### Free Vaccination for the Children of Pre-school Age

In Monday's Advance there was an article of some length showing that vaccination is the only sure preventive of smallpox, and that successful vaccination does give immunity from the disease. It was noted that the doctors advise vaccination early in life as the reactions then are milder. In this connection announcement was made by the local Board of Health that children of pre-school age (one month to six years of age) may receive free vaccination against smallpox on the following dates: Tuesday, March 28th, from 3 to 4 p.m., in the basement of the Notre Dame des Lourdes church.  
Wednesday and Thursday, March 29 and 30, from 3 to 4 p.m., at the town hall Child Health Conference rooms.  
Dr. J. A. McInnis, Medical Health Officer, is following the same plan that has proved so successful in the past in preventing epidemics in Timmins—emphasizing protection from disease and prevention of disease. With the continued co-operation of the public this policy will prove, as in the past, to be the best from all standpoints.

Kirkland Lake Northern News—One cannot help wondering whether the unfortunate chap who was suffocated in a heated box car at Englehart, and who came from the east, had been told that there is all kinds of work in the mining country.

### Clean-up of Housing Conditions is Urged

Citizens' League Would Call Meeting to Ask for Building Programme Rather Than Relief.

It was decided at a meeting of the Timmins Citizens League, held in the town hall last night, to call a conference of all local organizations in an attempt to assist in a "we want jobs" campaign. The campaign is the result of a circular to the League from the Ontario Federation of Unemployed. If the Federation's plans materialized it would be Province-wide.

The League's President, Eugene Lafontaine, proposed that representatives of all organizations be called together in order to make the public aware of the need for a programme of public works, rather than relief.

Mr. Lafontaine asked members of the audience for suggestions for public works. One woman responded.

What this town needed, she said, was a clean-up of housing conditions. If tuberculosis was going to be stamped out here, housing conditions, which approached those of city slums, would have to be improved.

Parks for the town and a swimming pool were other public works suggested. Arrangements will be made for the meeting.

The meeting was called in order to question the mayor regarding relief problems, but His Worship was out of town and not able to be present.

### Asking Increased Share of Mine Tax

Otherwise Schools May Close, Reeve of Teck is Quoted as Saying.

Reporting the visit this week of representatives from Teck township to Toronto to seek a larger share of the mine tax for Kirkland Lake and its schools and other special needs, The Toronto Star quotes Reeve Carter, of Kirkland Lake, as declaring that unless this larger share of mine tax was forthcoming the town might be forced to close its schools. The report of The Star in full is as follows:

#### Demands Mine Tax Share

Unless Kirkland Lake gets more of the income tax on mines, the municipality must either close its schools and restrict hospitalization or strike an uncollectable tax rate for 1940, Reeve R. J. Carter declared at Queen's Park today.

With a delegation to wait on Premier Hepburn, the reeve of Teck township, Kirkland Lake, stated the situation had reached a point "where something has got to be done."

It was pointed out by the delegation that the municipality is forbidden to collect any form of tax on mines within its boundaries, with the exception of a tax on "a few houses."

"We are not even allowed to tax them as a business," Reeve Carter said. "Of the government tax on mine incomes we get half of the three per cent, which goes to the province. But when the amount of the province's share exceeds \$2,333,000 our share is reduced to one-third."

"It would seem to us that if we do not collect directly a tax from the mines, our share of the income tax should increase as the income increases—rather than decrease," said Reeve Carter.

"Through this arrangement," Reeve Carter asserted "the dominion government subsidizes the mines—protects them."

"If we are going to extend the facilities of the hospital to the unorganized sections around Kirkland Lake we have got to have more money. It is the government's responsibility to undertake the hospitalization of the unorganized sections," said J. C. Tuck, secretary of the public and high school boards.

"Should the Ontario government make a substantial grant this would only be a temporary solution. We feel we are justly entitled to a greater share of the tax levied against mines. If we were allowed to tax mines as an industry—the same as cities tax business—we could likely see our way clear to solving this situation which is becoming acute."

"Unless something is done," said Reeve Carter, "We shall have to close up the whole shebang."

"That is exactly the way it is shaping up," said Mr. Tuck.

### LITTLE ACTIVITY IN TOWN HALL THIS WEEK

Due to the fact that the Mayor is out of town there has been little or no activity around the Town hall this week. Three Councillors do not constitute a quorum and the Mayor must be present before official action of any kind can be taken.

**C. W. L. To Hold St. Patrick's Day Tea**  
Shamrocks to be Sold Again on March 17th.

The monthly meeting of the C.W.L. was held in the basement of the church of Nativity on Wednesday evening, with the president, Mrs. Carriere, in the chair, and a very good attendance present.

Final arrangements were made for a St. Patrick's Day tea to be held at the home of Mrs. J. Dalton, Sr., Cedar street south, on March 17th. This will be a happy event, and the plans for the occasion will please all who attend. Nominating officers were chosen, with Mrs. M. Bowie as convener, and it was decided that the election of officers would take place at the next regular meeting, on April 5th.

Mrs. Reynolds was elected to the head of the committee in charge of shamrocks for St. Patrick's Day, and the usual business of the meeting was dealt with.

### SOME MORE SMILES

"Cook, I don't like to mention it, but the food disappears rather quickly in the kitchen!" "Well, mum, I admit I eat 'tardy, but no one could call me gorgous."—Brunton Free Press.

"Mose," said the judge sternly, "you are found guilty of having stolen two chickens from Mr. Harrison's coop. The fine will be five dollars." "Yassuh, judge," said Mose, putting ten dollars on the judge's desk. "Ah's giving you 'includin' next Sattiday night."—Exchange.

Two Negro soldiers were discussing the relative merits of their company buglers. Said one, "Fellah, when dat boy of ouahs plays call, it sounds 'yachtly like de Boston Symphony playing de Rosary." The second soldier snorted. "Brother," he said, "you ain't got no lugger a-tall. When Snowball Jones wraps his lips aroun' dat bugle an' plays mess call, I looks down at mah beans an' I sez 'Strawberries, behave! You is kickin' de whipped cream out of de plate.'"—Exchange.

A visitor to a Sunday School was invited to address a few remarks to the children. He took the familiar theme of the children who mocked Elisha on his journey to Bethlehem, how the young ones taunted the prophet and

how they were punished when two bears came out of the woods and ate forty-two of them. "And now, my children," said he, "what does this story show?" "Please, sir," came from a little girl in the front row, "it shows how many children two bears can hold."—Exchange.

An English authority estimates that the average woman spends one-sixth to one-eighth of her time shopping. Then there's the trying on of her purchase after it gets home, and the showing of it to friends, the final decision to send it back and get a refund, and the time spent telling her husband she's sorry she didn't keep it—why, as the poet didn't say:

"Man's shopping's of man's life a part  
'Tis woman's whole existence."

### Radio License Reduction Seen as Election Bait

At a meeting in Toronto this week Hon. Earl Lawson suggested that the King Government was planning a reduction of fifty cents in the license fee for radio receiving sets. The fee was increased last year by fifty cents, and this raised a very general protest. It was not the additional fifty cents in the fee that rankled with most radio owners, but the fact that it was claimed that the extra charge was designed to provide more Canadian programmes so that the people would not be forced to listen to the cheap claptrap of some of the poorer United States programs. The fact, of course was that while this excuse was made for the increased fee, the Canadian Broadcasting Corporation had actually turned over a largely increased measure of time to a number of American programmes.

The report of a decreased radio license fee was condemned by Hon. Mr. Lawson as a piece of election bait. Hon. Mr. Lawson also advocated the abolition of the C.B.C. because the present board was generally unpopular because they had been proved to be a "bureaucratic, autocratic" organization.

North Bay Nugget:—Here's rare poetic justice. Jew-baiting Premier Bela Imredy, of Hungary, has had to resign his office because it has been discovered that his grandmother was Jewish. The persecution of any people recoils finally in the face of the persecutor.
