Mrs. L. Chambers Dies After Auto Accident Monday

Fatally Injured in Car Accident Near Temagami.

Word from North Bay on Tuesday morning this week gave the sad news that Mrs. Lloyd Chambers, had died as the result of injuries received in a motor car accident not far from Temagami on Monday afternoon, when the car in which she was riding went out of centrol and after crashing across the road turned over a couple of times before finally coming to rest on the highway. In the accident Mrs. Chambers sustained a fractured skull as well as car, Mr. E. E. Cherry, 111 Westmount avenue, Toronto, with whom she was driving to North Bay, escaped with a number of cuts about the hands and face, a number of bruises and a severe shaking-up. The accident took place about 4 o'clock Monday afternoon not far from Temagami. From the evidence of wheel marks it appeared that motorist who arrived at the scene of the car suddenly went out of control the accident shortly after Dr. McGoand swerved towards the centre of the wan. Mr. Cherry's injuries were found highway and hurtled and rolled over to be much less serious than at first a couple of times, coming to rest on its feared. The automobile that crashed left side on the highway. Dr. C. H. was a four-door 1940 Sedan and it was McGowan, motoring from Temagami to practically a complete wreck and was North Bay promptly stopped when he taken to Temagami by tow truck. came to the scene of the accident and rendered first aid. He brought Mrs. ville for funeral and interment. Cramm being the ofher husband who has been posted with | nette, 17 years old, were each sentenced | ficiating clergyman and interment beto a year on each count, the sentences | ing made in Pinecrest cemetery. to run concurrently. Probably the you'h of the four accused saved them from more severe sentences, as the crimes type and in their consequences, as well as in the deliberate way in which they seemed to have been planned. Perhaps, the most serious charge was that of breaking into the Swift-Canadian warehouse, loading the safe on a truck stolen from the firm, and then driving to the bush and wrecking the safe to rob t. Although only about \$50.00 in cash was secured from this robbery, the safe was damaged to an estimated extent of \$800.00 while the truck suffered another \$100.00 or \$150.00 damage. The other two crimes were equally serious though the losses were not so heavy. In the one case the young fellows admitted to attempting to crack the safe at the Timmins Packing plant some weeks ago and when frightened away, returned later to try the game again. The third charge was that of breaking ical Men of the North, into the flour and feed store of George Marcassa, 15 Commercial avenue, and mashing the safe with a crowbar.

> Brouillard was given the penitentiary term because he appeared to be the leader of the gang, and also because his previous record of convictions seemed to suggest that he needed stern treatment to turn him from his evil paths. There were several previous convictions against him, including previous convicton from breaking, entering, theft and theft of car. There was no previous record against either of the other three, and they appeared to have been led astray by Brouillard. These three young fellows, once arrested gave every co-operation to the police in clearing up the cases, while there was no similar spirit of co-operation in Brouillard. Seguin received the second heaviest sentence - two years less a day - because he was older than the others and consequently more blameworthy for his part in the crimes. The authorities hope that the salutary terms given will cure all members of the gang of any tendency to further criminal acts.

Two other young fellows - the one seventeen and the other a juvenile were charged with what appeared to be a mean and annoying type of theft. The one lad took wedding presents from a house on Commercial avenue last week, reaching through a window to take the articles and pass them to his brother. When guests at the house discovered the thefts, the lads threw the stolen articles on the ground and fled. Detective Beacock was able to trace the boys and bring them to justice. They were given suspended sentence, the older lad being bound over to keep the peace for a year.

Two simple unadorned drunks paid \$10.00 and costs each.

Deep Regret Here at Death in Ottawa of W. D. Cuthbertson

Was for Many Years a Valued and Esteemed Resident of Timmins and Widely Known in the North.

There was very general regret last week at the death in Ottawa of Mr. W. D. Cuthbertson, for many years a resident of Timmins and widely known throughout the North. The late Mr. that morning in St. Joseph's hospital Cuthbertson was a former member of the staff of the Income Tax Department at Ottawa, and as inspector for that department he paid regular visits to the North and won many friends here by his able and kindly way of looking after his duties. He was with the Department when the Income tax was first introduced in Canada, and there is doubt but that his talent and his other minor injuries. The driver of the patience and his fairness did much in this North Country to hasten the proper acceptance of the plan. In the difficult situation that such legislation creates, he took the attitude that ncither the department nor the people in general wished anything but fairness

RATIONING EFFECTIVE THURSDAY, MAY 27TH

After midnight May 26th, it is unlawful for a consumer to buy rationed meats and for anyone to sell rationed meats to a consumer except on surrender of valid ration coupons.

WHAT MEATS ARE RATIONED?

TO BUY?

Beef, Veal, Pork, Mutton and Lamb.

WHAT MEATS ARE NOT RATIONED?

Poultry and Fish are not rationed. "Fancy" meats such as Heart, Tongue, Liver, Kidneys, Brains, Sweetbreads, and cooked sausages such as Wieners and Bologna are not rationed. Meat cuts containing 50% or more of bone such as spare-ribs, oxtails, and pigs' feet are not rationed.

HOW MUCH RATIONED MEAT AM I PERMITTED

An average of two pounds per week per person. You get less of meats containing no bone and more of meats containing considerable bone. See the chart of coupon values below.

WHAT COUPONS DO I USE WHEN BUYING MEAT? The brown Spare "A" coupons from your No. 2 ration book-the

book you are now using to buy tea, coffee, sugar, and butter.

HOW OFTEN CAN I BUY MEAT?

Two coupons become good each Thursday. The first pair of No. 1 coupons become good May 27th. Each coupon is good for 1/2 of one week's ration.

HOW LONG DO COUPONS REMAIN GOOD? Coupons becoming good before the 15th of a month are good until

the end of that month. Coupons becoming good on or after the 15th of a month are good until the end of the following month. DO I HAVE TO USE THE TWO COUPONS AT THE

SAME TIME OR IN THE SAME STORE? No. You can use a coupon at any time during the period in which

it is valid, and in any store you wish. CAN I BUY ONLY ONE KIND OF RATIONED MEAT WITH A COUPON?

No. You can buy whatever rationed meat is available and as many

kinds as you want providing the coupon value is not exceeded.

-MEAT COUPON VALUE CHART-

MEAT RATIONING AS IT AFFECTS FARMERS

Farmers may slaughter their livestock for their own consumption-but must turn in to the Local Ration Board at the end of each month, I coupon for each two pounds of their own slaughtered meat consumed on their own premises. Farmers need in no case surrender more than half the number of each month's valid coupons for such home slaughtered meat. The remaining half of farmers' meat coupons may be used for ordinary retail purchases of meat, on the basis of coupon values

as shown on the chart above. Farmers may supply meat from their own slaughterings to other farmers for consumption on their own farm premises. Local farmer "Beef Rings" are also permitted. Farmers providing meat to other farmers, or "Beef Rings", must collect meat "compons" on the basis of I coupon for each two pounds of meat, gross weight. Self-addressed and stamped envelopes for mailing in coupons can be secured at your Local Ration Board.

CONSUMER MEAT IN LOCKERS

Before June 30th all consumers (including farmers) who store meat in lockers must declare in writing to the nearest Branch of the Ration Administration, the quantity of rationed meat they have in storage over and above eight pounds per person in the household. Declarations must be accompanied by sufficient coupons from the ration books of the locker holder and his household, to cover the quantity of declared stored meat at the rate of 1 coupon for each two pounds of any meat in the above groups. The number of coupons to be detached by the locker user need not exceed more than 50% of the total meat coupons in the possession of himself and his household.

Locker users may retain for retail purchasing one of each similarly numbered pair

NOTICE TO THE MEAT TRADE

Retailers of meat must collect coupons for any rationed meats sold on or after May 27th. They need not turn in coupons to their suppliers for meat purchased up until June 10th. This arrangement is made to enable them to build up stocks. A Special Food Bulletin giving complete details of meat rationing is being mailed to all food stores.
