

MEN TUG, SPRINT AND BURL AT MCINTYRE FIELD DAY MONDAY

Above are shown photos of three phases of the many activities at the McIntyre Park in connection with the annual field day, held on Monday Civic Holiday. In the top picture is shown one of the twenty-two McIntyre tug-of-war teams which pulled for the R. J. Ennis Trophy and \$100 in cash prizes...

Charming Wedding at the Church of the Nativity Yesterday Morning

Miss Audrey Muriel Lynch and Mr. Robert Handley United in Marriage. Church Beautifully Adorned with Flowers and Ferns. Wedding Breakfast at Empire and Reception at Home of Bride's Parents.

Adorned with mixed carnations and fern, the Church of Nativity was the scene of one of the season's most charming weddings, on Wednesday morning at 9 o'clock, when Audrey Muriel, daughter of Mr. and Mrs. J. P. Lynch, of 162 Spruce street north, became the bride of Mr. Robert Handley, son of the late Mr. and Mrs. Handley, of Henley, England. The Rev. Fr. T. Roney conducted the wedding ceremony, in the presence of a large number of friends of the popular bride and groom.

becomingly attired in a street-length dress of mauve crepe, with flowered bolero, and matching accessories, and a corsage of sweet peas. At 2:30 o'clock, in the afternoon, the bride and groom left by motor to honeymoon at the New York World's Fair and other points south. For travelling the bride chose an ensemble of grey crepe, with deep mauve accessories, and a corsage of sweet-peas and pink rosebuds.

Guest pews were marked with large bows of white tulle. During the ceremony, Mrs. N. McGuire of Schumacher presided at the organ, while Mrs. F. Miller and Mrs. C. Manette, both of Schumacher, sang wedding selections, among them "Ave Maria". The bride entered the church on the arm of her father, who gave her in marriage, as the organist played the bridal chorus by Lohengrin and later Mendelssohn's Wedding March. She made a very lovely picture in a beautifully fashioned gown of white Chantilly lace over satin, made on princess lines, with long leg o' mutton sleeves, tapering over the wrist, a high Queen Anne collar, and buttoned down the entire length of the front with lace-covered tiny buttons. The back of the gown fell gracefully into a long train, and the bride wore white mittens and white shoes. Her long veil of embroidered tulle, was caught in a coronet of lily-of-the-valley, and she carried a muff adorned with white orchids, sweetheart roses, sweet peas, and lily-of-the-valley.

Mr. and Mrs. Handley will reside at 13 Elm street south. The groom's gift to the bride was a MacBrien travelling bag; to the matron-of-honour, a pendant set with a pink stone; to the bridesmaid, a pendant set with a sapphire; to the flower-girl, a gold heart-shaped locket; to the groomsmen and ushers, lighters; to the organist and soloists, flowered brooches.

Out-of-town guests at the wedding included Miss Billie Heinz, of Minneapolis, Minn., aunt of the bride; Mrs. Ed. Alcock, of Sault Ste. Marie, and Mr. James Grey, of Toronto. Prior to her marriage the bride was entertained at numerous showers and was the recipient of many lovely gifts for her new home. Their many friends in this district will wish the bride and groom all happiness.

To Open Timmins Market Two Days A Week in Future

Council Asks Liquor Store be Closed Every Wednesday. Discuss Amendment to Building By-Law.

The Timmins market, located in the curling rink, will, in the future, be open on Tuesdays as well as Saturdays. At a meeting of Council on Tuesday evening, permission was given Councillor Spooner, who is in charge of the market committee, to declare the market open on two days a week. If, said Councillor Spooner, the farmers bring enough produce and the public wishes it, he would be in favour of having the market open on three days in the week. Thank Lions Club

Official acceptance of the gift of playground equipment made by the Lions Club was made in a resolution. The resolution also thanked the club for its generous gift to the children of the town.

It was decided to take no insurance on the playgrounds for the remaining time they would be open this summer. Councillor Spooner, who is in charge, said that it was possible that the playgrounds would remain open part time, after school opened. Supervisors might be on duty from 4:00 in the afternoon until 7:30 at night, he suggested.

The Liquor Control Board, of Ontario, which has been hearing quite frequently from the Timmins Town Council, of late, will receive another epistle instructing it how to run its business. This letter will enclose a resolution asking that the liquor store in this town be closed on Wednesday afternoons when there is a legal holiday in the week. At the present time the liquor

store is open on Wednesdays when there is a holiday during the same week. "It is the only store in Town which is open. It creates a —" and at that point Councillor Gauthier waved his hands helplessly, at a loss for the right word.

Victor Salomaa, accountant in the Town Hall, was created Deputy Clerk by the passing of a by-law at Tuesday evening's meeting. He will act during the absence of the Town Clerk, P. H. Murphy.

The Fire Department was authorized to purchase six rubber coats and six pair of rubber boots. Permission was given the Porcupine Prospectors' Association to hold a street dance in Timmins on the night of Saturday, August 12, between the hours of nine and twelve. For that purpose Cedar Street will be blocked between Second and Third Avenues.

In answer to a letter from the Council commenting on the construction of the proposed new T. & N. O. freight sheds on the site of the present shed, the T. & N. O. wrote to say that the specifications for the new building required fully sheeted walls and roofing of a non-combustible material. Since that letter was written, remarked Councillor Armstrong, the Mayor was talking to Colonel Lang, Colonel Lang agreed to give serious consideration to a building of hollow tile construction. He promised to put the matter before the Board and said that it possibly would decide to revise its plans.

Agree to Parade The Porcupine Trades and Labour Council asked for and received permission to hold a parade in Timmins on Labour Day, September 4. It would be the first one here for a number of years, commented Councillor Armstrong. An amendment to the building by-law which would force persons who were building on lots facing town sewers to make connections was discussed. The amendment would force a more standard and sanitary type of privy where there were no sewers.

Interest Growing in Prospectors' Bazaar-Carnival

Many Outstanding Entertainment Events Featured.

Interest continues to grow in the bazaar being held each evening this week in the Timmins Arena by the Porcupine Prospectors' Association in their celebration of the thirtieth anniversary of the discovery of gold in the Porcupine. In addition to bingo and other games as well as refreshment booths, each evening sees a programme of outstanding entertainment presented worth many times the small fee of admission. Togo, the truly sensational Philippine circus star in his "slide of death" down a slack rope brings very general applause, while his tricks with various devices also brings very decided enthusiasm. Claire Rouse, "the Musical Hobo," is even more popular with his musical novelties and quick-change costumes, his imitation of the bagpipes being a sure-fire number every time. Dolores and Diana, the clever tap dance team, are pleasing all with their skill and charm. West Wade, the cowboy hill-billy in songs and yodelling, also catches the fancy of the crowds, as does Rex Doyle, stage and radio star. Special delight is given by Gus, the famed accordion player, whose music wins popular favour.

The bazaar has three more nights to run—to-night and Friday and Saturday nights.

Abortive Attempt Made to Break Cochrane Safe

Burglars, who gained entrance to the building by forcing a window in the cashier's office, made an unsuccessful effort this week to burglarize the T. & N. O. Railway freight office safe at Cochrane. There was a large amount of money in the safe at the time, but the burglars were unable to reach the booty. The heavy safe was thrown down and a crude attempt had been made to force it open from the back. The burglars had burst the outer covering of the safe and dug into the insulation, but the strong construction of the inner casing baffled them and eventually they left the office no richer than when they entered it. Later they broke into the freight shed through the foreman's office but a check of the contents of the shed showed that nothing had been taken.

FIREMAN DIES IN CAB OF ENGINE, AT COCHRANE YARDS

The sudden death of Andrew Tenevke while on duty on a Canadian National Railway engine in Cochrane yards on Monday marked the holiday celebration in that town. Mr. Tenevke, a locomotive fireman went to

work as usual at midnight and worked with the engineer during the afternoon. About 4:45 p.m., after making up the fire on the engine he suddenly fell forward on the plate of the engine and died without a word. A doctor was called and pronounced death due to heart failure. He had been under the

doctor's orders for about a year and a half and had given up his run on the line on this account, taking up yard work with the railway. He was fifty years of age and had wide circles of friends. He is survived by his widow, two daughters and one son, all of Cochrane.

No Smell!

Disgusting cleaning odors so often found in inferior cleaning are completely absent in Sloma Odorless cleaning. Our modern methods and experts guarantee fine results.
