

Hollinger and Cliffmen Split Doubleheader

Hollinger Loses First By One Run and Takes Second By Wide Margin Yesterday

Three Pitchers Used by Hollinger in the First Game. Dorey Put Out of Box. Zalba Follows and Cherevaty Charged With the Defeat. Cherevaty Brilliant in the Second Game. Both Teams Due Here Today. Play Tomorrow.

Sudbury, Sept. 12—Coppercliff and Hollinger, during 18 innings, produced a wide variety of baseball and remain deadlocked with one win each in the best three of five series for the Northern Ontario Baseball Championship and the Mine Managers Trophy. Coppercliff won the first game by an 8-7 score with rallies in the eighth and ninth frames, while Hollinger came back for a decisive 11-3 margin in the second end of the doubleheader. Both games were played at Queen's athletic field here.

A heavily overcast sky, with rain falling intermittently throughout both games, made good baseball impossible. A cold dampness settled over the park about an hour before the first game got under way. By the time the second one started both players and fans were chilled to the bone. Playoff ball could not be expected and in the second game both teams kicked the ball around.

The game's feature, however was the gallant bid Coppercliff made in the first encounter and which turned defeat into victory. For a time it looked as if the Hollinger power had crushed the "liff crew, but in the eighth the nickel belters rallied for four runs and scored the winner in the ninth.

It was a vastly different story in the second game as Hollinger drummed up a 14 hit attack off two Coppercliff pitchers. In this game Hollinger was vastly superior and had the power at the plate, polished fielding and good pitching. Cookson and Oltean were the best sluggers for Hollinger in the second game and each clipped the sphere for three hits. The distance clubbers for Hollinger in the second game were Savote and Oltean, each with a round tripper.

Cherevaty twirled brilliantly for Hollinger in the second tussle, limiting Coppercliff to five hits in nine innings. Once past the second inning Cherevaty went to work with a will and tossed three-hit ball for seven frames.

Three Hollinger twirlers were used in the first game. Reg Dorey was first knocked from the box and following him went Zalba. Cherevaty went in to relief twirl in the ninth. He lacked control and was charged with defeat. Both teams left Sudbury last night for Timmins where they will resume the series.

First game:

Hollinger	000	103	300	—	7	8	2
Coppercliff	002	010	041	—	8	9	3

Dorey, Zalba, Cherevaty and Oltean; Awry and Bertull.

Second game:

Hollinger	206	000	300	—	11	14	4
Coppercliff	030	000	000	—	3	5	6

Cherevaty and Oltean; Spratt, Taus and Bertull.

Ocean Bottom Has Many Features of Land Areas

Toronto, Sept. 11—Oceanologists declare there is a world below the world as we ordinarily know it, according to the Canadian National Telegraphs, whose cable connections reach all continents of the earth. Aside from ocean life, a great study in itself, the topography of the ocean bottom shows that it has mountains, valleys and plains.

The greatest depth recorded in the Atlantic is 4,662 fathoms (more than 5 1/4 miles) in what is known as the "Nares Deep" to the north of the West Indies. There are many of these "deeps" in the sea and they all bear distinctive names. To avoid laying cable in the deepest of these valleys, cable engineers have followed a course across the North Atlantic extending from the Grand Banks of Newfoundland, across the "telegraphic plateau" to Valentia in Ireland and Penzance—of Gilbert and Sullivan fame—on the southernmost tip of England.

Commercial Bowling League Organized for Coming Season

Some Changes Made in Rules to Tighten up Game

The annual meeting of the Commercial bowling league was held last Monday evening to discuss activities for the coming season.

All the four teams: Power T. & N. O., Gambles and The Advance were represented.

After the review of last season's business, the election of President and Secretary-treasurer took place.

Mr. E. J. Gagnon was again nominated for president, but he declined, saying that he had held the position for the past ten years and he thought that someone else should have the chance. Mr. F. J. Hornby was elected to the position.

Mr. H. Webb who had been the secretary-treasurer for the past four years also declined when nominated. Mr. C. E. Armstrong was elected to this position.

There were some changes made to the rules in order to tighten up the series.

Instead of allowing four points a game as in the past there will only be three, eliminating the extra point for the total pins. Handicaps will be given a player after he has rolled three strings; this handicap will be based on 200, with a maximum of 30 pins.

Any team that cannot muster four players will forfeit the points, and must pay the prize money.

Each team will be allowed seven players, and the names must be in the secretary's hands on the first night of bowling.

No new player will be allowed to play during the season without giving 24 hours' notice to the secretary.

One good change made to put more fight into the games was in regards to the prize money and play-offs. Instead of just the one prize, there will be three. The first prize for the league winners will remain the same, the two additional prizes will go to the runners-up and the winners of the cup series.

There will also be a play-off series in the league, if one team wins both halves as last season, the runners-up of the second half will play-off with the first team.

The line-up of players show that the teams will have practically the same players as in the past seasons, some of whom have been with their teams since the league started eleven years ago.

Mr. Pete Nicolson will look after the handicaps, but each captain is asked to check his own team's averages.

The new season starts on Friday, Sept. 27th.

New Township Building Open to Public at Week-end

All who have seen the new municipal building of the township of Tisdale at South Porcupine are loud in their approval of the building in every way. It is considered a genuine credit to the township, the builders, the architect, and all others responsible in any way for the particularly modern and attractive building.

The new administration building of Tisdale will be open for the inspection of the public on Saturday, Sept. 14th, from two to five, and on Sunday from 10 a. m. to 5 p. m. Members of the township staff and representatives from the council will be on hand to direct and inform the public.

South End Badminton Club Meets on Friday Evening

South Porcupine, Sept. 12—(Special to The Advance)—The South Porcupine Badminton Club will hold its annual meeting in the new South Porcupine skating rink on Friday evening at 7:30 o'clock. Purpose of the meeting will be to elect officers and plan activities for the forthcoming season. All members are asked to be present.

Firemen to Convene at New Liskeard at the Week-End

Outstanding Speakers to Address Gathering

The third annual joint convention of the District of Cochrane and the Temiskaming Firemen's Association will be held at New Liskeard, Sunday evening, Monday and Tuesday, Sept. 15th, 16th and 17th. This is the twenty-fifth convention of the Temiskaming Association.

Sunday evening there will be a meeting in the Empire theatre. New Liskeard, at which T. Alfred Fleming and Capt. R. G. Cavell will give addresses and W. A. Taylor will make the first public showing of the moving pictures he took on July 1st at the firemen's tournament. There will also be musical numbers. Proceeds for the Children's Aid.

Monday at 9 a.m. the delegates will be welcomed by the mayor of Liskeard and other municipal officials. The visiting firemen are invited to the Kiwanis Club luncheon in the Curling Rink. Capt. Cavell will deliver an address at this event on, "The Empire at War."

The annual banquet will be held in the Curling Rink at 7 p.m., at which T. Alfred Fleming, National Board of Fire Underwriters, New York, will be the guest speaker. The banquet will be followed by the annual convention dance.

Papers of the convention will be given by:—W. J. Scott, K.C., Ontario Fire Marshal; Ernest Lavigne, provincial fire commissioner, Quebec; J. E. Ritchie, Deputy Fire Marshal, Toronto; Harry Beardall, Safety Supply Co., Toronto; V. V. Thomas, LaFrance Fire Engine & Fomite Co., Toronto; Chief of Police Leo Gagnon, Timmins; E. E. Potter, Forestry Branch, Swastika; Percy Smith, Mines Rescue Station, Swastika; W. G. Skinner, South Porcupine; Harry Costain, Dome Mines; D. S. Markley, Halleybury; W. L. Clairmont, Dominion Commissioner, Ottawa; Chief Geo. Thurling, secretary, Ontario Firemen's Association, and others. Motion pictures will also be featured.

POOR OLD RANDOM

In a recent newscast the BBC in reporting one of the German air raids on Britain said: "Bombs were dropped at random." Immediately the Nazi propaganda picked up that news, saying, "the town of Random was also heavily bombed."

British Columbia Sitka Spruce Used for Airplanes

In all the "speed-up" processes of war no magic of man can create a Sitka Spruce giant, says "Canadian Forest and Outdoors." And not even Mother Nature seems willing to furnish more than a meagrely fraction of each Sitka to meet the aeroplane builder's rigid requirements. In fact, the number of feet in a Sitka log that is acceptable for planes is not above one percent of the total. And that precious remnant of the culling process brings a price of \$500 per thousand feet, board measure.

Sitka Spruce occurs throughout the coastal belt of British Columbia but attains its best growth on the Queen Charlotte Islands. Occasionally it attains a diameter of over 10 feet and a height of 200 feet, though ordinarily it runs about 100 to 150 feet in height, and 3 to 6 feet in diameter.

For airplane manufacture, it produces a small proportion of absolutely clear timber suitable for wing-beams, struts, posts, and other parts. The wood does not splinter nor shatter easily with impact.

Heroic Mayor of Warsaw Shot in Concentration Camp

London, Sept. 11—The Press Association reports that Stefan Starzinski, 47, mayor of Warsaw during the German siege, was executed in Dachau prison camp by a Nazi firing squad on Sept. 1, the anniversary of the German invasion of Poland.

His refusal to surrender the city earned him the sobriquet of "Stefan the Stubborn."

A leading Polish patriot, Starzinski rallied the defenders of Warsaw again and again during the siege last September.

"German bombs have no effect on us," he declared over the radio. Every defender of the city was a hero, he said.

On Sept. 9, 1939, he broadcast an appeal to Britain and France to come to the aid of Poland. He said Warsaw was standing the siege "with unbroken spirit" and commented that German planes had "drenched" the city with pamphlets demanding its surrender.

It was reported on Feb. 25, 1940, that he was facing trial on a German charge of misappropriating Warsaw's funds.

Before the last war he was a member of various secret Polish organizations, and was arrested numerous times by the Russians. In 1917, as a member of one of the Polish legions, he was interned by the Germans when the legions revolted against them.

After the war he held various government posts, wrote numerous books on economics and became mayor of Warsaw in 1934.

Believe Army Will Take Over Curling Rink This Winter

Twenty-five members of the Timmins Curling Club who were present at a business meeting, held on Monday night, approved of a resolution offering the use of the curling rink to the Department of National Defence. Members were told that there is every indication that the department will take advantage of the offer.

The building would be used throughout the winter for continued training of the non-permanent active militia. Whether or not the 170-odd members of the Timmins club will join another Porcupine club is still a matter under discussion.

Aside from passage of the resolution there was little done at the meeting, officials said.

Although \$300,000,000 is urgently needed for war purposes the Government will still arrange to loan you the money to build a HOME OF YOUR OWN

Here is a Lesson in Democracy

Although the democratic government of Canada is bending every effort towards the successful prosecution of the war it is not unmindful of the welfare of the people and so encourages the building of homes. A home, more than anything else, is an investment in true happiness and good living.

Statesmen have long recognized this truth. Disraeli, one of England's great Prime Ministers, expressed this belief.

"Upon properly appointed and becoming dwellings, depends more than anything else, the improvement of mankind. Such dwellings are the nursery of all domestic virtues, and without a becoming home the exercise of those virtues is impossible."

Take advantage of the Government's offer
Hill-Clark-Francis will arrange an N. H. A. Loan and build the house on your lot for
\$50.00 DOWN and \$23.74 a MONTH
