His comments came after a conference with Defense Advisory Commission member Knudsen. The number of planes or engines the company might actually be asked to make was not indicated and production figures like those mentioned as ultimate possibilities were not believed ready now. ## Tellino Faces Two Charges as Result of Street Fracas

Charge of Assault Occasioning Bodily Harm and One of Disorderly Conduct.

Hector Curcini, alias "Tops" Tellino, well known local boxer, faces two charges in police court on Tuesday next. Both arose out of a street fight which occurred on Third avenue on Tuesday evening.

Tellino is charged by police with disorderly conduct. Magistrate Atkinson remanded that charge at a hearing yesterday. Later during the day Tellino was charged with assault occasioning actual bodily harm. The charge was laid by Martin Ivansek. Bail was set at \$100 cash for Tellino but up until this morning he had not been able to raise that amount and was still in jail here.

On June 25 Tellino is scheduled to fight Jimmy Webster, South African, in the McIntyre Arena. Whether or not he will be able to keep that boxing engagement depends, no doubt, on the disposition of the charges against him, when they are heard in police court on Tuesday.

Two other men are charged with disorderly conduct as the result of the street fight in which Tellino was involved. They are James Mills and Hector Mariscott.

Later on Tuesday evening there was a minor disturbance in the Empire Hotel. As a result of that Edward Hitt was charged with disorderly conduct. At a hearing before Magistrate Atkinson yesterday he was given the alternative of a fine of \$10 and costs or fifteen days in jail. He chose the jail term.

## Outbreaks in Hotel and On Street Unimportant

Chief of Police Warns That Anyone Starting Trouble in Beverage Rooms Will Have Liquor and Beer Privileges Cut Off. Street Brawl on Third Avenue Stopped and Near-Riot in Empire Hotel Checked in Bud.

## Gets Air Secretary Post

The possibility of trouble in local hotels or other Italian-owned places of business, caused through ill-advised patriotic enthusiasm, is a factor which has received the serious consideration of not only the Timmins Police Department but also the Timmins Auxiliary Police Force.

First outbreak occurred on Third Avenue on Tuesday night when hot words developed into a street brawl. After a factious encounter two men were led away by police. A third man, "Tops" Tellino, local boxer, was later picked up. He faces a charge of disorderly conduct, arising out of the same altercation.

Later during the evening police were called to the beverage room of the Empire Hotel. They responded to the call in a hurry inasmuch as they had been prepared for trouble from that source. Fortunately, they arrived in time and the would-be belligerents were hustled off to their homes. Some of them may be charged.

Chief of Police Leo H. Gagnon issued a statement to-day to the effect that disorder in beverage rooms will not be tolerated. He stated that if anyone makes trouble steps will immediately be taken to put him on the "black list" or, in other words, to cut off his beer and liquor privileges.

So far the few disturbances which have occurred have been of a trivial nature. Measures have been taken to make certain that trouble of a more serious nature does not break out.

## Arrest Local Italians Following Declaration Of War Against Allies

Number Placed Under Arrest by R. C. M. P. in Timmins, South Porcupine and Cochrane and Taken to Toronto. No Instructions Regarding Registration of Italians Have Been Received by Police. 200 Other Registrations

An hour after the declaration of war against Great Britain and France by Italy, on Monday, a number of Italian residents of Timmins and South Porcupine were placed under arrest by members of the Royal Canadian Mounted Police, assisted by officers of the Timmins force. Later in the day raids and searches were made in other homes in the district.

Corporal Kirk, of the Royal Canadian Mounted Police, said today that the information he is able to release regarding the arrests was very limited. He said that the men had been taken from Timmins to Toronto where they are in custody of the R.C.M.P.

"We have had no instructions as yet regarding the general registration of Italians naturalized or un-naturalized," Corporal Kirk said. "No doubt a statement of intended action will be made public in the near future."

A great deal of interest was excited locally by the arrests inasmuch as the names of several of those arrested soon became public knowledge.

Regulations of the Press Censors for Canada limit considerably the information which newspapers may use regarding arrests of Italians.

Asked about the general registration of enemy aliens, Corporal Kirk said that he has about 200 to date. Most of these, he stated are the registrations of German enemy aliens. Enemy aliens are required to report to the Royal Canadian Mounted Police once a month.

Police have received several enquiries about the obtaining of passports for entry to the United States. To date, said Corporal Kirk he has received no instructions regarding the recent legislation which made such passports necessary for entry to the United States. He pointed out that the legislation does not go into force until July 1.
