

Smashed Office Window Gets Three-Month Term

Timmins Youth Sent to Jail After Telling Court He Wanted Medical Attention. Keeping For Sale Charge Against Mountjoy Township Woman is Dismissed. Small Docket.

Pleading guilty to breaking a plate glass window in front of the Government Employment Office on Fourth avenue, Aurelle Charbonneau, 19-year-old Timmins youth, was sentenced to three months definite and three months indefinite when he appeared before Magistrate Atkinson Tuesday afternoon. The window was valued at \$70.

Charbonneau told the court that he had broken the window in order that he might go to jail and receive medical attention.

Liquor Charge Dismissed
"Be careful about your parties in future," remarked Magistrate Atkinson as he dismissed a keeping for sale charge against Mrs. Elsie Pomerleau, of Mountjoy Township.

Provincial Constables Stromberg and Fulton told the court about a raid they conducted on the Pomerleau household Sunday morning at 1.30. Seven men and three women were in the house at the time with two of each sex being intoxicated, the officers testified.

Mrs. Pomerleau swore that she had invited everyone there at the time the police called to a party. She denied having sold any beer. Questioned by the Magistrate she told the court that she was married and her husband works at one of the local mines. Explaining the presence of taxis near and around her home early in the morning she informed the court that many cars came as far as her house and turned around because there was no room at other points on the road.

Miss Yvonne Papineau, charged as a result of the same raid with failure to produce a registration card was fined ten dollars and costs.

Illegal Fur Possession
Max Steinberg, of Timmins, pleaded guilty to two charges involving illegal possession of eight beaver skins. He was fined \$20 per skin for a total of \$160. The fur was ordered confiscated.

Charges Are Withdrawn
Two charges against James Godin, of Timmins, one of false pretences and the other of theft, were withdrawn on payment of costs.

Released on Bail
James Whitford, charged with assaulting his wife, was remanded for a week on bail of \$50 cash or \$100 property.

Ordered to Pay Wages
Armand Joseph, charged with non-payment of wages to a domestic, Salome Huard, was ordered to pay the girl \$15. Costs in the case were \$9.50.

Heavy L.C.A. Fines
John J. McLellan, convicted as a second-offence drunk, paid a fine of \$50 and costs. A. B. McLellan paid a similar amount for permitting drunkenness.

Adjourn By-law Charges
Five persons, charged with failure to provide their dogs with municipal license tags, were adjourned until called on, with the understanding that the licenses are procured at once.

Dismiss Lodging House Charge
Lack of evidence to substantiate a charge that she kept a lodging house without a municipal permit, earned a dismissal for Mrs. R. Cantin. She testified that she kept only roomers, who stayed there either by the week or month.

Baby Saved from Fire in Home in Dymond Township

Residence of Taylor Pipe, Former Mayor of Cobalt, Destroyed by Fire

New Liskeard, Feb. 26—The two-story frame house on the Dymond township farm of Taylor Pipe, former mayor of Cobalt and Halleybury, was razed in a fire on Saturday evening while its adult occupants were milking in the nearby barn, and a four-month-old baby, alone in the building at the time was rescued in time and suffered no ill effects. The fire apparently had its origin in a defective chimney upstairs and spread downwards through the house despite efforts to check it.

W. R. Peters, who lives on the farm on the opposite side of the road, noticed flames coming from a chimney, and when a telephone call to the other house brought no response, Mr. Peters concluded Mr. and Mrs. Frank Holoravich, who live on the place and the three hired men, were engaged in the barn. They were unaware of the blaze until Mr. Peters arrived and took out the infant, child of the Holoravich family. Much of the downstairs contents were saved but there was considerable loss in the upper part of the house. A temporary house has been provided by Mr. Pipe.

Milwaukee Journal:—Our present 59c dollar will buy 25 percent more goods at wholesale than would the 100c dollar of 1926, says an eminent economist. It's little items like this which make finance easy to understand.

Time Bomb Ticks Away But Work Still Goes Along

(Hardware and Metal, Toronto, Ont.)

We are maintaining our export business as much as we possibly can. Our tools had a world-wide sale, but as you will understand, we have lost such markets as Norway, Sweden, Denmark, Poland, Finland, Holland, Belgium, Switzerland, and to a certain extent Spain. The only markets we can now supply are our Dominions and Colonies and, of course, the United States of America.

One section of our business is devoted to Industrial Diamonds and specialized Shaped Diamond Tools, and you will readily understand that as the aero industry requires these specialized tools in large quantities, we are extremely busy.

I am glad you are using some excerpts from my letter for it may give some of your readers an idea of what we are going through. One thing I would like to impress upon you and that is, the continual bombing is not getting us down. I am not going to say it is pleasant but one seems to be able to get used to it.

While I am dictating this letter there is about 300 yards away, a time bomb ticking merrily away. I might tell you we are all hoping that the brave lads, namely the suicide squad, will be able to stop the ticking and take the bomb away.

There is no need for you to tell us that Canada is heart and soul behind the Old Country. The Canadians already over here are very keen to get at the barbarians. The wonderful intensive training for airmen in your country means that these men will be able to play a splendid part in the finishing of the Nazi Regime.

We are taking hard knocks, but you no doubt read in the newspapers about two days ago that Italy is also beginning to take some, and they are going to get some more.

My modest opinion is that Mons Molotov has gone back to Moscow without signing anything. We all feel in the Old Country, that after the next three months are over we shall really be marching to victory. A. SHAW & SON, London, England.

Dept. of Defence Using Services of Psychologists

In future the services of trained psychologists will be available to Officers Commanding Active units of the Canadian Army in all military districts. On the request of such officers, supplementary tests to determine the intelligence and attitude of personnel, will be carried out. No compulsion will be exercised in regard to these tests, and when made their results will be considered as strictly confidential. In preliminary examinations carried out in units of the Active force, these examinations have been found useful, particularly in disclosing fitness for training in certain types of more technical work such as signalling and wireless telegraphy. A list of some 30 psychologists has been approved by National Defence Headquarters. They are not required to serve for full time employment but are remunerated on the same basis as civilian practitioners who serve on Medical Boards.

Veteran Mail Carrier Honoured at Tomstown

Englehart, Feb. 26—John McDonald, who for 20 years has carried mail between Tomstown and Heaslip, was recently honoured by the community he has served when he was guest at a social evening held at Tomstown Presbyterian Church, on the occasion of his retirement from service. He was presented with an easy chair, and ottoman, two pairs of socks, and a subscription to a daily paper. Contributions from every family resident within miles were received through the efforts of Mrs. R. McFarlane and Mrs. Vipond. There was a comic song "Old MacDonald had a Farm", and other musical numbers including "For He's a Jolly Good Fellow." Mr. MacDonald at one time carried mail from Eau Claire, east of North Bay to Galston, doing that work for 15 years.

Inquest into Naybob Mine Fatality Here on Friday

Coroner H. E. Montgomery will preside at an inquest at the Town Hall Friday afternoon into the death of Harry Grydnuk, 23, fatally injured in an accident in the shaft at Naybob Gold Mines last Thursday night. The hearing will start at 3 p.m. Witnesses will be examined by Crown Attorney Caldwell.

ROYAL SYMBOLS OF BRITAIN'S SPIRIT

Approved by her majesty, this picture of the Queen and Princess Elizabeth, heir to the throne, has just reached this continent by Clipper. Mother and daughter alike—the present Queen and the future Queen of England—are helping to keep British morale high by constantly moving among the people with

words of cheer and by sharing in the hardships of rationed food and nightly bombings. As in so many pictures taken since war began, the Queen wears the maple leaf emblem which reminds her of the visit to Canada in days before the war.

BE IT AGREED

When what is being done, what might, what should be done, Throughout our great Dominion is often different. In those essentials needed to make this wide nation one, If provinces from coast to coast shall not be sadly rent, That syneresis, now and ever-more, gain right-of-way. In national life, towards peace and happiness, and, when, at last, Its parts are working, equally, disunion to ally. Disunion causing losses hard to estimate how vast. Agreement has been reached on bases of our Destiny. Let caecogenics of the national esprit begin. To undermine our verve, will to achieve, gains of Psyche. And so be it agreed, want of authority is sin; Be it agreed want of direction national is cause, Of failure to establish standards meet in union, For greatest service at least cost, a failure ours because, As yet, the nation to a federal union is not won. —Written and typed by Roscoe R. Miller.

SHOOT'S OUT LIGHT

People in a northwest English town refused to enter a shelter because a light was showing from a locked shop, whereat the chief constable got a gun and shot out the light. The shopkeeper was fined 20s and he thanked the chief constable for putting the light out.

Resignation of Bucke Councillor Creates Puzzle

HAILEYBURY, Feb. 26—The pending resignation of Councillor Harry Groom from Bucke township council has officials there in a quandary as to what procedure will be followed to fill the vacancy on that body whose

members were elected last December to hold office until the end of next year. The Local Government Extension Act, under whose authority this condition exists providing that vacancies occurring during 1942 on a council elected for two years are to be filled by vote of the remaining members, but is silent on what happens if some member drops out this year.

The point was raised at a school of instruction held under the auspices of provincial officials in New Liskeard recently when A. J. B. Gray, of the Department of Municipal Affairs, confessed he did not know what steps would be taken in such circumstances. Councillor Groom is presently employed at Niagara Falls and he has written Reeve Thomas Fenton intimating his intention to resign his office.

Change in Form of Mailing Address for Canadian Soldiers Now Overseas

No More "Base Post Office, Canada," is Ruling from Post Office Dept. at Ottawa. No Place Names for Overseas. Mail to Soldiers in Canada Must Have Post Office Address for Delivery Here.

Nursing Division St. John Ambulance Attends Lecture

Drill Held of Nursing Division on Monday.

The Nursing Division of the S. J. A. B. and the members of the S. J. A. B. attended a joint lecture on Sunday afternoon, as given by Dr. MacKecknie. All members were pleased to know that modern medical science is available to the groups for extensive studies.

The Monday evening drill of the Nursing Division at the S. J. A. B. hall was held under the direction of Mrs. Geof. Morris, with seventeen members present. Mrs. Thibeault read an article from a newspaper about the amalgamation of Toronto Red Cross and Nursing Division for the duration of the war for V. A. D. work such as took place in 1914. This is the only notification the division has yet.

The St. John's prayer was introduced by Mrs. Morris and repeated in unison. Full attendance was requested at the next meeting as the first and second chapters of the Nursing Manual will be studied, as well as roller bandaging practice.

It was noted that supplies in the form of nursing kits have been received. Nursing certificates will be presented to the members as soon as they are received from England.

Used Bullet Hole in Cobalt Church Window in Sermon

The New Liskeard Speaker last Thursday had to the following:—"An unusual illustration, and one within a few feet of the preacher as he spoke was used in Cobalt United Church on Sunday morning during the address to the children, a regular feature of the service. It was provided by a small hole in one of the church windows caused, the Rev. R. J. Scott, minister of the congregation said, when a bullet probably fired by some boy engaged in rifle practice outside went through the glass. The incident had occurred Mr. Scott added, while the church officer was in the building engaged in his usual duties. The window had been repaired but neither the bullet nor the identity of the marksman had been discovered. Mr. Scott added. The minister went on to refer to a stained glass window in another church broken by a ball and how that event had not been cleared up for many years, until a new minister appointed to that charge had confessed in his opening sermon he was the culprit. He had made good the damage by anonymous donations over the years and the moral Mr. Scott said, was that open confession was good for the soul."

Until the new method of addressing becomes generally known, mail bearing the designation "C. A. S. F." will as heretofore be despatched to destinations, but the public should immediately adopt the new method when addressing letters, parcels and other mail to members of the Canadian Army, either Overseas or stationed in Canada.

At a pretty ceremony in the rectory of St. Matthew's Anglican Church on Tuesday at 7 p.m., the Rev. Canon R. S. Cushing united in marriage Miss Sadie Elizabeth Reid, daughter of Mrs. Reid, of Sifton, Manitoba, and the late Mr. John Reid, to Mr. Gerald Hatfield Burt, son of Mr. and Mrs. Howard Burt, of Fredericton, New Brunswick. The bride was lovely in a street-length ensemble of serenade blue crepe-satin, fashioned with three-quarter length sleeves, white lace collar flared skirt, and a fitted waist featuring a half-belt. She wore black and white accessories, and carried a shower bouquet of Bettertime red roses.

Mrs. Irvin Maher, sister of the groom was matron-of-honour, becomingly attired in soldier blue crepe, with matching sheer in the bodice. Her accessories were in black, and she wore a corsage of Talisman roses.

Following the ceremony, a wedding dinner was served to the bridal party at the Fern Cottage and Mr. and Mrs. Burt have taken up residence at 16 Birch street, north. In the evening Mr. and Mrs. Maher, entertained at a reception in honour of the couple.

Change of the style of mailing address for Canadian soldiers overseas to conform the new titles of Canadian Army, Active and Reserve, have been ordered by the Dominion postal service.

The designation "C. A. S. F., c-o Base Post Office, Canada" is to be omitted and the words "Canadian Army Overseas" substituted as follows:—

Regimental No. rank and name
Name and details of Unit (i. e. Company or Section, Squadron, Battery Holding Unit, etc.
Name of Regiment or Branch of Service.

Canadian Army overseas.

For example:
K-52937 Pte. John Blank,
"B" Company,
48th Highlanders of Canada,
Canadian Army Overseas
B-12345, Cpl. A. J. Jones,
1st Anti-Tank Regiment,
Royal Canadian Artillery,
Canadian Army Overseas
M-54321, Signm. John Smith,
No. 3 Company, 2nd Div. Signals,
Royal Canadian Corps of Signals,
Canadian Army Overseas
If a soldier is overseas the word "Overseas" must appear in the address, but no place name.

The usual complete particulars—regimental number, rank and name and details of unit and name of regiment or branch of service, and, in addition the Post Office name of the place in Canada where the soldier is stationed must be given.

For example:
C-13962, Pte. Joseph Wood,
No. 7 Field Hygiene Section,
Royal Canadian Army Medical Corps,
Debert F. P. O., N. S.
G-12345, Gnr. John Jones,
15th Heavy Battery,
Royal Canadian Artillery,
Saint John, N. B.

If a soldier is in Canada, the name of the place at which he is stationed must appear in the address. The regimental number and names given in the examples are of course, fictitious and are merely used to illustrate the correct method of addressing mail.

Only Thing There is to Fear To-day is Fear, Defeatism

(From Kamloops Sentinel)

"What have we to fear?" That was the question directed at a Kamloops Canadian Club audience on Tuesday night by Mrs. Nancy Peyer of Toronto. Her answer, if one attempted the briefest condensation of a splendid speech would be "Fear."

We should fear Hitler; nothing else. We need not fear Hitler's hordes for our people have proved themselves the superiors of the nazis in personal and collective bravery in skill in the use of the tools of war.

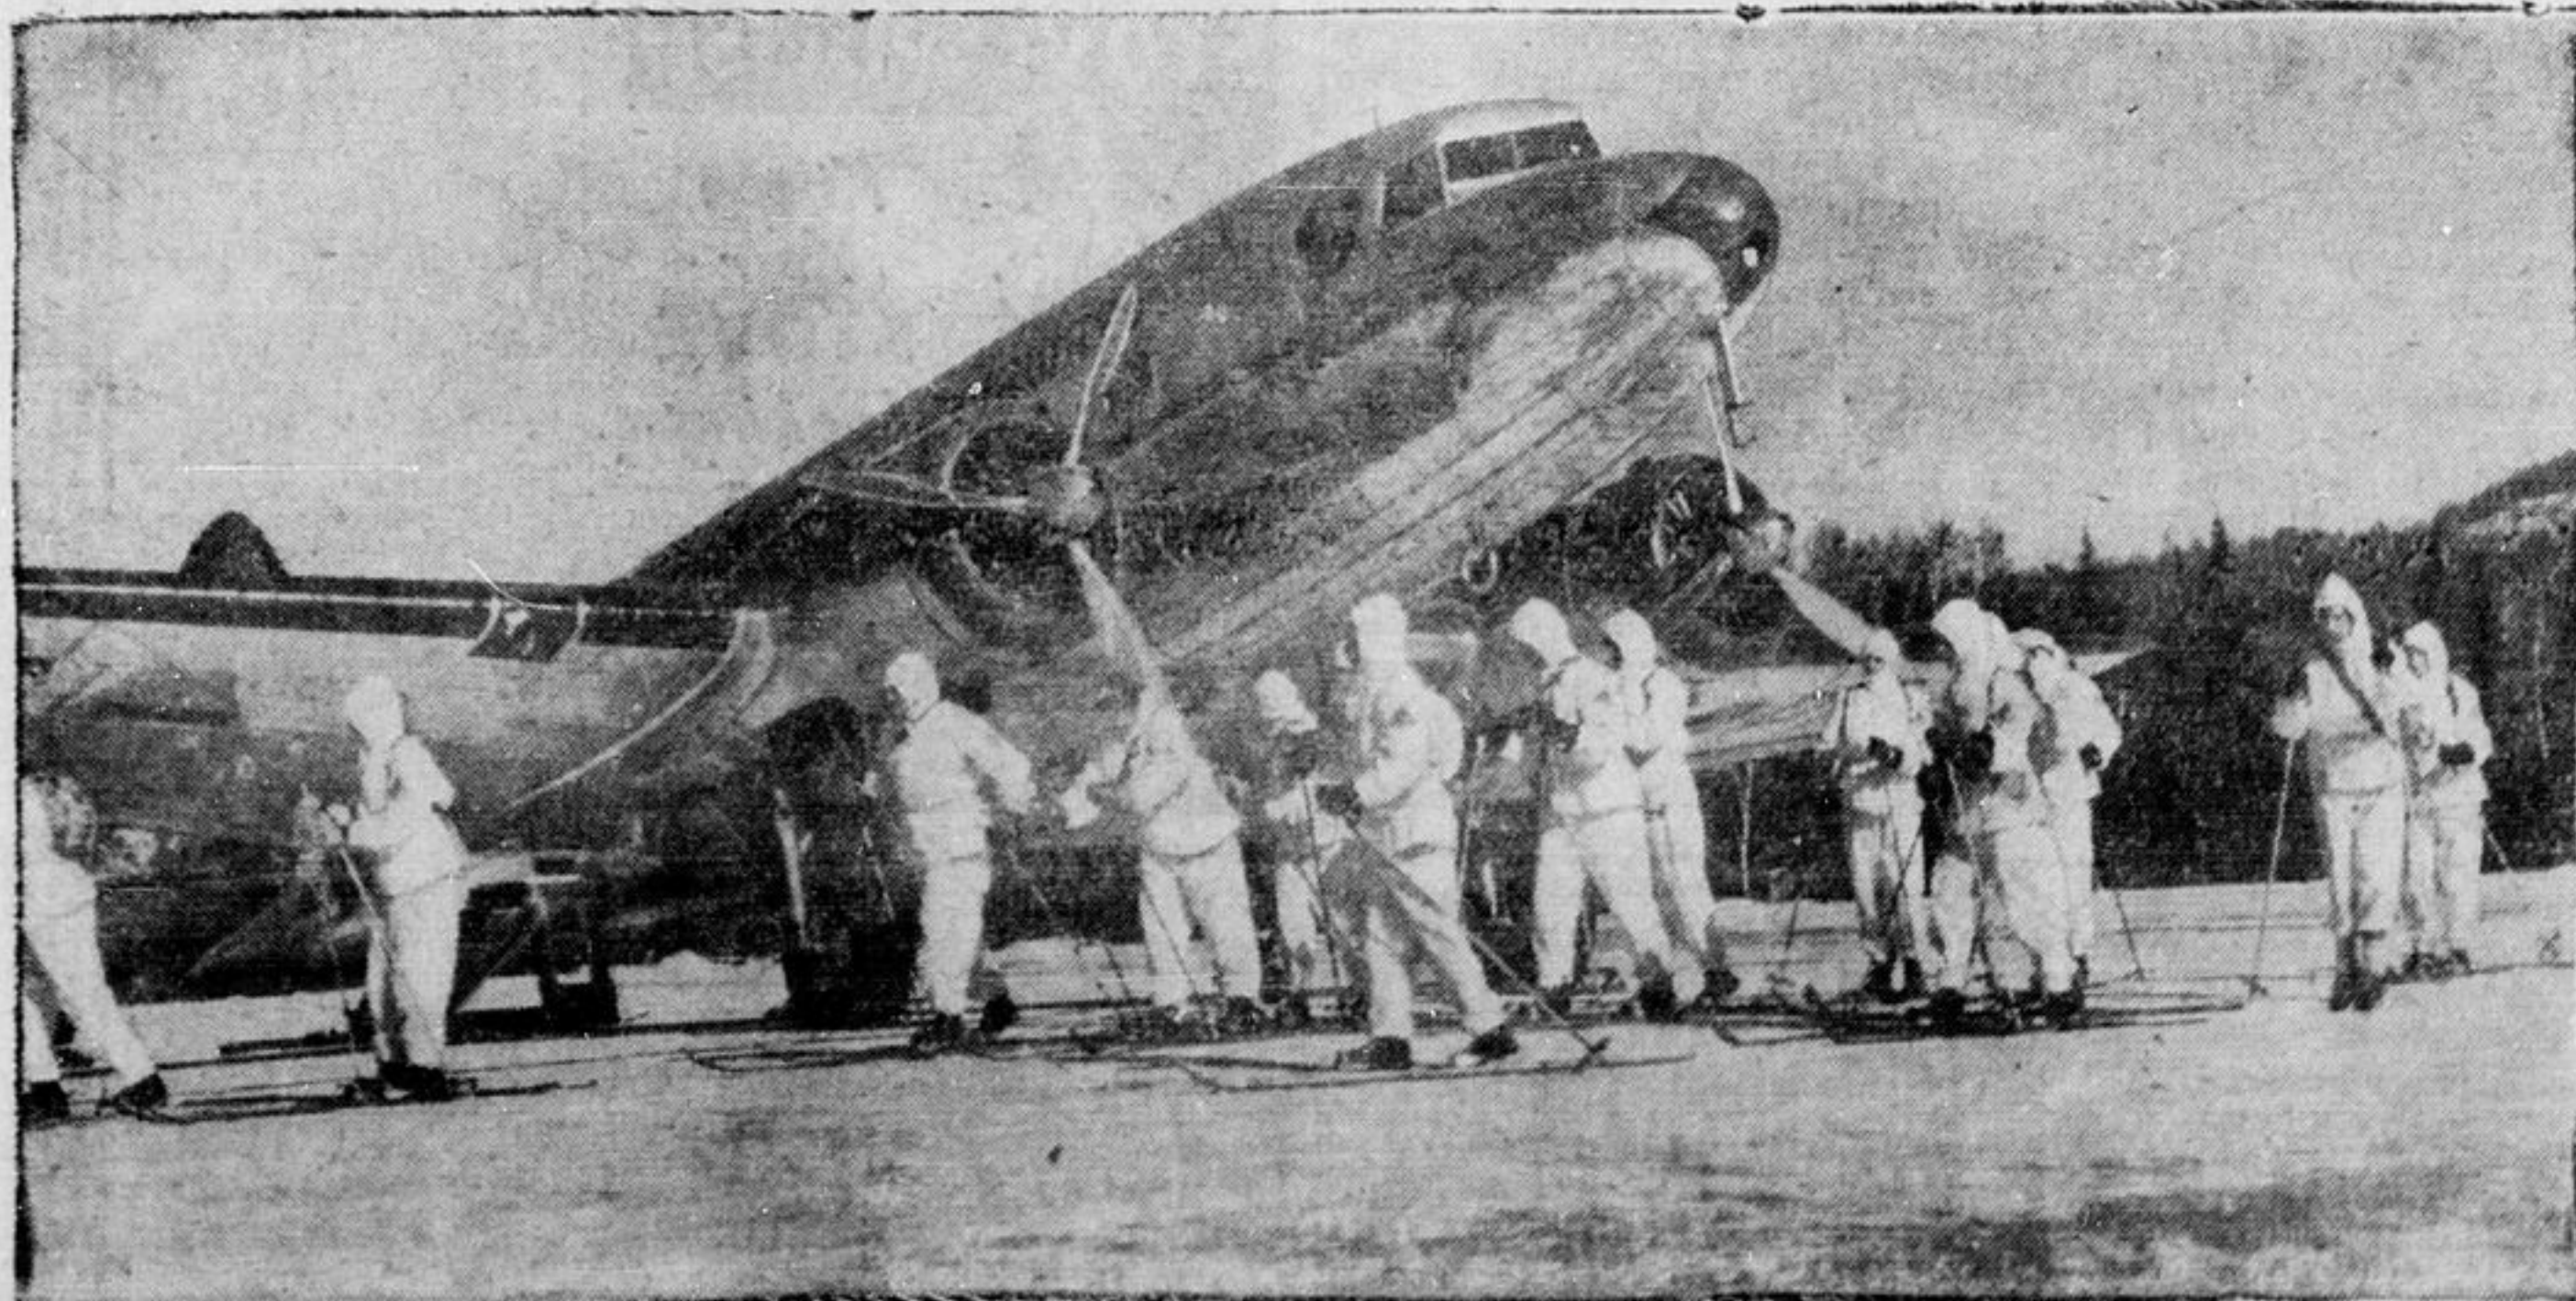

Shrink, as though it were the plague, from faint-heartedness, from the pessimism that makes a desperate blow an irretrievable defeat. Remember that though lesser men might have capitulated at Dunkirk or the fall of France, the British did not. Others might have refused 10 to 1 odds in the beginning of the Battle of Britain, but not the Royal Air Force. Another breed might have run away when out-spied, out-gunned, and out-armed, but not Exeter or Ajax or Fogarty Fegen's Jervis Bay.

We of the civil populace must eschew faint-heartedness; we must not, as some did on Monday, permit what seems, at first glance, to be bad news to colour our every thought. When there is a dark day—Monday actually wasn't—we must adopt the soldier's philosophy. The road is not always paved with victory; there are bad days as well as good. Defeat walks with victory, death with life, in every battle. What have we to fear? Nought but fear. As Winston Churchill has cast "surrender" out of our language, so must we cast out doubt and faint-heartedness, defeatism and despair.

Rich New Seam of Lignite Reported at Onakawana

Reports from Cochrane say that there are reports of a new rich lignite seam discovered recently in the field at Onakawana. The new find is said to be located on the other side of the railway from the previous workings, and to be far superior to any yet uncovered.

CANADIAN SKI TROOPS USE AIR TRANSPORT

Demonstrating that the Axis powers have no monopoly on transporting troops by air, a picked 26-man patrol of the 17th Duke of York's Hussars hurried northward at 200 miles an hour and emerged at St. Jovite, Quec., fully equipped for cross-country manoeuvres on skis. Set-ting out into a still wind in a 10-below zero temperature, the patrol

spent six hours negotiating slopes in line making full use of Arctic camouflage and carrying out what officers described as a successful reconnaissance patrol. A former Norwegian army officer in charge of the Hussars' intensive ski training,
