

CITIZENS of the PORCUPINE CAMP!

BUY LOCAL BAKERY PRODUCTS

DO NOT PATRONIZE OUTSIDERS!

SUPPORT LOCAL INDUSTRY KEEP LOCAL WORKMEN EMPLOYED

During the past two weeks you have no doubt been called on by at least one of the outside chain Bakeries soliciting your patronage.

The bread and pastry they offer you is not made here, it is shipped in from other centres, thereby employing outside help in its manufacture.

Local bakery products are as good or better and sold at as low a price as will permit. Highest

quality ingredients are used in their manufacture and a high scale of wages are paid throughout the Porcupine Camp to bakery employees.

Our community derives no help whatsoever from outside chain bakeries. They are completely exempt from taxation, and take their profits out of the town, whereas local bakeries pay a considerable sum in several forms of taxation to the town.

DO YOU THINK THIS IS JUST ?

By Supporting Chain Bakeries You Are . . .

- 1.—Forcing local workmen out of jobs.
- 2.—Supporting outside firms whose products are made by outside labour.
- 3.—Raising your own Tax Burden by increasing the Relief Recipients.
- 4.—Supporting firms which are completely exempt from Local Taxation.
- 5.—Supporting firms that take all their profit out of town.
