NOTE—The North American premiere of this authentic British picture is showing this week in Toronto.

**Canadian National Chefs Made a Ton of Christmas Pudding**

The spicy aroma of Christmas baking will soon pervade the home, with the housewife's usual stir and enthusiasm in the preparation of good things to eat for all the family and friends who gather around the festive table. Most prominent among these good things, of course, will be the Christmas pudding. Working in the tiny kitchens of two dining cars, one at Montreal and one at Winnipeg, Canadian National Railway chefs made a ton of plum pudding to be served to travellers on the dining cars of the National System this Christmas.

Here is the recipe—an old English one—for a family-size pudding. It will make two and a half pounds, ten generous individual portions.

- Ingredients**
- 1/2 lb. Bread Crumbs
  - 1/2 lb. Beef Suet
  - 2 oz. Flour
  - 1/2 lb. Brown Sugar
  - 2 oz. Mixed Peel
  - Pinch Salt
  - 1/4 teaspoon Baking Soda
  - Grated Rind and Juice of Half a Lemon
  - 3/4 pint Milk
  - 3 Eggs
  - 1/4 lb. Sultanas
  - 1/4 lb. Raisins
  - 1/4 lb. Currants
  - 1/4 oz. Cinnamon
  - 1/4 oz. Nutmeg
  - 1/4 oz. Allspice
  - 1 1/2 oz. Brandy

**Procedure**  
Mix the ingredients together

thoroughly, then add the beaten eggs, milk and brandy, and mix all together thoroughly. Grease inside of pudding bowl or covered mould to prevent pudding from sticking. If pudding bowl is used, cover bowl with floured gauze tied tightly around bowl to keep moisture away from pudding. Boil pudding for three hours. Heat thoroughly before serving, then unmould on dish. Serve with sprig of holly on top.

Serve with Hard Sauce, made as follows:—  
Ingredients—1/4 lb. Butter, 1/2 lb. Powdered Sugar.  
Procedure—Mix butter and sugar until the mixture becomes snow white; add a few drops of lemon extract. Roll in wax paper, place in refrigerator until hard. Cut in slices. Serve slice on top of Plum Pudding.

If it is desired to serve brandy with pudding, unmould plum pudding, pour brandy around base, light brandy with match.

**Says Air Mail Not New Carrier Pigeons Used It**

Montreal, November 22—Light-weight stationery, becoming more and more popular as Canadian business houses speed up by sending their letters across the country in Trans-Canada Air Lines planes, is nothing new, according to a paper manufacturer. Several centuries ago when carried pigeons were important, messages were written on light-weight paper. During the siege of Paris in 1870, when messages were floated down the Seine in small tubes thin paper was used. There were restrictions on cargo weights when balloons began carrying mails and light-weight stationery had its place then, too.

**TEN YEARS AGO IN TIMMINS**  
From data in the Porcupine Advance Files

"When there are great expectations for an event and then it turns out better than looked for," said The Advance ten years ago, "then the affair may certainly be said to be a huge success. That was the way with the smoking concert put on last Saturday evening by the Timmins Post of the Canadian Legion. It was thought that there would be a large attendance and the Oddfellows' hall was crowded for the occasion. It was expected that everybody would have a big time; and the general opinion was that next to the Vimy Night event it was the best yet. It was thought that it would act as a 'get-together' event; and the old spirit comradeship was evidence on all sides. It was generally conceded to be a real soldiers' night. Everyone present enjoyed themselves, and that is putting it mildly. Responsible for the programme have been very highly praised indeed, and there are no critics."

Friends in Schumacher, Timmins and throughout the North Land were deeply grieved by the unexpected death ten years ago of Mrs. Dr. R. V. Weston, of Schumacher. The late Mrs. Weston had been ill for a few weeks but her death came as a decided shock, the serious nature of her illness not being known until a few days before the end came. Despite all that care and skill and attention could do, she passed away on Friday afternoon, November 15th, 1929.

There was a large attendance at the regular band concert in the New Empire theatre ten years ago after the church services, and all were specially well pleased with the programme presented for the occasion. The selections by the Timmins Citizens' Band, under the leadership of Bandmaster A. Wilford, were favourably received, while the numbers by the several artists on the programme for the evening proved particularly pleasing and were greatly appreciated. The band was in good form and played a number of selections all being well presented and winning general approval. The special artists for the evening were visitors from South Porcupine, the Dome and Schumacher who kindly gave their talents for the occasion and their numbers were all highly appreciated.

There was a meeting of the Timmins Boys' Athletic Association called ten years ago at the town hall to consider the programme for the season in sports for boys in town. President G. S. Lowe presided, and though 150 notices had been sent out by mail only about 30 or 35 responded to the call. The secretary, P. T. Moseley, gave a report on the work for the year and what had been accomplished. He also reviewed the junior hockey situation here for the previous several years. Junior hockey had not received enough public support to make it self-sustaining.

Edward Johnson, a young man of 22 years of age, who had been employed at the Hollinger in charge of the work of blasting muck, met sudden death ten years ago. The evidence at the inquest held some days later showed that though experienced at the work, he had not gone far enough away from the blast, for safety. He had taken a position in a hole in the rock and putting his head up to watch to prevent anyone approaching the danger zone, he was struck in the back of the head by a piece of flying rock and instantly killed. The jury returned a verdict of accidental death. The late Edward

Johnson, who had been in the camp for some years, came from England where his father and mother made their home. He was unmarried. He was a young man of fine character and pleasing disposition and was highly esteemed by all who knew him. To the bereaved father and mother and to other relatives and friends in the Old Country the deepest sympathy of all was extended.

The death of Mrs. A. S. Stevens, occurred very unexpectedly in the early morning of November 2nd, 1929, at the home of her daughter, Mrs. W. H. Banks, at the Hayden Mine, Timmins. Although she had been in failing health all summer, the end came with startling suddenness. A service was held at the home on Monday morning, November 4th, conducted by Rev. I. E. Kennedy, of Schumacher United Church, who spoke comforting words to the bereaved ones, taking as his text I Samuel, chapter 20, verse 18, after which the body was taken for interment to Torbrook Mines, Nova Scotia, where Mr. Stevens was joined by his daughter, Mrs. A. L. Spinney, of Everett, Mass.

Timmins lost one of its most esteemed residents ten years ago, when Mrs. Brough passed away at her home on First avenue after an illness of only a few weeks. At the time of death Mrs. Brough was 74 years of age and had been a resident of Timmins for over thirteen years. The family were well known in the North and there was constant and anxious enquiry in previous weeks when it was known that Mrs. Brough was seriously ill.

In The Advance ten years ago: "The whole North Land should be specially interested in the effort of the Cobalt Board of Trade to preserve the log house at Kerr Lake used by the late Dr. Drummond, the famous Habitant poet, during his residence in the Cobalt camp. According to the discussion at a recent Cobalt board of trade meeting the gifted Canadian literary star died in this log house. The building now is quite dilapidated, consisting only of the shell of the structure, and even this remainder of the log house is now in danger of being cut up for firewood, according to information given the board of trade meeting at Cobalt last week, after learning from Charles Devlin, the secretary, that tourists from the United States had evinced considerable interest in the place during the past summer, decided to bring the matter to the attention of the Cobalt Comet Mining Company, owners of the property, to the Kerr Lake resident to whom the house has been sold, and to Col. Mac Lang, M.P. for South Temiskaming, who is to be asked to interest the Federal authorities. The motion unanimously adopted suggests the complete restoration of the building, if at all possible.

Starting Sunday midnight, the Cartier will show the famous war picture, "The Lion Has Wings," for a full week. This is the outstanding war picture of the season and is being given enthusiastic greeting wherever shown. It is an Alexander Korda production, with Merle Oberon and Ralph Richardson in the star roles.

**"The Lion Has Wings" to be at Cartier All Next Week**

Montreal, Nov. 22—Trial of nine persons charged under the defence of Canada regulations with distributing anti-war pamphlets has been postponed until next Monday to permit defence counsel to prepare a written protest against jurisdiction of the court to hear the case.

The nine—seven men and two women—appeared before Judge Amedee Monet in summary convictions court. They were arrested during Armistice week-end in a series of co-ordinated raids by Royal Canadian Mounted Police, and provincial and municipal officers.

**Charles Laughton in Stirring Drama at Palace Theatre**

Laughton Adds to His Laurels in "Jamaica Inn."

In the days of sail and towering clippers, when the law was more difficult to enforce, bands of hardy land pirates along the rocky Cornwall coast of England used to ply a grisly trade. Not content with the occasional wreck that Providence piled up in the Cornish bays, these bands entered the profession of wrecking. A beacon was extinguished, or a signal light moved to a different place, and when the unwary ship was fast on the rocks, the wreckers would swoop down, silence crew and passengers and make off with the cargo as their loot.

"Jamaica Inn," the Paramount motion picture based on Daphne du Maurier's fascinating novel, flips back the pages of history to this epoch, to tell a story of intrigue, adventure, romance and mystery. The picture which will be at the Palace theatre Friday, Friday midnight and Saturday, Nov. 24th and 25th, reveals Charles Laughton in another of his extraordinary portrayals, introduces a new screen beauty, Maureen O'Hara, in a cast featuring Leslie Banks, Robert Newton, Emyln Williams.

**Tale Of Lawless Gang**  
The "Jamaica Inn" of the story and picture is the headquarters of a wild and lawless gang of wreckers captained by Leslie Banks, but actually under the control of Laughton, a mad, extravagant, capricious squire with a fondness for luxury and a weakness for pretty faces.

Maureen O'Hara, an orphan girl, comes to the inn to seek shelter with her sister, who is the wife of Banks. Her beauty has caught the eye of Laughton, however. When she rescues Robert Newton, a member of the gang from death at the hands of the others, the squire is pleased with the turn of events. When Newton discloses that he is actually a government agent on the trail of the wreckers, and begs Laughton's help, the squire pretends to lend him assistance.

**Enter The Soldiers**  
Newton and the girl are again captured by the gang, and it is only by a heroic effort that he effects another escape to get military aid. A mad cross-country chase after the fleeing Laughton, with a gripping climax as he is cornered on a ship about to bear him to France, drives the picture to a peak of dramatic intensity.

The deft, almost magical direction of Alfred Hitchcock has been given to this picture, which was produced under the direction of Erich Pommer. Among the featured members of the "Jamaica Inn" cast are Emyln Williams and Marie Ney.

**Trial of Alleged Reds Deferred to Next Monday**

Montreal, Nov. 22—Trial of nine persons charged under the defence of Canada regulations with distributing anti-war pamphlets has been postponed until next Monday to permit defence counsel to prepare a written protest against jurisdiction of the court to hear the case.

The nine—seven men and two women—appeared before Judge Amedee Monet in summary convictions court. They were arrested during Armistice week-end in a series of co-ordinated raids by Royal Canadian Mounted Police, and provincial and municipal officers.

**Comedy of Circus Life Part of Double Cartier Programme**

Rod Steele Western Other Feature for Friday and Saturday.

There will be another special double programme at the Cartier theatre on Friday and Saturday of this week. One of the features will be "Fixer Dugan," and the other a Rod Steele Western.

Fixer Dugan presents Lee Tracy in the title role of a fast-talking circus "adjuster," and eleven-year-old Virginia Weidler and Peggy Shannon as the other principals.

How a little circus waif works her way into the hearts of two of the show's people forms the basis of the story, most of which takes place under the canvas of a one-ring show touring the mid-West.

Virginia's mother, a high-wire walker, dies in a fall, and the youngster begs to stay with the show rather than go to an orphanage. Miss Shannon, the lion-tamer, soon is won over to this daughter of her erstwhile rival, and ultimately Virginia joins her lion act and proves a sensation.

How Virginia aids and abets the romance between Tracy and Miss Shannon, and how Tracy adroitly turns the tables on a rival show and saves Miss Shannon's lions from being taken from her, make up the exciting conclusion of the picture, which is said to be one of the most authentic circus films to date.

"Fixer Dugan" gives the popular Tracy one of his finest opportunities on the screen, an opportunity to use his high-speed talking characteristics in a tailor-made role, and the result is often hilarious. Miss Weidler is equally outstanding in her part of the orphaned youngster, and Miss Shannon gives a fine performance as the animal trainer.

Rita LaRoy, Irene Franklin, Bradley Page, William Edmunds and other well-known players are in the supporting cast of the film.

With its atmosphere of the circus and its many revealing glimpses of life under the big top, the picture promises to be of special interest to circus fans as well as to the general public. The sequences with the lions during Miss Shannon's act, and in the thrilling climax when one of the great animals gets loose on the crowded grounds, are said to be absorbing in the extreme.

Cliff Reid, for RKO Radio, produced the picture, with Lew Landers directing.

**In Bad Way**  
A resident of rural Connecticut reports hearing a whistling cow. A distant relative, no doubt, of the pink elephant and the lavender alligator.

**KRUSCHEN BOOSTER**  
"KEEPS ME FREE OF POISONS"  
says world's champion pro sculler

You should read what Bob Pearce says about Kruschen Salts.

"I consider Kruschen Salts excellent as a preventive against common ailments that bring discomfort and worry to people in all walks of life. The body requires certain mineral salts and the daily dose of Kruschen is a good way to get them into the system. I take Kruschen every morning, myself—just a little—and it is absolutely tasteless in coffee or tea."

**KEEPS ME FEELING YOUNG AND FIT!**

Kruschen is a combination of several highly refined mineral salts. One, for example, combats excess acid so common in cases of heartburn; another aids the kidneys to eliminate poisons; a third helps purify the bloodstream—and so on.

Why not try Kruschen Salts starting immediately and see for yourself how very little it costs to feel like a million dollars! Bottles, 25c, 45c and 75c.
