C.P.R. Gun Plant in Foothills Aids Atlantic Convoys

Three thousand, four hundred and thirty-eight feet above sea level and 2,600 rail miles from the Atlantic seaboard, the Canadian Pacific Railway's Ogden Shops in Calgary provides an outstanding example of the switch-over of the entire C.P.R. system from peace to war. Naval guns made there, at one of the approaches to the Rocky Mountains, have played, and are playing, their part on those other celebrated approaches—the Atlantic approaches to the Old Country—over which supplies for the fighting fronts have to pass.

The 12-pounder gun, inset on the left, in this picture of men at work finishing gun barrels in the great foothills work centre, is a sample of the type of ordnance turned out at Ogden Shops, which now is preparing to go into production on its fifth type of naval gun mount. British, Canadian and American sea services all have shared in the ordnance turned out to fight against Hitler's underwater killers.

Ogden Shops' floor space of 235,000 square feet, full overhead crane service and geographical location first convinced the Department of Munitions and Supply and its advisers that the Calgary shop was an ideal place to turn out the naval guns and a request was made for its use late in the Fall of 1940. To make way for the navy work the shops had first to be cleared of the major locomotive and mechanical repairs it normally handled for the C.P.R. from British Columbia, Alberta and part of Saskatchewan, with this repair schedule of vital importance in itself to war freight and passenger movements. Heavy repairs now go to Winnipeg and in some cases as far as Angus Shops in Montreal and light repairs to smaller local repair shops.

Power Co. Report Shows Improvement in Northern Areas

Number of Mines Increasing Their Power Load. More Customers in Mining Camps.

The quarterly report of the Canada Northern Power Corporation, for the quarter ending March 31st, 1944, issued by B. V. Harrison, vice-president and general manager, indicates preparations for greater activities in the mining camps of the North, especially in the Quebec mining areas. Improvement in the labour supply in the mining districts is also suggested by the fact that the customers served by the corporation have increased from 22,882 in July last to 23,310 in February of this year.

The report reads, in part, as follows: Following is a comparative statement of the earnings of the company for the twelve months period ended February 29th, 1944, together with those of the corresponding period ended February 28th, 1943.

	12 mths. Ending Feb. 29, 1944
Gross Earnings	\$4,190,934.05
Purchased Power, Operating Maintenance and Taxes	2,047,093.52
Net Earnings	\$2,143,840.53
	12 mths. Ending Feb. 28, 1943
Gross Earnings	\$4,469,035.09
Purchased Power, Operating Maintenance and Taxes	2,246,676.23
Net Earnings	\$2,222,358.86

While there has been little change in conditions in the Mining Camps served by your Company during the past quarter preparations for greater activity have been made. These are varied in character, consisting of the bringing into operation of additional equipment at existing mines, and explorations by diamond drill on properties in their immediate neighborhood.

The outstanding instance of this development is the satisfactory recovery made by Beattie Gold Mines, Limited in Northern Quebec, where operations have now regained four-fifths of their peak volume.

Other properties increasing their power load as a result of utilizing additional equipment include Mic-Mac Mines, Limited, Waite-Amulet Mines, Limited, Siscoe Gold Mines, Limited, Sladen-Malartic Mines, Limited and Dome Exploration Company (Quebec) Limited.

were about 175 present, the attendance exceeding even the number at a similar meeting of the business men of the district held a short time previous. A noteworthy feature of the gathering was that there were a number of the leading business men from South Porcupine and Schumacher present. After the gathering had enjoyed the excellent menu provided by the Empire hotel, a programme of able addresses on topics of prime importance was enjoyed followed by a brief period for questions and answers.

On Friday evening April 13th, 1934, Mary King, of South Porcupine Continuation School, won for her school the Northern Ontario Oratorical Championship, taking as her subject "The New Patriotism." The North Bay Collegiate auditorium was packed to the doors to hear the seven contestants deliver the addresses. And what a proud moment it was for Mary, Porcupine, South Porcupine and the Continuation school when the judges announced that Mary King, of South Porcupine, was the winner. For the second time that winter the "Royal Blue and Gold" had won a Northern Ontario championship, the other being the Hockey Intercollegiate championship.

Ten years ago there was a crowded house at the Oddfellows' hall for the meeting called by R. Jowsey, president and Walter Segsworth, secretary of the Ontario Prospectors' and Developers' Association. These two well-known mining men, who knew the trails and the people of the North from intimate personal contact, had been stimulating interest and effort in the mining industry throughout the North by the meetings held at various centres. The meeting at Timmins was presided over by A. W. Lang, who made a witty and capable chairman.

Ten years ago there was a concert of unusual excellence presented in the Goldfields theatre under the auspices of "La Federation des Femmes Canadiennes-Francaise," and sponsored by Mrs. A. Allard. There was a very large attendance, the house being filled to capacity and many being unable to gain admittance. Rev. Fr. Theriault in his usual capable and pleasing way acted as master of ceremonies introducing the event and the various numbers on the excellent programme.

It was noted in The Advance ten years ago that Mrs. Robt. Lillie passed away, April 14th, at the home of her son, Hamilton Lillie. She had been highly esteemed by all who knew her. She was survived by two sons and a daughter, A. H. Lillie, Timmins, James Lillie, North Bay, and Mrs. E. M. Allworth, of Timmins.

His Honour Judge T. Godson of the Ontario Mining Court held session in Timmins ten years ago. There was only one case before the court. That was in connection with some claims formerly held by the Jones-Porter Mine and later being held by interests including J. P. Bartleman, R. Bannino and the janitor of the Jones-Porter property. It was desired to have the claims back as part of the property.

On account of the fact that Timmins High and Technical School was overcrowded, Schumacher, ten years ago considered the matter of a high school there. The question came before the Tisdale council. There was opposition to the proposal, some of the school ratepayers of South Porcupine and the Dome feeling that if the plan were to be gone on with some provi-

February Output of Gold Highest Since November

The following is the March Gold Bulletin issued by the Ontario Department of Mines last week:

Ontario producing gold mines by field for the month of February follow:

Porcupine (14)—Aunor, Bonetal, Broulan Porcupine, Buffalo Ankerite, Coniaurum, Delnite, Dome, Hallnor, Hollinger, McIntyre, Paymaster, Pammour, Preston East Dome, Ross.
Kirkland Lake (9)—Bidgood, Kirkland Lake Gold, Lake Shore, Macassa, Sylvanite, Teck-Hughes, Toburn, Upper Canada, Wright Hargreaves.
Larder Lake (3)—Chesterville, Kerr-Addison, Omega.
Matachewan (1)—Matachewan Consolidated.

Thunder Bay (4)—Hard Rock, Leitch, Little Long Lac, McLeod-Cockshutt.
Patricia Portion (8)—Berens River, Central Patricia, Cochenour Willans, Hasaga, McKenzie Red Lake, McMarmac Red Lake, Madsen Red Lake, Pickle Crow.

Daily average gold production during February of Ontario gold mines was the highest registered since November 1943, according to the gold bulletin of the Ontario Department of Mines. Daily average tonnage milled was the highest since October of 1943. Total production from 578,771 tons milled amounted to 146,917 ounces gold and 27,217 ounces silver, valued at \$5,667,807 during the 29 days of February. Comparable production statistics for January were: 601,532 tons of ore milled, 143,622 ounces of gold, 17,329 ounces of silver, valued at \$5,726,431. Daily average production for February, 1943 was 24,535 tons milled, 6,533 ounces of gold, 1,105 ounces of silver, with a value of \$251,919. Average grade of ore during February was \$9.79.

Monthly Output of Ontario Gold Mines—1943-44

Mines—	1943	1944
Porcupine—		
January	\$3,667,663	\$2,929,487
February	3,434,542	2,619,259
Kirkland Lake-Larder Lake Bel—		
January	2,383,638	1,804,668
February	2,219,372	1,714,674
Matachewan - Sudbury—		
January	199,277	49,688
February	132,802	50,693

sion should be made in regard to the money invested by South Porcupine and Dome school supporters in regard to the South Porcupine Continuation School. The new high school at Schumacher, being under a township board would be chargeable to the whole township.

The following appeared in The Advance ten years ago: There was a flurry this morning in the stock market so far as gold stocks were concerned. Recently the market has been very strong, buying orders being the natural order of the day, so the change this morning roused question as to why gold stocks should be sold, as they have been recognized as among the best investments of the day—gilt-edged. The explanation for the selling flurry is given as the report from Ottawa that the Rhodes budget puts a ten per cent. tax on gold. This will mean about \$3.70 per ounce at present price of gold. Should gold continue to go up the tax will increase in proportion and any drop in the price of gold will react on the tax.

W. O. Langdon, president of Timmins board of trade ten years ago, and president of the Northern Ontario Associated Boards of Trade, was one of the guest speakers at a banquet given by the Sudbury board of trade and other organizations there. Other speakers at the banquet were Hon. Chas. McCrea, and Hon. W. Pinlayson.

labour supply in the Mining areas is indicated by the continued increase of the number of customers served by the Company, which has risen from 22,882 in July last to 23,310 on February 29th, 1944.

Party Held in Honour of His Fourth Birthday

Master Richard Strong was honoured last Thursday afternoon and evening when a number of friends gathered at his home, 106 Hemlock Street—the occasion being "Ricky's" fourth birthday.

playing games after which the mistress, Mrs. Strong, served a delicious supper. "Ricky" was the recipient of many lovely gifts, including a number of books, of which he is very fond.

Among those present were:—Sandra Reave, Dilys Jones, Pat Campbell, Faye Childs, Bridget Ryan, David Jones, Donald Strong, and the guest of honour, Richard Strong, Mrs. L. Childs, Mrs. B. Pecore, Mrs. G. Strong, Mrs. D. Campbell, Mrs. W. Reave, Mrs. Ron Jones, and Mrs. J. Robinson.

North Bay Nugget: Maybe the Red Cross should provide aspirin for income tax payers.

Thoughts of Spring and paint-minded people everywhere are "suddenly" aware of the familiar Martin-Senour sign (although it's there all the year 'round) because Spring is the usual and accepted time to repaint for fresh beauty and protection!

And this sign is a sure sign of an enduring paint because Martin-Senour is 100% pure!

Whenever you see the sign of Martin-Senour, there will be found the paint of endurance and longer lasting beauty. It is the sign which in one breath welcomes Spring and the chance to beautify as well as to do the patriotic job of protecting property!

The George Taylor Hardware Limited

Prosperity and Exports

From the days of the fur trade, Canada's prosperity has been linked to exports.

Furs . . . fish . . . lumber . . . wheat . . . our surpluses of these, sold abroad, have been the means of a fuller life at home.

In time, other sources were opened up. Manufactures, minerals, pulp and paper, became exportable. Prosperity kept pace.

To-day, war has swelled our exports to new proportions; employment and national income are at record levels.

When the war ends, our prosperity will be measured by our success in diverting to peaceful ends this vast export flow created by war.

In the servicing of export trade, The Dominion Bank, one of the Chartered Banks of Canada, will be prepared to assume its full share of this important function after the war.

THE DOMINION BANK

C. H. CARLISLE, President

ROBERT RAL, General Manager

Why Worry

Are you still worrying about desserts for your family? Are you short on fats or shortening for baking? Why

not try serving more custards and puddings, and soups that have milk as a base for their flavour and goodness. Call us to-day, and our driver will call to-morrow.
