## Lawn Tea Under Auspices I.O.D.E. Delightful Event

Beautiful Grounds of R. J. Ennis Home Ideal Site for Event.

By the swimming pool in the beautiful gardens with their banks upon banks of exquisite shades and harmony, at the home of Mr. R. J. Ennis on the McIntyre Property, the I.O.D.E. entertained yesterday afternoon — three to seven o'clock at a gala Lawn Tea in aid of their War Effort. Everyone seemed to be present, sitting through the gardens, beneath trees which spread their fairy, laced branches against the warm rays of sun, enjoying the sweep of velvet lawn and the faint melodies reaching their ears from the little group of young Croatian Artists all dressed for the occasion and playing lustily their homeland music.

Tea tables, centered with gay summer flowers, were arranged beneath the trees and here the tea things were gathered to be served individually to the guests. Chairs were grouped throughout the garden, beneath the trees and around the pool with its fresh green water pouring down from miniature cascades, and tiny water lilies dotting its surface.

Receiving the many guests was Mrs. W. Mackie and Mrs. L. Halperin, and Mrs. F. Carriere poured tea. Mrs. A. Booker convened the event, with Mrs. R. Anderson, Mrs. Chase, Mrs. G. Dalgarno and Mrs. C. Pozzetti as the ticket-conveners. Serving the guests were Mrs. Lang, Mrs. R. Taylor, Mrs. Mencer, Mrs. Wheeler, Mrs. McGuire, Mrs. Shaheen, Mrs. Pritchard, Mrs. Graham, Mrs. Robinson, Mrs. Huxley, Mrs. Therriault.

## Egbert Brosig Again Escapes from Internment Camp

Same Fellow That Made Such a Commotion at North Bay Last Year.

The escape of a prisoner from a Northern Ontario internment camp was noted this week. At first the name and description given out were the wrong man. Apparently in case of an escape the other prisoners try to help the fellow escaping by going to the wrong bunk houses and answering to the wrong names with the idea of confusing the authorities. Later, it was discovered that the escaped prisoner was the German parachutist, Egbert Brosig. This is the same 22-year-old lad that caused all the excitement last year at North Bay. He had escaped then from an internment camp in this part of the North, and he admitted this to members of a North Bay family who had given him a lift on the road and hospitality at their home afterwards, believing him to be a British airman. They promptly notified the police at North Bay, and Brosig should have been arrested before leaving North Bay. The constable responsible for no attention being paid to the information was let out of the service but in the meantime Brosig got away but was eventually arrested some 500 miles away.

This time Brosig's escape was made by the building of a tunnel said to be some 75 feet in length.

The following is a description of Brosig:—

Age, 22 years; weight, 147 pounds; height, five feet, eight inches; brown eyes, dark hair, dark complexion; gunshot wound on left shoulder; scar on

left cheek; may be carrying a home-made pack; description of clothing unknown.

## Many Soldiers Defrauded of Votes in the Election

For some time past The Advance has been objecting to the fact that through the "proxy" vote system, most of the men in the armed forces overseas have been practically deprived of their votes in the recent provincial election. Usually criticism such as this would normally cease when the election is over, but this seems to be a case where protest should not drop too quickly. Instead, to keep this matter alive for a time may result in creating such a feeling that no similar unfairness may happen again.

It may be noted that the men serving overseas were not the only soldiers practically left without a vote. It is true that there was a "Form to be Used by Assistant Enumerators in Registering Voters in Military Camps," with this form bearing a sub-head, "Application for Registration." According to a letter received this week by The Advance from a soldier at Ottawa, "Quite a number of soldiers lost their votes by not filling in this form." The soldier adds the illuminating words, "Lots knew nothing about it."

To defraud the soldiers here or overseas out of their votes seems a particularly mean piece of business. If anyone deserves the right to vote, it is the soldiers. They are risking their health and their lives that the people at home and future generations may have all that the vote represents—the right to live as free men in a democratic government. As to this it would seem that the soldier's words might well be applied to the politicians at Toronto:—"Lots knew nothing about it."

## South Porcupine Fireman Heads Team Breaking Record in United Kingdom

Section Leader J. R. Miller Directs Team Winning National Fire Service Drill Award.

Friends in South Porcupine, Schumacher and Timmins, and indeed, throughout the North, will be interested and very pleased at the success achieved by the team headed by Joseph R. Miller, one of the South Porcupine Fire Brigade, who early in the war went overseas to help in fire-fighting in Britain when that service was so sorely needed there. The team headed by Section Leader Miller recently won the National Fire Service Drill Award—a great honour. In referring to the matter, The Toronto Star on Tuesday this week said:—

"A team from the Canadian Corps of Fire Fighters on service in England broke a record in recent competition and won the British National Fire Service's drill award. This was learned in a letter to Capt. A. Bevis, director of Toronto auxiliary fire service from W. J. Simpkin, formerly of the Toronto fire department.

"Mr. Simpkin, a senior company officer in the corp overseas, was a member of the team. With him were: William A. Rowles, Long Branch; W. A. Parent, Ottawa; Y. C. Cam and I. F. Cam, Port Colbourne and Arnold Bronson, Beebe, Que. Section Leader Joseph R. Miller of South Porcupine, directed the team.

"The tests included towing a van and trailer pump 90 feet to a mobile reservoir, unhooking pumper, connecting two lengths of suction hose with the reservoir and two 100-foot lines of 2½-inch hose to the pumper; turning on the water and knocking down two targets at 120 feet with the streams, then reversing the operation. The previous record was one minute and 53 seconds. In the final test, said even more rigid, the Canadian team did it in one minute and 35 1-5 seconds."

## Sincere Thanks . . .

The voting on August 4th shows clearly that the people of Ontario and particularly the pioneering North are looking forward to the new day for which we in the C.C.F. have been planning and working for many years.

Thanks largely to the efforts of my fellow workers, who gave their unstinting support without hope of personal reward, the issues were placed clearly before the electors, and they by their ballots have expressed the determination to go forward together with the C. C. F. to a better Ontario.

On behalf of the C. C. F. and myself I wish to convey my sincere thanks to you who contributed to the success of the campaign.

## LET'S ALL DO MORE TO WIN THE WAR

BEFORE THE WAR: Piling the family into the car to go for a drive, or a picnic, was lots of fun.

TODAY: Gasoline is too valuable to waste on pleasure-driving. A picnic in your back-yard can still be loads of fun for the whole family.

**THE MORE WE'RE IN IT THE QUICKER WE'LL WIN IT!**

Our boys overseas are certainly not having any picnic. They have sacrificed plenty for us. Here, at home, we should cheerfully accept every sacrifice we are asked to make to help get this war over . . . and won! Saving gas is one of them. After all, there's plenty of fun to be had in our own back-yard!
