

To Continue Study of Figure Skating at Schumacher

Talented Young Lady from St. Mary's to Attend the Schumacher High School.

It is understood that several of the pupils of Miss Madge Austin, the new professional in skating at the McIntyre Arena, have planned to come to Schumacher to continue their skating lessons. This is an indication of the standing of Miss Austin as a teacher of skating. Reference to one of these pupils is made by The St. Mary's Journal-Argus in its last issue, as follows:—

Young St. Mary's Champion Going to Schumacher
Mary Kirstine, 14 year old daughter of Mr. and Mrs. Graeme Kirstine, who has already made a name for herself in

figure-skating, is to continue her figure skating studies at Schumacher this winter under her teacher, Miss Madge Austin, who lately left Stratford to take the position of professional of the Porcupine Club at Schumacher. The club is a community affair somewhat after the style of the Maple Leaf Gardens at Toronto, having been built at a cost of a half million dollars. Mary will attend Schumacher Collegiate while continuing her training also on the steel blades.

Mary was the first skater in Western Ontario to win the new Canadian fourth class tests in Montreal last December. She won her third class tests at Kitchener summer school this year and under the direction of Miss Austin will try for her silver medal in the coming season. She won the Western Ontario junior ladies' championship last year.

Mr. and Mrs. Kirstine accompanied their daughter on the trip to Schumacher, leaving here yesterday morning.

The Sorenson car was about eight feet from the curb when it was struck. Suggestions on How to Plan a Buffet Supper to Take Care of Forty

Domestic Science Expert Answers Questions by Reader. Menu Might Include Baked Ham, Fresh Tongue, Scalloped Oysters and Apple Turnover. Some Recipes.

A reader is planning a buffet supper for forty. The central note will be furnished by baked ham and tongue. With ham, I suggest that you use the fresh rather than the smoked tongue. The hostess asks for suggestions as to what hot dish might be served with the cold meat. The first which comes to mind at this time of year is scalloped oysters. Then there is that standard dish, scalloped potatoes, which may be replaced by potatoes with cheese sauce or with sweet potatoes mashed with pineapple.

Preparations for these dishes may be made in advance, placed in casserole, reheated and allowed to brown in the oven when you are ready to serve them. If you wish to serve another vegetable, choose one which can be prepared on top of the stove as your oven will be packed to capacity when you are serving forty. Eggplant with tomatoes, string beans with celery, or peas in cream are all suitable choices.

When you are serving such a large number preparations for dessert must be made ahead. Pumpkin tarts or apple turnovers might be served, or you may like to serve mixed sliced fruit tied together with brandy or rum and garnished with meringue shells. If the dessert is served individually the fruit may be placed on small sponge cakes or squares of angel food. Whipped cream may be passed if you like.

Eggplant Turkish Style
1/2 cup salad oil
1 clove garlic, peeled
1/2 cup sliced onions
1/4 cup minced green pepper
1 medium-sized eggplant, pared and diced.
2 cups canned tomatoes or chopped fresh tomatoes.
1 teaspoon salt.
Heat salad oil in heavy frying pan and saute garlic three minutes. Remove garlic. Add onions, green pepper, and eggplant and cook three minutes. Add tomatoes. (If fresh, peel and chop). Add salt, and cook slowly over low fire until eggplant is tender, about twenty minutes. Add more salt if necessary. Yield, six servings.

Note—Bacon fat may replace salad oil. If desired, add one cup diced cooked meat with the tomatoes.

Meringues
3 egg whites
3/4 cup sugar
Dash of salt
1/2 teaspoon vanilla extract
Beat the egg whites until stiff and dry. Beat in gradually one-half cup sugar and the salt. Fold in remaining sugar and vanilla extract. Drop meringues by tablespoonsful on ungreased baking sheet, piling mixture high in centre. Bake in slow oven (275 degrees Fahrenheit) about forty to forty-five minutes, until meringues are dry on the surface and will slip off the sheet easily. Remove from sheet with wet knife. If meringues are to be served with ice cream, press in bottom crusts. Yield, ten medium-sized or eighteen small meringues or kisses. (Released by The Bell Syndicate, Inc.)
