

# PLEASANT HOMES

by Elizabeth MacRea Boykin

MODERN VERSIONS OF THE FRIENDLY LOUNGE

The Studio Couch and the Chaise Longue Serve in Place of the Leather-Covered Cot With the Raised Head Rest.

This capacious sofa is good for lounging or sitting— or it can be used for an extra bed at night.

couch - often with a head rest curv- able as the more comfortably uphol- ghan, use it here by all means. A patch ing upward at one end? Usually with leather upholstery ornately buttontufted and triumphant with deep leafancy figured velvet. Don't smile doesn't make such an inviting point lot of fat cushions are the secret too. about. What's more a lot of them are hauled down from attics.

home to be be, first of all, a place where the family will find solace and rest, there are other modern pieces of furniture that serve the same need as a couch but maybe less picturesquely.

The studio couch is the most familiar version of the lounge idea. But a lot of people are tired of its squared-off uncompromising effect.. So they do ever so many interesting things about that. Sometimes a padded frame is built around the back and two ends, to give a sofa appearance and provide a support for the cushions. An arrange\_ ment like this serves three-way usefulness - as a sofa, a lounge or a bed. For Sitting

Another practical trick with a studio mins had its municipal elections a Caledonian Society was a remarkably couch is to set it under book shelves month earlier than usual in 1923. ## Mayor Reports on Convention of Ontario Mayors

Event Held at Toronto on October 21st to 23rd.

A comprehensive report of the annua convention of Ontario Mayors, held at Toronto on Oct 21st, 22nd and 23rd was presented by J. Emile Brunette, mayor of Timmins, at the regular meeting of the town council on Monday of this week. The report holds many special points of interest. One of these is the new attitude of the Ontario Dept. of Municipal Affairs, as expressed by Hon. Geo. H. Dunbar, the Minister, who stated that the policy of his department was to assist the municipalities in every possible way, but to exercise as little direct control as possible. It would not be very unfair to say that this attitude is about the direct opposite of what appears to have obtained in recent years, when it did seem that the idea was to exercise as much direct control as possible and to assist the municipalities as little as might be.

There will also be more or less interest in the suggestion made by the Ontario Regional Fuel Controller to the effect that the possibility of a fuel shortage this coming winter had been averted. All will hope that this

The report of the convention as read to council was as follows:-

"The Ontario Mayors' Association met at Toronto on October 20th with Mayor Case of Owen Sound in the chair. The delegates were welcomed by Mayor Conboy of Toronto. Following the annual report of the officers a resolutions committee was named to consider the matters to be presented to the business sessions of the convention. Your representative was appointed chairman of this committee. "Hon. G. H. Dunbar, Minister of the Municipal Affairs in the Ontario Government addressed the convention. He emphasized the fact that the responsibility for post-war planning did not rest with the municipalities but with the Dominion Government and warned the municipalities against over spending in the post-war period. He stated that the policy of the Department of Muncpial Affairs was to assist the municipalities in every possble way but to ex-

ercise as little direct control as possible "Several instructive addresses were given at the second session each of which was followed by a general discussion by the delegates. The topics included post-war reconstruction by controller Nora Henderson of Hamilton. Assessment by Mayor Ryan of Brantford. Social Service by Mayor Inglis of Niagara Falls. Public Health by Mayor Anderson of Fort William. Fuel Problem by Mayor Conboy of Toronto. This session was also addresesd by Geo. T. Peppal, Ontario Regional Fuel Controller. Mr. Peppal declared that the steps taken by the Administration Fuel Dealers and the Municipalities had averted the possibilty of a fuel shortage in Ontaria this season, provided that no unforseen circumstances arises suuch as any further strikes in the Coal Mines.

"The City of Toronto tendered the delegates a banquet at the King Edward Hotel at which Mayor Renault of Montreal was the guest speaker, his subject being co-operation between the provinces of Ontario and Quebec.

"At the business sessions on the sec\_ ond day of the convention the report of the Resolutions Committee was considered. Resolutions were passed dealing with Provincial Municipal Revenues, Peat Fuel, the cost of Children's Aid Societies, Old Age Pensions and Mothers' Allowances, Hospitalization Plans, Housing Projects, Revision of the Assessment Act, Post-War Reconstruction plans, and the regulations covering

the sale of gasoline. "It was decided to appoint a subcommittee composed of the Mayors' concern to consider resolutions regarding Wartime Housing. A sub-committee on Provincial Municipal Conferences was also appointed consisting of Mayor Conboy of Toronto, Chairman and Mayor Lewis of Ottawa and Mayor witnesses at the inquest into the death Reaume of Windsor and Mayor Ryan of Brantford and Mayor Brunette of Timmins. The duties of this committee will be to confer with the Provincial government on proposed legislation affecting municipalities. A very interesting and instructive discussion took place on Town Planning. At the Annual election of Officers Mayor Case of Owen Sound was re-elected as President and your representative was again named to the executive.

> "The Convention was attended by Mayors and Reeves from about 40 Ontario Towns and Cities and all the delegates felt that the meeting was a most successful one and that the matters to be presented to Provincial and Dominion government authorities will receive the same careful consideration that the previous recommendations of this association have received."
