## Planning for New United Church at S. Porcupine

District Deputy Grand Matron Visits South Porcupine Eastern Star. Party in Honour of Timmins Bride-to-be at South Porcupine. Other Items of Interest from South Porcupine and the Dome.

South Porcupine, April 19.—(Special to The Advance)—Members of the congregation of the United Church met on Tuesday evening to vote on the principle of a new building as recommended by a special committee elected to consider this matter. It has been felt for some time that the present building is inadequate for its purpose and whether it would be advisable to remodel it, or build a new one, was the question put to the members. Tentative plans (blue prints) were passed around, and a committee of twenty will report back to the congregation later (Friday) their definite plans. Details of the plans are not fully worked out, but the new building will be on the site of the present church, of Gothic design, and will, undoubtedly, be an addition to the beauty of the town, and contain adequate accommodation for the growing membership of the United Church.

The last house party of the season of the Workers' Co-operative Society was held on Monday in the Masonic hall. A good number were present and what was played. Prizes were won by: 1. Mr. H. Cody; 2. Mrs. Susan Cahill; and 3. Mrs. Wes. Murray.

## High-grade Cases Heard at South Porcupine Court

Magistrate Atkinson Commits J. Chorney, of Timmins, for Trial by Higher Court. Cases Against Other Man and Woman Dismissed. Much Evidence Presented to Court.

South Porcupine, April 19.—(Special to The Advance)—The high-grade case against John Chorney, Mike Zolob, and Teresa Brien, at Magistrate Atkinson's court here on Tuesday was heard at length, resulting in Chorney being committed for trial, bail being asked at \$5000 property or \$2500 cash, and Zolob and Brien not being held but signing a bond to appear as material witnesses when called upon to do so.

Chief Marshall, of Whitney, testified that acting upon instructions on April 14th, he parked his car on the highway east of the T. & N. O. tracks at Golden City at 9 a.m. He waited three-quarters of an hour till a car went past, (a blue coach); he followed car for quarter of a mile and sounded his siren. They stopped, but when 20 or 30 feet from his car he saw their right door open and close. He got out, asked for license and got particulars from driver (Chorney). They were going to Iroquois Falls to get an estimate on a paint job. Zolob and the lady were in the back of the car.

As he was going behind to take the number the car drove off. Ten or 12 feet back of the car he found a package on a snowbank sitting back in a hole in the snow—wrapped in paper and tied (produced). He drove after the car, caught up with it at Pamour, and asked the driver to turn back to South Porcupine.

In the presence of Chief McNinis and two witnesses in the jail office the package was opened.

A small wooden box with contents wrapped in packages of cotton cloth was disclosed—15 pieces. When unwrapped had the appearance of gold "buttons" as are produced from crucibles for melting ore.

Upon being taken to the Dome for assay, Mr. Mason, assayer, testified that he weighed the samples—4 showed gold; 11 brass or bronze. The total value assayed \$935.89.

Those which had no gold content were possibly painted with gold paint. All had the appearance of being fused in 20-gram crucibles. A piece of broken crucible found on Chorney's premises was produced into which a button was fitted.

Other exhibits found at the Chorney residence (No. 7 Power line Timmins) by police were broken crucible particles, a bottle of acid (probably aqua regia, but not proven), two board planks upon which burnt discs such as would be left when very hot crucibles were placed on them, piece of metal (not produced) weighing about 200 lbs. (picture given), spotted with gold paint, dust taken from metal and boards which revealed minute gold particles, small quantities of gold rock ore, a board covered with gold paint circles as would be left by "buttons" painted and left to dry, a bottle of banana oil, on which were smudged gold paint finger-marks and a small piece of lead.

Photographs taken of the articles as found in the house were produced. The magistrate said he could not hold Zolob and the girl in the case but felt that Chorney should be committed. Mr. J. A. Cousineau and Mr. Anase Squin were counsel for accused.

Three drunks paid \$10 and costs on Tuesday.

Twenty dollars and costs were paid by a delinquent who pleaded guilty to having liquor illegally.

Two bottles of beer were found thrown from a parked car when police came on the scene. In spite of plea, the fine was imposed.

Owner of the same car, for parking on the "travelled portion of the highway" without lights—while he went to get gas—paid \$10 and costs.

For having liquor in his possession without being the holder of a permit a man paid \$100 and costs. Police testified to having had complaints be-

## Funeral E. Anthony at South Porcupine

Veteran of Great War, Pioneer of North, Honoured in Death.

South Porcupine, April 19.—(Special to The Advance)—Ernest Anthony, aged 60, Veteran of the Great War, old-timer of the North, and member of the Porcupine Branch of the Canadian Legion, was laid to rest on Wednesday with full military honours and surrounded by numbers of his old friends.

He had been in poor health for some years, but his death on Sunday following an attack of flu came with great suddenness to all his friends. He is survived by his widow, his daughter, Mrs. H. Disher, and his son, Freeman, four other children having pre-deceased him. His elderly mother is still alive, although over 90 years of age, in Vancouver, and three sisters and one brother also live in that city.

A brother, Charles, was the founder of Anthony, near Shillington, to which place he gave his name, and has been dead some years.

Another brother, Fred, lives in Hamilton but owing to a broken leg was not able to come to the funeral.

Sincere sympathy is being felt for Mrs. Anthony and the family, and is being shown by neighbours and friends.

The deceased was of a kindly nature and all have a sad feeling that another old-timer, and link with the past is broken and gone. He was born 60 years ago in Birmingham, England; came to Halleybury in 1906; to home-stead in Anthony in 1909; enlisted with a Canadian regiment in 1916; served overseas till 1919; returned to Canada and came to the Porcupine Camp to the Hollinger Mine; left in 1920 to work at the Dome Mines where he had been steadily employed since.

The family (he married in London in 1901) came to the camp in 1923, and have been respected and honoured citizens here. Mrs. Anthony is a Rebekah being this year Deputy President for the District.

Four grandchildren survive, Irene, Harry, Evelyn, and Ellen Disher.

Today, his body, escorted by over 40 members of the Porcupine Branch of the Canadian Legion was taken in to the Anglican Church, from his home, where Archdeacon Woodall conducted the service of the English Church.

Hymns, "Nearer My God To Thee" and "Abide With Me" were sung. Comrade Max Smith playing the organ, and the Archdeacon gave a brief address.

"We are honouring a soldier," he said, "an old comrade—one of you. He was not a great Churchman, not a great saint, and he was too honest a man to want me to say so, but he was a British soldier, one who was willing to lay down his life for his country, and the will was as good as the deed. We honour the deceased and lay him down with as full military honours as we can give."

Comrades Ed. Richardson, H. Edwards, A. Ewing, H. Cotton, A. Hawes, W. Haddon, each wearing a Flanders poppy, bore the coffin covered with the Union Jack, from the Church to the hearse, and it was taken to Tisdale cemetery and laid to rest, the poppies of sleep being cast from the coats of his comrades on to his casket.

The Last Post could not be heard owing to the absence of a bugler, but each soldier present gave it in his heart.

So passes another old-timer. Flowers in profusion were sent in his honour from:—The family; Kitchener Rebekah Lodge; Porcupine District Rebekahs No. 38; Past Grand, Kitchener Rebekah Lodge; Ladies' Auxiliary of the Canadian Legion; Dome Crusher House; Dome Electrical Shop; Dome Power House; Dome Pipe Shop; Porcupine Lodge 453 I.O.O.F.; South Porcupine Public School Board; St. Paul's Sewing Circle; Comrades of Canadian Legion 287 South Porcupine; Brother Fred and family; J. Here's Some Comfort for Facts of "No Spring" Yet

People in Timmins and district who have been annoyed by the fact that there has been no spring in this country, so far, should get some comfort out of the following from The Toronto Telegram. The Telegram suggests that spring is the most disgusting season of the year. If spring is thus no good and worse, why worry because there isn't any. Still most people may be pardoned for wishing that summer would come along soon after the long winter. In the meantime here is what The Telegram says about spring:—

"This is a most disgusting season of the year. It is just wasted time, like waking up in the morning when it is too early

to get up and too late to go to sleep again.

"Although they can't compare with summer, the winter evenings can be cosy and comfortable as long as your credit is good with the coal man.

"Darkness descends in the early afternoon, and the cold, the darkness and often a storm rattling against the window pane spreads contentment within the house.

"With a good long evening ahead you can really settle to a session of bridge,

or even a book. Strange as it may seem, some people still read books.

"Then along comes this season of the year with daylight stretching into the evening; all the winter amusements drying up, and too cold outside to even take a trip to the backyard to see how high the tulips are up. We feel restless and ill at ease.

"During the fleeting days of summer, of course, there are many more things to do than there are days to do them in. We only see the inside of a house long enough to eat and sleep. But the break between winter and summer really gets us down.

"If we ever have money to spend any part of the year in Bermuda, we will spend the month of April there."
