

1938 JUNIORS UNABLE TO HOLD HOLLINGER

Revitalized 1938 Juniors Cut to Size By Hollinger

1938 Juniors, Supplemented by Coderre, Barton, Scarlett, and Walter Coleman, Drop Decision to Hollinger in Weekend Fag Fund Game at Hollinger Park. Churchill Smashes Out Home Run.

The 1938 Timmins juniors, supplemented by "Lefty" Coderre on the mound and Vince Barton on the initial sack, were given a shot in the arm and revived for long enough to meet the Hollinger at the week-end in the Hollinger ball park.

Proceeds of the game were destined for the "Fag Fund" and the large number of fans who turned up indicated two things, one that the fans had the interests of the soldiers at heart, and two, that week-end baseball is popular in this town.

The Hollinger club coasted through to an easy win. Against the all-stars they used five different pitchers—warning them up no doubt for the Porcupine world series which begins on Wednesday next.

Best bingle of the day was belted out by young Bob Churchill. He smashed one of Zalba's offerings deep into left field and under the fence.

Rodney took a base in the first inning when Marks allowed one to slip between his hands. A passed ball put Rodney on second and Savoie's hit put him on third. He scored when Marks bobbed another one at second.

In the next inning Rudel hit one that was good for two bases and scored when Vince Barton heaved a high one to third base. Cookson's single scored Lawton in the third inning.

The Hollinger crowd went to town in the fourth. Rodney got on base when Coderre dropped the ball and advanced on Savoie's single. Romualdi took first when Savoie was forced out and Lawton's double brought Rodney and Romualdi in. Chase's single scored Lawton.

McInnis and Churchill singled consecutively for the juniors in the fifth and both rode home when Savoie threw his glove in the air to stop a hard smash by Kosick. The rule awarded Kosick a triple for the action so McInnis and Churchill scored.

With the exception of Churchill's homer that ended the scoring.

The Summary
Earned runs, Lawton, Rudel, McInnis, Churchill 2; first base on balls: off Yasinchuck 1, Avery 2; struck out by: Yasinchuck 1, Avery 3, Zalba 2, Coderre, 1; left on bases: Hollinger 8, All Stars 10; double plays: All Star (Scarlett to Marks), Hollinger (Romualdi to Rudel to Savoie); home runs, Churchill; three base hits, Kosick; two base hits, Rudel, Lawton, Scarlett; sacrifice hits, Coleman, Lawton; stolen bases, Romualdi; wild pitch, Coderre; passed balls, McInnis; umpires, Frawley (P), Karahan (B).

Washington Post: "I'd like to remind you that a politician is a human being," said the politician over the radio last evening. That's just like a politician—always exaggerating.

PROGRAMME

ROLLER SKATING EVERY DAY

Morning — 9.30 a.m.—11.30 a.m.
Afternoon — 2.00 p.m.—4.00 p.m.
Evening — 8.15 p.m.—10.15 p.m.

McINTYRE COMMUNITY BUILDING

All Visitors are Eliminated From Women's Golf Meet

Mrs. M. Eyre and B. Weir, Both of Timmins, Falter in Quarter Finals.

Sudbury, Aug. 10—Mrs. James Pass, of the Idylwyde club, who is defending the championship she won last year, Thursday marched into the semi-finals in the Northern Ontario ladies' golf tournament being played over the Sudbury Golf Club. Accompanying Mrs. Pass into the semi-finals were Mrs. B. Morrison and Mrs. Parkinson, also of the Idylwyde club, and Mrs. K. Kirkpatrick, of the Sudbury club.

All visitors who remained in the championship flight following the morning round faltered in the quarter finals in the afternoon. Miss Jean MacDonald, of North Bay, was first to tumble out of the top flight bracket and was followed by Mrs. M. Eyre and Mrs. B. Weir, both of Timmins.

Mrs. Jackson Out
Previous to the afternoon round two more stars of the highly favoured class, Mrs. Dick Jackson, of North Bay, and Miss Frances Grant, of Sudbury, were eliminated in the morning round. The defeat of this pair was probably the day's only upsets according to the sideline critics who watched a full day of fine competition. Mrs. Jackson was runner-up to the champion last year.

However, it was Mrs. Pass who continued to highlight the tournament. The clever Idylwyde golfer has played the most consistent golf of the tournament. She has not faltered from her championship form at any time during the tournament. This morning the defending champion was to have met Mrs. Morrison, a clubmate who has also played well throughout the tournament and who turned in her best rounds to date when she first eliminated Mrs. Jackson and then upset Miss C. Green in the afternoon round yesterday.

In the other semi-final bracket Mrs. Parkinson was grouped with Mrs. Kirkpatrick. Mrs. Pass received stiff opposition before beating out North Bay's Jean MacDonald in the afternoon round and had to play her best to beat out the North Bay girl 5 and 4.

However, one of the keenest matches of the day saw Jean MacDonald beat Fay Cavanagh, also of North Bay, on the 20th hole. This pair from North Bay were even over the full distance and stayed that way after one extra. Miss MacDonald had the better of the putting, however, on the 20th to survive the morning round only to meet defeat later.

Mrs. Morrison sent Miss Green to the sidelines by a 5 and 3 score while Mrs. Weir bowed to the other finalist, Mrs. Kirkpatrick, 3 and 2.

Haileyburian Wins
Miss A. Chesser, of Haileybury, was the only visitor to survive in the first flight, winning against Mrs. S. Rothschild, of Sudbury, one up on the 19th. Both played remarkably well, with the visiting lady holding fast to her one-hole margin.

Others advancing into the semi-finals in the first flight were Mrs. P. I. Ward, of Sudbury, who defeated Mrs. T. B. Horkins, also of Sudbury, while Miss J. MacLeod, of Idylwyde, won against Mrs. G. M. Miller, Idylwyde, by a 4-3 score. Miss J. Eager, Idylwyde, beat Miss B. McDonald, of Sudbury, for the other semi-final berth.

In the second flight, Mrs. W. Smith beat Miss M. Frawley, one up on the 19th. Both are of the Sudbury club. Mrs. C. S. Tait, of Idylwyde, beat Miss H. Thompson, of Sudbury, 4-3. Miss G. Hiseocks, of Iroquois Falls, won against Mrs. J. Gemmill, of Idylwyde, 7-5.

Suffers Concussion in Fall from a Stepladder

A paragraph in The Haileyburian on Thursday last says:—
"Leo Kosmack, employed by the George Taylor Hardware Limited, in the New Liskeard store of that company is a patient in the Red Cross Hospital there, suffering from the effects of a fall from a stepladder. He was carrying on his usual work when the accident occurred, his head striking the floor with such force that he sustained a concussion of the brain. At last reports he was recovering satisfactorily."

Rumania Ordered to Part With More of Its Territory

New York, Aug. 10—The British Broadcasting Corporation reported today that the Rumanian and Bulgarian governments were believed to have approved an agreement ceding part of the Rumanian province of Dobruja to Bulgaria. The cabinets met last night. The report was heard in New York by the National Broadcasting Company.

Toronto Telegram: Why shouldn't a fat man be jolly? It's a hard matter to trample on his toes when he mixes with the crowd.

Mike Jacobs to Take a Flyer at Running Ball Club

New York, Aug. 9—If and when Mike Jacobs buys the Brooklyn baseball Dodgers — and Mike says it's more "when" than "if" right now—the only "syndicate" involved will be Michael Strauss Jacobs, himself.

Laughing at the talk that he's only one of a group in the deal, "Uncle Mike" explained today that up to now it has been strictly a "lone wolf" proposition in all the negotiations, which he figures may wind up in time for him to take over the club before the end of the season.

"Why should I take a lot of other men in the thing?" he asked. "The bank (Brooklyn Trust Company, which controls 51 per cent of the Dodger stock) came to me as an individual and started the negotiations. We've reached the stage now where we're going to get down to talking price."

"If it looks like a good thing from a business standpoint, I'd be pretty silly to cut a lot of other buys in. Sure, I may have to have help in the financing, but I know where to get the dough without getting tangled up with a lot of partners."

Incidentally, Mike has no idea of giving up fight promoting just because he may own a big league ball club.

"I get too much of a kick out of putting on fights, and manoeuvring around," he said. "Some guys are saying I don't know anything about baseball. Well, I wasn't a boxer, either, before I started promoting fights."

SIFTING THE NEWS

By Hugh Murphy

General Charles De Gaulle, after a trial "in absentia" by a French military tribunal, has been sentenced to death on charges of treason and desertion.

General De Gaulle is in London organizing French soldiers and sailors into a "Free French Corps" to carry on against Germany in defiance of the armistice signed by the government of Premier Petain. All his possessions were ordered seized.

General De Gaulle is reported to have said: "I consider the act of the Vichy men as void; I shall have an explanation with them after the victory."

In the event that Britain wins the war and manages to free France from German domination, one wonders if the "Men of Vichy" will consider their sentence of death to be still in effect.

General De Gaulle was "treasonable" to a country which was rotten with treason. He "deserted" from an army which was bound hand and foot by men who had so weakened the government with their machinations and self-seeking politics that it had neither the courage nor the ability to stand up against a much weaker test than that imposed upon it by Hitler and his tanks.

If it is treason to disown a man who sells your common cause to your enemy then General De Gaulle is guilty of treason. If it is desertion to leave a man who has sold out your ideals for much less than thirty pieces of tainted silver then General De Gaulle is guilty of desertion.

Some American business men who have been dealing with representatives of totalitarian European powers are "burned up" because they are not getting what they consider to be a fair deal from their Nazi and Communist friends.

There is a proverb—and it is American in origin: "You can't fool with a skunk without getting stunk up."

And then there is the story about the society woman who arrived at Allied Relief Headquarters with a lot of children's nightgowns they had given her to make. She apparently had had some trouble as her opening words were: "These should be all right this time because I had my maid make them."

"Well yes, these are fine—except that the seams aren't French seams and you know they have to be."

The lady looked bewildered at the news and said: "They do? But why? I thought you told me these were for the British."

Explains Why Japan Made Recent Attack on "Spies"

Windsor Daily Star:—Canada's are too far away from the scene to know all details of what is behind the espionage charges being swapped by London and Tokio, but it is apparent that Japan's agitation has a deeper cause than injured innocence.

Arrests of Britons in Japan last week, and the death of one under circumstances which suggest assassination at the hands of the police, make it appear that Tokio is not so much interested in alleged spies as it is in face-saving over some of its own chicanery.

It is no secret to Washington or London that Little Brown Men have been doing some zealous snooping in other countries, including Canada, for years past. So, when Britain seizes two prominent Japs, and drops the hint that it has trapped an Empire-wide Nipponese spy ring, we must conclude that the Tokio arrests were made in an effort to head off some such expose as this.

Blind Golfer Here

Last time W. Duxham crossed the Atlantic was two years ago, when he toured the country making records as a blind golfer. Recently he reached Canada with other war guests, to make a new start as an osteopath. He was blinded in the last war.

Governor-General Opens Legion War Services Canteen

Address by His Excellency Suggests Good Work of Legion's War Services.

Ottawa, Aug. 10—Under a blue sky that was fleeced with towering white clouds His Excellency the Governor General, Commander-in-Chief of the Canadian forces, paid his first visit to a military camp since his arrival in the Dominion and formally opened a Canadian Legion War Services canteen and recreation hut.

For several weeks the C.L.W.S. has had in operation at Petawawa training centre, in M.D. No. 3, a large and well equipped establishment catering to the needs of the men in training and it was this undertaking that His Excellency, in the presence of officials of the organization and high ranking army officers, declared officially under way.

"One of the worst things about war is boredom," His Excellency said. "At the front the hours of suspense are often more trying than the actual moments of acute danger. In a training camp such as this, you have the long periods of work without the excitement of fighting, so it is all the more necessary that hours off duty should be relieved of boredom. For this purpose, the Canadian Legion War Services is performing a most necessary task, of which this hut is an admirable example. A man's work is far more effective, if during his leisure hours, he can find complete relaxation of mind and body."

The Governor General, Grand Patron of the Canadian Legion of the British Empire Service League, paid tribute to the effort which the Legion veterans are expending on behalf of the new soldiers, "so many of whom," he said, "are the sons of men who fought so gallantly in the last war." He expressed special satisfaction that the C.L.W.S. is providing an educational program that is enabling the men to continue or to take up studies in academics and trades to fit themselves for their return to civilian life.

"Education," he added, "is no longer regarded as a dull but necessary process which occupies our early years. We are always being educated, and the older we get, the more we appreciate it. But it is particularly important for a modern soldier who has to think for himself and often has to master the intricacies of complicated machinery."

"In declaring this hut open, I want to thank all those who have been responsible for getting it going and I wish you all the best of luck."

Welcoming the Earl of Athlone was Col. the Hon. Senator Gerald V. White, C.B.E., V.D., of Pembroke, honorary treasurer of the C.L.W.S., and Major-General John A. Gunn, G.M.G., D.S.O., V.D., of Toronto, president of the C.L.W.S. Senator White explained to His Excellency that the Legion "is endeavoring to render assistance to His Majesty's forces through our educational, entertainment and personal service activities."

"Canadians," Senator White added, "have the most pleasant recollections of the many acts of kindness which Your Excellency and Her Royal Highness so graciously bestowed upon us while we were overseas during the last war."

General Gunn, before presenting the hut to Brigadier-General Eric McCuaig, camp commandant, and Brigadier Logie Armstrong, officer commanding Military District No. 3, pointed out that the C.L.W.S. established at Petawawa is one of 14 similar buildings throughout the Dominion that the Legion has erected, is maintaining or is assisting in maintaining.

The Petawawa hut, which is located in the heart of the camp and within easy access of thousands of men, is a

Bay Downs Temiskaming Winning Junior Title

Temiskaming, Aug. 9.—Making it two straight victories, North Bay Senators downed Temiskaming 11-7 here last night to win the junior section of the North Bay and District Baseball Association.

The first game, played at North Bay, resulted in a 14-4 victory for the Senators. The North Bay team, district champions for the second year in a row, are expected to meet Copper Cliff in the first round of the N.B.A. junior play-offs.

Plan to Make Test of Northern Lignite This Coming Winter

Thousand Tons of Fuel Mined for the Railway.

North Bay, Aug. 10—With the first flurries of snow this winter, exhaustive tests of Northern Ontario lignite will begin in the heating plants of the Temiskaming and Northern Ontario Railway, it was announced by A. H. Cavanagh, chairman of the board of directors and general manager of the railway.

More than 1,000 tons of lignite in the Onakawana fields on the T. & N. O. Railway, 126 miles north of Cochrane, have been stripped of overburden and actual mining has already started, Mr. Cavanagh said. It is expected enough of the potential fuel to serve in winter-long tests will be mined by this fall.

Results Unknown
Because railway engineers can only guess at the outcome of their tests, no changes will be made in heating equipment until the lignite has been tried in the existing plants under regular coal burning conditions.

"We have no idea how our tests will work out, so we don't know what will be done," said Mr. Cavanagh. "As soon as the weather is cold enough to use our heating plants, we will try burning the lignite. We are mining approximately 1,000 tons for test purposes during the winter and we will try it but it may be used wherever we have such plants along the line."

"We cannot make any changes in equipment naturally, because we do not know whether any changes will be necessary to burn the lignite."

While most of the fuel tested will be in the raw form as it comes from the ground, a small quantity may be steam-dried for tests in a dehydrated form.

Commenting on reports that several northern towns had offered to try burning the fuel, Mr. Cavanagh said the tests would be made exclusively by the railway.

"While the overburden varies from six to 30 feet, we are only mining it in shallow spots," he continued. "It is open pit mining and we only have a tractor and dragline shovel on the grounds, so it is impossible to say what the expenses would be if the operations were carried out on a large scale. We are only working the deposits in a very crude way at present. We expect to complete the present mining operations before the winter sets in."

Potentialities of the low-grade coal are being explored at the direction of the government in the hope that the Northern Ontario district may be served with domestic fuel.

Mr. Cavanagh would not say whether the possible use of lignite as fuel to keep Canada's war machine turning, had been discussed. Its development is so much in its infancy, he declared, that its future can hardly be considered.

Recent drilling operations revealed a considerable extension of the field which is straddled by the T. & N. O. Railway. Already 3,000,000 tons have been blocked out over a 100-acre area. In addition, a large potential field lies to the west of the Onakawana River in the same area.

In the main block the drilling showed a coal layer ranging from 20 to 38 feet in depth under an overbearing of boulder clay and hard pan.

Youngest Grandson of the Kaiser is Interned

London, Eng., Aug. 10—Prince Frederick, of Prussia, 29, youngest grandson of former Kaiser Wilhelm and a leading social figure in London before the war broke out last September, has been interned under the aliens order, it was disclosed today.

Home Secretary Sir John Anderson told the House of Commons last February that Prince Frederick had been exempted from internment. It is understood he has been sent to the Isle of Man.

large wooden structure comfortably equipped and tastefully decorated to provide the maximum of rest and diversion for the troops during their off hours. It contains, in addition, a modern dry canteen, a well-stocked library and a quiet room for study purposes.

Final Scheduled Game Dull Called in Seventh Inning

Umpire Calls Game on Account of Darkness After McIntyre Batted out Thirteen Hits. Was a Postponed Game from Earlier in the Season. Richardson Belt's Four Runs Home. Macmen Use Three Pitchers.

Police Warn That Swimming on East River Bank Unsafe

Water Deep and Banks Littered with Cans and Broken Bottles.

Now that a beach has been provided on the west side of the river bank, north of the bridge, police are asking all swimmers to stay on the west side of the river.

Warning is given that the east side of the bank is not safe for swimming; that there are broken bottles and tin cans along the bank and that the water is very deep.

On the west side of the bank there is a life-guard on duty all the time. He has been kept busy this season and last Friday pulled an exhausted swimmer out of the water when the swimmer could go no further. It took artificial respiration to bring the man back to normalcy.

Recently a small boy had his feet badly cut on tin cans on the east side of the bank. Police warn that it is not at all a safe practice to swim there.

Pastor Calm in Face of Fight with Billy Conn

New York, Aug. 9—As befits a man who has been knocked down by Joe Louis six or seven times and knows, therefore, that nothing much worse can possibly happen to him, Bob Pastor is amazingly calm about his approaching fight with Billy Conn, the light heavyweight champion.

Most of the ballyhoo has centred about Conn's chances of licking Louis after he has disposed of Pastor next Tuesday night. Pastor has been more or less neglected, yet he isn't resentful. He thinks it's funny. His manager, the voluble Jimmy Johnston, thinks it's crazy.

"In all my years in the game this is the silliest thing I ever ran into," said Jim as he watched Pastor work out. "Bob ought to be 3-1 favorite over that kid from Pittsburgh. He'll probably win every round. But they've made Conn a favorite. It beats me."

Pastor has had two bouts with mediocre opponents since Louis flattened him in Detroit last summer. He won both easily, and close observers, such as Ray Arcel, say they can't see that he has gone back in any way.

Iceland and the Faroes Now Using Better Salt

(Telegraph-Journal, Saint John)
With the spread of war to the Mediterranean, the big fish-curing industries of Iceland and the Faroe Islands are now obliged to use a superior quality of salt, and the English county of Cheshire is supplying it. This little known but important British industry has been in existence for nearly 2,000 years, and is now benefiting by increased export demands from British colonies and the West Coast of Africa where German and Dutch salt is no longer procurable.

For many years fish curers in northern latitudes have used solar salt, formed by the action of the sun on lagoons and ponds, and shipped to them from Mediterranean ports. Now their salt is supplied from Cheshire, where it is made from the natural pure brine by modern methods, and is without the impurities necessarily present in solar salt.

As a general rule, fish realize higher prices when cured with English salt. This regulated trade for the Cheshire industry can hardly compensate for the loss of the Scandinavian and Baltic markets, but the trade has withstood greater blows than this in a history beginning when the Roman first made salt in England by boiling brine in open lead pans.

Globe and Mail: The feeling grows that Britain is stronger fighting alone than with the support of weak-kneed friends.

After seven innings of listless baseball, Umpire Frank Frawley called the final scheduled game of the year on account of darkness, in South Porcupine on Saturday afternoon. If he had not called the game it might still have been on, judging by the speed with which it was progressing. Final score was 7 to 4 for the Macmen.

The game was play-off of a contest postponed earlier in the season.

Bogule took first base in the first inning when Jake Quinn, who was forced out at second made the second out. He stole second and scored on Dunn's single.

Neither team scored in the second. In the McIntyre half of the third, with one out, Laplante got a part of one of Dominas' offerings and looped it out to left field for a single. He made third on Jake Quinn's single and came in on a fumble at short.

Gower walked and stole second and came in on Carlo Cattarello's triple to score the first run for the Porcupiners. In the next inning Thayer singled and scored when Richardson smashed out a triple. Richardson came home when Webber knocked out a sacrifice fly.

In the next inning the McIntyre continued the pressure. Jake Quinn and Bogule each singled, and both scored on Richardson's single.

In the sixth Labag walked and made home on Wilson's double for the second Porcupine run.

Dunn singled in the seventh, took second on a throw-out and scored on Richardson's single. It was the fourth run of the day that the little McIntyre short belted home.

Messette singled against McShane in the Porcupine half of the seventh. Errors at second and on the mound got him to third. Meanwhile Cattarello walked and stole second. They both scored on Kosick's hit.
