Christian Science Reading Room, McInnis Block, 18 Pine St. North. Open every weekday except Thursday and holidays from 12 noon to 5 p.m.

Children Set Fire to Garbage Can Box

The Timmins Fire Dept. answered six calls during the past week. As usual, the answers were very prompt and efficient, with the result that practically no damage resulted, though some of the fires might have been dangerous if allowed a start.

Children playing behind the Jarvis apartment building last Saturday morning set fire to a large box used to hold garbage cans. The blaze was noticed in time and the firemen made short work of it, with no damage done.

The previous day, Friday, had its fire call to 14 Balsam street north. It was a grass fire near the garage. It was put out without any damage done.

On Sunday morning overheated pipes at 86A Kirby avenue caused slight damage to partitions before the firemen were called. A chimney fire at 16 Crescent avenue resulted in no damage on Monday afternoon. Overheated pipes resulted in a fire call on Tuesday morning.

The use of a blow torch to get rid of paint on a house at 212 Birch street north, was the cause of the fire call on Tuesday shortly after noon. There was no damage.

Child Jumped from Car and Suffered Fractured Skull

Monday afternoon while on his way home from work Mr. Ernest Bond, 206 Toke Street, gave his own children and some others with them a ride home. In the group was Laurent Maltais, 6 years old, who jumped off the car as it passed his stopping place. The driver of the car did not know of the incident until considerable time afterwards. A few minutes after the little fellow had jumped, Philbert Poulin, taxi driver, noted the boy lying at the side of the road and immediately hurried him to the hospital, where it was found that his injuries included a fractured skull and a badly bruised elbow. The youngster is making fair progress to recovery.

Pte. John Norbert Mayer Wounded Accidentally

In the list issued last week by the Department of National Defense of casualties of the Canadian Army overseas, there was the following Timmins soldier:

"Wounded accidentally—Central Ontario Regt.—Mayer, John Norbert, Pte. Next of kin, Mrs. Marie Irene Mayer (wife), Timmins."

Little Boy Injured After Running in Front of Car

Yesterday afternoon just after one o'clock, little Angus McPhee, whose home is at 22 B Bannerman avenue, ran out in front of a car driving along Wilcox street. The driver, Real Pilon, had no chance to avoid the little fel-

Twenty Years Ago

From the Porcupine Advance Files

The New Empire theatre was filled to capacity on Sunday evening, June 8th, 1924, for the band concert given by special request. The Advance twenty years ago noted that the programme was particularly good. The selections by the Timmins Citizens' band were very attractive and most effectively given. Mr. Wheeler, described as a new acquisition to the vocal talent of the town, made a decided hit with his rendition of "Up from Somerset," and was enthusiastically encored. Another popular vocal number was given by Mr. Unsworth. The quartette, Messrs Schroeder, J. R., Newman, Burton, Holland and Miss Pirissalo, with Miss Porter at the piano delighted all with their talented instrumental numbers. A cello solo by J. R. Newman was another pleasing number.

After advocating a public library for Timmins for a number of years, The Advance twenty years ago had special pleasure in announcing that a new public library was being furnished and equipped for an early opening. "Handsome fumed oak tables and chairs of pleasing appearance and design and substantial construction arrived last week and are now in place in the reading room of the new public library premises in the basement of the Gordon block," said The Advance. Shelving was being installed to accommodate 3,000 books and there was arrangement possible to double this capacity if and when needed. Mr. Day principal of the public schools in Timmins, was chairman of the public library board and devoted much time and effort to the arrangements for the opening of the library as did also the other members of the board.

At the regular meeting of the town council twenty years ago a letter was read from Hon. Jas. Lyons, Minister of Lands and Forests, suggesting that the road between Timmins and South Porcupine needed something better than a water-bound macadam surface. The council thought this was likely but they did not agree with Hon. Mr. Lyons that the town and township should pay a material part of the cost of putting on a cement top. The council pointed out that the town of Timmins was not in financial position to make heavy expenditures for this road when there were so many calls for other expenditures for greatly needed works in the town proper. Councillor Longmore pointed out that the Drury Government had decided to put a tarvia top on the road from South Porcupine to Timmins and that the whole matter had apparently been decided upon with all parties fairly treated. It seemed to be a case where the onus laid upon the Government to complete the work started. The general opinion was that a good finish to the road would be a splendid idea but that neither the town nor the township were in position to contribute any large amount for this purpose without neglecting other necessary works for the benefit of the citizens, Messrs B. Lennan and R. Mullin urged council to instal water and sewer service on Elm street between Third and Fourth avenues. Mr. Mullin pointed out that very little had been done for this street though tax-paying had been going on very steadily all the time by the owners of property. The owners of property on this street had even had to stump the street

low. The youngster, only three and a half years old, escaped with chief injuries being his back and left leg badly bruised. The child is making good recovery and will be all right in a day or two.

Address 'Music in Wartime' at Kiwanis Club Monday

The guest speaker at the Kiwanis Club on Monday will be Mr. Geo. Jenkin, whose theme will be "Music in Wartime."

BIRTH NOTICE

PURDON—At the Welland Auxiliary hospital, on Thursday, May 25, 1944, to Flight Lieutenant Arnold Purdon, and Mrs. Purdon (nee Betty Bradley) a son. Mother and baby doing nicely.

themselves. While a surface water line had been promised a couple of years before, they had apparently been forgotten, said Mr. Mullin. The town engineer said that conditions made it impossible to run the sewer through the rock on Elm street without prohibitive cost. The services should be put on the back of the lots, he suggested, with the owners allowing right-of-way for same. Mr. Mullin thought this could be arranged. The town engineer was asked to make an estimate of the cost.

The Advance twenty years ago had an item referring to the death of Mrs. Ellen Terry, mother of Miss E. Terry, of Timmins. The late Mrs. Terry passed away at Sudbury where she had lived for several years. She was survived by the one daughter, seven brothers and four sisters, one of the latter being Mrs. S. E. Chennette, of Colnaught.

A public health nurse was stationed at Moose Factory twenty years ago by the Ontario Department, of Health, after a visit to the area by Hon. G. Howard Ferguson who noted the need and value for the appointment. Over a thousand people crowded the station platform and grounds at Timmins on June 6th, 1924, to welcome His Lordship Rt. Rev. Louis Rheame, Bishop of Halleybury diocese, on his first visit to Timmins. The Chancellor of the Diocese, Monsignor Dupis, accompanied the Bishop on his visit here. They were given official welcome by Rev. Fr. Theriault and the other local clergymen. There were a number of special services at St. Anthony's Church here during the week-end. On Saturday over 600 children were confirmed and on Sunday Pontifical High Mass was celebrated by Bishop Rheame, assisted by Monsignor Dupis and Revs. Fr. Theriault, Roullet and Forest, of St. Anthony's church.

Among the local and personal items in The Advance twenty years ago were the following: "C. Humphrey is on a visit to his home in the south." "D. B. Curtis returned to the south this week after a business visit to Timmins." "Mr. and Mrs. T. Carnow and son, Frank, left on Tuesday for a two months' visit to their old home in Cornwall, England." "Officer W. McCornd was acting chief here during the absence of Chief Greer and Deputy Chief Salley at court in Cochrane this week." "The water tank at the rear of the fire hall is being painted this week." "Jas. McIntosh formerly of the Curtis Drug Co., Timmins, but recently of Toronto, was in town this week on his way to Iroquois Falls to accept a position with the drug store there."

"Born—in Timmins, Ont., on Friday, June 6th, 1924, to Mr. and Mrs. J. A. Ryan—a daughter." "Mr. and Mrs. V. H. Emery are on an extended holiday trip to the south." "Born—in Timmins, on Saturday, June 7th, 1924, to Mr. and Mrs. R. Milne—a son." "Messrs J. R. Todd and J. A. Solomon were on a fishing trip up the Trans-jon continental last week, but had to return without any fish as there was too much snow to make the fishing possible." "Lindsay E. Perrin, manager of the Arlie Marks Shows, was in Timmins last week arranging for a visit of the company to this part of the North." "Mrs. W. Foster, of Toronto, representing New York Life Insurance Co., is in the camp this week. After the death of her husband, who was well known and very popular in the North, Mrs. Foster took up the work he had carried on as insurance representative and has made a success in 'this line.'" "Miss Hokala, of the Arthur E. Molyse office staff returned on Saturday evening from an extended visit to Toronto and other points South."

"J. P. McLaughlin of Toronto, one of the pioneer business men of Timmins, mayor of the town for two successive terms and holding other important public places of trust and confidence here in earlier days, is spending a couple of weeks in town renewing friendships and being warmly welcomed by old friends and acquaintances." "A. H. Cedarberg was a visitor to Englehart last week." "Mr. and Mrs. S. H. Korman announce the marriage of their son Nathan, to Miss Sonia Feldman, the ceremony and reception to be held at the Synagogue, Ansonville, June 15th, at 5:30 p.m." "Jas. D. Price, Toronto, representative of a famous Scottish firm of woollen manufacturers, is a visitor this week to Timmins."

Girl Guide News

On Wednesday, May 31st Guides and Brownies from Timmins and South Porcupine gathered in the Hollinger Hall for a huge rally.

The Guides formed a Horseshoe and the Brownies, a large circle within the Horseshoe. The Union Jack and the colours of each company were paraded down the centre of the hall after which the National Anthem was sung.

The Guides and Brownies re-affirmed their promises. District Captain Bailey spoke a few words of welcome to the visitors and introduced Mrs. Tomney, Asst. Deputy Provincial Commissioner, who spoke on the Guide Promise, taking the meaning of each phrase, and explaining it. Mrs. Tomney said she would be in this District for a week and expected to visit every Company and Pack.

Mrs. Harper, Divisional Commissioner, expressed great pleasure at being able to attend the Rally and introduced Mrs. Sharp, President of the South Porcupine Local Association. Mrs. Sharpe spoke on the work of Miss Dorothy Wilkins, former District Commissioner, who leaves very shortly to take up a position in Oshawa. Mrs. Sharp mentioned Miss Wilkins good work among all the Guides of this District particularly in South Porcupine where she was Captain for a number of years, and also in forming and leading the Cadet Rangers, a leadership course for older Guides.

At the conclusion of Mrs. Sharp's address a Guide and Brownie from each Company accompanied Miss Joyce Rogers of the South Porcupine Company, who presented Miss Wilkins with a gift of chinaware.

Miss Wilkins thanked all the Guides and Brownies and said she would always keep the North in her heart. She remarked that this was the first occasion on which she had ever been to a Guide meeting without a uniform and "it was something she would not like to do again."

Miss Wilkins then addressed a few words to the French Company which she had helped so much in its formation. Mrs. Leitnerman, former Camp Advisor, spoke on the Brownie motto, "Lend a Hand," and said this was just what the different countries were doing to-day—lending a hand, helping each other fight for freedom.

Mr. S. Robinson then showed the Guides and Brownies some movie films entitled, "A Day at a Saskatchewan Patrol Leaders Camp," "Activities at Camp and at Home in Ontario," and finally a comic cartoon. Special thanks go to Mr. Robinson for running off the films.

The Guides and Brownies gathered round in a great circle and sang many songs, old and new rounds, rollicking and jolly and quieter ones as well. The sing-song was led by Captain E. Clatworthy, assisted by Lieutenant G. Langman.

The Second Timmins Co. delighted the others with several French songs. Everyone took time off from the sing-song for refreshments which are undoubtedly the high-light of any rally. Pop and doughnuts were served.

The Rally closed with the Guide Evensong and Taps.

Well, Guides and Brownies, from the comments we have received we believe this was the most successful and enjoyable rally ever held here and we know you will heartily agree with us. Good Guiding. -D.R.

Men of St. Matthew's Anglican Church Hold Get-Together

About Seventy Men of the Parish Ready to Help to Build Up Church.

On Thursday, June 8th, there was a meeting in St. Matthew's Church hall of about 70 members of the congregation and parish.

The get-together took the form of a supper, which was prepared and served by the Ladies of the Anglican Guild with the co-operation of other ladies of the congregation. Much credit is due to these ladies who spared neither time or effort to make the supper a great success.

After the supper a brief sing-song was enjoyed. The business meeting was under the

chairmanship of the Rector, Rev. A. R. Chickwick, and was an open discussion and exchange of views on matters pertaining to the church, its welfare and future as there is a unanimous desire to build up the resources of the church and the interest of the parishioners. The support promised by the men present to help whenever and wherever possible was most gratifying and encouraging.

Need for Recruits Greater Than Ever Before, Says Major

Special Need for Men for Infantry and Women for the C.W.A.C.'s.

Toronto—"Now that the invasion has started, the need for recruits is greater than ever before," stated Major R. P. Thompson, District Recruiting Officer today. "To support those boys who have already given four monotonous years out of their lives training for the assault on Fortress Europe, we Canadians keep up a constant flow of fully trained men to back the attack."

"In the early stages of the war our concern was divided between getting a couple of divisions overseas to stem the first waves of the Nazi assault, while at the same time providing munitions and other war material for Great Britain. In recent months the production lines of United States and our own country have ensured that we won't lack material, and now we can concentrate on getting a sufficiency of fully-trained men into the combat zones."

"We know now that the women of Canada can do many a job previously regarded as only achievable by men, and for this reason thousands of men previously considered indispensable in their trades can now be released for active service. It is to these that our appeal is particularly directed at this time. They have brains—they have shown that by the jobs they hold. They also have an important stake in this country, and from both these angles it is readily seen that they could soon be trained as competent soldiers, ready to

take their place beside their fellow-Canadians who have held the fort so long. In connection with the production-line work being done in Canada by women, it might be mentioned that the Army is also desirous of securing the services of all that can be obtained. The recent decision to permit members of the Canadian Women's Army Corps to serve in the combat zones has seen a greater burst of enthusiasm amongst the C.W.A.C.

"More are leaving for overseas with every troop movement, for clerical and other work in the battle areas, and some may even be used as drivers in the battle areas if the exigencies of the moment demand. It can truly be said now that every Canadian girl who enlists is releasing a man for the actual fighting."

"We are particularly concerned at present in securing male recruits for the Infantry. This important branch of the service, is destined to play an increasingly important part in the struggle ahead. In the past, Army recruits have headed for the Army Service Corps, Ordnance, Engineers, or some other such branch, believing that it offered more opportunities for action. The Infantry had plenty of opportunity to indulge in its favorite pastime of "grousing", for they had long months and years of weary waiting in England until the time arrived when they could go into battle. That day arrived when "D" Day dawned. The Infantry now will begin to move onto the centre of the stage, and the man who joins to-day can be assured that, as a fully trained and competent fighting man, he will be able to join his brothers across the sea before ten months have elapsed. No man worthy

Knitting Group Holds 4th Anniversary Celebration

On Thursday night, Mrs. A. P. Brennan's knitting group met at the home of Mrs. S. R. McCoy, Tamarack St., on the occasion of the fourth anniversary of the club. The members have all worked enthusiastically at their regular weekly meetings throughout the past season and have turned in a quota of which they might well be proud.

The gathering enjoyed bridge and a nice social time on Thursday night, followed by a delicious lunch, and in keeping with the celebration, a huge white and pink birthday cake which graced the centre of the table.

Present were: Mrs. A. P. Brennan, Mrs. R. C. Thomson, Mrs. Wm. King, Mrs. Lucien Fare, Mrs. Geo. Mondoux, Mrs. Geo. Webber, Mrs. Art Moran, Mrs. Wm. Roberts, Mrs. S. R. McCoy, Mrs. H. Downing, Mrs. Fred MacNamara, Mrs. Pat Larmer, Mrs. J. R. Beauchamp and Mrs. Jules Badeski.

of the name needs to be told more than that.
