Timmins, Ont., Thursday, Oct. 30th, 1941

MURDER BY WHOLESALE

The traditional near sighted man who could no see the forest for the trees appears to have his counterpart to-day in governments who cannot see the soldiers for all the uniforms. Boasts are being made about Canada's great war effort, yet consideration seems to be small for the people of the fighting forces. Members of all the many parliaments of the Dominion have free passes or the railways, while the soldier in uniform has to beg, steal or borrow a ride to get home on leave. Perhaps, the government is unable to see all the soldiers lined up at the crossroads attempting to "thumb" rides, while government favourites travel free in luxury on the trains. The latest example of where the government cannot see the soldiers for the war is the attempt to stabilize wages and prices at present levels in the interests of the peo. ple at large. Civil servants and common em. ployees of private concerns have been assessed a "cost of living" bonus, which is in effect a raise in wages given in such a way that prices are not allowed to rise and take away the benefit of the increase in pay. The "freezing" of wages and prices is boldly announced as a protection and help to the people at large assuring all of as fair a living at the law may allow. It is an odd fact that in this special professed thought for the com_ mon people, one section of the said common people should be completely forgotten. This section is the group of thousands of wives and children and other dependents of soldiers on active service. To freeze prices and wages at present levels and leave soldiers' allowances for dependents at the old standards seems to be the rankest form of dis_i crimination.

Timmins Branch No. 88 of the Canadian Legion and every brutality of to_day. did well indeed to call attention to the injustice in the resolution passed at the meeting of the branch on Monday. For months past it has been very evident that the allowance for dependents of soldiers has been deplorably inadequate. Timmins to the plan of Mr. Lawrence Isaacs, of Toronto, to persons who were found in the house called attention to this fact, quoting actual cases | raids. Mr. Isaacs in a brief address to the Tim- | torney advised the magistrate that he to prove the point. Had there been no freezing mins Kiwanis Club suggested that tea bags be sent of wages and prices the inadequacy of the allow. overseas in increasing numbers each month. For rank injustice to the families of the men who are gathering from 25,000 to 30,000 tea bags per month. believe some of the witnesses for the risking all for the safety and the comfort of those He is very desirous of augmenting this amount remaining at home. To grant civil servants a The plan has many special features of interest ple to ordinary employees in other lines—and to British people will find in tea. As Mr. Isaacs indineglect to do as much for the families of soldiers cates, the cup of tea is of particular value to is to display discrimination so rank as to be un- those in air raid shelters. To British people the worthy of any civilized country.

diers and their dependents. The Legion has pro- This tea bag plan is a new one, and one that should for sale, one was charged with illegal of this war and for the dependents of these good be an extra. All who can afford to do so should soldiers. The suggestion of the Legion is that the spare the odd dollar to help along the tea bag plan principle of the "cost of living" bonus be applied to the allowances for soldiers' families. This seems only fair. The families of soldiers have found the cost of living just as serious an economical problem as it has proved to be to civil servants and during a recent visit of Mussolini to Hitler, the at the police station. A quantity of other employees. There should be very general support of the Legion in this move. It might be bathroom rumbling and grumbling to himself. a good thing for private individuals to support the work of the Legion by writing members of parliament and Ministers of the Crown in the matter. Indeed, it might be well for the public in general Adolph replied in irritation. to show such an interest that the government will feel compelled to do something. Either the families of soldiers on active service should receive the cost of living bonus, or there should be such an adjustment of the allowances for soldiers' de_ been a typographical error. Some of those typopendents that these worthy people should receive at least sufficient to prevent the "freezing" of soldiers' families, as well as of prices and wages.

FAIR PLAY FOR SOLDIERS

Two Germans were recently shot in occupied France. In retaliation for this the Nazis deliberately murdered one hundred innocent Frenchmen and planned for the killing of another fifty. Common sense and decency, as well as interna. tional law and fair play, class as deliberate murder the killing of innocent people for crimes i which they had no concern. Records should be kept of all these murders and it should be an essential part of the peace terms that those in any way responsible for these callous murders should be fully punished. At the present time it would appear unthinkable that Hitler and his fellow gangsters should go unpunished after all their crimes. Experience in the past suggests, however, that there is such a danger. It is one of the reasons why time after time the world is cursed with recurring slaughter of the innocent. Napoleon (who, however, was a gentleman and a kindly fellow compared to the brutes of to-day) lived to die a natural death, if the Irishism may be permitted. Kaiser Wilhelm was not hanged publicly Keep your hearts proud and your resolve unshakas officially promised by Premier Lloyd George, en. Let us go forward to that task as one man, He had paid her a dollar and a quarter men mentioned at the start of the

ral causes brought his unnatural life to a close. with God's help we shall not fail." The same mistake should not be made after this execution.

Not only should Hitler, Mussolini, and their chief stooges suffer undignified death for their foul crimes, but there should also be the death penalty for hosts of others in less important positions in "V's" the ranks of the enemy. Death is much too good for any of them, yet none of them should be allowed to escape the just reward for their heart- as "Education Week," the purpose being to direct action, red, tape, and, perhaps, politics, retarding lessness and wanton cruelty. It would be well if the civilized world should make it very plain now that savagery and senseless crime will not be permitted to pass unnoticed and unpunished. The progress of the war should not be permitted to Made in Charges obscure the fact that civilized countries will not tolerate wholesale murder and rapine. If all the gangsters knew for a surety that retribution will be exacted at any cost for the murder of the inno still there when the police entered. cent, there would be some hesitation in the brutality of the blackguards for all gangsters are at heart contemptible cowards and cravens.

There are three main reasons for the present Nazi brutality in occupied France. First the Nazis are frantic with fear and rage because they are not clever enough to protect themselves against the Frenchmen who are still free in soul. Second, wholesale murder is agreeable in itself to their sadistic souls. Third, they hope, by wholesale she admitted that she had served the murder to terrorize the people of occupied France beer to the men but said that she had to some measure of subservience to the Nazi yoke.

There is considerable evidence to suggest that that he had gone fishing with the men the people of occupied France have become so desperate from hunger, privation, oppression and brutal slavery that no form of frightfulness can long hold them in terror.

It might be well to pay as little attention as possible to the wholesale murders at present in occupied France. These have no immediate bear_ ing on the war. The wholesale murders, however should not be forgotten, and at the war's end there should be adequate punishment for each

TEA FOR BOMB VICTIMS

Three Convictions Under Liquor Act

(Continued from Page One)

A roomer at the house said that he had staved at the house for the past ten years and he knew the man as Mr. Pecile. He said that one of the men who had been found in the house had called to see him.

Miss Morrison said that she had been working for Forovante for twenty-two months and that on the Saturday night before the police visited she had been instructed to cook a chicken to make some chicken spagnetti the next day. not charged them for it.

Forovante took the stand and said the week before and had invited them to his home for dinner. They had called about ten-thirty and he had left instruction to give them some beer and to wake him up about noon. He denied that he had ever sold beer.

Defence counsel argued that the crown had a very weak case against either of the accused persons on keeping for sale and asked that the case be dismissed. All of the witnesses had been in the house at the time of the raid and they had all offered reasonable excuses for their presence there. Every one of them denied that they had paid for any of the beer.

The crown argued that they had a strong case against the two persons The defence had called five of the six and had not called the sixth one for some unknown reason. The crown athad no other course to take, if he doubted the testimony of the witnesses, than to convict.

The magis rate said that he didn't defence and added that it was a shame for a man to employ a seventeen-yearold girl and let her sell his beer for him. He said that he was going to withdraw the charge against the girl but would convict the man and passed sentence of three months. The house was also declared public for a year.

Another case that was laid under the Liquor Control Act was a series of charges against three persons. All three were charged with keeping beer with permitting drunkenness Charges against two of the accused were withdrawn and the charge against one of accused of permitting drunkenness drew a fine of fifty dollars and

Sergeant Gariepy related the story of how the police had raided the premises at 161 Cedar street north, on Sunday October 19th, about two o'clock in the morning, after receiving a complaint been was found in the house and ownership of the beer was claimed by Charlotte Perkins, the housekeeper Two of the men on the party were others were all "feeling good." The woman had told the sergeant of a man coming to the house and giving her some money to pay for a case of beer

At the conclusion of the constable's evidence the magistrate dismissed the charges against the other two defendants because they weren't tled up in the case in any way. However he proceeded with the charge against the

The woman took the stand in her own defence and said that on the Saturday night she had toured a number of legal beverage rooms and was celebrating the return to Timmins of her brother whom she had not seen for guests but they had taken it themselves. When she admitted that she knew that they had taken the beer

Mrs. Simone Duchesne, of Riverside Drive, across the river in Mountjoy beer, according to a verdict reached by the magistrate. Two young fellows and Constable Fulton, of the Ontario mins, were the only witnesses called by the crown, but their evidence was

conclusive enough to convict. One young fellow about seventeen years old said that he had gone to the small store operated by Mrs. Duchesne across the second bridge, and had purbeen sent there by his mother to get a case of beer but the woman said she could only let him have five bottles.

for the beer, he said. When he reach- article were convicted and fined ten ed the road with the five bottles in a dollars and costs. other young fellow who accompanied him on his shopping expedition.

Constable Fulton said that he and Constable Stromberg and Constable Lynch had encountered the young men on the road about two o'clock in the morning. One of them was carrying a bag and in the bag they found the given a week's remand. beer. They brought the young fellows back to the store and confronted the woman who ran the store. In the back | possession of beer. Russell Mowbray of the store they located a part case | pleaded guilty to a charge of having of beer. In the case there were fifteen | beer in a public place and paid full bottles and three empty bottles. Six bottles were missing from the case.

Mrs. Duchesne said she had closed the store on the Saturday wight about ten o'clock and had gone for a walk. About twelve o'clock she had returned and gone to bed. She denied that she had sold the beer to the boys and explained the missing bottles in the case by saving that she had filled a "Pepsi-Cola" case with the five empty bottles so that she could return it. The bottles of both cases were the same, she

Defence Counsel S. C. Platus contended that the magistrate should take the word of Mrs. Duchesne over that of the two boys, because they weren' of the best character when they roamed around trying to buy beer at two o'clock in the morning.

The crown attorney suggested that the charge should be changed to one of selling beer because that was what the evidence pointed to and a conviction should be registered.

Magistrate Atkinson agreed with the crown attorney that the charge should be changed and he said that he would change it and registered a conviction He cut the sentence to a minimum though, as he understood that the woman was living alone, her husband being in the army.

Careless Drivers Are Rapped Hard in Police Court

Five Out of Six Convicted One Ran His Car Over Boulevard on Highway

careless driving in police court on Tuesday afternoon and after Magistrate Atkinson had reviewed the evidence he convicted both men and gave them a fresh start. The two charges developed from the same accident.

The accident occurred at the corner of Elm street and First avenue on Wednesday, October 22nd. During the taking of the evidence in both cases it was brought out that the cars had met at the centre of the intersection and after the crash, a truck that was involved was turned over and was heading into the opposite direction. Both drivers claimed that they were in the intersection first but Magistrate Atkinson was unable to determine which of the drivers was in the right. Two independent witnesses who were working a short distance from the place where the accident took place said that the Tessier car was in the wrong. One witness who was riding in the Tessier car, said that as far as he knew the Tessier car had reached the intersection first because he hadn't noticed any other car when they started to cross the street.

Constable Victor Belanger said that he had investigated the accident and had called Constable Archambeault to take some pictures of the two cars after the crash. He identified the pictures in court and also identified and explained a sketch that he had made while at the scene.

When Tessier took the stand he swore that the other car was not in sight when he started to cross the intersection and during his evidence the Magistrate decided to make the conviction He fined both men ten dollars and

Two men paid fines of a dollar and costs on charges laid under the Highway Traffic Act. They are alleged to have parked their cars wrong. One man paid a fine of five dollars and costs on a charge of going through a red light.

Real Pilon, charged with overloading his truck, paid a fine of ten dollars and costs. He pleaded guilty to the charge. Real Richer had not received his summons to appear in court and a charge of negligent driving against him was remanded for a week. He is alleged to have been driving a car with four persons in the front seat.

Altogether six persons were facing charges of careless driving and all but one of them were convicted. The two

Rev. W. R. Slade Honoured on Leaving Noranda Camp The Rouyn-Noranda Press last week

had the following reference to the leaving of Rev. W. R. Slade;-"Last week the members and friends farewell with much regret to their highly esteemed pastor, Rev. W.
