

FIGHT FIRE

NEXT WEEK IS
FIRE PREVENTION WEEK

You Can Do Your Part To Prevent Fire

Since time began, fire has been a constant source of comfort—and disaster. It has protected us from the cold—and it has put us out in the cold. It is a helpful thing—and it is a dangerous thing. The lesson National Fire Prevention Week strives to put across is one of respecting fire's ability to destroy. The amount of damage done by fire each year is tremendous. If fire worked only as our friend, hundreds of lives would not be lost and untold misery would be obliterated. But fire respects no laws! During National Fire Prevention Week do your part to wipe out fires by preventing them. Don't take chances. Don't do cleaning with dangerous fluids. Don't attempt amateur electrical work. See to it that your home is not a fire-trap. Join in the drive against fire.

Timmins Young Man Loses Arm in Mine Accident Yesterday

Paul Joliceur, 29 Laurier avenue, Timmins was seriously injured at the Coniaurum Mine yesterday morning when his arm became entangled in the conveyor belt where he was working. The arm was pulled right out of the shoulder before the belt was stopped by the mill shift boss who was nearby and heard the screams of the unfortunate man.

Joliceur had been engaged in cleaning the floor near the conveyor and apparently at the time the accident happened he was cleaning under the belt. The conveyor belt was well guarded and it is hard to understand how the man's arm became entangled with the belt. Joliceur was an operator's helper and at the time of the accident both the shift boss and the operator were not far away. When they heard the man's screams they immediately shut off the power switch that runs the belt but the damage had been done. The belt stopped in about two feet after taking off the man's arm.

No blame has been attached to anyone because no person seems to know just how the accident happened. Even the unfortunate accident victim can shed no light on the details. He says that he just remembers everything going black and can supply no information about the accident.

Timmins Council Will Meet This Afternoon

The regular meeting of the Timmins council will be held this afternoon at three-thirty. The meeting was originally scheduled for yesterday afternoon but yesterday the Timmins council attended the meeting of the Northern Mining Municipalities at Whitney.

Advance Now in Lead After Bad Bowling Start

The Advance bowling team fought their way to the top of the Commercial Bowling league after a shaky start last week. This week they cleaned the slate against Gambles and are now leading the league by a single point. Behind them are bunched Power and T. & N. O., while Gambles are one point to the rear. The Advance beat Gambles for three points to take the lead and the T. & N. O. took a pair of points from Power to get into second place.

Results of the games this week were:

	T.	N.	O.
Totals	892	911	1104
Power	835	1050	2791
Gambles	936	918	940
Advance	1043	1077	1027

Fourteen Timmins Men Leave for the Army Last Week

In the past week fourteen men have left Timmins to join the Canadian Active Army. The officials in charge of the recruiting in Timmins have been very active this week and a large number of recruits have been interviewed. Two of the men who left this week took advantage of the Army's offer to take men between the ages of eighteen and nineteen and give them special trade school training before sending them overseas. The two men who left for the Trade School in Toronto were Rupert Fox and Omer Swain. They left Timmins on Sunday evening.

Four more men were recruited this week for the first battalion of the Algonquin Regiment as the recruiting for the North's finest regiment is being stepped up. There are still a large number of vacancies in the Algonquins for recruits. The ranks of the Algonquins have been depleted because of transfers to other branches of the army when it was found that most of the men in the first battalion were good tradesmen. The men who left on Tuesday for the Algonquins at Camp Shilo were: Mervin Miller, Armand Rochefort, Felix Sheculski and Edward Quiack.

The Veterans' Guard of Canada were sent one man from Timmins in the past week. He was Mark John Hogan. He will be stationed on guard duty

somewhere in Canada. Seven men left for Toronto where they will be attached to different army units. Most of the men will be attached to the Ordnance Corps. They were: Vic McClure, W. H. Staples, H. R. Chenoweth, B. Lofgren, A. J. Jones and Allen Tubman who left on Tuesday afternoon and Theodore Lachapelle who left on Thursday afternoon of last week.

Medical boards are still held at the Armouries every Monday, Wednesday and Friday mornings at nine o'clock. Any recruit wanting to join any part of the army will be interviewed and put through a medical board on the same day. The recruit can leave for his post the next day or can wait for a few days till he is prepared to leave.

Truck Crashes Into Centre Pillar of T. & N. O. Subway

Last night about eleven o'clock there was a bad accident at the T. & N. O. subway when a truck smashed into the centre pillar of the subway. No person was hurt in the accident but the truck was badly damaged. The centre of the front end of the truck rammed into the pillar and as a result the axle of the truck was badly damaged and the right front fender was completely smashed off.

The driver of the Ontario Forestry Department truck that was in the accident was Edmond Jaubert, 139 Third avenue, Cochrane, and he is now facing a charge of being drunk in charge of a car. Mr. Jaubert is deputy-chief fire ranger at Cochrane, and another passenger in the car, Harvey J. Hurtubise, also of Cochrane is facing a charge of being drunk. The car was towed to a garage and the two men

Timmins Lions Hear Interesting Talk on Japan's War Policy

H. R. Rowe, of Timmins, a student of the far eastern situation, was the guest speaker at the regular meeting of the Timmins Lions Club at their regular weekly meeting in the Empire Hotel on Monday night of this week. His talk on the policy of Japan was one of the most interesting and timely talks that the Lions have heard for some time.

Mr. Rowe said that Japan is prepared to wait for the next fifty years to get what she wants unless she is stopped now. Her long-range expansion policy shows that she means business, the speaker said. The development of Japanese air power has made every one of the 3,000 insignificant inlets scattered about the southern Pacific into a fleet of anchored aircraft carriers. Every one of these small islands have been extensively developed by the Japs.

Mr. Rowe said that at the present time Japan is "out on a limb" and it was possible for the United States, Britain or China to "saw off that limb and

Funeral Services on Tuesday for J. Danylychuk

Funeral services were held on Tuesday, September 30th, at Walker's Funeral Home for the late Mr. John Danylychuk, who passed away at one of McClesney's camps along the Mattagami river on Saturday, September 27th. Interment was made in Timmins cemetery.

The late Mr. Danylychuk, born in Austria of Ukrainian parentage, was forty-seven years old, and had been resident in this district for about thirty years. When in town he made his home at 257 Maple street north, although he had no relatives in the district.

Sudbury Star:—Turkey has been giving a fine exhibition of sitting on the fence, and a large number of other nations in Europe used to be sure they could do the same thing. Today they have no fence on which to sit.

ultimately help Japan descend from her precarious perch." The speaker was introduced by Lion Alex Allen and thanked by Lion Carl Mitchell. Lion Allen reported to the Lions that soon the Lions will be holding regular bingo nights in their hall located at the corner of Mountjoy street and Second avenue.

Lion Chenier reported on the success of the dance that the Lions held at Riverside Pavilion last week and said that it was the most successful that the Lions have held yet.
