Increased Interest in Timmins Film Society's Activities

Timmins Film Society held its annual general meeting in the town hall last night with a very encouraging turn-out. Mr. Roy Clifton, president, occupied the chair and in the course of his introductory remarks pointed out the increasing importance of the part that documentary films were playing in the pattern of the scheme of things to-day, and he thought it the duty of all to consider this type of film which is intended to influence the modern trend of thought.

The election for the board was as follows:
For two years - S. Kitchen, C. A. Remus, M. McHugh.
For one year - Ken Hulme, Mrs. Helen Clifton.
Mr. J. Thomson read the reports. Three amateur films taken locally were shown and proved of much interest. These films were: "Speckled Trout Fishing," by Ken Hume; "Sylvan Symphony," in colour, by H. J. Lloyd; "Montage," by Film Production Unit of Film Society.

The meeting showed every indication of greater enthusiasm and interest in documentary films locally, and increase in membership is being looked forward to.

The probability of a camera club in conjunction with the Film Society is under consideration.

Business Meeting of Jr. C.W.L. on Wednesday

The Junior Catholic Women's League met on Wednesday evening in the basement of the Church of Nativity, to hold what was originally scheduled to be a social evening, but turned out to be a business meeting. There was a very good attendance.

Work was reported by conveners of various committees.

Mrs. Art. Jennings, the League representative at the Diocesan convention in Iroquois Falls this fall, gave an interesting report on the convention.

An Afghan that the members have been knitting on for quite a while, has finally been completed and was displayed at the meeting. It will be sent within the next couple of weeks to Her Majesty the Queen.

It was decided that for the duration, a National Day of Prayer will be observed throughout Canada on the 1st Sunday in the month by all the Catholic Women's Leagues in Canada. The members of the league must attend the mass in a body.

The sale of war saving stamps was conducted successfully and the \$4.00 war saving certificate was drawn by Mrs. D. Burke, the winner being Mrs. Gies Reynolds.

Lunch was then served by the refreshment committee.

The next monthly meeting will be held on November 11th.

CHEESE PRODUCERS ARE SAVERS

Canadian farmers sending milk to cheese factories are among the most enthusiastic supporters of Canada's War Savings campaign. Under the rural savings plan they authorize deduction of a stated sum from their cheques to be applied to War Savings Certificate purchases. These certificates are registered in the farmers names at Ottawa and sent to the farmers direct. This is one effort of the farmers of Perth. Amounts pledged by more than 300 milk producers in Lanark County, Ontario who are patrons of cheese factories range from one dollar to \$25 a month. In addition to supporting the year-round savings campaign, farmers in this district and throughout Canada are making special efforts to support the Third Victory Loan.

MODERN YOUTH
Pa—What do you children mean, filling you pockes full of crabapples?
Little Johnny—We're just practicing for a commando raid, dad. - Sudbury Star.

Ottawa Journal:—Tim Buck says that for the past two years, while he was "wanted" by the police, he moved about quite freely in Toronto and Montreal and travelled between those two cities. Obviously the authorities were not very anxious to capture him.

Perth Courier:—A sport columnist says big hands are an asset in basketball. They're no liability in poker, either.

St. Mary's Journal-Argus:— Wife (preparing breakfast): "There isn't a slice of bread in the house." Husband (absently): "Never mind, dear; just make some toast."

Sense and Nonsense:—After this war, there will certainly be plenty of sights to see provided any sight-seers are left.

Hilter and Hirohito have Great Plans for Canada

Yes, all Canada's great resources... her minerals, her wheat fields, her forests, her factories... could be put to wonderful use by the ruthless bully-boys from Germany, by the polite little savages from Japan.

And Canada's boundless acres would provide plenty of living room... for the Germans and the Japs.

But what of the Canadians? The answer is simple when you think what happened and is still happening to the Poles, the Greeks, the Yugo-Slavs—and all the others... in terms of slow starvation, slave labour, mass executions.

Every time a hard-working Canadian man or woman buys a Victory Bond, the plans of Hilter and Hirohito receive a setback. The more you save and lend... the more certain you help make it that our enemies shall never put their greedy claws on Canada.

High-Grade Samples from Week's Run of the Press

Sudbury Star:—There are said to be fewer whales than there used to be. Maybe some of those fish stories are true, after all.

Sense and Nonsense:— Even though the war of his day is outmoded, General Sherman's description remains applicable.

Sudbury Star:—A star in a recent speech advocating an army drive said, "I'd rather live under an unbalanced budget than an unbalanced dictator."

North Bay Nugget:—Never was life so interesting for Grandma. She can't decide whether to continue her job as a welder in a munitions plant or play right field next season for Brooklyn.

Globe and Mail:—Speaker proposes a ceiling on loose talk. But where is to be found a board or commission that could enforce such a regulation.

Ottawa Journal:—Dr. M. W. Locke, the Williamsburg foot specialist, left a fortune of \$345,000. An estate created literally, at a dollar a foot.

Sudbury Star:— Stalin is invariably described as wearing his pants tucked into high boots. But the thing to note is that he isn't losing those pants.

Carey Williams:— Victory trademark is now being placed on rubber heels. We need to place it also on the other kind of heels.

Sense and Nonsense:— We bet the western professor who said men are much smarter than women is an old bachelor.

Sudbury Star:— Perhaps the trouble with the modern generation is due to the electric razor. Dad no longer uses a strap for his shave or his little shaver.
