

# TEN YEARS AGO IN TIMMINS

From data in the Porcupine Advance Files

The following article appeared in The Advance ten years ago:— "There is growing disposition these days to feel that drastic measures should be taken to deal with those who refuse to work but want instead to sponge on the already well-burdened taxpayers of the town. There have been several calls recently for men to cut wood in neighbouring camps and it has been impossible to fill the need from single men accustomed to bush work who have been getting meal tickets from the town. Following the policy of the town council single men refusing to accept the work offered are cut off the free meal list. While the complaint is made that no money can be made at the wages or rate of pay offered, the general feeling is that these single unemployed would show more good sportsmanship to accept any work even for barely enough to keep going rather than to be a burden on the town which has no responsibility for them except that of humane feeling. It does not increase the kindness felt for these transient single men when they refuse the chance to help themselves without even giving the work a trial. Their arguments are also weakened when it is noted that the orders for men are being filled by bringing men in from Sault Ste. Marie and North Bay. With these others coming in from these outside places there will be a still further burden on the town from the drifters and it is evident that something should be done now to see that groups of these men are not foisted upon Timmins to take away relief from more worthy cases and from bona-fide residents of the town. The matter seems to be one demanding the attention of the provincial authorities to see that neither the transients nor any employers of labour take improper advantage of the conditions to-day. With practically everybody on reduced pay and with so many on no pay at all, there will be no patience with impossible and absurd demands for the wages of past days. At the same time no employers of labour should be allowed to profiteer at the expense of labour these days."

A very pretty and interesting wedding took place at St. Matthew's Anglican church, Timmins, on Monday morning, Jan. 16th, 1933, at 10.30 o'clock, when Mr. Samuel George Elies, second son of Mr. and Mrs. Albert George Elies, and Miss Pearl Ansara, daughter of Mrs. N. Ansara, were united in marriage. Rev. R. S. Cushing, rector of St. Matthew's officiating.

Ten years ago an alarm was turned in from Box 27, the blaze being at the Porcupine United Gold Mines, Limited, in Rochester township. The blaze had a good start before it was discovered, and the heavy smoke made the fire a hard one to fight. The firemen, however, put up their usual hard and effective battle and kept the blaze from spreading. Had it been given any leeway the fire would have taken the mill and all the other buildings on the property. Most of the machinery and equipment had been transferred to another property but the buildings were of value and there was danger of them being wiped out. The firemen battled fire and smoke for two hours before finally the blaze was conquered. As it was there were several hundred dollars damage to the stockroom and engineer's room in the building where the

fire started. The cause of the fire was not known.

The Timmins Kiwanis Club on Monday evening, Jan. 16th, 1933, observed International Night and Charter Night by a special gathering in the main dining hall of the Empire hotel. It was also a Ladies' Night, and there were many of the ladies present, as well as some guests. The evening was of double significance to Kiwanis in Timmins because it was the anniversary of the founding of the Kiwanis International a night observed by all Kiwanis clubs everywhere, and also the anniversary of the presenting of the charter by the Pembroke Club to the Timmins Club in 1912.

There was a good attendance, though on account of some pressing counter attractions such as curling, as well as due to illness of some, and the absence from town of others, there were not as many present as would have been the case otherwise.

President Reg. Smith, occupied the chair for the evening and carried the proceedings through in effective way. The programme was in charge of the Sports committee.

The dinner provided by the Empire hotel was especially creditable and deserved a mention.

There were 24 cases at the police court ten years ago, some of them quite serious. In this number was included the case of Jack Boyle charged with forgery. There were two men charged at court that week with failure to provide for their families. One case was dismissed, and the other was remanded for a week. The dismissed case was one that had been before the court for some weeks before.

Other police cases were brought up and dealt with during the day.

Among the local and personal items in The Advance ten years ago were the following:—"B. V. Harrison, vice-president and general manager of the Canada Northern Power Corporation, and W. F. B. Cadman, of the head office of the company at New Liskeard were visitors to Timmins this week on company business."

"Miss Mary Banning, graduate nurse at St. Michael's hospital, Toronto, returned home this week."

"Max Ryan was called this week to his old home in Michigan through the news of the death of his father there."

"Misses Dorothy and Roma Porter left this week for a cruise on the Mauritania to the West Indies, to go as far south as Panama. They will be away three or four weeks."

"Mrs. Jack Rutherford and son, John, are visiting friends in Toronto and Paris."

"Born — in Timmins, Ont., on Wednesday, Jan. 18th, 1933, to Mr. and Mrs. Chas. Stevens — a son."

"Mrs. E. MacDonald, of Englehart, spent a few days last week as the guest of her sister, Mrs. E. Price, Bannerman ave."

"Harry Heine left last week to visit his mother in Greenup Kentucky."

"Mrs. J. J. McCarthy and daughter, Joy, left on Friday for Sault Ste. Marie, Ont., where Mrs. McCarthy's mother is seriously ill."

Police Court This Week Took Only a Few Minutes' Time

Several Pleaded Guilty; Others Remanded; Some Cases Withdrawn.

There is usually a good attendance at police court here each Tuesday afternoon. Some are concerned in the cases before the court but many of them are there only because of the interest in the weekly event. Some of these each week are ladies. Indeed some weeks there will be a number of ladies present with several of them knitting for the soldiers and sailors while they listen to the court proceedings. On Tuesday of this week the attendance was perhaps not as large as usual, and those who did attend had a double disappointment. In the first place on arrival at the hall they found the door was locked to the council chamber where court is held. There were also rumours in the hall, from the grapevine telegraph, that there was to be no police court. The grapevine telegraph got in some of its finest work in the hall outside the council chamber. One despatch was to the effect that the magistrate had not reached town. A second despatch explained the first rumour by suggesting that the severe weather had prevented Magistrate Atkinson from reaching town in time for the court. One of the grapevine tele-

## Hollinger Greenshirts Win Their First Game of the Season by Surprising McIntyre 8 to 4

Pressing from the Start the Greenshirts Hemmed in the Miners and Took a Five Goal Lead in the First Period. Proved Good in Front of Goal in Friday Evening's Game.

In a reversal of play the Greenshirts made a great stop for Baker. In less than two minutes, Delmonte got the rubber at centre and passed to Kovalchuk who was in the clear and scored. In another ganging set-to Baker checked Cecchini at the blue line and skated in on Beare and this time got the disc behind him. At the other end Gordon and Petrucci both missed on plays set up by Schwab. The Greenshirts just kept that puck in there and Pontello gave the miners a breather when he scored, Gordon passing him the puck from the corner.

The Hollinger started to tire as the Miners put on the pressure which netted them two goals in less than a minute. Drummond getting both, Wink Wilson getting the assist on the first, and Baker and LaBarre the second.

In the third period the odds were more even. The Greenshirts having the play for the first few minutes when Cecchini was chased. Porter had two close shaves from the stick of Petrucci. As he came on McComb got a sentence for tripping but the Miners held the Greenshirts off till he returned and then took up the offensive but were backchecked on every play. McKay got a breakaway and went in on Porter who saved.

Keeping up the pressure Baker cut down the lead on a pass from Wilson which only held for less than a minute, for McKay set Delmonte up for a score. Baker got another breakaway but Beare was equal to his shot and at the other end Glastier hit the post of the open corner.

The Miners put on a final ganging attack. Innareselli shot wide of the mark and the last shot of the game Beare saved from Wilson.

McIntyre—Goal, Porter, defence McComb and LeBarre; centre, Wilson; wings, Drummond and Baker; alternates, Holouka, McCoy, Turcotte, Innareselli, Oumet, Auger.

Hollinger—Goal, Beare; defence, McKay and Schwab; centre, Kovalchuk; wings, Cecchini and Delmonte; alternates, Tallo, Pontello, Petrucci, Gordon, Glastier, McNamara.

Referees—Roy Colquhoun and Bill Arundel.

At the start of the second stanza the graph operators was informed that the magistrate was actually in his office. Immediately another despatch came over the grapevine telegraph to the effect that there were no court cases for this week, so naturally there would be no court. Before this latest despatch gained much credence, the doors were opened and promptly at 2 o'clock the magistrate entered the court room. It was after the court had opened that the interested attendants had their second disappointment. The magistrate read the names of those pleading guilty, naming the penalty; mentioned the two or three cases withdrawn; and referred to the cases remanded to next week. The ladies present had just settled down to their knitting; the men were only nicely settled down in readiness for the cases that they expected might be heard, when the announcement was made that that was all and that court adjourned till next week. Then all had nothing more to do than to leave and face the fierce cold outside. The whole event took only five minutes. If it was not a record court for brevity, it was mighty close to it. At least, it was the very shortest police court this year.

Even in the five minutes there were a number of cases disposed of. One man paid \$1.00 and costs for dog at large, another similar case was adjourned till called on, while two others were withdrawn. A common garden variety drunk was assessed \$10 and costs. There was another \$10 and costs imposed for breach of the Fish and Game Act. For having beer illegally there was a fine of \$25 and costs. Albert Stenuk, on two charges of allowing minors in his poolroom paid \$5 and costs on each charge. A speeding charge, under the War Measures Act, was remanded for a week, as was also the charge against Mrs. Maggie Leclair and A. J. Servais, in connection with charges of illegal sale of furs.

## Hollinger Scores Tying Goal in Last Minute of Game Against Ankerite Bisons on Monday

Cecchini Bats in Kovalchuk's Pass to Tie Game With Just Seconds to Go. Bisons Score Five Goals in Less Than Four Minutes. Hollinger Get Three in Last Period. Overtime Had No Score and No Penalties.

Monday was the third time this season that the Ankerite Bisons and Hollinger Greenshirts have fought an overtime tie in the Porcupine Miners' League at the McIntyre Arena.

Hollinger led 2-0 up to midway of the second period. Up to that time it was fair hockey. Then things began to happen for eleven players were penalized, at times, both clubs only having four men on the ice.

Corporal Stan Lang, on leave from the Ordnance Corps, was allowed to play in goal for Ankerite and turned in a fine game.

Hollinger got the only goal in the first period after keeping the Bisons penned in their own area for most of the first ten minutes. Petrucci was the sniper when he batted in Schwab's rebound. The Bisons got relief when Cecchini was chased for tripping. Schwab and McKay kept the coast clear until he returned, when another attack was started, and Lang came in for plenty of work that kept the score down. Romanick got a breakaway but could not beat Beare.

At the four-minute mark of the second period, Cecchini put the Greenshirts two up when he took Delmonte's pass. He was parked near the goalmouth uncovered and slipped the rubber past Lang.

The Bisons put on an attack, and Smith missed the open corner on a pass out from behind the goal. Allard was chased for slashing, but the Bisons kept up the attack, and Glastier was chased for tripping and things began to happen. Maki started the parade of goals for the Bisons by scoring on Belanger's pass. Thirty seconds later Ossie Carnegie went down the right boards and drove one of his specials that fooled Beare. Just seconds later, Patton put the Bisons one up on a passing attack with Maki and Carnegie.

With the Greenshirts at full strength

for the Bartleman trophy Watts and Concisi beat Hulme and Pollon and went into the semi-finals and were beaten by Moreal and Allison 2-0 at the Ambassador hotel; Gibson and Nilsson won from Dunsmore and Purificato 2-0 at the Legion Hall.

The White Label team has changed its name to the Ambassador.

The following are the results of games played Monday in the Maltais Cup league:— Greenshirts 1, Ambassador 1; Capital 1, White Cross 1; Imperials 1, Seven Up 1; Three Star and United did not play off.

Games to be played Friday:— Ambassador vs Imperials; White Cross vs United; Greenhorns vs Seven Up; Capital vs Three Star.

Carnegie put the Ankerite two up on a lone effort.

Penalties came fast and the period finished with a player warming the bench. Gordon was the first to go for slashing. Before he could sit down Smith and Schwab were chased for roughing. While they were off, Morris put the Bisons three up on a pass from Maki.

As Gordon came on, Cecchini and Patton were thumbed for fighting, both getting majors.

As Smith and Schwab returned, Kovalchuk worked his way in and his shot hit the post. At the other end Beare made a fine save of Prentice's shot.

In another Hollinger rush Lang pulled off a couple of dangerous shots which were labeled for the corner of the net. The rest of the period saw four more men leave for the cooler, Pontello for tripping, Allard for boarding, Schwab for tripping and a 10-minute misconduct for questioning the referee's decision and Carnegie for tripping.

At the start of the last stanza with the Greenshirts at full strength and Ankerite two men short, Petrucci shot home McKay's pass as Lang was lying on the ice after saving a shot. As Patton returned, Pontello missed a great chance by shooting wide as he was parked by the goalmouth. Carnegie returned to put the Bisons at full strength.

Kovalchuk drove home Lallo's pass to put the Greenshirts in the running again. To make sure the puck went in, he went into the net head first.

Maki missed a great chance when he had Beare beaten. He didn't finish his play as someone whistled and Maki and some players thought it was the referee calling the play back.

Ossie Carnegie was chased for tripping and the Greenshirts did everything but score as Lang swept a dozen shots aside and relief came when Petrucci was sent off for charging. Maki broke into the clear but could not beat Beare.

With 25 seconds to go, Cecchini parked in his usual place in the goalmouth, batted in Kovalchuk's pass.

In the overtime Kovalchuk tried a Cecchini stunt but Lang was on to him. At the other end Maki missed by inches.

Both teams were tired and just before the gong, Ossie Carnegie sent in one of his sizzlers but Beare blocked it.

Ankerite—Goal, Lang, defence, Patton and Allard; centre, Maki; wings, O. Carnegie and Beland; alternates, Morris, Richer, Smith, Romanick, Belanger.

Hollinger—Goal, Beare, defence, Schwab and McKay; centre, Petrucci; wings, Pontello and Gordon; alternates, Lallo, Cecchini, Kovalchuk, Delmonte, McNamara, Glastier.

Referees—Carlo Catarello and Ollie Preux.

GETTING IT WRONG

A guide was showing a party of visitors round a museum, and presently they came to a room full of stuffed animals.

"Now, these stuffed animals," said the guide, "are the most valuable collection in the country. They are worth many thousands of pounds."

"Is that so?" asked one of the visitors. "What are they stuffed with then?"
