

He says, "Ed, your opinion on politics is swell. And I think you're backing the right hockey team. But for the life of me I can't figure out why you put up with such a cold house. It's getting so Marge and I are afraid to bring the baby over for fear he'll catch cold."

And Mr. Jones yells, "What do you mean 'put up' with it? I've just had the furnace fixed and I still use enough coal to heat three houses, and yet the place is as cold as a barn!"

So Pop comes back, quick as a flash, and says, "You're trying to heat the whole town. The coal is giving the heat alright but most of it is going up through the roof. What you need is insulation!"

Then Mr. Jones asks, "Insulation? Do you think it would help much?"

Pop knows the answer. He says, "Good insulation will make a world of difference because it keeps the heat in, just like a thick blanket. It will keep you warmer and save coal every winter."

Mr. Jones looks really interested so Pop tells him all about Hill-Clark-Francis' insulating service. He says, "After examining the house, they advised Rock Wool Insulation. They supplied it in thick fluffy squares and I laid them above the upstairs ceiling. That's all there was to it. The house has been comfortable and easy to heat ever since and takes far less coal. Unless you have 'money to burn' you'd better call Hill-Clark-Francis tomorrow!"

More Comfort and Save up to 1/3 of Your Coal Bill

If your house is hard to heat or you are interested in saving money, phone 4000. We will inspect your house, specify the proper type of insulation and give you an estimate. There is no charge for this service. Call in to-morrow.

Promises to Work in Interests of All in Town of Timmins

Among the candidates already announced for the Timmins town council this year is Mr. Les Bailey, who has a wide circle of supporters, both at the Hollinger Mine and in business and other circles in town. In an address last night to the electors, Mr. Bailey gave the reasons that had induced him to offer his services as a town councillor. Mr. Bailey said that this week he had celebrated the tenth anniversary of his residence in Timmins. At present employed in the Safety Department at the Hollinger Mine, he also owned a grocery business in Timmins. "As a miner and business man," said Mr. Bailey, "I feel that I will be able to represent a good portion of the population and of the taxpayers if they should choose to elect me to the council for the coming year." Coming in contact with so many men in connection with his work in the Safety Dept. he feels he knows their problems, what they think about municipal government in Timmins, and how they would like to see Timmins governed. Being in business he has naturally faced the problems of the business man, while the problems of the housewives and their husbands were also familiar to him, and he felt that special consideration and special understanding are needed in these days of increased costs of living and extra expenses not bearing so heavily on other towns.

Mr. Bailey credited past councils of Timmins with doing their best, as was evidenced by the progress of the town, and he did not criticize what had been done, but rather pledged himself to endeavoring to continue the work of making Timmins a better town in which to live.

"Different problems are facing the 1940 council than have ever faced a town council during Timmins' history,"

said Mr. Bailey. "When the first great war was raging the town of Timmins was in its infancy; its annual assessment and revenue hardly a tenth of today; now the corporation of the town of Timmins is a million dollar concern, the management of which is no easy problem during these grave days which are facing the world. When electing a town council to manage your town during the crisis of the second great war, every voter should make certain that the man for whom he votes is a loyal British subject. I am not going to brand any one of my opponents as Communists or red agitators but I would urge every one of you to make your selections carefully to guard against the possibility of any such men being elected as your candidates for the war period."

On account of the decision of the Ontario Government to ban municipal elections for the duration of the war, or for two years in any case, Mr. Bailey suggested that at this election it was particularly important that only steady, honest and reliable citizens be elected to office.

"During the trying times which loom before every Canadian for the duration of the war," he said, "I believe that a programme of economy should be enforced in the municipal field. The war at present is hardly three months old, but already we are beginning to feel its effects in the way of extra taxes and rising prices. Groceries, meats and other products used daily in every home have risen in price because of increased demands. Extra taxes have been imposed upon our electricity, on cigarettes, on all luxuries, and on good many necessities too. I am not speaking against these extra taxes. Canada is at war and must pay its way. But in order to keep within the standard of living, I am convinced that savings should be made right at home. I am an advocate of cutting down on all frills of municipal government for the war period. People in the new sections of Timmins must have sidewalks

and waterworks. Work on the maintenance of our streets and public works must be continued, but all extra improvements, projects which will result in a marked rise in our tax rate should be lessened during these times when war taxes and rising prices are putting a drain on the taxpayer."

In concluding Mr. Bailey said:—"As a taxpayer and resident for the past ten years I am vitally interested in the progress and future of Timmins. I am willing to work wholeheartedly for the betterment of our town and for the people who make Timmins their home."

Fall Assizes to Begin in Cochrane Tuesday, Nov. 28

Several cases involving Timmins people are scheduled to come up at the Fall Assizes which begin in Cochrane on Tuesday, November 28.

Among them are charges of attempted robbery against four Timmins youths, Albert Patry, Aurelle St. Jean, Raymond St. Jean and Maurice Brazéau. The quartet, it is alleged, tried to break and enter the premises of the Ashdown Coal Company, in Timmins, on May 28.

Antonio Pellizzari will face a charge of shooting with intent to wound. Pellizzari, it is understood, may elect speedy trial. In the event that he does his case will not be heard.

Several charges of being in possession of high grade gold ore are slated for Tuesday but there is a likelihood that they will not be heard at that time as counsel for the defence in all three cases is ill and may not be able to be present.

Henry Brendt, of Cochrane, will face a charge of theft.

On December 5 there will be a non-jury sitting of the Supreme Court of Ontario for civil cases. Mr. Justice Chevrier is expected to be on the bench.

New Station at South Porcupine in General Use Now

Budget of News from South Porcupine and the Dome.

South Porcupine, Nov. 22nd, (Special to The Advance)—The new station at the foot of Connaught Hill is now being used for traffic purposes, the old buildings being closed. There was no official opening of the building which is a decided improvement to the landscape in this quarter, and which is built on the north side of the track, thereby obviating the necessity of crossing the track to catch a train. While the station building is in use, new furniture, etc., is not yet installed.

Mr. and Mrs. Ed. Ahr are away on business in Toronto and Buffalo.

Mr. and Mrs. Belcham and Miss Belcham, of Cobalt, are visiting at the home of Mr. and Mrs. Rogers at the Dome Mine, preparatory to making their permanent home in the Camp.

Mr. and Mrs. J. Brown, of Strachan Avenue, spent the week-end in Iroquois Falls. Sergeant Jack Laurie, of the 48th Highlanders, who is Mrs. Brown's brother, was up from Toronto visiting his mother at the Falls.

Mrs. Villenius, of O'Brien avenue, returned on Tuesday from a week-end spent in Toronto.

Mrs. Harry McLean of London, is nursing Mrs. W. P. McLean in S. Porcupine hospital. We are glad to note that Mrs. McLean is progressing steadily and will leave hospital for home at the end of this week.

The Porcupine Branch of the Canadian Legion is holding a "Stagette" and Bingo on Saturday, the 24th, in the basement of the Central Hotel.

At the present writing by reports it would appear that the Kiwanis Excursion on Friday is going to be no less a success than those of the past; many people seem to be arranging to go down at this time.

Messrs. Pearce and Cross intend opening a new branch of their drug store in the new Wilson building as soon as it is ready for occupation.

This building is to be the scene on Friday of a big bazaar put on by the ladies of the Guild of the United Church. In addition to serving afternoon tea, the ladies are having an apron table, a baby booth, a novelty table, and a fish-pond for the children. The ladies tell us they have a most wonderful display of articles, a specialty being stuffed cotton animals for babies' toys. The fancy work will include luncheon sets and many articles suitable for Christmas gifts.

Dr. McLaren arrived home from Ottawa on Sunday.

Friends of Mrs. A. R. Kinkel, of the Buffalo-Ankerite, will be sorry to learn that on Sunday she fell and broke her ankle at her home.

The next Fireside Circle of the United Church will be held on Sunday evening after the service.

South Porcupine boys under the age of 18 have organized a Juvenile Hockey Club to enter the Porcupine District Hockey Club. Two meetings have been held under the directorship of Messrs. Ship and Simpson, and the following boys have been elected as officers.—President, Kayo Iola; vice-president, Nick Toderan; secretary-treasurer, Lawrence Dillon. This team is being sponsored by C. Edgecombe, and will be known as the Porcupine Red Wings—the same as the team of last year.

A whist drive held on Monday in the Masonic hall, under the auspices of the Porcupine Branch of the Legion, proved to be a success. There is to be another on Monday next, and all are asked to attend who are interested in whist—and the Legion. Prize winners in Monday's drive were:—Ladies, 1. Mrs. Bentley Webb; 2. Mrs. Andy McGinn; and 3. Mrs. Barnes. For men: 1. Mr. Alf Hawes; 2. Mr. T. Apinck; and 3. A. Grzan.

South Porcupine, Nov. 22nd, (Special to The Advance)—The Red Cross canvass in the east end of the Porcupine Camp is almost completed. One hundred and twenty canvassers have gone over the whole district, and so far the response has been excellent. From the workmen and business men canvassed, it is possible to state that a monthly sum of \$1400 has been promised. Six mines are now being approached and in a week, full statistics will be given by the secretary for publication.

Red Cross workers are coming forward in response to the call. Pyjamas for soldiers have been called for by headquarters and all are requested to register at the rooms for work.

The space at the rooms is not great

District Commissioner to Visit Brownies Here

The Brownies of the 56th I.O.D.E. Pack held their weekly meeting Wednesday evening. Barbara Wolno was welcomed into the Pack.

After fairy circle the Brownies went to their lands. Eva Becket passed her knots, Peggy Harris her plants, and Barbara Wolno her recruit.

The Pack expects a visit from District Commissioner in the near future.

Red Cross Canvass Nearly Completed at South Porcupine

Monthly Sum of \$1400 Promised. Workers Busy at Sewing and Knitting.

South Porcupine, Nov. 22nd, (Special to The Advance)—The Red Cross canvass in the east end of the Porcupine Camp is almost completed. One hundred and twenty canvassers have gone over the whole district, and so far the response has been excellent. From the workmen and business men canvassed, it is possible to state that a monthly sum of \$1400 has been promised. Six mines are now being approached and in a week, full statistics will be given by the secretary for publication.

Red Cross workers are coming forward in response to the call. Pyjamas for soldiers have been called for by headquarters and all are requested to register at the rooms for work.

The space at the rooms is not great

and many cannot be accommodated at one time, but by registering for work many hours per week can be given, it will be possible to arrange a working schedule whereby all will be working, the responsibility and labour being distributed equally.

Several ladies are doing good work in initiating the young into the mysteries and art of knitting and sewing.

Mrs. Blake and Mrs. Nix on Students' Nights (Fridays) at the High School are teaching a group of girls to make utility bags for soldiers in hospital, and to knit. And Mrs. Margaret Smith at Dome Extension is giving her time in the evenings to teaching young girls and small children how to knit and sew.

All work for the Red Cross—patriotic work, and work worth while!

Neutral Interests to be Considered by the Allies

London, Nov. 22.—As the export seizure reprisal was imposed on Germany the British government today said that neutral traders would receive "the most sympathetic consideration possible." The new measure calls for seizure of all German exports on the high seas, regardless of whether they are in the neutral vessels or German.

A spokesman said the sole aim was to drive German products off the seas and thereby shut off foreign exchange to Germany. He added that "the ministry of economic warfare is giving the deepest study to the problem of application of the new measure in a manner not to work hardship on neutrals."

VOTE for LES. BAILEY

for Councillor

As a miner and a businessman I am able to understand the problems and needs of both and will be able to use this knowledge to advantage if elected to the town council.

As a taxpayer and resident for the past ten years I am vitally interested in the progress and future of Timmins. I am willing to work wholeheartedly for the betterment of our town and for the people who make Timmins their home.

LESLIE BAILEY
