

# Pamour Win Deadlocks The Title Series

## Dynamiters Show Reversal Of Form Last Night on Hard Ice at the McIntyre Arena

Score Tied at End of Full Time. Pamour Scores Two of Three Overtime Goals to Win Game and Another Chance for Mines League Title. Hanaberry Gets Two of Three Pamour Goals. Game Fast, Hard-Fought and Exciting.

About the best way to decide the winner of the Mines League final hockey series under way at the present time is to toss a coin in the air and call it—Dome or Pamour. In the first game of the series, on soft ice, the Dome whipped the Dynamiters twelve goals to one. Last night on the hard ice of the McIntyre Arena, in the second game of the series, the Dynamiters scored two of the three overtime counters to break a full-time tie, win the game three to two and defer the final decision until a third match.

Where and when that final game will be played was not decided last night which team would win it?—not even the most rabid supporter of either squad was willing to hazard a guess. General consensus of opinion among the rooters was: "Anything can happen now but come what may it'll be there when the third game is played."

Dome scored in the first period and the Dynamiters rifled home a second period goal to tie the score. In the third period both teams let every reef go and played wide-open, slap-bang hockey. At the end of the twenty minutes the score still remained 1-1.

Almost five minutes of overtime elapsed and the Dynamiters rapped home two goals inside of a minute. The powerful yellow and white sweated crowd from South Porcupine went to work with grim determination to get them back but in the final five minutes were able to score only once.

Wilson, Horbel, and Hanaberry shone on the evening's play. The flashing dynamiter line got all three goals for its team—the two in overtime on beautiful, well-timed combination efforts which drew cheers even out of the reluctant throats of the South End fans. The game opened with both teams

in top form, the Porkies out to take the title in two games and the Dynamiters determined to deadlock the series. Play in the first eight minutes scintillated as both squads put forth their best.

Finally, at the eight minute mark, Frank Huggins drove the puck out of a scramble in front of the Pamour net. It dribbled by Bentley.

Later during the period Al Huggins was tripped when he was in a scoring position. A penalty shot was awarded and taken by Bill Maki who missed the net on the try.

McKay was sent off for bodying with too much vigour in the second, and soon after he returned to the ice, Al Huggins was thumbed for tripping. It was while Huggins was fretting in the penalty box that the Pamour squad got the tying goal. Hanaberry took a pass from Marshall when he was speeding by the front of the Dome net. He pulled Brownlee and slipped the disc in behind him.

Two Dome penalties were awarded in the final canto but the best Pamour efforts were not good enough to beat Brownlee in the visiting team's nets.

At close to the halfway mark in overtime Wilson, Horbel and Hanaberry broke fast and burned their way up the ice. They never broke formation but Hanaberry relayed to Horbel, who, in turn, passed to Wilson at the exact moment when the feet forward was in position to bang the bootheel past Brownlee.

Barely a minute later Hanaberry and Horbel combined on the second Pamour overtime goal. Hanaberry got the score.

The two-goal lead would have taken the wind out of most team's sails but it did not deflate those of the Dome. They renewed their offensive pressure and three minutes later Woon took a pass from Cattarello to tally the final goal of a fast, exciting game.

The teams: Dome—Goal, Bentley; defence, Mansfield, Marshall; centre, Horbel; wings, Wilson, Hanaberry; alternates, Lafoley, Harmon, Fummerton, Ross, Laroche, Zenuk, Dudgeon. Officials: "Army" Armstrong, Kirkland Lake, and Jerry Legrave, Timmins.

## Says Local Skiers Would Hold Own In Southern Meets

Nick Basciano and Ernest Lacey Attend Invitation Meet at Huntsville Last Week-end.

Porcupine skiers would not by any means disgrace themselves in southern meets if that held at Huntsville last week-end is any criterion, according to Nick Basciano and Ernest Lacey, two members of the Porcupine Ski Club who attended the invitation meet at Huntsville last week-end.

The quality of ski technique shown at that meet, said the two local enthusiasts, was not by any means beyond the capabilities of many Porcupine skiers. Fairly mild weather and resulting soft snow did not improve the meet but despite that fact Skaavas one of Canada's top ranking jumpers, managed to break the record for the Huntsville jump with a leap of 141 feet.

Two photographs taken last night during the second of the final series between Pamour Dynamiters and Dome Porkies for the Mines League championship, give some idea of the action-packed play which kept the fans in a continued uproar throughout the match.

The top photo was taken during a scramble in front of the Pamour net in the first period. Bentley, Pamour net-minder, is shown sprawling on ice. Immediately in front of him is Horne. In the group to the right of the picture are Marshall, Hume and Horbel.

The second photo was taken at the moment in the second period when the Dynamiters scored their first goal and deadlocked the count. In the foreground Brownlee is coming out of his net to save—too late. Hanaberry, who scored, is shown in the lower right hand corner of the picture. In the background group, from left to right, are Horbel, Wilson and McKay.

**Probe British War Contracts**  
Scotland Yard is said to have made a thorough investigation of the whole contracting system for war purchases in Britain. An unnamed colonel is said to be called before a secret court to answer a charge that he recommended a discharged convict to the Supply Office as a contractor's agent.

## Devils Take N. O. H. A. Berth In Play-Downs-Monday Night

Defeat Sudbury Miners in Third Straight Game to Win Right to Meet Porcupine Winner for Northern Championship. Shore Defence in Last Two Periods Wide Open Game Wins Hard-Fought Victory. Bill Durnan Good in Nets.

Sudbury, March 6.—Shaking loose twice in the first period Lake Shore Blue Devils won the Northern Ontario Hockey Association semi-finals on Monday night taking the third straight game of the series from Sudbury Miners 4-3.

Although outscored and outplayed by a stubborn Miner attack in their last two periods the Shores were able to keep ahead.

Their victory assured the Kirkland Lake team of an all Gold Belt N.O.H.A. final.

Every possible trick and combination the Miners could show didn't quite equal the stubborn defence the Blue Devils put in the last two sessions of a wide open game that provided a jammed house with plenty to cheer for.

For minutes at a time, the Blue Devils were hemmed in their own end, but what shots Bill Durnan had to stop, the poker-faced net minder handled with the coolness that has always marked his game.

Lex Cook and Mel Snowden seldom left their cage-keeper unprotected. The Sudbury defence had no chance to show outside of the first period, because the Miners kept up a five-man attack.

Lake Shore's goals were well divided among the three lines, but "Rosy" Rozzini was the big gun for the Nickel Belts. He capped one of his greatest games with two goals.

**Graboski's Lone Effort**  
Stu Smith counted the first goal for the winner, but it wasn't the break of the game. The Miners had ample opportunity to get it back, but the one they let Jo-Jo Graboski loose for two minutes later was the deciding mark in the series, for they had to open up to get the double tally back.

Graboski's goal was a lone effort. He streaked down left wing to send a beautiful shot into the top corner of the net, without a Miner laying a stick on him.

From there on the play was all the Nickel Belt's. With Durnan on his game, they had no luck on the few opportunities that did come up. Rozzini's first goal was their only break. He stepped out of the player's box to replace Reg. Shields, who had been serving penalty, picked up a pass that George Hastie sent out from behind the net to surprise Durnan.

The rest of the scoring was done while men were in the penalty box in the third period. Johnny McCreedy put Lake Shore two goals ahead again five minutes after play had started in the last session by banging the puck under Sargeant as the goalie tried to smother it.

Newbold was sitting out a boarding penalty at the time.

Rozzini put the Miners back in the

hunt again when he was on the end of a three-way pass from Dewey and Brady as the Sudbury team threw five forwards into the fray in an effort to take advantage of MacPhail's penalty. Bellingor got that one back, and scored the goal that won the game, when he broke away from the attack the Miners set up even though Nicholson was serving time for tripping.

It remained then for Heximer to drive in a long shot a fraction of a second before the final bell went, with Graboski and Rozzini both in the penalty box for various infractions of the rules. The bell went before the referee's whistle blew on the goal, but the regular face-off took place to make it count.

Sixteen penalties, evenly divided, were far from showing the tame nature of the game, but many of the big ones that were handed out made the officials look foolish. Jim Gress, of Sault Ste. Marie, set the tone of the game by rulling off men for offences which under ordinary circumstances would not have called for a penalty at all.
