About 200 Couples at Annual Ball of Graduate Nurses

Delightful Social Event Enjoyed on Friday Night

Honouring the graduate nurses of St. Mary's Hospital, Class 1941, about two hundred couples gathered at the Porcupine Badminton Club on Friday evening to enjoy an event that marks the beginning of a new life for the graduates. Well arranged and carried out, the annual ball was outstanding in that the members of the graduating class were attired in pure white, with the colourful summer frocks of their friends forming a pleasant background.

Henry Kelneck and his orchestra supplied the modern dance music, with vocal numbers by Evelyn Clarke, George Essery and Joe Mitchell. Special features were a nurses' dance, during which only graduates and their partners were allowed to dance; a Paul Jones that brought about new friendships; a "disease" dance, which required each gentleman to find his partner by finding the person whose card bore the name of the same disease as his own card; and a black-out dance, during which sirens moaned and "planes droned, while "bombs" fell out of the sky (the bombs were gayly coloured balloons).

On behalf of the doctors of St. Mary's Hospital, Dr. Graeme S. McKechnie presented each graduate with a nursing handbook, bound in leather, and was assisted in this by Miss Helen Thrasher, R.N. The beautiful corsages worn by the graduates were a gift of Dr. W. D. Robson, who has made this gift to each graduating class during the past years.

Carolyn Lee Stars in "Virginia" Film

Romantic Comedy at the Palace This Week.

After fans see Paramount's Technicolor romantic comedy "Virginia" at the Palace theatre Monday and Tuesday, June 9th and 10th, there is no doubt that tiny Carolyn Lee will be acclaimed the cutest and smartest child on the screen.

In "Virginia" Carolyn is teamed for the second time with Madeline Carroll and Fred MacMurray and each time she becomes a sweeter and more capable little actress. Her previous Paramount film was "Honeymoon in Ball."

The amazing part of her quite fantastic career is the manner in which it began.

Her discovery was purely accidental. Carolyn is the daughter of Mr. and Mrs. Warren Copp. As a steel executive, Mr. Copp does quite a bit of traveling. Mrs. Copp and Carolyn usually accompanied him.

Friends of long standing of the Cops are Mr. and Mrs. Tracy Barham. Mr. Barham is an Ohio theatre executive. When Barham met Carolyn he was dazzled by her poise, personality and appearance. He asked for a colored photograph of the youngster, which he promptly mailed to Y. Frank Freeman, vice-president of Paramount.

Freeman was so impressed by the photographs and Barham's glowing praise that he immediately invited the Cops to come to Hollywood in order that a screen test could be arranged. The test spoke for itself.

One Charged With Drunk Driving and the Other With Dangerous Driving.

Freddy Firas, 17 years old, of 17 First Avenue, will face a charge of being drunk in charge of a car in police court next Tuesday following police investigation of a charge laid against Theodore Noel last week. Noel was facing the same charge and was given a week's remand on Tuesday.

The charge was laid against Noel following an accident on Wende Avenue last Sunday night. The car that Noel and Firas were in drove out of a driveway and crashed into a car that was being driven by Miss Doris Pastmore. When the police arrived on the scene, Noel claimed that he had been driving the car so the police laid the charge against him. Some time after Noel changed his story and said that Firas had been driving the car. Charges are now pending against both men.

Clifford E. MacDonald, 53 First Avenue, Schumacher, is facing two charges laid by the Timmins police. One of the charges is dangerous driving and the other is driving a car without a driver's license.

MacDonald is said by the police to have made a left turn at the corner of Pine Street and Sixth Avenue and being unable to straighten his car wheel he crashed into a fence at 47
