(Continued from Page One) from the Council or anyone else. I suggest to you that we leave it to them. Nothing came of the matter.

To Welcome

To welcome or not to welcome that was the question at the meeting of Council. Should the Town erect stone posts to bear a "Welcome to Timmins" sign or should it not? was the question in the minds of the members of Council as they pondered the refusal of the Hollinger Mine to allow them to erect such a sign on the sand bucket line which crosses the highway.

Some members of Council thought that the Town should erect an elaborate sign, flanked by stone pillars and with the words "Welcome to Timmins" blazoned across its deal board front. Others seemed to think that the Town of Timmins was well enough known to need no advertising. In any event, the matter was referred to the Town solicitor for his consideration. The Mayor thought the Town should have some right over the highway it helped to maintain.

Misquoted, He Says

At the last meeting of Council, said Councillor Wilfred Spooner, the newspapers misquoted him. They quoted him as saying that the Timmins High and Vocational School had had no fire drill in two years. They forgot to add at the end of the statement the words "under the supervision of the Timmins Fire Department."

Councillor Spooner referred to a denial of the early part of his statement which appeared recently in The Advance, in which Mr. W. W. Tanner, Principal of the High School, said that fire drill was held many times last year and at least five times so far this year.

A reporter who was covering the meeting, came to his feet at the meeting of Council and said that if Councillor Spooner was misquoted he was misquoted by both papers in Timmins. It was strange, said the reporter that two papers should quote the Councillor in exactly the same words and that neither of them should have added the last part of the alleged statement.

The Fire Chief said: "We can't seem to get along with Mr. Tanner. The public and the separate school boards hold fire drill under the supervision of the Fire Department but the High School does not. If Mr. Tanner, the High School Principal, wants to cooperate we will be only too pleased to do so. The public deserves to know the time in which that school is cleared—and as long as I am Fire Chief it will know it."

Leaves Question of Profiteering to Control Board

(Continued from Page One) profiteering and if it is the merchant, the wholesaler or who is doing it.

The increase in the price of butter from 25c to 32c a pound was instanced as a case of profiteering; but Councillor Spooner questioned such a conclusion, since a year ago butter was 38c a pound.

A detailed and thorough study of food and commodity prices of the months of August and September this year as compared with the same months last year was suggested by Councillor Wellington Armstrong in order that the Council might determine whether recent price increases were seasonal increases or attempts at profiteering.

"We are now in a period when butter and eggs fluctuate naturally but is this fluctuation at this time out of proportion?" Mr. Armstrong asked.

"We should get the price circulars of August and September and then study the increases and find out whether they are the usual seasonal increases or whether it is the wholesalers, the retailers or someone else putting up the price due to the war scare," he maintained.

The Timmins Council had wired the Government five days after war had been declared asking a check on pro-

fitteering. Councillor Homer Gauthier recalled.

"Are we giving the Food Control Board time to act?" Mayor Bartleman asked.

"What exactly has gone up?" queried Councillor Armstrong.

"Whiskey," retorted Councillor Gauthier, amid a general laugh.

"Specifically, what has gone up," Mr. Armstrong repeated. "We all know that the important thing is that the cost of living has come up and the Councillors are all interested in the welfare of the citizens and want to act intelligently in this matter."

"Since the question will be referred to the Contingency Committee, I assure you that I will get a complete list of all prices for comparative purposes," Councillor McCabe stated.

"I note with alarm that prices continue to rise in Timmins," Councillor McCabe said, asking that the local Council investigate price increases and cases of hoarding and get in touch with the Food Control Board.

Robert Dickie of the Miners' Union supported the move for a check on profiteering, asking the Council to lend backing to a request of a 15c an hour increase in the pay for miners, in order to offset the increased cost of living.

Mayor Bartleman suggested that the Union should ask for an increase in pay proportionate to the increased cost of living so that the miners would not suffer should food and commodity prices increase further.

Jewish People Now Organizing To Do Their Share

Timmins Jewry Offer Prayers for World Peace at Special Gathering.

The call for prayer made by Prime Minister Mackenzie King was answered by Timmins Jews who celebrated the holiday, "Rejoice of Torah" at the synagogue on Friday when a special prayer of supplication was offered.

Rabbi Abraham Herson, who has just taken up his duties in Timmins as successor to Rabbi Monson, told the members of the community that the very essentials of Torah, "love, peace, and justice," were denied by the dictatorial powers in Europe today.

Under Rabbi Herson all local Jewish associations are being organized to contribute their share to helping solve the world problems. Mass meetings at which these problems are discussed are being held regularly. An outgrowth of this renewed movement to organize the Jewish Centre as an institution of goodwill for Jews and Gentiles is the formation of a women's Red Cross at the Centre.

Rabbi Abraham Herson, who came to Timmins three weeks ago, is a son of Rabbi Herson, of Winnipeg, who is Chief Rabbi for Western Canada. He comes here originally from Chicago, where he obtained his B.A. from Northwestern University and his M.A. from Chicago University. A keen student, Rabbi Herson has written a series of articles commenting on the Pentateuch, which will be published in book form next spring.

The special prayer of supplication which followed the prayer for the King and the Royal Family, was composed by Rabbi Hertz, Chief Rabbi of the United Kingdom. In conclusion it appealed to the Almighty as follows:—"Our Father, our King! hearken unto our cry; save us for Thy name's sake, so that loyalty and faithfulness be indeed the stability of our times. Speedily cause righteousness to triumph and the lovers of justice to rejoice; and hasten the day when Thy tabernacle of peace shall be spread over the children of men for evermore. Amen."

St. Mary's Journal-Argus:—"The test of true love is when he can kiss her after she has kissed her dog several times."

North Bay Nugget:—"In 'caching' fortunes in foreign lands, Goering and Goebbels didn't evince much faith in the stability of Naziland."

CHARMING AUTUMN WEDDING IN SOUTH PORCUPINE

Thrilling Romantic Drama Showing at Palace Theatre

George Raft and Ellen Drew Newest Starring Team to Come Out of Hollywood.

The newest starring team to come out of Hollywood—George Raft and Ellen Drew—head the cast of Paramount's thrilling romantic drama of the race track, "The Lady From Kentucky," at the Palace theatre on Friday and Saturday, Oct. 13th and 14th.

Cast together for the first time, George will be seen as a small-time gambler, a tout who, through a twist of circumstance, finds himself involved in the noble sport of racing horses. Lovely Ellen Drew is cast as a gentlewoman of old Kentucky who has inherited her father's racing stable. Rounding out the cast are Hugh Herbert, the droll comic, who finds plenty of opportunity to indulge in his unique variety of comedy, and ZaSu Pitts, in one of the best roles of her career as a Southern Belle.

The story immediately establishes George Raft for just what he is—a small time gambler. He is seen giving a blood transfusion so that he'll have thirty-five dollars with which to gamble. He indulges in card games, plays slot machines, does anything he can to raise a stake, and winds up with enough money to take over a bookie's establishment when the bookie is running out. Things go well for a while with George and his pal and hanger-on, Hugh Herbert. Then the horses start to run against him and he goes up broke.

Casting about for a tangible asset, he finds that he has just one thing left—a half ownership in a race horse. He decides to find out what value the horse can be to him, and so the pair migrate to Kentucky. There George is amazed to learn that beautiful Ellen Drew is the other half-owner. Immediately he makes plans to use the horse to his own advantage. He starts to sell his share, but changes his mind when the horse triumphs magnificently in his initial race. Then George settles down to learning how to train thoroughbreds, much to the amusement of Ellen Drew and the discomfiture of Hugh Herbert who would rather spend his time with a Southern Belle he has met—ZaSu Pitts.

The picture reaches its ideal climax in the thrilling racing scene. Photographed on one of the best tracks in the country, they are said to surpass anything which has ever been seen on the screen for sheer action and drama. Sport lovers will find them authentic in every detail, and sports lovers and just plain moviegoers alike will find them as thrilling as any other scenes they have ever witnessed on the screen.

"The Lady From Kentucky" was directed by Alexander Hall from a screen-play by Malcolm Stuart Boylan, based upon an original by Rowland Brown.

Lightning Strikes Power Sub-Station at Haileybury

Little Damage Done as Plant Protected.

Haileybury, Oct. 12. (Special to The Advance)—At the height of an exceptionally sharp electric storm for this time of the year, lightning struck the Haileybury sub-station of the Northern Ontario Power Company about 4:45 p.m. Sunday, causing a small fire that did little damage, but which required the laying of 200 feet of hose before firemen had it under control. It was the first call for the Haileybury brigade in some weeks. The bolt followed the ground wires through the concrete floor and set fire to the wooden framework on which the floor rests, and while there was a lot of smoke, the fire itself made no great headway. Firemen were able to reach it without great difficulty by removing some of the bricks used to block up a window formerly set in the concrete wall of the building. According to J. W. Hughes, the manager, the lightning apparently followed the wires used for the purpose in just such an emergency.

Pleasant Time Enjoyed at Birthday Party Tuesday

Miss Ella Slattery was guest of honour on Tuesday evening at a party held at the home of Mr. and Mrs. Clifford Gillard, 30 Kimberley Avenue, on the occasion of the birthday of the guest-of-honour.

About thirty friends of Miss Slattery attended the event to extend their best wishes and to present numerous lovely gifts. During the evening the guests enjoyed dancing and a sing-song, and the hostess served a dainty lunch, of sandwiches and a beautifully iced birthday cake.

Butter Selling at Market at 30 Cents per Pound

Cabbage, Broccoli, Spinach, Carrots and Meats Featured.

The Timmins Market on Saturday was a very busy place, the farmers who sold produce in the twenty-eight booths serving customers from the entire district. Due to the rain on Tuesday, business was not as active as it had been on Saturday, but much produce was sold.

Although most vegetables are now out of season in this Northern country, cabbage, broccoli, spinach, Brussels sprout, and carrots were to be found at the market in abundance, as were potatoes, which sold at 40c per 11 lb. basket, and \$1.65 per bag.

Pork, lamb, veal, beef and sausage were included in the extensive meat display, and found ready sale. Eggs sold at 45c a dozen, and butter (home-made) was sold at the market at 30c per lb.

Attractive Wedding at St. Anthony's This Morning

Miss Azeline Boissonault and Mr. Roland Godin Married To-day.

The St. Anthony's Roman Catholic church was the scene of an attractive autumn wedding this (Thursday) morning at 6:30 o'clock when the Rev. Fr. Simard united in marriage, Miss Azeline, daughter of Mr. Alfred Boissonault, of 176 Pine Street North, and the late Mrs. Boissonault, and Mr. Roland Godin, son of Mr. and Mrs. Joseph Godin of 65 Fourth Avenue.

The lovely bride made a charming picture as she entered the church on the arm of her father. She wore a becoming navy blue tailored suit, with white blouse and black accessories, and a corsage of cream and red roses.

Mr. Joseph Godin, father of the groom, acted as groomsmen.

Following the ceremony, a wedding breakfast was served at the home of the groom's parents, 65 Fourth Ave., where Mrs. Godin received the guests wearing a flowered navy blue crepe ensemble, with a corsage of red roses. Miss Annette Godin, sister of the groom, and Mrs. Len Godin, sister-in-law of the groom, poured tea, the former attired in an afternoon dress of black crepe, with gold trim, and black accessories, and the latter wearing a navy blue crepe street-length dress, with pale blue bodice, and matching accessories.

Later in the morning the bride and groom left on a honeymoon trip to Montreal and points south. This time of the year, lightning struck the Haileybury sub-station of the Northern Ontario Power Company about 4:45 p.m. Sunday, causing a small fire that did little damage, but which required the laying of 200 feet of hose before firemen had it under control. It was the first call for the Haileybury brigade in some weeks. The bolt followed the ground wires through the concrete floor and set fire to the wooden framework on which the floor rests, and while there was a lot of smoke, the fire itself made no great headway. Firemen were able to reach it without great difficulty by removing some of the bricks used to block up a window formerly set in the concrete wall of the building. According to J. W. Hughes, the manager, the lightning apparently followed the wires used for the purpose in just such an emergency.

For travel the bride chose an attractive ensemble of American Beauty wool crepe, with dusky rose jacket, a black coat with Persian Lamb collar, and black accessories.

Upon their return, Mr. and Mrs. Godin will take up residence at 65 1/2 Fourth Avenue.

Scandinavian Countries and U.S. May Intervene

(continued from page 1) visited the White House is taken to mean that the United States has been asked to enter joint negotiations with Russia to preserve Finnish independence.

Meanwhile, on the sea, the French naval ministry has announced that the navy has seized 150,000 tons of merchandise destined for Germany, since the war began. Included were 40,000 tons of such ores as antimony, nickel, copper and mercury. Food is reported to have amounted to 30,000 tons.

From London the First Lord of the Admiralty, Winston Churchill, announced today that German submarines caused a loss of 5,089 tons of British shipping between September 24 and October 9, but Britain, in the same period, took 13,615 tons of shipping destined for Germany.

Premier Chamberlain, speaking in the British House yesterday, said that Hitler's proposals were impossible as a basis for peace unless Great Britain was willing to "forfeit her honour and abandon her claim that international disputes should be settled by discussion and not by force."

Said Mr. Chamberlain: "We must take it that the proposals which the German Chancellor put forward for

the establishment of what he calls the certainty of European security are to be based on recognition of his conquests and his right to do what he pleases with the conquered."

Says Canadian Nickel Used by Germany in War

Council Ask Government to Stop Indirect or Direct Shipments to Enemy Nations.

A resolution asking that immediate steps be taken by the government to prevent Canadian nickel from getting into enemy hands, was introduced by Councillor Bert McCabe and passed by the Council at the regular meeting last night.

"Whereas nickel ore deposits in Ontario and British Columbia give Canada control of 90 per cent of the world's nickel and nickel is essential to the manufacture of armaments," read the resolution. "And whereas when all true lovers of peace were bending every effort to prevent the plunging of the world into another war, Canadian financial and mining interests were assisting Nazi Germany to re-arm by exporting tons of nickel to them, supplying approximately seventy-five per cent of Germany's nickel needs in 1938. And whereas it was known that nickel was trans-shipped to Germany through other European countries, and whereas it was inevitable that thousands of Allied soldiers would be killed or maimed now that the state was at war, therefore," continued the resolution, "be it resolved that the Council deplores the above and urges the Dominion government to take immediate steps to prevent the shipping of nickel and other war materials to the enemy either directly or indirectly by banning all such shipments to countries other than France, United States and the British Commonwealth of Nations.

The resolution passed without comment.

Bride-to-be Honoured at Miscellaneous Shower

Miss May Douglas, bride-to-be, was guest of honour on Thursday evening at a delightful event, when Mrs. Turner, of 12 Knox avenue, was hostess at a miscellaneous shower. Mrs. Turner was assisted by Mrs. L. Nicholson and Mrs. H. Garroby as joint hostesses.

About twenty friends of the popular bride-to-be attended the shower, and extended their best wishes as well as numerous lovely gifts.

During the evening the guests enjoyed interesting games, winners being: 1st, Miss Marion Nicholson and 2nd, Miss Rose Brightwell. A dainty lunch was served by the hostesses and music at the piano by Mrs. Bennett, was greatly enjoyed.

Sudbury Star:—"A ten-year-old, who recently gave an organ recital in a village church, said he was not at all nervous. It was the organ-blower who got the wind up."

the establishment of what he calls the certainty of European security are to be based on recognition of his conquests and his right to do what he pleases with the conquered."

Surprise Shower Party at Gold Centre Last Night

Miss Alma Bennett, bride-to-be, was entertained on Wednesday evening at a very interesting event, when many ladies gathered at the home of Mrs. Harvey, of Gold Centre, to honour the guest of honour at a surprise miscellaneous shower.

During the evening the guests enjoyed individual whist, winners being: 1st, Miss MacPhail; 2nd, Miss Fisher; 3rd, Mrs. Bert Richards. Mrs. Fred Bennett mother of the bride-to-be, delighted those present with many selections at the organ, and the hostess served a delicious lunch.

The bride-to-be was the recipient of numerous lovely gifts, among these a table lamp from the Gold Centre ladies group, and an electric iron and toaster from the Timmins ladies' group.

Globe and Mail:—"An evening paper says that the British taxation is on a scale never dreamed of before. Except in nightmares."

Parents Attention!

Protect Your Children Against Diphtheria

Starting the week of October 16th, a Diphtheria Toxoid Clinic, will be held by Dr. J. A. McInnis, Medical Officer of Health, when school children under 9 years of age may be done at the schools, and on October 17th, from 3 to 4 p.m. a pre-school clinic will be held in the Notre Dame de Lourdes. On October 18th and 19th a pre-school clinic will be held from 3 to 4 p.m. in the Town Hall.

Toxoid is given in three doses—3 weeks apart. There is very little reaction to Toxoid inoculation and parents have no need to worry regarding any severe after effects.
