

Magistrate Estreats Lady's Bail When He Hears That She is Drunk Again

Edward Journeau Faces Charge of Supplying Liquor to Interdicted Person and Puts Up Bail for Her. Is Now Out \$50.00 and Still Faces Charge. Other Cases at Tuesday's Court.

Edward Journeau, an elderly man living on Wilson avenue, found himself in plenty of trouble at this week's regular police court. He was facing a charge of supplying liquor to an interdicted person and was fortunate enough to be granted a remand on that charge. His solicitor, Mr. J. E. Lacourciere, asked for the remand and it was granted. Mr. Lacourciere then asked for a remand in the case of Arnelin Chenier, the interdicted person, as he understood that she was sick and was unable to attend the court. He was not appearing for her but he felt she was an important witness in the other case.

Magistrate Atkinson asked the solicitor if he had a doctor's certificate but the attorney answered that he did not. The magistrate then asked how long the woman had been sick and he was told that she had been to the police station the night before but had taken sick after that. The court clerk then gave the information that the woman had appeared the night before but that she had been very drunk at that time. The magistrate then issued a bench warrant for the woman's arrest and estreated the fifty dollars bail that had been put up. That was where the sting came as far as Journeau was concerned because he was the man who had put up the bail for the woman and he was out fifty dollars before his case was even heard.

The court session was a very short one with most of the defendants pleading guilty or asking for remands. Most serious of the charges on the list were seven charges of breaking, entering and theft against Walter Bednis and Leo Rinfret, two youths just out of the juvenile limit. They pleaded guilty to the charges and one of the youths, Leo Rinfret, was given a suspended sentence when his mother made a plea for leniency, while Bednis was given eighteen months hard labour.

Detective Ernie Gagnon outlined the cases for the magistrate after the boys had pleaded guilty and told the court that a series of break-ins had occurred in Timmins from March 19th to 24th, during which seven different houses in different parts of the town were entered. He said that the boys had admitted everything to him and had told him that they were anxious to join the navy. One of the boys had no record while the other had several convictions entered on his record sheet.

The first of the break-ins was on March 19 at 209 Balsam street south, the second at 179 Birch street north, on the same day. The next day the home at 257 Cedar street north, was entered and on the 23rd two more houses at 216 and 217 Cedar street south, were entered. The boys admitted entering the homes at 211 Elm street north, and 217 Balsam street north, on the 24th.

The arrest of the pair came on the night of March 25th when it was believed that they were attempting another break-in. Constable Mervyn Craig was patrolling his beat in the southern part of the town and noticed the two boys in front of 102 Elm street

trifling matter. He then sentenced the man to six months at hard labour on each charge with the sentences to run concurrently. Xavier Aube was arrested by the police and charged with being drunk in charge of a car. He pleaded guilty to the charge on Tuesday and the magistrate sentenced him to ten days in jail while he impounded the car for three months and took away the man's driving privileges for six months. Three men were facing charges of disorderly conduct and one of them pleaded guilty before court and paid a fine of ten dollars and costs. Another one asked for a week's adjournment and the third one had the charge withdrawn. One man charged with failing to support his wife and family has since joined the Army and the charge against him was withdrawn. Another man charged with obtaining a meal in a local restaurant and then refusing to pay for it was given a week's remand.

Albert Fraser was given a week's adjournment on a charge of illegal possession of wine while four ordinary drunks paid fines of ten dollars and costs and two second offenders paid fines of fifty dollars and costs. One man paid a fine of ten dollars and costs on a charge of speeding and two more motorists paid fines of a dollar and costs on charges of illegal parking.

Mrs. Finfret asked if she could say something before the boys were sentenced and she asked that the magistrate be lenient with her son as he was supporting her. She said that her husband was dead and that the boy had been working all winter and had only been out of work recently when the firm for which he was working closed down. She also added that she had never had any trouble with the boy and that he was just going out with the wrong company. She said that she was going to try to move to a new section of the town where he would find better friends.

Acting Crown Attorney C. W. Yates had very little comment to make on the matter of the sentences, but said that he was in favour of a suspended sentence for the younger of the youths because of the fact that he had never been in trouble before and had probably learned his lesson. Magistrate Atkinson finally passed sentence and allowed Rinfret to go on suspended sentence if his mother would sign a bond with him to keep the peace for two years, while he sentenced Bednis to eighteen months at hard labour.

Another man who was given a term for theft was Joseph Leduc, who faced three charges of pilfering lockers at the Naybob Mine. He pleaded guilty to two charges involving the total sum of seventy-five cents but pleaded not guilty to a charge of stealing two dollars from another locker. About half-way through the crown's evidence the man decided to plead guilty to this charge as well as the others. He was given six months at hard labour after his counsel had pleaded for leniency.

Leduc was employed as a special police or guard at the mine and had broken into three lockers to steal the amounts of twenty-five cents, fifty cents and two dollars. Constable Jerry Lynch, of the Ontario Provincial Police, said. Constable Lynch said that he had been called to the mine to investigate the thefts and had questioned Leduc. Leduc admitted the thefts to him and signed a statement to that effect at that time. The constable then produced the statement in court, and at that point Leduc decided to alter his plea and said that he was guilty. Defence Counsel, J. A. Cousineau, made a plea for leniency and said that as far as he knew the man had no previous record and that the sums stolen were very small. The man was married, he said, and he had lost his job at the mine. There was little chance of him getting another job at any of the other mines now, he said, and the man had probably learned his lesson. He asked that a suspended sentence be given because it would serve the same purpose as a jail term. Magistrate Atkinson didn't look on it as lightly as that, though, and added that the man was holding a position of trust and had betrayed that trust. He said the man was a special policeman and he could not look on it as a

A. LaPrairie Now in Charge of Whole Northern District

Popular Member of C. I. L. Staff Given Promotion.

Montreal, April 1 — A. LaPrairie, probably one of the best and most widely known "explosives men" in eastern Canadian mining circles, has been appointed District Sales Manager, Ontario and Northern Quebec territory, to succeed the late R. T. Stewart, according to an announcement made here today by the Explosives Division of Canadian Industries Limited.

In addition to his new territorial sales duties, Mr. LaPrairie will continue to act as Contract Manager of his district, a position he has held since 1934, with headquarters in Toronto. It was as local sales manager at Timmins, however, a position he held for fourteen years, that "Lap" as he is known to all and sundry, became so widely known and made so many friends among the mining fraternity. In those days, from 1920 on, Mr. LaPrairie was the sole representative of C-I-L in the north country and while using Timmins as his base he radiated throughout the length and breadth of the north until today "Lap" LaPrairie is a household name in every mining camp.

The late R. T. Stewart, whom Mr. LaPrairie succeeds, was C-I-L's Explosives Division District Sales Manager in Toronto for the past fourteen years and, like his successor, was widely known in mining camps throughout Ontario and Northern Quebec.

Mr. Stewart was born in Glasgow, Scotland, and came to Canada with his family at the age of ten. He started his business career with the Canadian Pacific Railway at North Bay and in 1903 became a Cobalt district salesman for the old Ontario Powder Company. A few years later he was appointed local sales manager for Canadian Explosives Limited and in 1919 was transferred to Sudbury to take charge of the consolidated mining district. When C.I.L. became C-I-L and it was decided to open a district supervisory office in Toronto, Mr. Stewart was placed in charge, a position he held until the time of his death except for a three year period when he served as head of the British Columbia, Yukon, North West Territories and Prairie Provinces District.

Mr. Stewart was a member of the Toronto Engineers Club, the Toronto Board of Trade and the Canadian Institute of Mining and Metallurgy of which he was a past chairman of the Toronto Branch. He had also served as chairman of a number of school boards and Chambers of Commerce in various mining communities and his death will be sincerely mourned by a wide circle of friends in Ontario and Northern Quebec mining circles.
