

**Fined \$50 for Alleged Subversive Argument**

Rouyn, July 27—Mike Saitich, former shift boss in the smelter at Noranda Mine, was fined \$50 when he was found guilty of breaking the Defense of Canada regulations by talking in a manner likely to cause disaffection to His Majesty by Magistrate Armand Bolly on Monday. The province will bear the cost of the case.

The charge against Saitich was heard on Wednesday, July 19th, lasting through morning and afternoon sessions, with eight witnesses being heard against the accused, while he in turn testified in his own defence, claiming that he had not made any statements against Canada or in favor of Hitler since the war started last September. Magistrate Bolly had adjourned the case until Monday of this week before rendering his decision.

Saitich had been discharged from the mine some days before his arrest because of his alleged talking in favor of Hitler and against the Empire. He was defended by M. J. Garmaise, while the prosecution was conducted by Marcel Letourneau, representing the crown. This is the third local conviction under the Defence of Canada regulations, a similar fine being imposed in each case.

**Drop Change Into the Bottles Around Town**

Mention was made last week in The Advance of the plan of the Kinsmen's Club of Timmins to collect money to send cigarettes to the soldiers overseas — more particularly to those soldiers from the Porcupine area who have no near relatives or friends in position to help them in this way. Canadian soldiers overseas want Canadian cigarettes. They find difficulty in securing them, even when they are able to pay for them. The Kinsmen Club's idea is to provide them with the "fags" even when they haven't the money to buy them. The Kinsmen Club has made arrangements to purchase cigarettes overseas at the price the "fags" cost here. The financing of the plan is being done by collection made in milk bottles, placed in stores, cafes, etc. People are asked to drop their every cent put in the milk bottles will go to the purchase of the cigarettes for soldiers overseas. When the plan gets going at full swing it will be found that a large number of soldiers from the Porcupine district will benefit. Drop your change into the milk bottles and help along a plan that should win the approval and support of all.

Toronto Telegram:—With railroads now selling passenger travel on the instalment plan, most any city dweller can visit a country cousin for the summer.

**Many Startling Prophecies Made by Old Mother Shipton**

**She Appeared to Have Special Fore-knowledge of France.**

Very few of the present generation but have heard from their parents or grandparents of Mother Shipton's prophecies. These prognostications were made many years ago, and as the reader will observe, many of them have come to pass, including the telephone, the automobile and the submarine.

Mother Shipton was born near Knaresborough, Yorkshire, July, 1488. She died about 1559. She was a half-mythical English prophetess, baptized Ursula Southill. She married Tony Shipton, a builder. According to tradition, however, she was a child of Agatha Shipton and the devil.

A house in glass shall come to pass in merry England, but alas, War will follow with the work in the land of the Turk.

And state and state in fierce strife Struggle for each other's life. Carriages without horses shall go. And accidents fill the world with woe.

In London, Primrose Hill shall be And the centre of a Bishop's see. Around the world thought shall fly In the twinkling of an eye.

Through the hills men shall ride And neither horse nor ass bestride. Under water men shall walk. Shall ride, shall sleep, shall talk.

Iron in the water shall float. As easily as a wooden boat. Gold shall be found and shown In a land that's now unknown.

Fire and water shall wonders do And England shall admit a Jew. Three times three shall lovely France Be led to a bloody dance.

Before her people shall be free; Three tyrant rulers shall see. Each springing from a different dynasty And when the last free fight is won, England and France shall be as one.

And now a word in uncouth rhyme Of what shall be in latter time In those wonderful far-off days Women shall get a strange, odd craze To dress like men, and breeches wear.

And out of their beautiful locks of hair, And ride astride with brazen brow As witches do on broomsticks now. Then love shall die, and marriage cease.

And babies and sucklings so decrease That wives shall fondle cats and dogs And men live much the same as hogs. In eighteen hundred and ninety-six Build your houses of rotten sticks.

For then shall mighty wars be planned And fire and sword sweep over the land And those who live the century through In fear and trembling this will do; Fly to the mountains and to the glens To bogs and forests and wild dens.

For tempests will rage and oceans will And Gabriel stand on sea and shore; And as he toots his wondrous horn, Old world shall die and new be born.

Now strange, but yet they shall be true, The world upside down shall be And gold shall be found at the roots of a tree.

Through hills men shall ride Nor horse nor ass be at his side.

**Five Births Registered During the Past Week-end**

Born—on June 17th, 1940, to Mr. and Mrs. Charles Wilson (nee Loretta Fitzpatrick) of 127 Sixth avenue, at St. Mary's hospital—a son.

Born—on May 22nd, 1940, to Mr. and Mrs. Lorenzo Bouchard, of 24 Commercial avenue—a son.

Born—on July 22nd, 1940, to Mr. and Mrs. Napoleon Paul Bazinet of 32 Montgomery avenue—a daughter.

Born—on July 11th, 1940, to Mr. and Mrs. Albert Bellavanie of 8 Polaris Road—a son.

**Rouyn Boy Catches Fish Almost as Big as Himself**

"Many fishermen dream of catching a fish as big as themselves, but for young Wilmer Charbonneau the dream almost came true," says The Rouyn-Noranda Press. The Rouyn newspaper tells the story as follows:—

Little Wilmer Charbonneau, eight-year-old son of J. H. Charbonneau, of Rouyn, got a real thrill on Tuesday in the course of fishing at Lake Bois-chastel near the family's summer cottage. With his elder brother, Gerald, he was trolling leisurely with his rod and reel when all of a sudden he got a strike that almost pulled him out of the boat. A real fisherman, he made every effort to land whatever was on the end of the line himself, but finally, with great reluctance, was obliged to hand the rod over to Gerald. It took the older boy fifteen minutes to land the big fish, a maskalonge measuring forty inches in length and tipping the scales at fifteen pounds. Then they returned proudly to the cottage with the big "muskie."

**Choose "Chip" Ball Treasurer of Lions for Rest of the Year**

**Will Serve the Unexpired Term of John Holtze, Who Was Called to Ottawa.**

Mr. F. H. "Chip" Ball was elected Treasurer of the Lions Club at the regular meeting held on Thursday night. Mr. Ball will serve the unexpired term of John Holtze, who recently was called to Ottawa by the Department of National Defence to serve as a shoe inspector.

The appointment necessitated other changes. Mr. Wendell Brewer was appointed to the chairmanship of the Finance Committee and Mr. Ted Byck appointed member of the same committee.

At a board meeting following the club meeting it was decided that all members of the Timmins Lions Club serving in the C.A.S.F. would be credited with full attendance. All payment of dues would be waived in their cases.

Co-operation in the saving of tin-foil from cigarette and tobacco packages was asked by Mr. Wendell Brewer. Mr. Ray Eddy spoke briefly telling the members of visits he had made to other Lions clubs. With him he brought back some very worthwhile suggestions for the local club. He was thanked by Mr. George Francis.

Correspondence which included a letter from the Department of National Defence asking the club's co-operation in the matter of registration was read. It was decided to send a delegation to the meeting to be held in the town hall.

Guests were Messrs. Michael Werwick, North Bay Lions Club, "Bing" Bingham, Kirkland Lake Lions Club, and David Quarrel, Sudbury Lions Club. In the chair was President Alex Allen.

**Wife Unable to Aid Husband Who Dies in Sesekinika Lake**

Kirkland Lake, July 27—The first drowning tragedy of the season at Sesekinika Lake occurred on Tuesday afternoon when Rudolph Unis, 34, of 41 Wishman Street in the Federal Township, drowned while trying to swim approximately 400 yards from a small island to the mainland.

Dragging operations, under the direction of Provincial Constable A. MacDougall and T. Trimble of Kirkland Lake, were started immediately and the body was recovered an hour later in the same spot where Unis went down, about 100 yards from shore. Using grappling irons, John Sandos, 24 Wishman Street, and Sam Ivars of Sesekinika made the recovery.

According to the story told the police by Mrs. Unis, her husband, 2½ year old son and herself were fishing off a small island near the North Shore. Unis decided to swim the 400 yards to shore in the direction of the beach known as the Boy Scout Beach. The wind, which was blowing towards shore, drifted his wife and son into shore in their small boat, which was equipped with an outboard motor. When Unis was nearing the beach he began to yell for help.

Unable to start the motor, his wife made a last effort to save her husband by plunging into the water and wading out to him. She went out into the lake until the water was up to her chin, but could not get near enough to her husband to assist him.

Mrs. Unis later told the Provincial officers who investigated that she had not known how to operate the outboard motor on the boat and tried wading to her husband as a last means of rescue.

The Police were instantly called and they organized a search party of several boats. Constables MacDougall and Trimble were in several boats, but were not with Sandos and Ivars when they recovered the body. The drowning occurred at about one o'clock Tuesday afternoon, and the body was brought up about an hour later.

Unis was an employee of the Wright-Hargreaves Mine in Kirkland Lake, and was married three years ago. There is only one child, a 2½ year old son, Eric Walter. The victim was of Swedish parentage but was born in Finland. He was not naturalized. Coroner Dr. J. F. Edis of Swastika was called and announced that it was a case of accidental drowning.

The funeral service was conducted at 2.30, Friday afternoon from Trinity United Church. Interment was in Kirkland Lake cemetery.

**AT THE LOCAL THEATRES**

**INDIAN FIGHTERS OF 1759**

A scene from "Northwest Passage," showing Spencer Tracy, Robert Young, Walter Brennan, at Palace theatre, Sunday Midnight, Monday, Tuesday and Wednesday, July 29, 30, 31.

**Special at Palace to be Epic Picture 'Northwest Passage'**

**Spectacular Best Seller Filmed in Technicolor.**

Affording Spencer Tracy and Walter Brennan roles which are believed to be more colourful than those which have twice won them Academy Awards, and elevating Robert Young to the threshold of stardom, "Northwest Passage" will be at the Palace theatre Monday, Tuesday and Wednesday, July 29th, 30th and 31st.

Filmed entirely in Technicolor, the picture is the result of two years' careful planning. To obtain the most picturesque and rugged backgrounds possible to duplicate those in Kenneth Roberts' best-selling historical adventure drama, the studio sent the entire troupe to Idaho for six weeks of location. It added a few early story sequences at the studio.

The story is one of courage, fortitude and almost superhuman physical triumph. Tracy as Major Rogers takes his hardy Rangers, including Young and Brennan, on a secret mission to wipe out a village of marauding In-

dians. Thus starts a thrilling journey during which the men carry their heavy boats over a mountain, struggle for days through swamps, across a river torrent by forming a human chain, stage a harrowing battle with the Indians and then batter their way back home, starving, weakened and in tatters.

As Rogers, Tracy has the most rugged role of his career and as colourful as those which won him awards, in "Captains Courageous" and "Boys Town". Brennan, twice winner of best supporting role awards, has a character role of opportunity, and Young's part as the young artist is by far the best ever given him.

King Vidor Directed King Vidor directed and Hunt Stromberg produced, with a cast of more than 3000 playing Rangers, Indians, British soldiers and other characters taken from Roberts' novel.

The feminine cast is headed by Ruth Hussey, as Young's sweetheart, and Isabel Jewell as a white girl captive of the Indians. Among the many outstanding roles in the story are those played by Pat Pendleton, Louis Hector, Robert Barrat, Lumsden Hare, Donald McBride, Douglas Walton, Addison Richards, Hugh Sothern, Regis Toomey, Montagu Love, Lester Matthews and Truman Bradley.

**Finnish People Pay Red Cross to Buy Ambulance**

Finnish people in Canada have collected \$2,152.80 in the past five weeks to purchase a Canadian Red Cross ambulance, and the cheque was turned over last week to Dr. Fred Routley, director of the Red Cross organization, by V. A. Malmivuori, of the Toronto Vapaa Sana Press, Ltd., Finnish newspaper which led the appeal for funds. A large part of the money said Mr. Malmivuori, was collected in Ontario, \$1,700 is still expected from Sudbury and district. In accepting the cheque Dr. Routley said that in the Russo-Finnish campaign the Canadian Red Cross Society had sent ten ambulances to Finland, and now he was delighted to see the Finns here were contributing to the cause of freedom.

**Citizens' Band and Town Council Again on Friendliest Terms**

**Exchange Resolutions Promising Co-operation and Support.**

The Timmins Citizens' Band and the members of the town council met on Thursday night and ironed out some few difficulties and misunderstandings which had arisen between them. At Friday's meeting of council Councillor Bill Roberts said that a state of harmonious co-operation had been achieved and that there would be no further trouble.

The council passed a resolution promising full co-operation and backing to the Timmins Citizens' Band and the musical organization, in turn, promised to do everything in its power to assist the municipality. Bandsmen said that they would be willing to come out and play at any time when there was a municipal function or whenever asked to by the town fathers.

Tag Day The Catholic Women's League, at a recent national convention, pleaded itself to raise \$25,000 to be turned over to the Dominion government for war work, before September 15. In order to raise its quota the Timmins branch is holding a tag day. It will take place on August 6.

Civic Holiday Monday, August 5, was proclaimed a civic holiday by the council. Formal announcement will be made by the Mayor next week.

A letter of thanks for a grant of \$5,000 was received from the Sisters of Providence. The grant, made to St. Mary's Hospital, would go to aid suffering humanity in this area, it said.

Sense and Nonsense: It seems the only chance a pedestrian has in crossing a busy street is to take up pole vaulting.

**Advises Tourists to Enjoy Vacations in Dominion**

New York, July 26—The New York Times, in an editorial, today praised holiday possibilities in Canada and attacked false rumors spread by German agents.

"In normal times the largest single credit item Canada has on her books consists of money spent by tourists," it said. "Most of this money comes from the United States. Last year it amounted to nearly one-third of the Dominion's total exports, or about two-fifths of her total imports. This year it has shrunk dangerously, because of misleading reports as to what happens to American tourists at the border."

"The truth is that, if the tourist is an American citizen, not carrying arms, he is welcomed in Canada as warmly and informally as he ever was. Canada wants him to come, and, with the exception of a few areas where military secrets are guarded, the whole Dominion, from coast to coast, is at his disposal. He profits by a premium of 10 per cent which his American dollars command in Canada. He needs no passport to get in.

"If he goes to Canada he will find a vast country whose marvels and beauties match those of the United States. He will find a good many picturesque and charming things he can't find at home. If he happens not to like Adolf Hitler, he can feel pleased to know that the dollars he spends in Canada will go back to the United States to buy airplanes and other facilities that may put Hitler out of business."

**Royal Air Force Continues Its Attacks on Germany**

London, July 27 — Royal Air Force attacks on oil depots at Cherbourg, Saint Nazaire and Nantes in German-occupied France and successful bombing of an enemy supply shop off the Norwegian coast were announced by the Air Ministry to-night.

The Ministry's communique said: "Yesterday our bombers made daylight raids on the Dortmund power station and the Dutch airdromes of Schiphol and Waalhaven. All our aircraft returned safely.

"Last night owing to adverse weather conditions bomber operations were confined to attacks on the oil depots at Cherbourg, Saint Nazaire and Nantes. One of our aircraft is missing.

"To-day an aircraft of coastal command successfully bombed an enemy supply ship off the Norwegian coast. The crew was seen to abandon the ship."

Each of the objectives "was systematically bombed for over an hour" and "tons of high explosive and several hundreds of small incendiary bombs were dropped."

At St. Nazaire "repeated hits on the target were followed by explosions and clouds of black smoke."

Attacks were renewed on the railway yards at Hamm, and "direct hits were made on an important electric power station."

Three German planes were reported officially to have been shot down in sporadic raids over the British Isles.

Air officials said to-day's raids were much more scattered and milder than any other day this week.

Elaborating on the communique the Air Ministry said "the chief objectives were five refineries and depots at Nantes and three separate installations at St. Nazaire, with a total storage capacity of 142,000 tons."

**Good Start**

We hear of a man who was so interested in his job he got married at eight in the morning so he'd be sure to be at work at nine o'clock—Campbellton Tribune.

**Committee to Facilitate National Registration**

(Continued from Page One) tion here will be complicated and greatly enlarged by the number and variety of foreign-born in the community. While the act requires that persons unable to speak English shall provide an interpreter, a part of the plan is to arrange for the attendance of as many volunteer interpreters as possible.

The meeting elected a central committee to assist Mr. Spooner in local organization. This committee consists of Mrs. H. L. Traver, Mrs. J. Sullivan, A. Shaw, F. H. V. Ball, W. H. King, J. P. Bartleman, chairman, and B. B. Moyer, secretary.

Immediately following the general meeting there was a meeting of the central committee, and plans for the enrolling of the volunteer staff were made.

The radio station and the local newspapers have volunteered to co-operate with the authorities and the committee, and their services will be used to publicize the details of the plan as they are developed.

All individuals willing to serve as volunteer registrars are asked to turn in their names, addresses, phone numbers, hours available, in writing to Mr. Shaw at the town hall. All organizations who can supply volunteers for this purpose are requested to turn in lists with similar information to Mr. Shaw. All persons able to act as interpreters are asked to report to Mr. W. H. King at the Hollinger office.

It will be seen that general co-operation is assured. Complete success now needs only the co-operation of the public. The public is urged to acquaint themselves with the requirements and to familiarize themselves with the questions which have been published in the papers and which will be published again.

DEEP FEELING "I had my first riding lesson yesterday, aunty." "Well, my dear, sit down and tell me all about it." "I can't." "You mean you can't tell me about the lesson?" "No, I can't sit down."—Exchange.
