

Holy Week Services in Camp This Week

Annual Series of Services for Easter Week.

Following the custom of several previous years the Porcupine Ministerial Association is sponsoring special Holy Week services in the camp this week. The following are the services at the various churches in Timmins, Schumacher and South Porcupine.

Timmins and Schumacher
Monday, April 3rd — The Salvation Army Citadel. Preacher: The Rev. James A. Lytle.

Tuesday, April 4th—Trinity United, Schumacher. Preacher: Archdeacon J. E. Woodall.

Wednesday, April 5th — Timmins United Church. Preacher: Major J. Cornthwaite.

Thursday, April 6th—St. Matthew's Anglican Church. Preacher: Rev. W. M. Mustard.

South Porcupine
Monday, April 3rd—St. Paul's. Preacher: Rev. F. J. Baine.

Tuesday, April 4th—United Church. Preacher: Canon R. S. Cushing.

Wednesday, April 5th — St. Paul's. Preacher: Rev. A. I. Heinonen.

All services commence at 7:30 p.m.

Game Body Hopes to Stock 220,000 Fish

Plan to Provide Watchmen and Fish Wardens.

In the past two years the Porcupine Fish and Game Protective Association has put about 12000 speckled trout in lakes, streams and rivers of the district between Porquis Junction and west as far as the Townships of Mountjoy, Godfrey, Shaw and Tisdale. That information was brought out late last week when the annual meeting of the Association was held in Schumacher.

If future plans of the Association mature, it will this year stock streams with 20,000 speckled trout, 100,000 pickerel and 100,000 lake trout.

The Association also has a plan whereby watchmen will be provided for lakes and streams. These watchmen or department wardens would watch streams and would be allowed to supply fishermen with bait, meals and shelter.

Large scale maps are in the process of manufacture. On them will be shown locations of fishing spots, means of transportation.

Mr. J. R. Todd, newly elected president of the organization, said today that if the public was patient he felt sure that within the next two or three years waters of the Porcupine area would be well stocked with fish.

The Association has recommended to the Department of Game and Fisheries that Kraft Creek be kept closed for a further two years. It is the intention of the Association to replace the old beaver dam on the creek with a wooden structure in order to make a larger body of water for stocking.

This with one or two other small dams will take some financing. Although the Association has a surplus it will need more money and is asking members to remit their annual \$1 fee.

Newly elected officers were as follows: President, J. R. Todd; Vice-president, Roy Heath; Secretary-treasurer, J. H. Sandwith.

Honorary Presidents, Charles V. Gallagher, M.P.P., R. J. Ennis, John Knox, J. H. Stovel, P. Kinkell, J. Reddington, B. Beattie, C. Cooke and Messrs McAulley, Sharp, Barrington and James. Vice-presidents, Messrs Wolhrab, Dye, Stevenson, Saxton, J. P. Bartleman, V. Evans, W. F. J. Cossar, Stanier.

Executive Committee: A. W. Pickering, E. Welt, D. Silvester, M. McMillan, William Small, D. Sampson, C. Brown, Dave Small, D. McDonald, H. Alton, T. E. Newkirk, W. Heaslip.

K. Joseph's Store, at East Malartic Destroyed by Fire

East Malartic, Que., April 1—Fire, believed to have been started by burglars, when they tried to blow open a safe on Thursday, destroyed K. Joseph's building on Main street. There was an approach to panic when the pumps broke down and it looked as if the whole community would be wiped out. Eventually aid from the Canadian Malartic Mines helped to stem the spread of the fire, but not before help the population had dragged their possessions out of their homes. The heat from the K. Joseph building was so intense that nearby buildings covered by tarpaper threatened to take fire, but snow shovelled on the smoking buildings kept the flames spreading in this way.

Timmins Holds Fourth Place

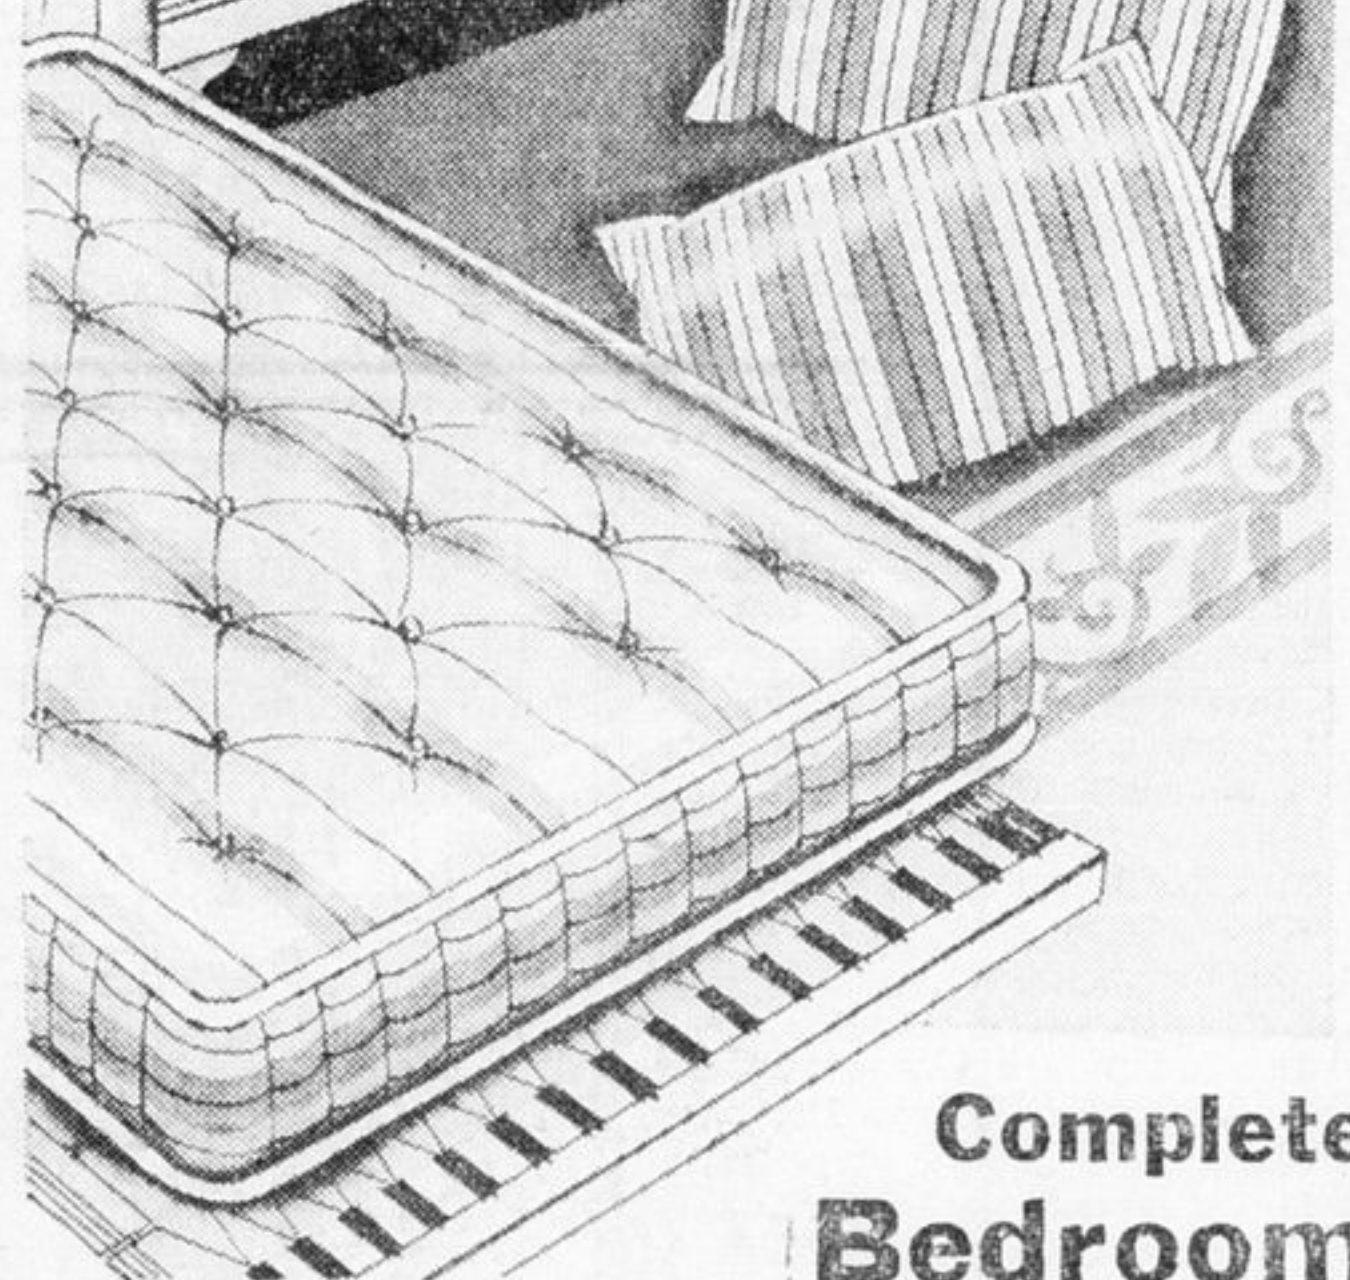

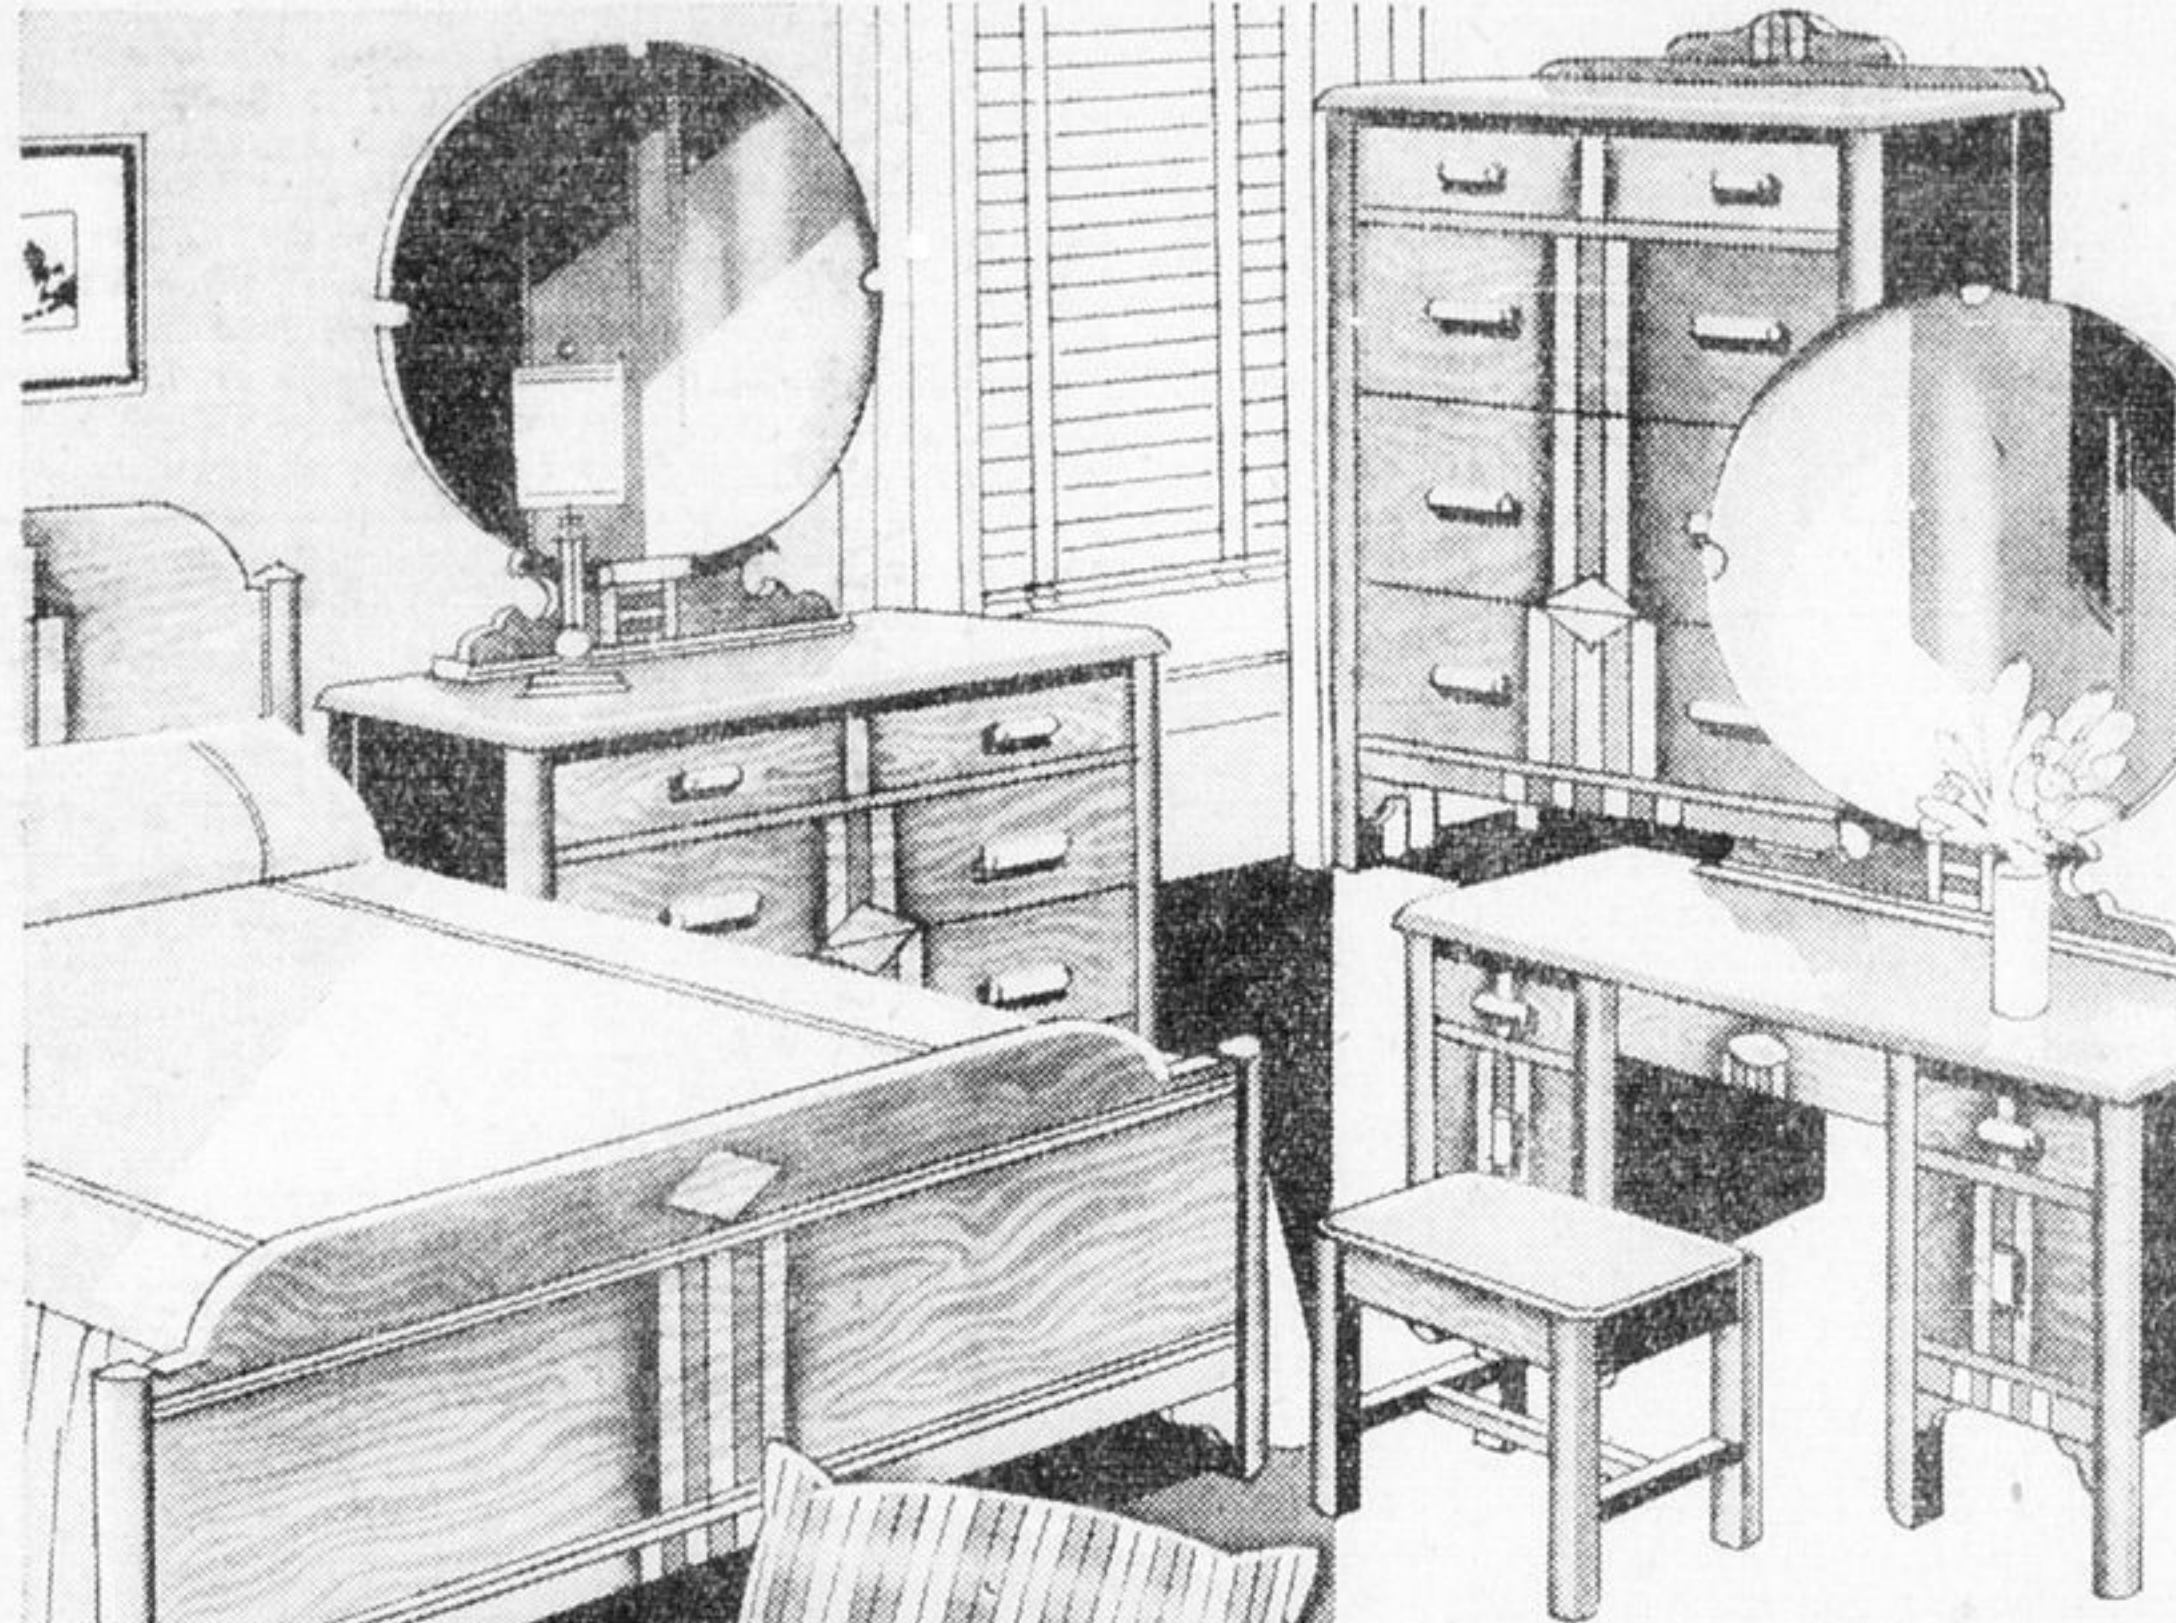

The latest official figures from Hon. Chas. A. Dunning, Minister of Finance, Ottawa, show that Timmins still maintains its standing of fourth place in all Canada in the amount of Home Improvement Loans. Up to Feb. 28th, 1939, Timmins is exceeded only by Toronto, Montreal and Winnipeg in the order named. The following are the figures of the four leaders and some other Northern places:—

Loans	Amount
Toronto	7,033 2,586,282
Montreal	2,907 1,574,852
Winnipeg	2,094 832,133
Timmins	988 802,346
Kirkland Lake	963 711,754
Sudbury	903 535,858
Rouyn	297 255,693
