of Boy Scout Association to be Held Next Wednesday.

Owing to the number of other important meetings held last Monday night it was found necessary to postpone the annual meeting of the Timmins Boy Scout Association. In the first place there was confusion over the place of meeting Monday night, the event having been announced as to be held in the court room at the town hall, but the address on town manager form of administration being held there the room was not available and at the last minute it was necessary to change the place of meeting.

The annual meeting of the Timmins Boy Scout Association is now definitely set for Wednesday evening, Nov. 2nd, in the town hall. All interested in the Boy Scout movement—or for that matter in the boys of the town or the welfare of the town—should make a special matter of attending this meeting on Wednesday evening. The fact that one postponement has been necessary should spur everybody to see that there is no further postponement but a largely attended and successful meeting will be held on Wednesday evening.
