

# Toburn Defeats Macmen in Ennis Cup Contest

## Macmen Held to Pair of Hits In Thrilling Kirkland Game

George McShane Dogged by Bad Luck in Kirkland Contest on Saturday Afternoon. Toburn Scores Only Run of Game on Single and Two Sacrifice Hits in the Seventh LaRose is Winning Pitcher.

Kirkland Lake, July 22—Raymond Larose, little used Toburn hurler, just missed baseball's hall of fame by two hits on Saturday afternoon, as the small right-hander limited the powerful McIntyre to two singles, to shut-out the Schumacher squad, 1-0, in an Ennis Cup thriller.

Webber's single in the third and George Richardson's similar hit in the sixth were the only safeties served up by Larose along the route. On the McIntyre mound, veteran George McShane pitched the kind of ball that would win any ball game but he had the ill luck to meet Larose on his "in" day.

One single and two sacrifice hits accounted for the only run in the game, which came up in the lucky seventh inning. Karahan, first up, singled through first. Hewas sacrificed to second by B. Hillman and went to third on Doherty's single through second. Morrow dropped a sacrifice fly to right field to score the runner.

Score by innings:  
McIntyre 000 000 000-0 2 0  
Toburn 000 000 10x-1 5 0  
Batteries: McShane and Cooke; Larose and Campbell.

## No. 1 Group Rover Scouts Sponsors Dance on Aug. 2nd

The No. 1 Timmings Group Rover Scouts, will entertain on Friday, August 2nd, at a dance to be held in the Hollinger hall, part of the proceeds to be donated to the Red Cross Society.

Very enjoyable plans have been made for the evening, including prize dances; and refreshments will be served. Music for the event will be supplied by the Henry Kelneck orchestra, and the Rover Scouts extend an invitation to all who enjoy a good time to attend the dance, Friday, August 2nd.

## Scouts and Rover Scouts Camping at Davis Lake Camp

About Twenty in the Group Enjoying the Holiday.

South Porcupine, July 20th—(Special to The Advance)—Twenty scouts and Rover scouts, in charge of Leaders Bill Hall, Lewis and Harry Pyke left on the early train on Saturday for two weeks' camping at Davis Lake, south of Matheson. No camp cook accompanied the boys, and all their outfits, tents, blankets, cooking utensils and scouting gear went down by truck over the road. These boys are out for a good time "roughing" it in true scouting fashion—learning scoutcraft in the raw, as well as self-reliance and independence, by the clean disciplinary rules of living taught by the scouting fraternity.

We hope the weather stays warm and fine for them.  
Among those leaving were: Irving Brown, Douglas Farren, Donald Briden, George Costain, James Doyne, Owen Humphreys, Jimmy Jamieson, William Garlock, Doug Letierman, Oliver LaFargy, Victor Larsen, Kenneth McCaw, Bob McIntosh, Clifford and Stephen Pyke, George Piccin and Ronald Walker.

## Miss K. Young Winner of Knox Cup in Ladies' Golf Play

Many from Here Attend Iroquois Falls Ladies' Golf Field Day.

Miss Katherine Young was the winner of the Knox Cup in the Ladies' Golf, and Mrs. Osborne won the nine-hole spoon competition which was conducted at the same time.

On Friday, a large number of the local members attended the Visitors' Field Day at Iroquois Falls, and brought home many of the prizes for the day. The low gross for Iroquois Falls members was won by Mrs. Morrissette, and although there were no prizes for the low gross among the visitors, the winners were Mrs. Porter and Mrs. Weir.

Mrs. H. Darling, of Timmings, won the low net, and a three-cornered tie was the result of the putting competition, with Mrs. Porter, Mrs. Pierce and Mrs. Weir taking the honours.

As many of the local members stayed in Timmings on Friday, a putting competition was conducted at the local club, Mrs. McClintock winning the 18-hole, and Mrs. Bride being the winner of the 9-hole.

The final for the club championship will be played on Friday at the local club, and it is expected that a large number of members will turn out for the day.

## Teck Rod and Gun Club to Hold Weekly Trap Shooting

Kirkland Lake, July 20—The Teck Rod and Gun Club has constructed a trap shooting range at the Harvey Kirkland Townsite, about a mile south of town, and members plan to conduct regular shoots there every Wednesday afternoon. One such event was scheduled for last mid-week half holiday.

The range is open to members of the Rod and Gun Club and any who wish to practice up and in the art of clay pigeon shooting. Those going to the range are asked to take their own firearms, but guns will be provided when necessary. Ammunition and clay birds can be purchased there for a nominal fee.

If there is the demand the range will be kept open every afternoon for the accommodation of the men coming off day shift. All riflemen are invited to visit the range, which is situated near the site of the Kirkland Lake Ski Club's chalet.

### Should Settle It

Bill the sailor had broken with his girl. After ignoring several letters, requesting the return of her photograph, he received one threatening to complain to the captain.

Deciding to silence her for the time, he borrowed all the pictures of girls available on the ship, sending them to her in a large bundle with the following note: "Pick yours out. I've forgotten what you look like."—Exchange.

## Hollinger Takes Macmen for Ride in Ennis Cup Contest

Smash Three McIntyre Pitchers for Eighteen Hits. Macmen Start off Well But Are Unable to Maintain Pace Against Deadly Hollinger Hitting. Moon Folds on Mound for McIntyre. Churchill and Cowie Are Used.

It has begun to be the custom in recent games for every man on the Hollinger line-up to hit at least once. There was no deviation from the custom on Friday afternoon when the Hollinger crew smashed out eighteen hits against the McIntyre to win an Ennis Cup contest, 10 to 6.

The Macmen used three hurlers against the smashing Hollinger batters but not one of them was able to stem the avalanche. Winning pitcher was veteran Nels Avery. He was given good support by his team-mates.

"Lefty" Moon started off for the Macmen and was pulled after two-thirds of an inning. The Holly crew hit his slow lobs four times. It was the second time that Moon took the mound and showed no apparent interest in the game or in the fortunes of his team. Moon showed something earlier in the season but for the last two games he might as well have not been a member of the McIntyre club.

Bob Churchill went in and lasted less than two innings. In that time the Hollinger crew smashed his offerings for four hits. Cowie hurled the remainder of the game and the Bartentites got ten hits off him.

Singles by Rodney, Savoie and Romualdi loaded the bases in the first. Lawton scored Rodney with a sacrifice fly and Chase walked to again load the sacks. Cookson singled to score Savoie. Moon was pulled and sent to the showers. Churchill forced the third out.

In their half of the first the Macmen deadlocked the score. Richardson, hit by a pitched ball, took a base, and Dunn made first on a shortstop's error. Bougie singled to score Richardson and Lawton, in the outfield, missed one to count Dunn. Webber's single scored Bougie to give the Macs a margin of one.

Two hits, one a double by Oltean, did not gain the Hollinger a run in the second but the Macmen added another trio to their count. Consistent hitter Churchill opened with a single. Laplante took the next Avery offering and made first. Savoie threw wide to second in an attempt to catch Churchill. Chase's error on third allowed Richardson to take first and Eddie Dunn's triple cleared the bases. Dunn was left stranded on the hot corner.

In the third Louie Romualdi smashed a terrific homer to start off the scoring. Chase walked and Cookson doubled. Both scored on Rudel's double. At that point Churchill was called in and Cowie took the mound. Rudel took third on the throw and scored on a close play at home.

With the score tied in the third Savoie opened with a double. He scored on an outfield fly and Lawton's single. The remainder of the game was all Hollinger. In the ninth Cookson distinguished himself when he made a barehanded catch when Bougie hit a long one to outfield.

Four wins and no losses placed the Hollinger well in the lead in the Ennis Cup schedule. In the same series the Macs won one and lost three.

## SIFTING THE NEWS

By Hugh Murphy

One of the most punishing jobs in the army is said to be that of a member of a tank crew. Driven by an expert, a ten ton tank can take a grade of 45 degrees, cross trenches and ford streams. But it is perilously easy to turn over, and even on the highway, with the commander standing in the open turret, the one-way jolting is not easy to take. Worst shocks come when the tank upends or buries its nose in an embankment.

With the turret buttoned up for combat, the inside of the tank becomes something approaching an inferno. Signals must be given to the driver by commander as one member of the crew could not make himself heard to the next. Furthermore, it is hot inside the metal monster.

Tanks were first used by the British in the last war. They were sprung on the Germans as a surprise on September 15, 1916, and did yeoman service as the chief element of many surprise attacks until the end of the war.

At the rear of the tank is a motor which in a ten ton job, develops more than 220 horsepower. At full throttle this airplane-type motor fills the tank with a deafening roar. Steering is done by two levers at the driver's seat. Each lever controls one tread, and on occasion, the driver can throw the tank into a 360 degree spin.

Tank crews must be specially trained to fix their machines at short notice, to overhaul them periodically. They must, in addition, be expert machine gunners and possessors of a thousand and one other techniques necessary in the operation of their armoured cavalry steeds.

The election in the United States should be of more interest this time than for the last time. Roosevelt, for the first time, finds himself faced with an opponent who is nearly as radical as he in a different way—and with nearly as much colour and news value as himself. Both men, too, were chosen by popu-

## Many Make Bids for Services of Lake Shore Men

Hamilton, July 20—With the announcement that Lake Shore Blue Devils of Kirkland Lake will not be entered in any organized hockey next winter, came the word that the Dofascos, Hamilton's senior entry in the O.A.H. A last season, are seeking the services of several of these stars.

Manager George Weifenbach, manager of the Dofascos club, has been in touch with Lex Cook, coach of the Blue Devils. Cook was in Hamilton recently and plans to return here in September to resume talks with Weifenbach.

Weifenbach has stated that he has been in touch with such well-known Blue Devils as Johnny McCreedy and Dick Kewdinak, Winnipeg products; Blink Bellinger of Hamilton, and Doug Boston, former Toronto player. If these boys do not come to Hamilton it is popular rumor that they may go East to the Maritimes to bolster the Sydney Millionaires, Eastern Canada semi-finalists against the Blue Devils last spring.

There is also word here in Kirkland Lake that Ottawa Senators are trying to lure a goalie, two defencemen and three forwards. This has been confirmed by one of the players but he would not state who had received the offers. It is also reported that negotiations between the Montreal Royals and one or two players have been dropped by the Quebec club. The war has been given as the reason for this change in plans.

The majority of the players are willing to stay in Kirkland Lake as a team, should satisfactory arrangements be made. This angle is being discussed by the Blue Devil Boosters' Club.

## Presentations Made to Scoutmaster at South Porcupine

Walter Lemmon Retiring from Active Scout Work.

South Porcupine, July 20th—(Special to The Advance)—Mr. Walter Lemmon, who has been doing Scout work with the troop in South Porcupine for the past ten years, and has been a Scout and Rover Scout for twenty-five years, is severing his active work with the Scouts although he will now join the Scout Committee and keep in touch with Scout activities, and with the boys.

On Thursday, at the last regular Scout meeting he was presented by the Scouts and Rovers with a gold Rover Signet ring. The presentation was made by Rover Scout G. Kaufman and was received by Scoutmaster Lemmon with sincere appreciation; he evidently was quite touched by the esteem expressed and the sincerity with which the gift was offered.

The presentation took place after he had examined several of the scouts for their patrol leaders' badges and had presented certificates and badges to those entitled to them for scoutcraft proficiency.

Another surprise for him was a gift from the Committee of the First South Porcupine Scout Troop—a silver water carafe—presented in the absence of President R. E. Dye, by Mr. W. G. Skinner. Mr. Lemmon responded to the presentation with evident pleasure and expressed his thanks in appropriate fashion.

## Young Davidson Mines Makes Record for June

Young Davidson Mines ended the best quarterly period in its history with the best month ever experienced by the company, according to figures released by Weldon C. Young, president and mine director. Most of the ore came from underground and recovery for June was \$4.73 per ton.

An operating profit of \$143,999 was derived in the three months ended June 30, of which \$59,283 was the result of operations in June. This compared with an operating profit of \$128,334 in the first quarter of this year and \$79,705 in second quarter of 1939. For the first six months of the year, operating profit was \$210,446, against \$209,040 in the first half of 1939.

Production in the second quarter of this year amounted to \$413,899 from the milling of 93,711 tons of ore for an average of \$4.42 per ton, compared with \$360,098 from 93,939 tons and an average of \$3.83 in the first quarter of the year. Output for the half year stands at \$756,950 from 186,478 tons for an average of \$4.11, against \$682,851 from 187,199 tons and an average of \$3.64 in the same period of 1939.

Gross production since commencement of milling operations in September, 1934, amounts to \$6,320,434.
