# Cobalt Here Saturday In Poupore Cup Final

## Indications Look Favourable For Northern Baseball Loop

Meeting of Representatives from Sudbury, North Bay and Porcupine to be Held in Haileybury on Sunday Afternoon. Managers of Local Teams Said to be Unanimously in Favour.

With Timmins representatives regarded as unanimously in favour of the idea, sporting observers feel confident that a Northern Ontario Baseball Association will be formed at a meeting to be held in Haileybury on Sunday Kirkland

Ike Solomon, manager of the McIntyre team, and Vice-President of the Temiskaming League has come out in the open with an opinion favouring the organization of a separate Northern loop and delegates from the other teams in the Porcupine have declared their intention of supporting the move, ithe N.O.S.S.A. basketball championships "Dan" McInnis, manager of the Hol- next year, it was decided when the linger Club has long been in favour of invitation extended by Cal Fitzgerald, a Northern Association and the newly representative of the Kirkland high formed Timmins Baseball Club have school at the N.O.S.S.A. meeting held instructed their two delegates, "Gigg" in North Bay, was accepted. Mr. Fitz-Carswell and George Belanger, to vote gerald will be convener for the meet.

for North Bay, the Gateway City clan would be played sometimes before Easthaving been the instigators of the er. The venue of the championships gathering. Taking a complaint from last year was Schumacher. Timmins into consideration that the travelling distance was too far, both North Bay and the Nickel Belt representatives from Sudbury agreed meet in Haileybury.

The reason behind the proposed formation of a Northern Baseball Association, is a continuously unsatisfactory affiliation with both the E.O.B.A. and O.B.A.A. The Nickel Belt and North Bay have no use for the Ontario Baseball Association, with whom they have been hooked up for years.

A new association could look after all brands of baseball, it is argued by the sponsors of the N.O.B.A. Senior clubs would be available from Sudbury, Kirkland Lake and Timmins. Intermediate entries could come from North Bay, Haileybury, Cobalt, New Liskeard, Temiskaming, Que., and from the Cadillac-Malartic-Bourlamaque area northwestern Quebec. Junior entries are now operating in Copper Cliff, North Bay, Timmins and Kirkland Lake.

A. Haileybury the new loop has the backing of Dunc Sutherland, a past president of the Northern Ontario Hockey Association. Sutherland believes a worthwhile affiliation in junior and intermediate branches of the sport would be successful in Haileybury. He was secretary of the Temiskaming Bassball League when it flourished around Haileybury

The meeting at Haileybury Sunday will be the fruits of two years of labor, it is pointed out in Sudbury. In the summer of 1937 first offers of a playoff were made to the Gold Belt by the Nickel Belt. There was no takers because of other committments. In April of this year a Nickel Belt delegate attended the annual meeting of the Temiskaming Baseball League and repeated the offer.

North Bay was trying for a wider all-northern loop at the same time When it was suggested the finish of the current season was the best time for such plans the move was shelved until its revival early this month.

Latest on the Northern Ontario Baseball Association is that Sault Ste. Marie Ont., might like a bye in junior ranks. The higher ranks in the diamond sport are defunct in the Algoma Capital. However, the Sault Star relates there is a team of youngsters who are really so in The Ottawa Journal of "howlers" hot. An expression of opinion will be sought from the Saut on the N.O.B.A. matter.

#### Hockey Now Said to be Popular in Scotland

(Edinburgh Scotsman)

With new indoor rinks at Dundee and Kirkcaldy, and another nearing completion at Falkirk, ice hockey, independent of the weather, is expected pay. to enjoy a greatly increased following nice. throughout the season which is now in full swing. Glasgow has two teamsthe Mohawks and Kelvingrove-and, if there is anything in a name, they will he strongly challenged by the Perth leng. Panthers, the Fife Fliers, the Dundee Tigers, and the Falkirk Lions-truly a formidable group!

First-class players have been import- above seraphims. ed from England and Canada, and higher standard of skill is promised. A points competition for a new trophy is already in progress and the second part | for ladies' stockings. of the season will be devoted to a league tournament for the Canada Cup.

Curiously enough, although the world's first skating club was formed only more horrible. in Edinburgh (in 1744), ice hockey has not yet been introduced to the Capital. hold up the petticoat. This state of affairs will no doubt be remedied when the new rink at Mur- another man's wife. rayfield is opened; but it will not be this Winter, for only the foundations of the building have taken shape.

Ice hockey, introduced to the world by Canada, is reputed to be the fastest game in the world.

### Police Boxing Show On To-night

Eleven Bouts Are Included on Outstanding Amateur Card at Local Arena.

The stage is all set for the boxing show at Timmins arena tonight under the auspices of the Timmins Police Athletic Association. The first of the eleven bouts on the card will star sharp at 8.15 and from the lineup of groung battlers who will perform, the show should be one of the best amateur! exhibitions ever seen here. The highlight of the evening will be the appearance of two of the members of the police force in the role of combatants. John O'Neill will go into the ring with Kid Loughran, of Schumacher, and Jack Atkinson will oppose Max Thomas, 205-pound Timmins heavyweight.

#### Another Supply of Schoolboy Howlers

Some of the Definitions Strike Deep to the Facts.

A friend of The Advance this week writes as follows: "I have often enjoyed the alleged schoolboy howlers printed in The Advance, and in return I am sending you the following ones that perhaps your other readers may enjoy as much as I have done. They are new to me and may be new to your readers. By the way, where do they all come from?"

Where do they all come from? There is more than one source, of course, Every year just after examination time there is a recurrence of these "howlers." Teachers and examiners are supposed to note amusing answers and pass them on to the newspapers. Last summer there was a list of half a column or supposed to have been "made in Ottawa." Several books have been published containing collections of these "howlers," and this has given rise to the belief that sametimes they are manufactured by other than schoolboys in the normal course of answering

Here is the list sent in by the friend of The Advance:

Now, You Can Howl! Taxes are things what people won't They are used to keep the roads

Milk is very good for babies. It keeps them quiet while mother has a gossip. The Arctic Circle is the circle in the Arctic region where it is day all day

A stethoscope is a spy-glass for looking into people's chests with your ears. Paraffin is the next order of angels

A mosquito is the child of black and white parents.

Mussolini is a sort of material used A pedestrian is one of those people

motorists run over. The Gorgons, looked like women-

A cuckoo lays other birds' eggs in its own nest, and viva voce. The minister of war is the clergy-

man who preaches to the soldiers in Guerilla warfare means that they are

up to their monkey tricks again.

Timmins High and Vocational School senior rugby team will be facing highly-rated opposition when they meet Cobalt here on Saturday for the Northern Ontario Secondary Schools Association championship.

Cobalt, who had a bye into the finals as winners of the Central group, built up an impressive record in eliminating Haileybury and New Liskeard. In five games, one of which was a relay, they amassed a total of 109 points to a meagre three by their oppositin. How strong the opposition teams were is problematical but apparently Cobalt have a defensive system that will not be easily penetrated.

Timmins on the other hand have played but three league sames, defeating Kirkland Lake 4-1 and 23-0, and making a spectacular third-quarter comeback last Saturday to defeat the smart Scollard Hall team in a suddendeath semi-final 15-8. In the three games played so far they have scored 45 points to nine by their opponents.

The game here Saturday afternoon is slated to start at three o'clock and provided the weather is favorable, a big crowd is expected to see the battle. With plenty of power on the backfield, the long range kicking of Ron Lake and a clever forward passing attack, supported by a fleet-footed and hard-hitting line, Timmins fans are picking the blue and white to bring the Poupore Cup, emblematic of the

#### Plan To Reduce Highway to Toronto by 70 Miles

Whitby, Oct. 26-That the Ontario Department of Highways hoped in time to be able to shorten the distance between Toronto and Timmins by 70 result removes any possibility that miles with continuance of a progres-Timmins might have to meet Sturgeon | sive program of paving was the information given by R. M. Smith, deputy minister to the Whitby Rotary Club at a luncheon here yesterday.

"The northern section of the province is deserving of a great deal of consideration. We have 400,000 square miles in the North and 50,000 in the South, and as the North develops, it is bound to bring traffic along with it, the deputy minister stated, adding that it was the aim of the department to open the North to the South.

Mr. Smith said that the department was particularly concerned with the road from the Sault to Ottawa as Minnesota had agreed to continue it through to St. Paul and Minneapolis.

#### **Annual Armistice Dinner** at Golden Beaver, Nov. 9

The annual Armistice dinner at Golden Beaver Lodge A.F. and A.M. is to be held this year on Wednesday, Nov. 9th, at 6 p.m. This yearly event is in honour of the members of the Order who served in the Great War. At the session of the lodge each chair is taken by a returned soldier while at the dinner there are patriotic toasts, musical numbers and reminiscences of the days of the war.
