

Wisner-Dodge Nuptials Solemnized at United Church on Tuesday

Miss Alice Sophia Dodge Becomes Bride of Sergeant-Observer Frank L. S. Wisner. Maid-of-Honour and Five Bridesmaids Attend Bride. Wedding Trip Will Include Visit to Bridegroom's Former Home.

United summer flowers adorned the first United Church on Tuesday afternoon at 5.30 o'clock, when Miss Alice Sophia Dodge, second daughter of Mr. and Mrs. W. E. Dodge, of 56 Tamarack street, became the bride of Sergeant-Observer Frank Leslie Scott Wisner (who recently completed his training at Rivers, Manitoba), son of the late Mr. and Mrs. Herbert Stanley Wisner. The Rev. E. Gilmour Smith officiated. Mr. Herbert C. Trener presided at the organ, while Miss Betsy Dodge, sister of the bride, sang Grieg's "I Love You" during the signing of the register. Given in marriage by Mr. Ronald Vary (in the absence of her father through illness), the bride made a lovely picture in a bridal gown of ivory satin and Brussels lace. A V-neckline, flattered by insets of lace, was fashioned into a fitted, pointed bodice that fell in soft folds into a full skirt. The sleeves were three-quarter length, with rows of fine lace at the cuffs, and she wore a floor-length veil of illusion net, caught in a halo cap of Brussels lace. Her only other adornment was a single strand of pearls, the gift of the groom, and she carried a cluster of gardenias. Miss Betsy Dodge, as her sister's maid-of-honour, was charming in a floor-length frock of pink dotted sheer, fashioned with a simple square neckline, short sleeves, and bustle effect in the skirt below the row of tiny buttons that fell from the neckline to the waist

Dorothy Dodge, sister of the bride, and Mrs. Ronald Vary. They were assisted by the maid-of-honour and bridesmaids. The couple left later in the evening to spend the first part of their wedding trip at the summer home of the bride's parents at Bayside Beach, and later to go on to Toronto and St. Catharines. For travel the bride chose a two-piece black wool suit, with silver fox scarf, and white accessories. Sergeant-Observer and Mrs. Wisner will take up residence at the bridegroom's future station with the R. C. A. F. Among the out-of-town guests were Mr. and Mrs. Harold Wisner, of St. Catharines (brother and sister-in-law of the bridegroom); Miss Margaret Wisner, of Thorold, (sister of the bridegroom); Miss Dorothy Dodge, of Hamilton (sister of the bride); and Mr. and Mrs. R. J. Smith and Miss Edith Smith, of Burlington. The groom's gift to the bride was a strand of pearls; the bride's gift to the groom was a wrist watch; to the groomsmen, a Ronson lighter; to the ushers, pocket knives; and the gifts to the bride's attendants will be chosen at a later date. Prior to her marriage the bride was entertained by Mrs. W. W. White and Mrs. Fred Simpson; Miss Ellen Harkness; Mrs. A. W. Young and Mrs. Geo. Constable. Mines Restricted to Average Output of First of Year

Gold Mines Not Mentioned Specifically.

A despatch from Ottawa this week says that opening of new mines and extension of existing mines has been prohibited, except under permit from Metals Controller G. C. Bateman. The announcement was made by Munitions Minister Howe. He said the step was taken to conserve machinery, and other mine supplies, and to "assure the production of war metals." His statement said the labour shortage has become acute in some fields of mining and that "essential mines must be provided with adequate manpower." Hon. Mr. Howe's announcement did not mention gold mines specifically but its emphasis was on the need for production of war metals. It was reported unofficially last week that the trend would be toward increased output of war metals and the holding down of gold production to not more than the level of the first four months of this year. The new order, issued by the metals controller, and approved by R. C. Berkinshaw, chairman of the Wartime Industries Control Board, provides that, except by permit, "no person may remove, extract, dig or dredge from any mine in his control a greater tonnage of ore than the average monthly tonnage removed during the four months ending April 30, 1942." The order also provides that, except by permit, "no person shall operate any metal mine or carry on any development work in the mine, unless the mine was in production and ores or metals were being marketed commercially on June 30."
