

Macmen Drop First of Tour Games to Lake Shore

Hollinger Come From Behind Defeat Pamour in Last Canto

Fighting Greenshirts Chalk up Victory Over Pamour Dynamiters by Terrific Offensive in Final Period of Game on Friday Evening. No Score in First Period, Pamour Get Two in Second and Hollinger Wins Game in Last.

Hollinger's green-clad hockey gladiators came from behind a two-goal handicap to win 4 to 2 over Pamour Dynamiters at the McIntyre Arena on Friday night.

The Dynamiters slashed two goals home in the second period after a scoreless first canto. Not daunted by the lead, the Hollinger burned up the ice in the final session to win the game by a good margin.

Hollinger is becoming well known for the fighting quality of its hockey this year and the fact that the team never knows when it is defeated and is just as dangerous in the final moments of a game, when on the short end of a score, as it is early in a match.

Palmateer, of Hollinger, blasted the winning goal home after the Greenshirts deadlocked the score early in the final period. In the final moment of the game, "Red" McArthur blasted home the counter which put the game on ice.

Play surged from one end of the ice surface to the other in the scoreless first period. Both teams applied pressure and goal-tenders Molloy and Bentley were kept busy staying the rubber away from the net.

Both teams started off at full tilt in the second period. The canto was twelve minutes old when Hannaberry broke fast and took the disc up the ice. He shoved a fast, accurate pass over to Wilson who closed in on Molloy and found a narrow opening between his pads.

With six minutes to go, Maine drew his second penalty of the game and the way was paved for the second Pamour goal. Harmon shot at Malloy and then took the rebound and passed it over to Hannaberry who got the second one by.

Hollinger players opened up on Bentley in the Pamour goal when the third and final period began and after three minutes the first drive got by. It came from Delmonte's stick. A minute later Len Schreiber got the puck from a gangling attack around the net and tied the score.

Palmateer took his pass from Schreiber for the goal at the fifteen minute mark to put the fighting Greenshirts out and in the last minute of the game Red McArthur got the final counter.

The teams—Hollinger—Goal, Molloy; defence, Lortie, Stewart; centre, McArthur; wings, Wilson, Wilmont; alternates, Schreiber, Palmateer, Gordon, Dinelle, Maine, Kerr, Delmonte, Dixon.

Pamour—Goal, Bentley; defence, Mansfield, Marshall; centre, Ross; wings, Fummerton, Harmon; alternates, Dixon, Zenick, Horbel, Hannaberry, Wilson, Lafoley, Bleitch, Dudgeon.

Officials, Frawley, Clarke.

Three Teams to Compete For Top Cage Rating in North

Three teams, Noranda, Timmins and Kirkland Lake; the same boys' league, will compete for possession of the Norman Trophy emblematic of girls' senior basketball supremacy in Northern Ontario.

South Porcupine and Schumacher have dropped out of league competition because of expenses, but will play exhibition games with Timmins and Kirkland Lake.

First game of the N.O.S.S.A. competition will be played on January 19 with the local quintet journeying up to Noranda for an important tilt. The local team is not quite as strong as last year, but the girls are out to defend their unbeaten record.

Previous to the opening game Kirkland Lake will journey to South Porcupine for an exhibition game on Friday, January 12.

The first home game for the Norman Trophy defenders will take place at the local gymnasium on January 20 when Noranda comes back for the return game. The girls from across the border continue to Timmins where they play the next evening.

Timmins mix with the local hoop stars for the first time on February 2, and play at Noranda the following night.

The regular schedule is brought to a close on February 9, when the localities take a trip to Timmins. They play Schumacher in exhibition tilt the next night.

Various other games, which will not be included in the standing, will be played throughout the next two months. The schedule is as follows: Jan. 12—Schumacher at Timmins; Jan. 13—Kirkland at South Porcupine; Jan. 19—Kirkland at Noranda—X; Jan. 26—Noranda at Kirkland—X; Jan. 27—Noranda at Timmins—X; Feb. 2—Timmins at Kirkland—X; Feb. 2—Schumacher at South Porcupine; Feb. 9—Kirkland at Timmins—X; Feb. 10—Kirkland at Schumacher; Feb. 16—South Porcupine at Kirkland; Feb. 16—Timmins at Schumacher; Feb. 23—Schumacher at Kirkland Lake; Feb. 23—Timmins at South Porcupine; Mar. 1—South Porcupine at Timmins—X—Counts in the schedule.

Kiwanis Skating Carnival at McIntyre Arena, Jan. 27

One of the big events of the season will be the Kiwanis ice carnival to be held at the McIntyre Community arena on Saturday evening, Jan. 27th. This event under the auspices of the Timmins Kiwanis Club has been a pleasing success in past years and is expected to be even better than usual this season. It is expected that, as in past years, members of the noted Toronto Skating Club will be featured at the event on Jan. 27th. Kiwanian J. L. Fulton is the chairman of the committee in charge of the carnival.

To Hold Course For Ski Trainers in Kirkland Lake

Kirkland Lake, Jan. 6—Four officials of the Ontario Ski Zone Committee will be in Kirkland Lake on January 13 and 14 to conduct a Ski School for instructors at the Kirkland Lake Ski Club's clubhouse and trails near the Harvey-Kirkland Townsite. The school will be held under the auspices of the Northern Section of the Ontario Ski Zone Committee.

Primarily, the school is for those wishing to act as instructors in their own clubs, but it is open to any club member desiring to improve his or her skiing technique. Those wishing to try their Third Class Proficiency tests will be given the opportunity to do so. Altogether, this will be an excellent opportunity for all skiers to learn more about the winter sport.

Former Champions Coming

Four of the Ski Zone Committee's leading officials and instructors will be here to conduct the school. Heading the list is Roy Herbert, Zone Chairman. Others will be M. G. Putman, Chairman of Instruction and Tests Committee for the Ontario Ski Zone Committee; Reg. Lehman, Vice-Chairman for the Northern Section, and Ab. Hansman, chairman of the Technical Board of the Ontario Ski Zone Committee.

Mr. Putman was a former Canadian Olympic ski star, and knows all the tricks of the trade. Mr. Hansman, another waxed blade specialist, has held various Ontario and Quebec provincial championships. Both are well qualified to conduct the school.

The officials and members of the Kirkland Lake Ski Club will act as hosts on the occasion of the Ski School, which will be held at the Clubhouse one week from this Saturday and Sunday. It is expected that visitors will be here from ski clubs at Larder Lake, Iroquois Falls, Timmins, Noranda, New Liskeard, Englehart and Halleybury. All club members are eligible to take the two-day course being sponsored jointly by the Ski Zone Committee and the local Ski Club.

Third Proficiency Test

The majority of students will be trying for the Third Class Proficiency Tests and the Committee has sent along a list of the turns and test which the candidates must pass to receive their certificates. The Third Class Proficiency Tests will involve the following:

- (1)—Four continuous pure Stem Turns on hard snow under complete control, on a 15-degree slope.
- (2)—A right and left Christiana from a direct descent on hard snow on a 15-degree slope.
- (3)—A right and left Telemark from a direct descent on soft snow on a 15-degree slope.
- (4)—A right and left Jump Turn to a stop from a direct descent on a 15-degree slope.
- (5)—A cross-country test on one mile in length, laid out to show all-round proficiency in climbing, on the flat and down-hill, over bush trails and open country.

Officials of the Kirkland Lake Ski Club are doing everything possible to assure the success of the meet. A meeting of all club representatives and the officials from the Zone Committee will be held in the Prince George Hotel on Saturday evening, prior to the dance and social evening which is being arranged.

To Provide Bus Service

President Ed. Kent has also been able to make arrangements with McLellans Transportation Company to run buses from downtown Kirkland Lake to the ski site at regular intervals on Saturday afternoon for the convenience of skiers and fans. The buses will go right out to Harvey-Kirkland Townsite, and it is only a walk of a few hundred yards from there to the scene of the ski tests.

A lunch counter will be operated at the ski clubhouse during the meeting, and hot coffee and sandwiches will be served to those wishing to catch the mid-afternoon snack without having to travel back to town. A new stove has been installed in the club's cabin and officials hope to procure a radio before next Friday.

Further arrangements regarding the dance and social evening are being completed this week-end, and officials hope to have their complete calendar of events ready for publication in Tuesday's edition of The News.

Power Has Big Lead in Commercial Bowling League

Gamble's and Advance Tie for Second Place in Standing Now.

The Commercial bowling league resumed its activities last Friday after a two-week holiday.

Power got the drop on the T. & N. O. and took all four points, also a long lead at the head of the league.

Gambles drew even with The Advance for second place by taking three points from the printers, after three close games.

The standing at the end of the first quarter of the second half:—Power 11; Gambles 6; Advance 6; and T. & N. O. 1.

The T. & N. O. had Art Saint back in the line-up for the first time this season.

Gambles 3 points; Advance 1 point.

Kiwanis Hockey League Entries to be in Before Jan. 12

P. T. Moisley, Official, Says He Must Have Entries by Friday.

The Kiwanis hockey league gets underway this week. Entries must be in the hands of P. T. Moisley, who is in charge of the league, before Friday, Jan. 12th.

Intermediate division is for boys of the age of seventeen years and under. The junior division includes boys fifteen and under.

Pre-season prospects indicate that the league this year will be well stocked with teams and hotly contested. However, until such times as all entries are in no definite plans can be made to draw up a schedule or get games under way. Those persons thinking of organizing teams or who have organization plans under way are advised to get in touch with Mr. Moisley immediately.

Names Wanted of All Enlisting from This Part of North

Eighty-five from Timmins Already on the List.

The Advance is anxious to secure the names of all enlisting in any branch of the overseas service in this war. In last Thursday's Advance there was a list of eighty-five from Timmins who have enlisted for active service. The list included the fifty-nine joining the Royal Canadian Engineers the seven in the Royal Canadian Air Force, the five in the Toronto Scottish and some fourteen others who have joined various other branches of the service. It is known that the list is incomplete. Probably the roll would be doubled if all enlisting from here were on the list.

To secure a complete list, the co-operation of all will be essential. If you know of any who have been omitted from the list, you will be doing a patriotic service by calling attention to the omission. At the present time a complete list would be very useful and valuable, and as time goes on the importance of such an honour roll increases. During the last war The Advance was able to gather about as complete a list as was available anywhere, despite the fact that there are special difficulties in towns in the North in securing anything like a complete list. Thanks, however, to the co-operation of the public in general the honour roll for 1914 to 1918 was as complete as it was possible to make such a list. With similar general co-operation the list for the present war may be made equally complete. If you have the names of any relative, friends or acquaintances to add the roll, please send them, with all the particulars possible to give, to The Advance. It is the intention from time to time to publish the list, so that it may be extended and revised as occasion demands.

Repeats That Highway Up Here Not to be Ploughed

It appears somewhat like "rubbing it in" to see repeated references in other Northern newspapers to the fact that the highway north of Swastika is not to be ploughed this winter, but that the highway south of Swastika will be kept open, while there will also be a through road to Noranda and Val d'Or. The information given out to date is to the effect that ploughing will be continued all winter on the highway from Swastika south, but that the Government does not intend to try to keep the highway open north of Swastika.

Huntingdon Gleaner:—Eighty-year-old Frank Cowell of Sawyer, N.D., retired farmer, is a proud father, for the 23rd time. His 35-year-old wife gave birth to a boy weighing 9½ pounds, at their home. The child was the fourth born to Cowell's present wife. Twenty of his children are living in various parts of the United States.

Week-End Hockey Scores

N. H. L.—Saturday	
Toronto 3	Canadiens 1
Sunday	
Boston 6	Americans 2
Rangers 3	Detroit 0
Chicago 1	Canadiens 2

Release Girls' N.O.S.S.A. Cage Schedule Saturday

Girls N.O.S.S.A. basketball gets underway on January 12 with two games. Schumacher will play at Timmins and Kirkland Lake will meet South Porcupine in the latter town.

The schedule for games released over the week-end, shows a series of sixteen games to be played.

The schedule is as follows: Jan. 12—Schumacher at Timmins; Kirkland Lake at South Porcupine; Jan. 19—Kirkland Lake at Noranda; South Porcupine at Schumacher; Jan. 26—Noranda at Kirkland Lake; Jan. 27—Noranda at Timmins; Feb. 2—Timmins at Kirkland Lake; Schumacher at South Porcupine; Feb. 3—Timmins at Noranda; Feb. 9—Kirkland Lake at Timmins; Feb. 10—Kirkland Lake at Schumacher; Feb. 23—Schumacher at Kirkland Lake; Timmins at South Porcupine; March 1—South Porcupine at Timmins.

Need to Revert to Better System of Education

The following editorial article from a recent issue of The Brampton Conservator is well worth careful thought and study:

"Many letters have appeared in the press of Ontario in recent weeks in which the pros and cons of Ontario's new educational system have been discussed. There seems to be considerable dissatisfaction with the new system, particularly on the part of teachers who find it is not working out just as well in practise as it appeared to in theory. "One of the most objectionable features of the new system appears to be the method of marking. Pupils no longer know how many marks they receive in a certain subject. They don't know how they compare with other pupils working along similar lines. In other words the spirit of competition has been eliminated and a system of grading has taken its place.

"Today a pupil or his parents have to gauge the child's standing by grade. The report card shows Grade A, or B or C or D. As explained to us about these grades, they do not necessarily show the pupil's standing in the subject graded, because while a pupil may be doing well in arithmetic he may be graded B because the teacher believes he could do better if he wished.

"We have heard a lot of talk about competition being one of the causes of present day troubles, but it is equally true that all progress has been built upon competition. Take away the incentive of competition and you remove ambition and initiative. It is claimed that the grading is better for pupils who try hard, but who do not succeed as well, and that it does not put them in an inferior light. However, if a pupil is graded according to the new system, he might be graded A because he tries hard, and yet be no use to anyone in that particular subject. It seems to us that the old plan had more to commend it than the new. At least the parents knew just how their children were doing in the various subjects, and the children themselves knew exactly where they stood in comparison with other students. This provided a friendly rivalry that was all to the good.

"A writer in The Globe and Mail the other day put as neatly as we've seen when she said "I, for one, do not want any of my children graded as cattle, eggs or meat are graded. In the human race you will find competition is what makes life interesting. It inspires people to keep reaching a little higher. Without competition school work is going to suffer."

"The Conservator believes that the new system was brought in with a genuine desire to improve our educational system. It has had a fair trial and it does not seem to have achieved that aim. Rather than carry it on because it would be a bit troublesome to make another change, it would be well to return to the old system, where ambition and initiative are given full play.

Dempsey Still Puts Gloves on to Keep in Fighting Shape

New York, Jan. 6.—The most vivid sports personality in this town still is Jack Dempsey, the tavern keeper. Though he's slowed up somewhat since a poisonous appendix knocked him to his knees last summer, the old mauler still has enough zing for four or five ordinary men.

Long as he lives, Dempsey never will quite calm down. He's as darkly nervous now as he was on the day he made wreckage of Jess Willard. He loved every minute of his recent break-neck flight to Manila to referee the Garcia-Lee fight.

"It was great, great," he chattered across the coffee cups. "Maybe a little lonesome. There weren't but seven other passengers going out. Those planes are wonderful. Seventy-two passengers they carry. We got lost for four hours on the way back, but it was fun."

Jack still puts on the gloves now and then with some of the hired help around his place. He has installed a regulation ring on the roof for that purpose.

"Better keep yourself in shape," Jack Johnston, the old boy bandit advised. "I'm going to bring Jack Sharkey in to see you one of these days. That guy still wants to lick you, Jack. I never saw such a guy about not forgetting a grudge. Every time he comes down from Boston he says he'd like to take a crack at you."

"Bring him in," said Dempsey. "If it'll make him feel any better I'll lie down on the floor and they can take a picture of Jack standing over me."

All Dempsey craves now is peace—and plenty of excitement.

Blairmore Enterprise:—Johnny's teacher sent a note home, asking his mother to give him a bath. This is the answer: "Dear Miss Jones. When I send Johnny to school, I send him to be learned, and not to be smelt. He ain't no rose!"

"Touch" Woods is Well Known Through Northern Ontario

Cobalt, Jan. 6.—When it was recently announced in the Toronto dailies that a certain Mr. Clarence Woods (more familiarly known as "Touch") from St. Catharine had been appointed as Vice-Chairman of the Ontario Athletic Commission, most people around here gave the news item but scant attention.

But to the old timer, who remembered his sports, the news came as a pleasant surprise, for away back in 1913 that same Mr. Woods wore the colours of the Cobalt baseball club, and was known as just about the best catcher that ever held on to a pitcher's slants in the Temiskaming baseball league.

A Certain Mr. Smith "Woody," as he was then known to all, came from Toronto where he had played on some of the senior teams down there. Those whose memory goes back that far will remember the exhibition of catching he gave on a certain memorable occasion in a game on which the league championship hinged. It took place in New Liskeard. For the occasion the Farmers had gone to the trouble of securing a new pitcher. But Cobalt was also pitcher minded, and Claude Morrison, now of Iroquois Falls, the manager of the team had hid himself to Toronto and had come up with a certain Mr. Smith. And that Mr. Smith was no less a person than "Bunny" Hearne, a broad shouldered left hander, currently toiling for the Toronto International League team, and for some years thereafter to smoke them over for the New York Giants.

They, the New Liskearders, got one run off the deliveries of "Smith" in the first innings, and when he came in to the bench, he said, "That's the last one. Can you hold me, kid?" "You put them over and never mind me!" replied Woody. "I'll hang on to them somehow." And hang on to them he did, although Hearne really smoked them over the plate for the remainder of the game. Woody's hands started to swell from the pounding of the blinding speed but he stuck to his task with hands that soon began to take on the appearance and consistency of raw steak. And when the game was over, Cobalt, incidentally winning by a score of 7-1, he was just about the most cheerful man on the team.

And, also incidentally, much coin of the realm changed hands on that game. They, the New Liskearders, got one run off the deliveries of "Smith" in the first innings, and when he came in to the bench, he said, "That's the last one. Can you hold me, kid?" "You put them over and never mind me!" replied Woody. "I'll hang on to them somehow." And hang on to them he did, although Hearne really smoked them over the plate for the remainder of the game. Woody's hands started to swell from the pounding of the blinding speed but he stuck to his task with hands that soon began to take on the appearance and consistency of raw steak. And when the game was over, Cobalt, incidentally winning by a score of 7-1, he was just about the most cheerful man on the team.

That was "some team" that were the Cobalt colours that year. Catcher, of course Woods, Pitcher, "Fuzzy" Furr-sedon and Bobby Auld, the next year to leave them over for Columbus in the American Association. First base Della McGowan. Second "Dope" Atchison, later in the Canadian League. Short was held down by the one and only Bert Flynn, the little man with the big hat. Third was looked after by Joe Lynd, while the outfield consisted of Jack Oswald, Jack Bridge and one Murphy. And the New Liskeard team was not far behind, for on their roster were several players who had cavorted around various parts of the diamond in the South Michigan league which had folded the previous winter.

But anyway, congratulations from this neck of the woods are in order to the new commissioner, with the closing remark that this is one appointment that meets with unqualified approval, from here, at least.

Made First Ice Landing at the Haileybury Airport

In its issue of Thursday last The Haileyburian had the following paragraph of general interest:—"The McIntyre plane, operated regularly in this district by Pilot Phil Edwards, made its first ice landing of the season yesterday afternoon here. The machine remained only a few minutes before

Meet Sudbury Tonight in Second Game on Eastern Tour in Canada and U.S.

Left on Friday for First Leg of Projected Tour Through United States and Canada. Lost 8 to 2 to Lake Shore in Kirkland Lake on Saturday Night. Go Direct from Sudbury for Game in Baltimore.

The McIntyre Miners left here on Friday on the first leg of their projected tour through the southern section of Ontario and Eastern United States. The Miners met the Lake Shore Blue Devils on Saturday night in the first game of the series. They lost to the fast flying Shoremen, eight to two.

Tonight the Miners meet the Sudbury Miners in that town, and then cross over into the United States. There they will play their first game in the Eastern Amateur League in the United States, with the Baltimore Orioles. From Baltimore the Macmen will leave to play in Washington. There they will meet an Eastern Amateur team.

Next playing date is in Atlantic City on Jan. 17, when Bob Crosby's crew will meet their old opponents, the Atlantic City Sea Gulls. From Atlantic City they will play in New York, against the Rovers, also members of the Eastern Amateur League. Next and final game will be in Riverdale, a suburb of New York across the Hudson River.

The second half of the schedule, which, like the first, is composed of six games, begins on February 9. The schedule is as follows.

First Round Jan. 12—Kirkland at Noranda; Jan. 19—Noranda at Kirkland; Jan. 20—Noranda at Timmins; Jan. 26—Timmins at Kirkland; Jan. 27—Timmins at Noranda; Feb. 2—Kirkland at Timmins.

Second Round Feb. 9—Kirkland at Noranda; Feb. 16—Noranda at Kirkland; Feb. 17—Noranda at Timmins; Feb. 23—Timmins at Kirkland; Feb. 24—Timmins at Noranda; March 1—Kirkland at Timmins.

Meeting Called of Junior Members of the Ski Club

The Junior Committee of the Porcupine Ski Club (N. Basciano and E. S. Lacy) have issued the following announcement:—"All Junior members of the Porcupine Ski Club are requested to attend a meeting at the Ski Club Chalet, Saturday afternoon, January 13 at 3 p.m.

"The Junior Committee have secured a number of the better skiers in our club who are willing to devote their time to the instruction of Juniors on Saturday afternoons.

"In order that we may start this scheme a meeting of the Juniors is needed that we may divide our Juniors into sections. The sections will be divided up into Jumping, Downhill and Cross Country groups; each of which will be under the supervision of an instructor. A member may belong to one of these groups to which he is expected to attend regularly.

"As this is the first time that the Juniors of the Porcupine Ski Club have been taken into consideration, we should like to ask the co-operation of all Juniors to develop the best Junior Competitors in the country."

Toronto Telegram:—Poland is the world's unfinished business until there is again a Poland. taking off again. It was on the night of December 26th that the lake finally froze over, although the airport had a covering of ice for some days previous to that date. The entire lake surface appears to be quite safe for travelling now."
