TEN YEARS AGO IN TIMMINS

From data in the Porcupine Advance Files

"One of the worst accidents in the history of the Porcupine-Timmings highway," said The Advance ten years ago, "took place on Tuesday afternoon about four o'clock when a speeding car crashed into the road roller. There were six people in the car at the time of the collision, only one of them, a boy of about 12 years of age, escaping serious injury. One of the occupants of the car died in the hospital about 8 o'clock that evening from injuries received. Another was badly wounded about the head and face, it being necessary to take out of his eyes, on account of the nature of his injuries. A third man suffered serious wounds about the head and face. The fourth man sustained minor injuries. The driver of the car had his arm broken between the elbow and the wrist, had bad gashes on his leg and also suffered a bad cut on the forehead. He left the scene of the accident, but was found by the police about ten o'clock on Wednesday morning in the bush nearby, and removed to the hospital where he is suffering from insect bites received in the bush as well as from exposure shock and serious injuries sustained in the accident. The accident occurred at what is called the second hill west of South Porcupine. The township steam roller which is being used for the repair work to the roads, was parked on the old road that was used in the early days before the hill was cut down and a more direct road made. The roller was accordingly some distance from the present roadway and on a lower level."

At the Temiskaming Firemen's tournament held at Cochrane on Monday, July 1st, ten years ago, the McIntyre team made a notable showing in the track events. After an all-day rain the track was in bad shape, but the runners were not even discouraged and some good times were made. Paulen, the Dutch Olympic runner, who was then with the McIntyre, where he gave very valuable services as coach, made a great run in the quarter mile, and fairly ran away in the 100-yds. W. Paice and W. Shields, of Timmings, two high school runners, won seven of the cups. Shields won the hop, step and jump; second in the high jump and one lap of the relay race. Nort Abramson, a new member of the McIntyre team, from Iroquois Falls, could not find his stride in the individual races, but more than made up for this in the relay. W. Paice took first in the 400 yds. second to Paulen in the hundred yards dash; second in the broad jump, and ran a lap in the relay.

The body of Prosper Bourassa, of Ansonville, was found ten years ago in Meadow Creek near Iroquois Falls. Two young lads found the body floating on the water. Bourassa had been missing since June 2nd. It was thought that the unfortunate man fell into the water while fishing from the bridge. There were no marks on the body. Bourassa was about 36 years of age and came from Dupit, Quebec. He was a widower but had two children in an orphanage in Quebec.

At the Kiwanis Luncheon ten years ago at the Empire hotel the speaker for the day was E. L. Longmore, for several years mill superintendent at the Hollinger, who spoke on "milling." Mr. Longmore's address was a most interesting one and the members of the club found it a veritable mine of information while they also considered that he had regular nuggets of golden facts simply for the picking in the question box that he opened for their benefit. After his talk on milling, Mr. Longmore volunteered to answer any questions that he could, and this part of the program was unusually interesting, many asking questions that Mr. Longmore answered in illuminating way. In his address Mr. Longmore gave a very comprehensive review of the recovery of gold from the ore, the process of refining, and the general treatment of the gold rock from the time it was brought to surface until it was shipped away as bullion. Mr. Longmore pointed out that as early as 1762 it was known that cyanide would dissolve gold, but no practical use seemed to have been made of the knowledge until about 1877. Forrest and McArthur were the two men who first developed the cyanide process for the extraction of gold from the rock. The process was first used in New Zealand some idea of the growth of the use of cyanide process was given by contrasting the amount of cyanide used forty years ago with that used now. In 1889 the world's consumption of cyanide was 50 tons for the year. In 1905, ten thousand tons were used. Today Northern Ontario used over 800 tons of cyanide a year.

In the Advance ten years ago (in part): "Dominion Day, 1929, will always be remembered by sportsmen of Timmings. Under the management of 'Lap' Laprairie, fight fans of the camp were treated to a fine feast of boxing talent. With four good bouts, all present at the skating rink here on Monday evening had their money's worth. There was a good attendance present, but not as large as the event warranted. Timmings Citizens' Band added to the pleasure of the night by the good music provided. In the unavoidable absence of the bandmaster, A. Wilford, the band was in the capable charge of bandsman Carl Johns. First on the evening's bill was a battle royal between two paperweights, Leonard Wadsworth and Harold Johnson. Leonard got the decision in this bout, but very much credit is due to Harold for his sterling display of pluck and skill and sportsmanship against a heavier and taller opponent with longer reach.

A congregational social was held in the basement of the Trinity United Church, Schumacher, ten years ago. A good programme of readings and vocal and instrumental selections was rendered by a very capable group of artists. Mr. and Mrs. J. A. Bush, who were to leave Schumacher, were the guests of honour of the evening. For eight years Mr. Bush had been principal of Schumacher public school, and for several years a valued member of the church board, acting in the capacity of secretary of the board of managers and of the official board. Mrs. Bush had taken an active part in the Ladies' Auxiliary, and also in Sunday School Work.

Ludger Pelletier, assistant manager of the Timmings Liquor Store, passed away at the hospital here on Friday morning June 28th, after an illness of about two months. Death was due to a cancerous growth on the liver. The late Mr. Pelletier was one of the most popular and highly esteemed of the residents of the town, being held in the highest regard by all who knew him. In the various business positions he had held in town he enjoyed the full confidence of all and carried through his duties with fine tact, courtesy and ability. His death was deeply regretted by wide circles.

Among the local items in The Advance ten years ago were: "Mr. and Mrs. Kilbride left this week for Noranda, Que., where they will take up residence for a time." "Miss V. Roy and Miss J. Richer of St. Mary's Hospital, Timmings, have gone to Toronto University to take up a summer course in clinical work." "Born—At Mrs. Goulet's hospital Timmings, on Wednesday, July 3rd, 1929, to Mr. and Mrs. Percy Holland—a son (Kenneth William)." "Mr. and Mrs. P. Maltais left this week on a motor trip to New Brunswick."
