

### Report Sudbury as Having Regular Gangster Business

#### Police Investigating "Protection" Racket, Following Fight.

According to reports from Sudbury that district has groups of regular gangsters of the Capone type with "protection," "pay-offs," violence and all the other evils of the disreputable gangster kind. There is no place for anything of the sort in Canada. There should not be the slightest tolerance for it. There was some tolerance years ago in North Bay and murder resulted. The same thing happened in Cochrane. The time to stamp out any of the gangster stuff is before it gets a hold.

Here is The Sudbury Star's reference to the matter:

#### Capone Rule

Rumors of a "strong arm protection gang" which selects as its victims those persons who operate well-known resorts and bootlegging establishments in the Sudbury district are setting in city circles today.

In their protection racket activities the group concerned seems to have kept well under cover so far they have kept their operations from official circles. But police are keeping a close watch on the situation, and threaten to clamp down on the offenders if they continue their work.

Ignorant of the fact they were watching a flareup of these underworld activities, residents of the city watched for the brief few seconds it lasted, a fight Saturday night at the corner of Elm and Ligar streets.

The four principals were members of rival gangs, one organized to take a rakeoff from district establishments, the other to protect certain resorts from threatened violence.

The protection organization approaches the owners of the establishments, and warns them to expect trouble in the immediate future. They offer to stop the group which threatens to wreck the place, if certain sums of money are paid to them.

It is all done in the approved gangster style, and if the payoff is not forthcoming, the gang then proceeds to start a fight with the result that the police are called in.

During the week-end a group invaded an establishment on the Burwash road, and began to start trouble. During the fight, one man, said to be the "bartender" in the place, received a severe beating-up. While provincial police were called to the scene, no charges have been laid yet pending a full investigation.

While slot machines are banned in the province, a few of them are still in operation in the neighborhood of Sudbury.

The protection gang has gone to work here, too, threatening destruction of the machines if "protection" is not bought from them.

Two of the youths who are supposed to be involved are already well known to city and provincial police. So far they have been able to operate without coming under police surveillance.

They made their getaway from the

scene of the fight Saturday night before police arrived. However, they received some of their own medicine because they were seen later, one with a bandaged hand, the other with a patch over his eye. It is understood that another of the participants in the battle had to have a doctor's attention for his injuries.

When questioned all of them had excuses for their cuts and bruises and none knew anything of a fight.

It is believed the racket has been going on for some time. There have been other reports of fights at district establishments, one where a group took a slot machine away from the premises. It was afterwards recovered by the operator, who organized his own group to go after the men who had taken his machine.

### Timmins Police Arrest a Woman Wanted in Toronto

#### Woman is Arrested After Timmins Police Investigate Case. Toronto Escort Expected To-day.

Timmins police yesterday picked up a woman giving her name as Helen Terhune for the Toronto Police Department and are keeping her in jail here awaiting an escort from Toronto. The woman is charged by the Toronto police with fraud.

The woman was arrested after an extensive investigation by the Timmins police who secured samples of the woman's handwriting and forwarded them to Toronto. Police here also had photographs of the woman, as she had been convicted here some time ago on a charge of drunk driving. These were also forwarded to the Toronto police to clinch the identification.

Yesterday morning the Timmins police received a wire from Toronto asking them to arrest the woman for them and immediately two of the constables left to take her into custody.

A Toronto police escort is expected to arrive in Timmins today to take charge of their prisoner.

### Toronto Exhibition Helps Conservation of Gasoline

The Canadian National Exhibition this week cancelled all motor boat racing at this year's show, as a move to join in the gasoline conservation effort being conducted by Canadians at the present time. Elwood Hughes, General Manager of the C.N.E. in his statement said:

"Due to the national emergency with regard to the conservation of gasoline the Canadian National Exhibition today decided to abandon entirely its program of motor-boat races. Racing motorboats require an inordinate amount of high-quality gasoline. Most of the outstanding racing enthusiasts of the United States and Canada had entered their craft in the various classes provided for in the Exhibition's program. The entries represented more and better boats than have ever been seen at this old-established regatta.

"The management, actuated by the desire to assist in alleviating the present "gas" situation, has today notified all entrants of the cancellation of the events. It is significant that some of the racing men already have approved the action of the C.N.E. authorities. Its entire program is attuned, as far as possible, to the war effort, and if further curtailment be in the interest of the cause the management will not hesitate to resort to additional retrenchment.

### Timmins Man Faces Serious Charge in Next Week's Court

#### Is Booked on Charge of Indecent Assault on Tuesday Night.

Timmins police charged only one man on Tuesday night but the one man is booked on a rather serious charge. Following a complaint to the constable that was on the beat a man was picked up by the officer and charged with indecent assault on a woman.

Police say that the man is of foreign birth and is not naturalized. He will appear in court next Tuesday afternoon. According to the police, the man approached the Timmins girl and patted her on the thigh. At the same time he used insulting language to her and she found the policeman on the beat and notified him. The policeman then went out and arrested the man and placed him in the cells.

Police say that there are several witnesses to the offence and they can be called to give evidence.

### Bank Manager Dies From Burns When Fire Destroys Home

#### First Fire in Noranda With Fatality.

Noranda, July 30—Clifford A. Reid, manager of the Royal Bank of Canada here came to his death in the early hours of Sunday morning, when fire from an unknown cause completely destroyed his home, 205 Tremay Road. Very little can be ascertained of the actual details of the tragedy, as Mr. Reid was alone in the house.

At about 5:30 the next door neighbours were aroused by cries of help and the sound of breaking glass. Mr. Reid had broken a window in the upper rear of the house and had jumped some 15 feet to the lawn below and was racing round the garden with his night clothes in flames. Examination, later of the fence round the back garden showed in places blood and particles of flesh.

The aroused neighbours at once went to his rescue, rolled him in blankets and rushed him to the hospital, where his death occurred five hours later. The fire brigade was called and arrived just after Mr. Reid had been removed.

It would appear that the fire had started in the living room and that Mr. Reid when awakened had attempted to go down stairs but had been unable to do so, and had then escaped by the bedroom window.

Mr. Reid had been in Noranda but ten days. He had been appointed to succeed Gordon Hendry, who has been manager of the Noranda branch of the Royal Bank of Canada for several years. Mr. Reid came here from Sault Ste. Marie, where he had been manager of the Steelton branch for the past five years, and prior to that he had been accountant. He had made his home in the Sault for the last 10 years. He is about 40 years of age. At the present time his wife and their two children are holidaying at Mrs. Reid's home in Windsor, Ont. They were to have joined Mr. Reid the beginning of September, after he had spent his annual vacation with them in Windsor. Mrs. Reid has been notified of the tragedy and is expected to arrive here.

Nothing is known of Mr. Reid's movements on the eve of the tragedy except that he was playing golf on the Saturday afternoon, up until about seven o'clock.

The house on Tremay Road and all the household furniture are a total loss. The house, which was modern in every respect, was built about three years ago for H. K. Morrison, chief engineer for the C.N. Railway when the new spur was being built from Noranda to Senneville. When Mr. Morrison left for Montreal he sold the place to Ed. Lapointe, manager for Hill-Clark-Francis. This is the first time that there has been a fire in Noranda in which there has been a casualty, though there have been several such in the twin town of Rouyn. The body is at the MacCoux undertaking establishment.

### Two Speakers at the Lions Club Meeting This Week

#### Captain Geo. Neame and Doctor Lane of Timmins Board of Health are the Speakers

The next regular meeting of the Timmins Lions Club will be held next Tuesday evening because Monday is a holiday and most of the members will be out of town.

At Monday night's meeting there was a long list of guests, much longer than at any meeting for some time. President Alex Allen was the chairman for the meeting that heard two interesting speakers.

Guests for the evening meeting were: Captain Geo. Neame, Austin Neame, Ed Copps, Al Pace, from the North Bay Lions Club, L. C. Smith, J. Meehan, Councillor J. W. Spooner and J. J. Evans.

Captain George Neame, one of the guests, spoke shortly on his work. Captain Neame was associated with the British Timber Board and in his short talk, he told how he had to inspect all timber that was in any military work. Captain Neame is now a member of the Canadian Timber Control Board. Captain Neame was thanked by Lion Ted Byck for his fine talk.

The chief speaker for the evening was Dr. Graham Lane, a member of the Lions Club. Dr. Lane, who is the Medical Health Officer in Timmins, gave an outline of his various duties in connection with the local Board of Health. He told of the set-up of the board and the duties of each person connected with the board in an interesting way. At the conclusion of his talk he was thanked by Lion Percy Doyle.

Among the business questions discussed at the meeting was the question of transporting the Timmins Boy Scouts to their Camp on August 4th to 10th. The Lions decided that they will find some way to transport them there.

A short discussion on the next meeting night then followed and it was decided to hold the next meeting on Tuesday night instead of Monday night. Some members said that they would be out of town on Monday and might not be back in time for the meeting.

### Expect Regulations On Gas for Boating Within Short Time

#### Sale of Gasoline in Cans Is Prohibited.

Special consideration will be given the problem created by the motor boat and its gasoline supply, and a statement on this will be issued within a few days, said G. R. Cottrell, oil controller, who has announced several new regulations and clarified, to some extent, some of the existing regulations.

He said he was disappointed in the response so far by owners of motor boats, although he was pleased with the co-operation of the motoring public in reducing consumption substantially.

He announced that the sale of gasoline in cans was prohibited forthwith, which will come as a shock to those who purchased safety containers at other stores in Toronto and at other centres in such numbers that many stores were sold out.

How this will be reconciled with motor-boat operation is not clear. Transportation of gasoline in some form of can or other is generally necessary for motor boats. Only on the larger lakes are there dockside gasoline pumps.

The sale of gasoline and oil for private passenger cars is restricted to a strictly cash basis. This goes into effect at the end of July.

Selected service stations will be allowed to remain open on Sundays in a few districts to serve trucking companies engaged in long-haul freight for companies doing war work. It was stated in authoritative quarters.

Licensed taxicab operators are declared exempt from the restriction against selling gasoline and oil on credit.

Police officers in the performance of their duties will be permitted to purchase gasoline and oil between the hours of 7 p.m. and 7 a.m. during the week and on Sundays. But what arrangements may be made for getting the supply from closed stations has not been made clear.

Miss Ruby Turcotte, of Kirkland Lake, is spending a few days at her home here.

Mr. Ero Niemi, formerly of Timmins but now of Toronto, is spending the week at his home here.

Mr. and Mrs. J. T. Easton, of 76 Maple street south, announce the engagement of their only daughter, Margaret Mae, to Mr. William C. Shields, son of Mr. and Mrs. A. Shields, of 112 Hemlock street, the marriage to take place at the Timmins United Church at 2:30 o'clock on the afternoon of Saturday, August 23rd.

Mr. and Mrs. John Peters will arrive here this week-end to spend part of their wedding trip visiting Mr. and Mrs. E. H. King at their cottage at Bayside Beach. Mr. Peters, who is in the Royal Canadian Navy, is a brother of Mrs. King, and the couple were married in Toronto on Saturday. The bride is the former Doreen Cattermole, but he isn't that slick.

### With Light Afternoon Snacks

Milk helps you solve the problem of how to satisfy between-meal appetites. In summer children and adults need additional food energy yet do not feel like eating big meals, so the best thing to do is to have an extra bottle or so of milk around the house. It is always refreshing and you can't drink too much of it.
