You Can Afford To
Build Your Own Home

In a troubled world, the word "Home" takes on even more than its everyday significance. To Canadians it means as great a measure of security as this earth affords. Home, to most of us, is the very core of our loyalty, devotion and patriotism.

The Porcupine Camp today has the unrivaled distinction of being the World's second largest gold producer. We should be proud to live in a town with this record, and what better way could we show our faith than by building in Timmins.

Home ownership is the safest and most satisfactory investment. Today through the advantages offered by the National Housing Act you may build a modern four-room home on your lot for as little as \$25.00 per month including taxes and interest.

There is still a shortage of homes, rents are high, so why not make arrangements to build YOUR HOME today!

The Ideal Community is a Community of Beautiful Homes

You'll Be Happier In Your Own Home
