

# Nazi Make Slow Progress in Blitz on Russia

## Rose Show to be Held at Timmins on July 10th by Horticultural Society

Proceeds of Event in Aid of the Bombed Victims' Fund. Peonies, Iris, Delphiniums, Lupins to be Included in Display. Display to be at the St. John Ambulance Brigade Hall.

Timmins is to have its first Rose Show in the St. John Ambulance Brigade Hall, 12 Birch street south, on Thursday, July 10th. In addition to roses, there will be peonies, iris, delphiniums, lupins. The Rose Show is under the auspices of the Timmins Horticultural Society and arrangements for the holding of the event were commenced at the regular meeting of the Society on Friday night. Another meeting is being held this (Monday) evening to further advance the plans for the Rose Show. The Rose show will be a revelation to many people. There is a general opinion that Timmins residents have many beautiful flower gardens, but the full extent of the cultivation of flowers here needs an event like the Rose Show on July 10th to make it plain. The annual Horticultural Society show is held too late in the season to give a full idea of the standing of the town in flowers and gardens. The Rose Show will undoubtedly prove that the two shows will present a much more accurate idea of the excellence and the quantity of the flowers grown here. Of course, the fact that the Rose Show is being held this year, will not lessen the value of the regular show later, but should have the effect of increasing the general interest in the regular event. Proceeds from the Rose Show are to go to the local Bombed Victims' Fund.

## Fish Derby Event for July 1st

Porcupine Fish and Game Association Sponsoring Contest.

The Porcupine Fish and Game Protective Association announces that it is sponsoring a Fish Derby, open to members of the Association. Prizes will be awarded to members catching the largest Pike, Pickerel, Speckled Trout and Lake Trout, caught on July 1st. No district limits have been set, but entries must be recorded by noon on July 2nd. The official weighing-in point will be at Dwyer's Bus Station in Schumacher, and membership cards should be presented when having entries recorded. The executive of the association hopes that there will be sufficient interest shown in this competition to warrant it becoming an annual feature, and wishes all members good fishing on the holiday.

For the information of members desiring to use same, three of the association's boats will be stationed at Fredericshouse Bridge, one at Connaught and one at Reed Lake, over the holiday week-end.

## Accused of Clever Plan of Theft of Gas

On Friday evening, Lucien Pillion, of Commercial avenue, and Jos. Houle, of Wilson avenue, were taken in charge for the alleged theft of gasoline from the Cartier Taxi Co. They were later released on \$50 bail. It is alleged that Pillion, who is a driver for the Cartier Taxi, was at the Cartier Taxi pump to fill his tank, and that Houle, a former employee of the taxi company, but now working at the mine, took the opportunity to fill the tank of his own car at the same time. Suspicion was aroused when the two cars were noted at the pump and the police communicated with the Taxi Company as to the rights of the accused men to take gasoline from the pump. Following the response of the Cartier Taxi the two men were taken in charge.

In addition to several charged with the common garden variety of drunkenness, there are some cases of illegal possession of liquor, a number under the town dog by-law and several traffic cases to come before the police court on Wednesday.

## Schools Closed Last Week for the Summer Vacation

Public, separate and high schools closed last week for the summer vacation, not to re-open till September.

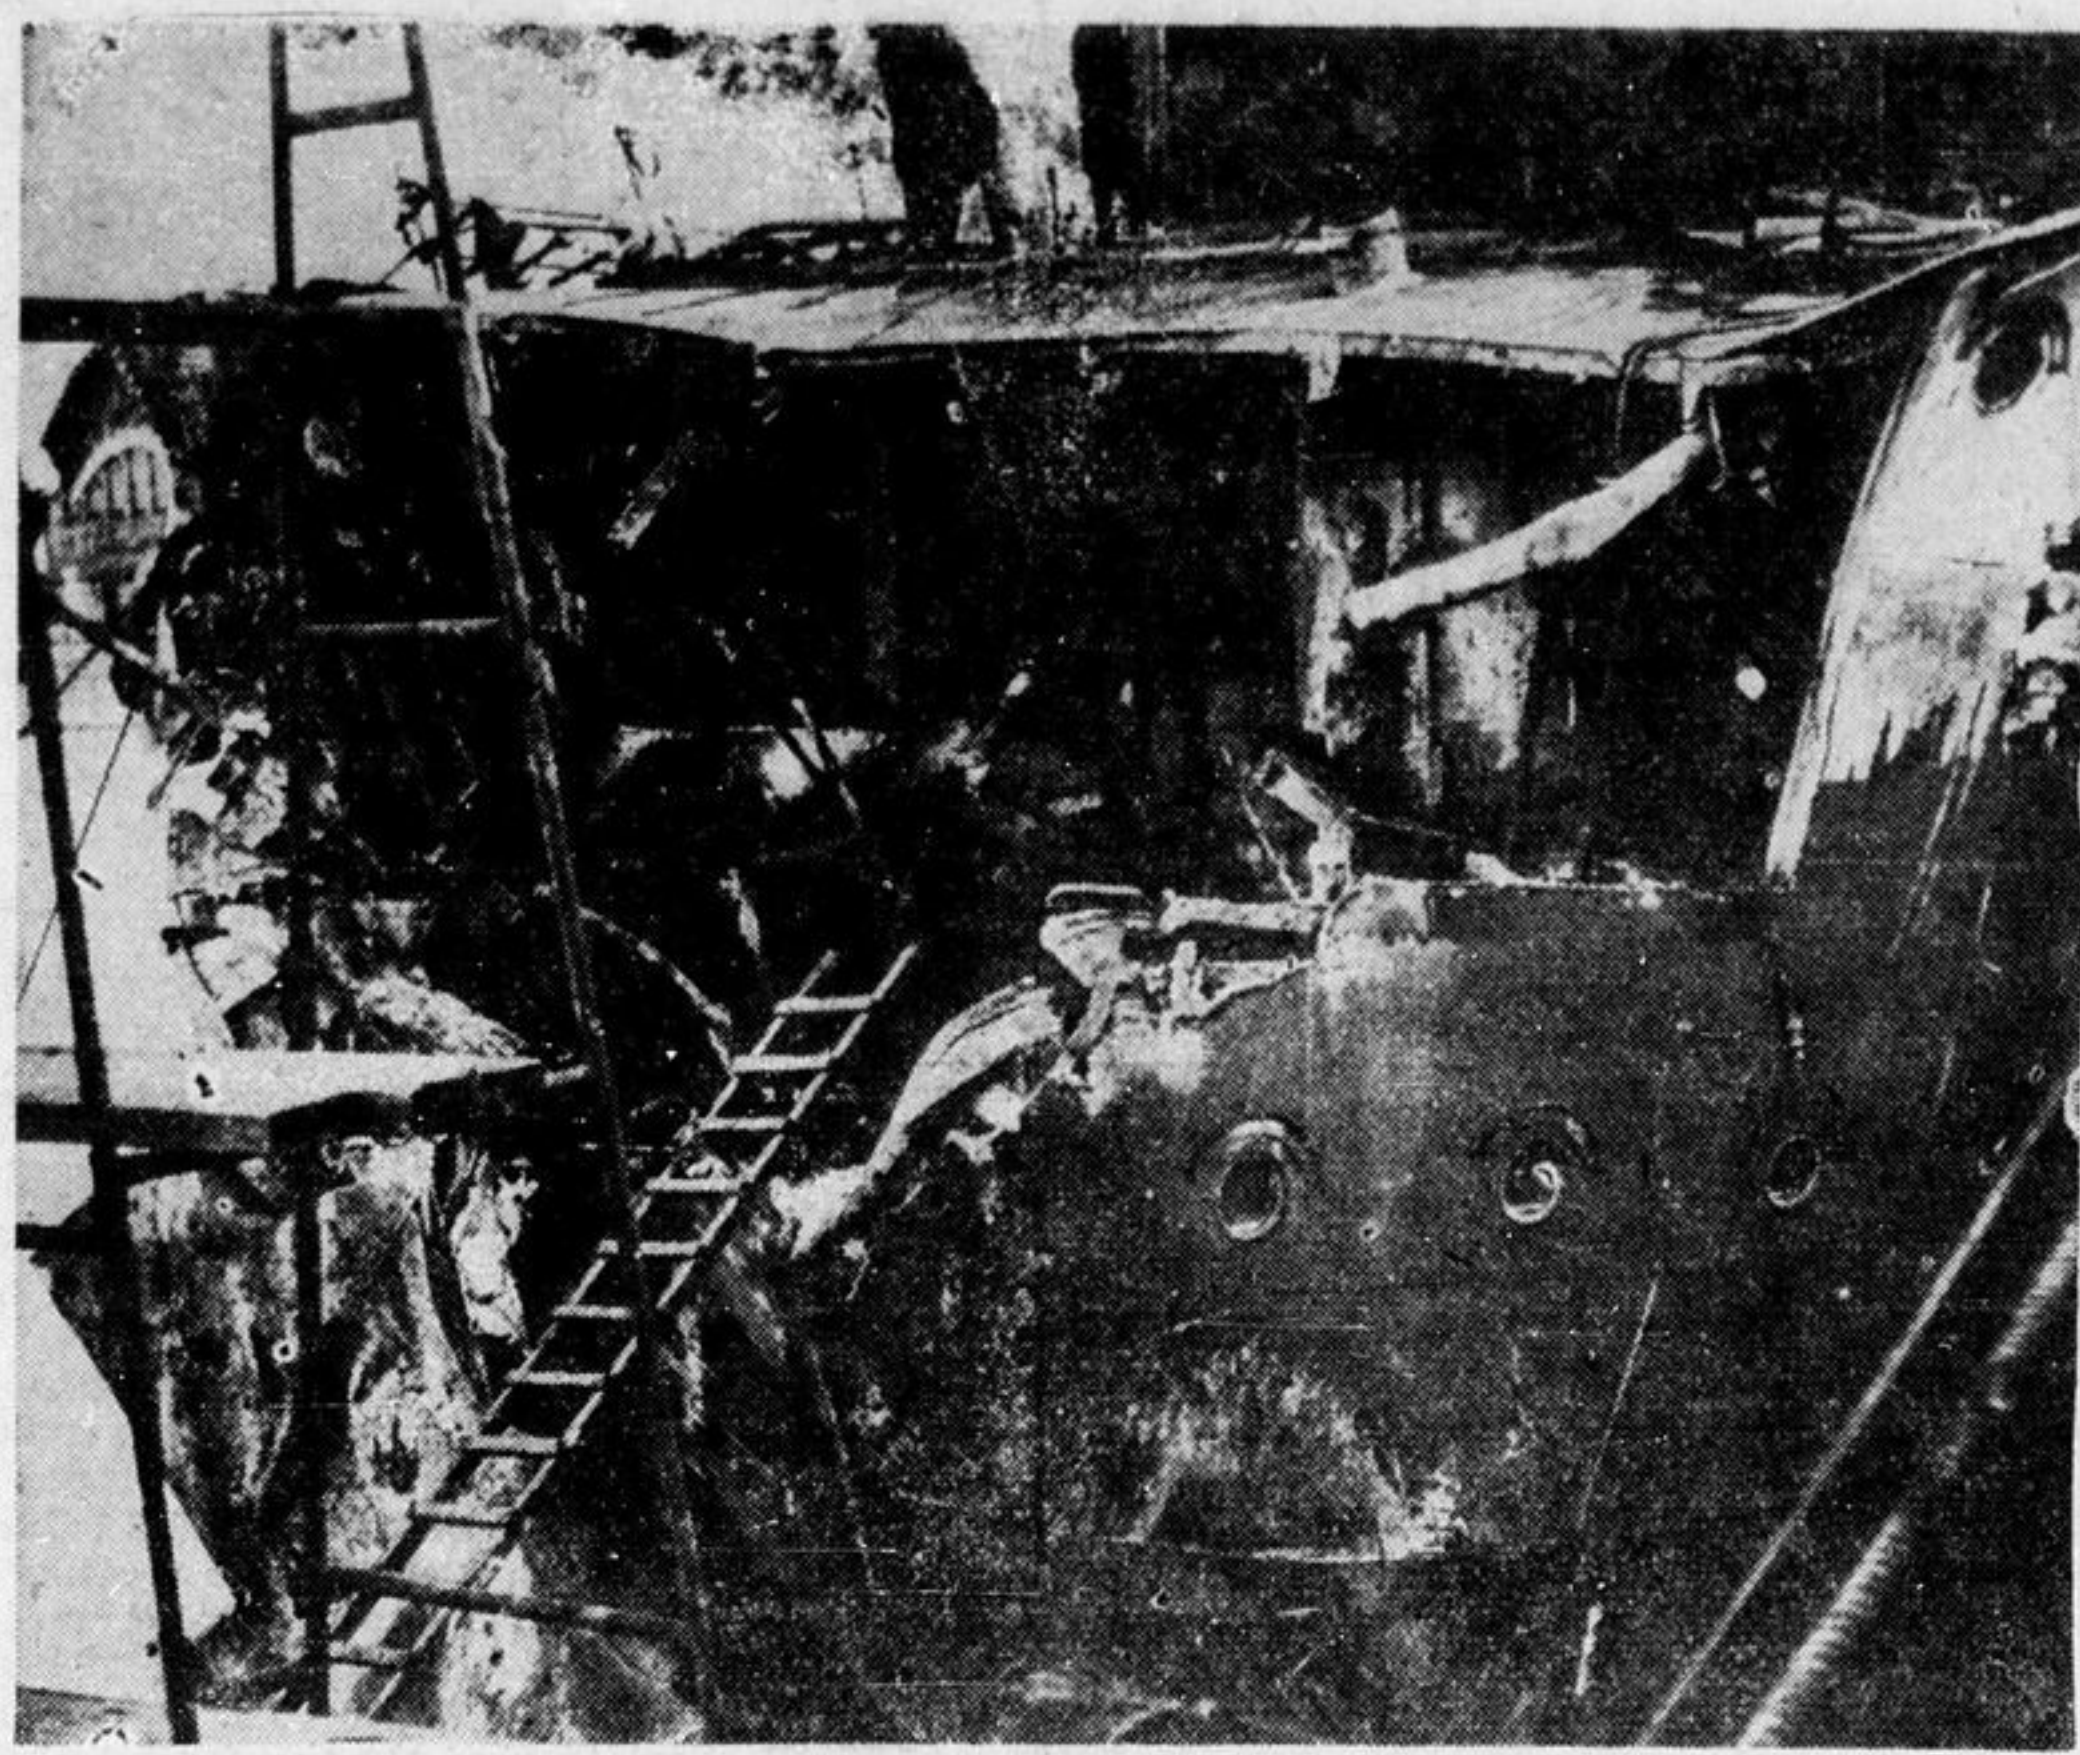

## Ramore and Ross Mine Five Hundred and Twenty Per Cent of Loan Objective

Revised Figures Show Ramore and Ross Mine by Big Odds the Leading Centre in District in Recent Victory Loan Campaign. Timmins Reached 94 per cent. of Quota. All Other Centres Pass Objective.

Revised figures by Mr. E. W. Brooks, organizer for the District of Cochrane for the Victory Loan campaign, show that Ramore and Ross Mine was the centre heading the list in this district with a percentage of 520 of its objective. In the list published last week Hearst 292.5 of its objective was given as the leading centre. Final check-up of the figures, however, showed that the real leader was Ramore and Ross Mine. A cheque for \$11,000 from Ramore and Ross was inadvertently included in the Timmins amounts. When this was adjusted it showed that Ramore and Ross Mine stood easily first with \$26,000 subscribed and its quota at \$5,000, making a total of \$30 per cent of its objective. This is a remarkable showing and one of which Ramore and Ross Mine may well be proud. The following is a summary of the revised figures for the district:

Hearst—\$29,500 subscribed—292.5 of objective.  
Smooth Rock Falls—\$47,500 subscribed—226.2 of objective.  
South Porcupine—\$257,850 subscribed—171.9 of objective.  
Cochrane—\$97,200 subscribed—162 per cent of objective.  
Iroquois Falls and Ansonville—\$116,650 subscribed—155.5 per cent of objective.  
Kapuskasing—\$156,200 subscribed—142 per cent of objective.  
Schumacher—\$190,000 subscribed—126.7 per cent of objective.  
Matheson—\$15,900 subscribed—106 per cent of objective.  
Timmins—\$758,200 subscribed—94 per cent of objective.  
Total in district gathered by salesmen as above \$1,690,650.  
Special list of names, \$341,500 (85.4 of objective of \$400,000).  
Grand total—\$2,032,150 subscribed—112.9 per cent of objective of \$1,800,000

## BACK IN ACTIVE SERVICE

## Schumacher Honours Rev. F. J. Baine and Mrs. Baine on Eve of Departure

Trinity United Church Filled to Capacity for Social Event in Honour of Minister Highly-Esteemed all Through the District. Purse Presented to Rev. Mr. Baine and Mrs. Baine.

Schumacher, June 30—(Special to The Advance)—The congregation of Trinity United Church met in a social capacity Thursday evening to honour the Rev. F. J. and Mrs. Baine, who are leaving Wednesday for Copper Cliff, where the Rev. Baine will take over his new church duties.

The chairman for the evening, Mr. P. A. Boyce, carried out his duties in the most effective manner and kept the company in laughter with the humorous stories he had to tell.

Selections on the piano by Mr. Bender, of Timmins, were much enjoyed. Solos by Miss Gertrude Bristow and Mrs. Randolph, with Mrs. James Huxley, accompanying at the piano, received much applause.

Mrs. James McClinton, of Timmins, who was on the solo list expressed regret at being unable to attend.

The violin solo by the Rev. Baine, with Mrs. Huxley accompanying at the piano, was a special feature.

The hit of the evening was when Mr. Boyce asked all the men to come up to the platform and sing. They choose as their number the favourite kindergarten class song, "Tommy Thumb" and sang it with great zest. Mr. Queen accompanied at the piano.

Guests from the various churches were represented: Rev. W. M. Mustard and Rev. E. Gilmour Smith, of Timmins United Church; Rev. James A. Lytle, South Porcupine United Church and Captain W. Vollick, of the Schumacher Anglican Mission. Each of the ministers expressed appreciation of the fellowship they had enjoyed with the Rev. Baine during his ministry here and expressed regret that he would soon be leaving this district.

The Rev. W. Mustard gave some humorous sketches of their college days when Mr. Baine went to Victoria College and Mr. Mustard was at Knox College. Mr. Boyce called on Mr. Allan Fish to read an address. The address was as follows:—

Schumacher, Ont., June 26, 1941  
The Reverend and Mrs. F. J. Baine:—  
On the eve of your departure to a new and distant charge, we express to you our appreciation of the privilege we have enjoyed of having had you with us for the past three years.

We have been cheered by your charming smile and warm hand of welcome; we have enjoyed your voice and hand in the realm of music. We have been encouraged by your sympathy during troublous times, and blessed with your fellowship at services and meetings.

May you long be able to display these things to other congregations. May God grant you the health, the strength, and the spiritual guidance which He alone can give. To this end, our prayers will follow you throughout the years.

From the congregation,  
Trinity United Church,  
Schumacher, Ontario,  
Mr. Boyce then called on Mr. M. Urquhart to make the presentation. Mr. Urquhart on behalf of the congregation presented the Rev. F. J. Baine with a purse. The Rev. Baine suitably replied and said it had always been a pleasure to him and Mrs. Baine to work among the congregation and they would carry with them many happy memories of the days they enjoyed here.

The company joined in singing "He's a Jolly Good Fellow." A delicious lunch was served by the men, after which a very enjoyable evening was brought to a close.

## Fair and Warm and Showers

Forecast of the Weather for To-morrow.

Mr. Wheeler, the official weatherman at the Hollinger, states that the weather for today and tomorrow is to be fair and warm, followed by showers.

The temperatures for the week were: Thursday, max. 89, min. 69; Friday, max. 74, min. 50; Saturday, max. 79, min. 57; Sunday, max. 84, min. 62. This morning at 8 o'clock, 69. Rain fell Friday during most of the day and during these showers .36 inches of rain fell.

## Archibald Bateman Another Pioneer of the North is Dead

Employed at the McIntyre for Twenty-four Years.

Funeral services for the late Mr. Archibald R. Bateman, who passed away at St. Mary's Hospital on Saturday, June 28th, will be held from Walker's Funeral Home on Tuesday afternoon at 2 o'clock, with interment in the Timmins Cemetery.

The late Mr. Bateman was a real old-timer in this district, coming to Shillington in 1914, and moving to Timmins in 1916. Although he had been ill for some time, he was not taken to hospital until a few days ago, and the death came as a great shock to his numerous friends and relatives. He was fifty-seven years old, and had been employed at the McIntyre Mines for twenty-four years.

Left to mourn his loss are his wife and three children, Ruth, Ethel and James, the latter being in the Forestry Battalion of the Canadian Army; one brother, Mr. Hector Bateman, of 88 Wilson avenue; and one sister, Mrs. E. H. Bastian, of Shillington.

Brilliant seamanship was necessary to bring this Canadian destroyer into port after she had been badly damaged by a torpedo. This close-up shows the havoc caused by the explosion. The ship has since undergone repairs and is back on active service.

## Big Parade and Sports Day to be Here To-morrow

Monster Parade Planned for Morning. Big Programme of Sports for Afternoon.

To-morrow, Tuesday, July 1st, is expected to be a big day in Timmins. To celebrate Dominion Day and to raise further funds for the Bombed Victims Fund the big day is being held at the Hollinger Park. In the morning there will be a parade, with all patriotic groups, societies, clubs, organizations and individuals taking part.

In the afternoon there will be a field day of track and field events, with special competitions between schools of this part of the North.

A demonstration of first aid by the St. John Ambulance Brigade in competition for the McDowell trophy will be another special feature.

## New Recruiting Officer for the Timmins District

Lieut. Worthington Urges Necessity for Enlistment.

Lieut. Worthington, the new recruiting officer for this district, took over his duties last week, and was somewhat disappointed that recruiting was not active at the last week-end.

Lieut. Worthington points out that Canada is calling for recruits and that more men are absolutely necessary if Canada is to do its part in the battle for freedom. The cause, he suggests, is simply the decision of the young men of the country whether they desire to be free, or ready to take a chance on becoming regimented slaves such as are found in so many countries over-run by the enemy in recent times.

A point that Lieut. Worthington makes is that there is room for every young man, even though his educational advantages are limited. Of course, there are special opportunities for those with special education or training in any particular line, but every man has a good chance and there are openings along so many lines that everyone can get into the place where he can serve the best. There are opportunities to learn many useful trades in the army, he added, and after the war there will be great demand for most of these tradesmen as their callings will be as useful in peace as in war in most cases.

Lieut. Worthington can show the man thinking of joining the army that in pay and allowances, the work is all right from the financial standpoint. Medical boards are being held every Monday, Wednesday and Friday at the Timmins armories, in order to keep filling the quota of recruits that this district is expected to supply.

## Russians Claim to be Holding Germans Along the Whole Extended Front

Berlin Says Germans Have Occupied Polish Fortress of Lwow, 100 Miles West of Old Russian Frontier. Both Sides Admit Furious Battles are in Progress and Losses Severe.

## Corvette Named Timmins

Latest Addition to R. C. N. Named in Honour of Town and Founder.

When Canada started building corvettes for its navy The Advance suggested that one of these war vessels be named in honour of Timmins and the family that founded the town. The late N. A. Timmins and his brothers and their families did much indeed to open the North and develop it. The town itself in every way has taken an active and helpful part in Canadian and Empire affairs and has been a generous contributor to all worthy causes. It was argued that the name would mean more than most names. Mr. J. A. Bradette, M.P., urged the naming of a corvette in honour of this town, and last week it was shown that he had succeeded in his advocacy, as he so often does. Despatches from a "West Canadian Port" told of the launching of another corvette for the Royal Canadian Navy. This new war vessel was named "H.M.C.S. Timmins" in honour of the famous Canadian gold mining centre and the family founding it. The vessel was duly christened in time-honoured fashion by the sponsor, Mrs. W. B. L. Holms, wife of Commander W. B. L. Holms, R.C.N. The despatches say, "The vessel took the water to the accompaniment of steamship and industrial whistles and the cheers of the workmen who built her."

Dependable news from the Russian scene of war continues to be scarce, as no authentic information is available from any quarters not dominated by either Russia or Germany.

Moscow says that when the Germans attempted a naval landing at Viipuri they were repulsed with heavy losses. Viipuri was taken from Finland by Russia under the peace treaty in the recent war. Russia also claims that fifty Nazi planes were shot down yesterday by Soviet air force and air defence. The loss of 21 planes is admitted in the Russian communique. From the Moscow announcements it is evident that there is grim fighting on the four main fronts, the claim being held, however, that on each front the Russians have been successful in stopping the German advance. Moscow claims that the big German offensive on the Finnish front has been repulsed.

Hitler's headquarters, according to Berlin announcement to-day, assert that the Germans have occupied the Polish fort of Lwow on the Ukrainian front, which is 100 miles inside the old Russian-Polish frontier.

One trouble with the despatches from Berlin and Moscow is not only that they directly contradict each other in most cases, but neither of them give locations or particulars of any of the battles said to be won or in progress. In the scenes of war either one or the other of the battling nations controls the territory affected and with the censorship imposed by both Russia and Germany it is impossible to send out of the country anything but what the country affected is willing to let out as suitable for the purposes desired at the moment. London has been studying the situation and trying to arrive at reasonable conclusions. The London opinion is that Russia is fighting unusually well and that the Germans have had very heavy casualties. It is pointed out that while German armoured divisions have broken through at several points, the Russians claim that the infantry has been hurled back and the tanks are virtually trapped. London doubts if the infantry can give the needed support to the armoured divisions under the circumstances. The general belief in London is that the German blitzkrieg is faltering, and that though the Germans are making desperate efforts to "catch up" they have serious difficulties to face. One authority in London says that the German programme called for the Nazis to be 200 miles inside Russia proper, but that so far they are only a few miles inward on Russian soil. The stubborn resistance offered by the Russians has upset German plans to strike through to Kiev, capital of the Ukraine.

## Four Accidents During Week-end

Two of Them Minor Affairs. \$500.00 Damage Done in One Accident. Little Boy Hurt in Another.

There were four car accidents over the week-end, two of them very minor affairs with practically no damage done. The damage in the third accident, however, is estimated at \$500 when a truck and a car crashed at the intersection of Fourth and Balsam. In the other accident, Peter Bisson, aged 5 years, of 14 Kent avenue, is said to have run into the side of a car driven by S. Kennedy, 13 Way avenue. The little lad suffered a broken left collar bone, scratches on the left side of the head and cuts on his left shoulder. Mr. Kennedy took the boy to his home where the little lad was attended by Dr. A. S. Porter.

## More "Dogs at Large" and More Citizens Charged

Three more people were charged with breach of the dog by-law on Thursday because their dogs were allowed to run at large. The police saw the dogs at large and then they "saw" the owners. The owners will "see" the magistrate on Wednesday.

On account of heavy weather the R.A.F. gave German-occupied territory somewhat of a rest on Saturday night, but yesterday, daylight bombing did great damage to the industrial sections of Germany. Last night again many large fires and great damage followed a visit by the R.A.F. to Hamburg and Bremen.

Victy has severed diplomatic relations with the Soviet.

In the eastern theatre of war the battle appears to be going well for the British and their allies.

## Kiwanis Carnival Again Pleasing and Successful

Mrs. Ansara Lucky Winner of the Handsome Peterborough Canoe. Big Crowds Enjoy Happy Event on Thursday and Saturday Evenings.

The Kiwanis Carnival last week proved a pleasing and happy success. Thursday night there was a big crowd and the event went over with even more than the usual enthusiasm. There were games and bingo and street dancing and other features all well patronized. Friday evening the rain stopped the carnival, but it was proceeded with on Saturday evening with a particularly large crowd. Saturday's crowd enjoyed the occasion to the full and there was reluctance to leave the happy scene.

The lucky winner of the handsome Peterborough launch was Mrs. Mary Ansara.

The Kiwanis have not yet totalled all expenses so do not know exactly what was netted, but they expect about as good as last year. In any event they are very thankful for the public support given.

The proceeds are for the child welfare and social work of the Kiwanis.

## Two Calls for Timmins Firemen During Week-end

The Timmins Fire Department were called out twice during the week-end. On Saturday, June 28th at 6:29 p.m. the firemen were called to 64 Balsam street south, and although the basement was filled with smoke, there was no damage caused either to the house or to its furnishings. F. Villeneuve is the occupant.

A cigarette butt set a chestnut chair on fire at the home of Mr. A. Goulett, 8 Main avenue, Sunday, June 29th, at 9:51 p.m. The damage is estimated at \$35.
