

TEN YEARS AGO IN TIMMINS

From data in the Porcupine Advance Files

There was a good attendance at the regular weekly luncheon of the Timmins Kiwanis Club ten years ago at the Empire Hotel. President W. Rinn occupied the chair and the day's proceedings were unusually interesting and inspiring. Capt. Evendon, of the Timmins Salvation Army, was the speaker for the day, and his address delighted all by his information and his fine delivery. The visitors for the day included Mr. Lorne Kenney, of Collingwood, introduced by President Rinn. In his address to the Kiwanis on the occasion of the meeting, Capt. Evendon, S.A., spoke of the work of the Salvation Army, the methods used in this work and those who were helped. "We reach all classes," said Capt. Evendon, "but I suppose those who benefit most largely from the Army's social work are the poor and needy and destitute of every land. The determination of the founder, William Booth, to work for the good of those in need, for their social improvement as well as their spiritual advancement, has been handed down the years, and still is our main object." Capt. Evendon referred to the remark of a communist who joined the Army and renounced his "red" inclinations. This man said his old policy had been: "What's up, pull down!" Now, his whole heart was in the idea: "What's down, lift up!" This is what the Army will ever be doing, said Capt. Evendon.

"The recent meeting of boys between the ages of ten and twenty," said The Advance ten years ago, "showed that the lads are all in hearty accord with the plan to put all junior sports under one head, with a committee of business men to act as the executive of the athletic organization that it is proposed to form for the purpose. It would appear that the business and professional men of the town are equally pleased with the proposal and will accord it the heartiest support. Already sixty of the business and professional men of the town have signified their readiness to take part in the plan, and as only one hundred or a hundred and fifty are needed to assure the success of the plan from the financial standpoint, it would appear as if it will be adopted and carried through without particular difficulty. Effort so far to secure the co-operation of the business and professional men may be termed casual, but now a regular plan of work is under way. There are four special canvassers out with a list each of business and professional men to be interviewed in the matter. It is the intention to see each of the men on the lists and secure definite replies from all before April 25th. As soon as this work is completed a meeting of the business and professional men will be called and if all is satisfactory, as seems most probable now, organization will be perfected and the new plan put in force."

The whist drive and social held in the Oddfellows' hall ten years ago by the Ladies' Auxiliary of the Timmins Post of the Canadian Legion was a very successful and pleasing event. The winners in cards were:—ladies, first, Mrs. Henderson; second, Mrs. F. Bennett; consolation, Mrs. Pearce. Gentlemen, first, Mrs. Taylor (playing as gentleman); second, H. George; consolation, J. Ormston. A special feature of the evening was the supper provided by the ladies, cloths being laid and tables set.

In The Advance ten years ago: "Innumerable friends in the district will

learn with deep regret of the death this morning at 1.30 at his home here of Mr. L. Abrams, a highly-esteemed citizen of Timmins for some time. He had been in apparent good health recently, but passed away suddenly from a heart attack. At the time of death, the late Mr. Abrams was 58 years of age. He was born in Russia, but had been a resident of Canada for over 45 years, and was an earnest and loyal Canadian. He was one of the first Jewish settlers in Winnipeg, going there in 1881. For the past eight years he had been an esteemed and useful citizen of Timmins and district, being connected with the Schumacher Hardware. His wife predeceased him in May, 1924."

His many friends in town deeply regretted to learn of the death on Tuesday evening, April 16th, 1929, of Wm. McParlan, a member of the electrical staff of the Hollinger. He had been suffering from intestinal trouble and was taken to the hospital the day before his death. It was found necessary to operate but medical skill proved unavailing and the patient passed away. The deceased resided at 82 Sixth avenue.

The "Sugar Party" given ten years ago by the Canadian Club proved to be a great success and all found it a great delight. The genuine maple sugar and syrup brought remembrance to the older ones present of the good old times, and it was something new and very pleasant for the younger people present. There was a good crowd present and all enjoyed every minute of the event. Step-dancing was a feature of the evening, violins providing the music. Community singing of popular old-time songs was another very enjoyable feature.

"Fire was discovered in the Goldfields theatre building on the second floor one Saturday morning at six o'clock," said The Advance ten years ago, "by one of the tenants of the apartments, Mr. Shields, who turned in an alarm after trying to extinguish the blaze with the chemical tanks in the building. When the firemen reached the scene the blaze had considerable headway, the stairways acting as a material chimney for the spread of the fire. Tenants in the apartments in the building had to escape in their night attire. The smoke was very dense and Miss Hubbert, chiropractor, who had offices and apartments in the building, was overcome with the smoke and had to be carried to safety by the firemen, the new ladders again being of service. A dog belonging to Mr. and Mrs. Shields was suffocated where it was lying under the bed. Dr. Murtagh, Dr. O'Gorman and Dr. Hubbert were all very heavy losers by the fire, no insurance being carried by them and everything being badly damaged by water, smoke and falling plaster. The chief damage by the fire was in the third and fourth storeys where partitions and inside walls and ceilings were destroyed by the fire. The building is of steel, brick and tile construction, and practically fire proof so far as the main structure is concerned, but the partitions and contents of the rooms fell prey to the flames. The theatre proper was only slightly damaged but the two upper storeys were completely gutted, the roof being also burned off with the exception of the steel sheeting and steel beams. The motion picture machines were destroyed by the fire. The heaviest loss is to the owner of the building, the Goldfields Theatre Company. The loss was covered by insurance and the adjuster allowed insurance payment of \$28,000 on the building."

"Mr. Vermette, of the Dominion Public Works Dept., Ottawa," said The Advance ten years ago, "is in Timmins this week for the purpose of securing preliminary information in regard to the site for the proposed new post office building at Timmins, so that the plans may be proceeded with. This week the Public Works official was taking levels, securing data in regard to the soil so that the frost line and other necessary data might be known, and learning facts in regard to the water service, sewers, lights and other particulars. Particulars as the elevation of the streets and the various town services were supplied him Wednesday by J. D. MacLean, town engineer. Mr. Vermette had three men at work yesterday putting down test holes on the lot at the corner of Pine street and Fourth avenue to ascertain the frost-line and similar data. Mr. Vermette is also gathering information as to lumber and other materials.

A very pleasing and most enjoyable card party was held at the Church of the Nativity parish hall ten years ago. There was a large attendance and all present found the event a delightful one. The ladies in charge were highly complimented on the success and pleasure of the evening. The winners of prizes for the evening included Mrs. Cassidy, who was awarded the door prize.

The annual meeting of the Timmins Golf Club was held ten years ago in the town hall, Timmins, with only a fair attendance of the club members present. President A. F. Brigham occupied the chair, and opening the meeting called on Secretary-treasurer W. L. Hogarth to read the notice of the meeting. Previously copies of the annual statement had been distributed to the members, Mr. Brigham explaining that the deficit shown was caused through extra expenditures made in the year 1928 on the course, the purchase of mowers calling for the greatest expenditure. He expressed the opinion that the condition of the course during the summer showed the wisdom of this purchase, the members present agreeing. The annual statement was adopted without any discussion.

In The Advance Schumacher news ten years ago: "The three-year-old daughter of Mr. and Mrs. Ed. Cousineau Fourth avenue, was the victim of a painful accident on Monday afternoon. While playing outside, the child fell upon a sharp rock or piece of glass which inflicted an ugly gash in the cheek. Several stitches were required to close the gaping wound."

At the United Church, Timmins, on Friday evening, April 12th, 1929, a quiet but pretty wedding took place, when Miss Ruth Marion Vienott, only daughter of Mrs. Walter Vienott, of Timmins, and Mr. Walter Lee Monck, only son of Mr. and Mrs. S. Monck, of Timmins, were united in marriage. The couple were unattended. Rev. J. D. Parks, minister of the Timmins United Church, was the officiating clergyman.

The social evening held ten years ago in the Hollinger hall, under the auspices of the St. John Ambulance Brigade, Timmins Division, was one that will long be remembered as a noteworthy and enjoyable affair. The principal feature of the evening was the presentation of the Geo. Wright Shield won by a team composed of Supt. T. Richards, Sergt. G. A. Gibson, W. Hogg and F. Jackson. The presentation was made by Mr. A. F. Brigham, general manager of the Hollinger Consolidated Gold Mines, who in a few well-chosen words, congratulated the team on its splendid achievement, also stressing the good work done by the members of the S.J.A.B. in their efforts of first aid to the injured. Mr. Brigham also touched upon the history of the shield and the honour there was in winning such a trophy. After presenting the shield to the superintendent Mr. T. Richards, Mr. Brigham presented the winning team with handsome silver medals, these being engraved on the back with the date the competition took place. Those receiving the medals were very heartily applauded by the large number present at the happy event.

At the Cochrane assizes ten years ago John Ivanchuk was found guilty of the murder of Inspector Harry Constable, who was killed as he was nearing his own home in Cochrane on the evening of Oct. 15th, 1926. The jury was out only about two hours, this including the time for lunch hour. Mr. Justice Wright sentenced Ivanchuk to be hanged at the district jail at Haileybury on Friday, June 21st, 1929. Ivanchuk took the sentence quite coolly. He had nothing to say before sentence was passed upon him. In pronouncing sentence, Mr. Justice Wright said: "In your case the crime has been of a most aggravated nature. You slew in cold blood a peace officer, a man whose duty it was to protect the lives and property of others, including yourself. The crime was committed in a most treacherous manner, and the law states that where human life has been taken, and the person accused of taking it is convicted, that person must suffer. For a number of years you apparently have not worked at any honest calling and no doubt as the years advanced your evil inclinations increased." In his

Youngest President

J. Ferris David, on the staff of the Ingersoll Tribune, was elected president by the Ontario Education Association. He is the youngest president in the 78-year history of that body. At 25 he was chairman of the Ingersoll board of education and has since headed the trustees and ratepayers' association.

closing remarks his Lordship said that either for revenge or at the instance of others, Ivanchuk had murdered the officer and he told the accused that only one penalty was provided in law for his crime. After sentence had been passed Ivanchuk was returned to his cell and the next day was taken to Haileybury to be held there until the sentence was carried out.

Among the local items in The Advance ten years ago were: "Mrs. W. V. Worthington has returned from a visit to Bloomsburg, Pennsylvania, and other points south." "Mr. and Mrs. C. P. Dawson and son, of Milwaukee, Wis., were visitors to the Porcupine last week." "Born—at St. Mary's hospital on Sunday, April 14th, to Mr. and Mrs. G. A. Reid—a son." "Mr. and Mrs. Herbert Roy have returned from Detroit, Mich., and have taken up residence in Timmins."

New White Paint Shows Many Special Qualities

A new white paint, formulated to shed dirt and grime and said to show a very marked improvement in retention of whiteness even under adverse exposure conditions, has just been introduced to the Canadian market at a time when the approach of the Royal Visit and Spring are making architects, master painters and Canadian home owners paint conscious.

The secret of the new whiter paint is in the use of the most modern of paint pigments—titanium dioxide—sometimes called the whitest known pigment. This pigment is known to have several times the hiding power of any of the older white pigments and in addition, when properly incorporated in a linseed oil vehicle, it provides a much more durable and much better appearing paint.

Retention of whiteness is brought about through a natural weathering process which the manufacturers refer to as "self-cleaning"; in other words, as it weathers, it sheds imbedded or attached dirt and soil.

Prolonged research in the laboratories of C-I-L as well as practical applications by painters and laymen have shown it is claimed, that the good points of the paint are: exceptional hiding power, improved working properties, good initial whiteness and outstanding whiteness and appearance after exposure and longer lasting durability.

Wedding Saturday at Liskeard Church

Bride and Groom to Take up Residence in Timmins.

New Liskeard, April 19.—At the United Church, New Liskeard, Saturday evening, Elsie Jean, only daughter of Mr. and Mrs. R. S. Taylor, New Liskeard, was married to Dr. William Taylor, son of Mr. and Mrs. William Taylor, Hamilton. Tall white standards of ivory roses and clematis in cyclamen and blue tones decorated the church, and Rev. Dr. E. Holling officiated. Mrs. Ruby Dunn Wathen played the wedding music and the soloist was Mr. Dennis Field.

The bride, given in marriage by her father, was gowned in old-ivory slipper satin made on classic lines, the neckline formed by pleated folds of the satin offset by a seed pearl clip. The long fitted sleeves and bodice were in charming contrast to the sweeping skirt which ended in a long train. Her finger-tip veil of ivory net was held by a cluster of ivory roses, and she carried a bouquet of ivory roses and lily-of-the-valley. Miss Dorothy Thornham, Cobalt, was maid of honour, Miss Nan Taylor of Whitby, sister of the bridegroom, and Miss Shirley Herron, the bridesmaids. Little Sheila Ramsay was flower girl. The bridesmaids were gowned alike in chiffon of hyacinth blue made with empire waistlines, puffed sleeves and wide sweeping skirts. Their cyclamen velvet sashes were tied in a bow at the back. They wore ruffled doll hats of the chiffon tied on with cyclamen veiling and carried colonial bouquets of shaded anemones with cyclamen frills.

The flower girl wore a Kate Greenaway dress of cyclamen chiffon trimmed with hyacinth blue velvet ribbon, and a miniature of the bridesmaids' hats in cyclamen chiffon held with blue velvet ribbon. She carried a tiny nosegay of sweet peas and corn flowers, edged with blue fill. Mr. William Taylor of Swastika was groomsman, and the ushers were Mr. R. H. Helmer and Mr. Lowrey Taylor of New Liskeard, Mr. Ronald Alexander of Kirkland Lake, and Mr. Bruce Taylor of Newmarket.

A reception was held at the home of the bride's parents. The bride's mother received wearing a gown of wood violet lace and deep violet crepe, with small hat of matching flowers and shoulder bouquet of orchids. The groom's mother wore a cell blue lace dress with a black straw hat trimmed with blue wings, and shoulder bouquet of tall stems roses and lily-of-the-valley.

Dr. and Mrs. Taylor left by motor for New York and Atlantic City, the bride travelling in a powder blue de-laine suit, the short jacket trimmed with blue fox, flower hat of blue and tulip rose, and corsage of ivory roses and lily-of-the-valley. On their return they will reside in Timmins.

Out of town guests included Mr. and Mrs. William Taylor, Hamilton; Mr. Stuart I. Kell and Mr. Roy Fleeg of Montreal, Mrs. John Childerhose of North Bay, Mr. R. McDonald and Dr. and Mrs. W. Atkinson of South Porcupine, Dr. Norman Russell and Mrs. Russell, and Mr. R. A. H. Taylor of Timmins, Dr. R. W. McBain and Mrs. McBain, Mr. and Mrs. E. K. Neil, Mr. Ronald Alexander, Mr. Morley Childerhose, Miss Dorothy McGregor, Mr. and Mrs. H. B. Hawley, all of Kirkland Lake, Mr. Bernard French and Mr. William Rutherford of Swastika, Miss Noelle Robinson of Toronto, Mr. and Mrs. Fred Smith and Mr. and Mrs. R. H. Souter, of Noranda, and others.

Waterloo Chronicle—Thieves at Meaford carried off a half-ton safe, smashed it open, and got \$20. Such labour, if honest, would have been equally well rewarded.

Magistrate Deals With Sequel

Once Used Them Because of Rheumatism

(Continued from Page One) denied that there was blood on his hand or clothing when police arrived. Remarking that there had been a lot of trouble between Palubski, his wife and his relatives, Magistrate Atkinson put the accused on bond. He adjourned another charge, one of non-support, against him for a week.

Three Months for Beating Wife
"He got drunk and hit me—on the eye," said Mrs. Allan McLeod testifying against her husband, Allan McLeod, who was charged with assaulting his wife. Mrs. McLeod said that although her husband was working he had not been supporting her or her three children.

"I guess drink is your main trouble," said the Magistrate.
"Yes, it always has been," admitted McLeod. He admitted that he had hit his wife, and although she had recently been in the hospital, and he had received a cheque while she was there, he had done little to support her. His sentence was three months hard labour.

Assault Charge Dismissed
A charge of assaulting Hector Alkenbrack and causing him actually bodily harm, against Albert Nethery was dismissed.

Alkenbrack, who looked slightly as though he had been hit several times across the bridge of the nose with a grip hammer, said that he met Nethery on the street recently. They had had an old grievance about money and Alkenbrack "turned the matter over to Brewer."

They decided to make up and shook hands on it. Then they sealed their reunion with a glass of beer. Another one followed and they decided to have a party that night at the home of Harold Nethery, Albert's brother.

The party was in full swing after midnight when Albert and Alkenbrack began to argue. Alkenbrack maintained that he asked for his coat to leave and they wouldn't give it to him. Then Albert ploughed into him and beat him up, breaking his nose and damaging his face generally. He was wearing his glasses and they were knocked off in the scuffle.

Harold Nethery, on the other hand, said that Alkenbrack broke loose from his, Harold Nethery's grasp and again charged Albert. Several other witnesses, among them Richard Isaacson and Mrs. Harold Nethery corroborated the defence's version of the story. "People who go looking for fights are quite likely to get their noses broken," said the magistrate dismissing the charge.

Boiled Kettle With Old Crutches

Once Used Them Because of Rheumatism

He was not wrong, either—this man who concluded that he would not need his crutches again. Writing of his experiences, he says:—

"For five years I suffered terribly from rheumatic pains, and I began to think my case hopeless. I also had a bad stomach, and I rarely had a meal without my food repeating on me. One day an old friend told me to try Kruschen Salts. So I bought a bottle and gave it a trial."

"After some time I was able to enjoy a good meal and to walk more freely. One morning I got up and lit the fire, and my mother thought I was crazy, because I saved my old crutches up and boiled the kettle for coffee with them. That was six years ago, and I am now back at my old job as a chef!" —H.A.B.

Do you realize what causes a good deal of rheumatism? Nothing but sharp-edged uric acid crystals which form as the result of sluggish eliminating organs. Kruschen Salts can always be counted upon to clear those painful crystals from the system.

THE REAL TEST

"That man is so honest he wouldn't steal a pin," said the admiring friend. "I never thought much of a pin test," answered Miss Cayenne. "Try him with an umbrella!"

North Bay Nugget—The urge of the Cochrane Board of Trade to have the tourist accommodation restored at Moonsgone by the erection of a camp, hotel or chalet to replace the James' Bay Inn, destroyed by fire April 5, is worthy of deep consideration. The James' Bay sector isn't the out-of-way region some believe it to be.
