TEN YEARS AGO IN TIMMINS

From data in the Porcupine Advance Files

Ten years ago the Algoma Air Transport Limited started its summer schedule, which included a regular service between South Porcupine and Sudbury and thus opening up a remarkably convenient method of transportation to all points south and east and west. Under the summer schedule in force the air service left South Porcupine at 6 p. m., arriving Sudbury 7.50 p. m. on Mondays and Fridays. The air service left Sudbury at 7 a. m., arriving at South Porcupine at 8.30 a. m. each Tuesday and Saturday. The operating base for this service was at South Porcupine while the Sudbury base was at the Nickel Range Hotel.

According to despatches received from Cochrane and Iroquois Falls ten years ago, a severe wind storm did considerable damage near Cochrane. The damage was largely confined to Norembea, a settlement some miles from Cochrane. One of the stories heard was to the effect that a terrific wind-storm struck Norembea and acted in very unusual way in addition to the actual damage done. One of the peculiar things credited to the storm was that it picked up a house bodily and carried it more than a mile before the structure was returned to earth. Another reference was made to the case of three men raised up in the air 25 feet by this ferocious storm. None of these men were injured to any extent despite the rough usage they received at the hands of the wind. A steel transmission tower, carrying power for the Abitibi Power and Paper Company was partially wrecked and the line was put out of commission.

The second annual tournament of the District of Cochrane Firemen's Association, held at the Timmins athletic grounds on Dominion Day, July 2nd, 1934, proved an unequalled success. Even three or four showers during the day did not upset the event or dampen the enthusiasm. Despite the threat of rain and the odd showers, the programme was run off close to schedule. The fire brigades taking part were: Timmins (not competing, being the host town), Schumacher, Ansonville, Montrock, Iroquois Falls, and Cochrane. While naturally the chief interest was centred in the firemen's events, the other sports events were up to the highest standards and were greatly enjoyed by the large crowds present all day. The event netted a neat sum after expenses had been paid.

Timmins Tennis Club players who went to the Northern Ontario Tennis tournament at Kapuskasing on July 1st and 2nd, 1934, certainly came back with the honours. The Timmins club carried off the club trophy at the tournament. L. Hodnett, of Timmins, won the men's singles title and he and J. Lorrain also carried off the men's doubles. The ladies' singles went to Miss Valiquette, of Smooth Rock Falls, while Miss Valiquette and Miss R. Deslozes, of Kapuskasing, won the ladies' doubles. The mixed doubles title went to Miss Deslozes and A. Belanger of Kapuskasing. Miss Susie Smith, who had been on similar duty at Hamilton, Ont., arrived in Timmins ten years ago to take over the duties of deaconess here in succession to Miss Campbell who was going on furlough after some years of arduous and earnest service. Miss Campbell remained for a few days to assist the new deaconess. During her stay in town Miss Campbell had made wide circles of friends whose good wishes followed her on leaving here.

In a schedule game of the ladies' Softball League ten years ago at the McIntyre grounds, the W. S. A. (Workers) won from McIntyre 9 to 7 in a good game of softball.

There was an organization meeting for hockey in the town hall ten years ago and the following officers were elected for the ensuing season for the Timmins Hockey Club:—President, H. W. Hooker; Vice-president, and team manager, F. Quesnell; Secretary-treasurer, E. Finchen; Executive, W. Arundell, Sr., J. Fulton, Chief A. Borland, Chas. Roach, Rev. Fr. Theriault.

Canadian Citizenship Week was honoured in a pleasing way at the Timmins Kiwanis Club on Tuesday, July 3rd, 1934. There were appropriate decorations and flags in full display for Canada's birthday, occasion. An interesting feature of the early part of the programme was the congratulations extended by the chairman, Geo. Lake, to the members who had proved themselves such notable experts at golf on the Timmins Golf Club field day, and Kiwanians Harry Scarth, and Geo. S. Drew were presented with a golf ball apiece as prizes for their prowess on the field day. The chairman of public affairs (W. Rinn) took the main topic of the day, "Canada, Know Thyself."

Among the local and personal items appearing in The Advance of July 5th, 1934, were the following:—"Mrs. J. T. Morton went to St. Mary's hospital this morning for a minor operation." "Dr. J. G. Harwood, of Saskatoon, honour graduate of the Faculty of Dentistry, Toronto, has commenced practice in town, and will be associated with Dr. S. L. Honey, 'Massie Block.'" "Gus Lauzon and family left on Friday last by motor for a visit to Buckingham, Que., and other points east." "Mr. G. Charlebois, of Thornloe, is visiting at the home of his daughter, Mrs. P. J. McNulty, 67 Balsam St. S. Timmins."

"John Cavaney, of Kapuskasing, spent the holiday visiting his parents, Mr. and Mrs. J. Cavaney, of Sandy Falls." "Mr. and Mrs. P. H. Carson and family,

left by motor on Friday last for Temagami where the family will spend the summer vacation, at their summer cottage there."

Co-operation of Red Cross I.O.D.E. in Hospital Libraries

TORONTO, July 5th, 1944. . . . An example of co-operation between two sister organizations is the highly successful library system in Ontario military hospitals carried on jointly by the Imperial Order Daughters of the Empire and the Ontario Division of Red Cross. So successful has the project been that it is soon to be adopted nationally by the two organizations.

Since 1939 the government has relied on the I. O. D. E., through its 35,000 members to be responsible for supplying books for recreational reading to military hospitals in Canada. A year ago the Department of National Defence asked the Red Cross to take on the job of visiting military hospitals. At that time a plan was worked out between the I. O. D. E. and Ontario Division of Red Cross whereby the former made available their libraries and books to the Red Cross. These remained the property of the I. O. D. E., but would be distributed by the Red Cross hospital visitors. Mrs. J. H. Chipman, national convener of I. O. D. E. Camp Libraries, and Mrs. Arthur W. Ellis, president of Ontario Division of Red Cross, agree that the plan has worked out perfectly and because of it, much waste, through duplication of effort, has been avoided. Since the plan was put into effect, libraries in military hospitals have been "streamlined." A year ago the Red Cross Visiting Committees went into hospitals and removed unsuitable books, such as the Bobsey Twins, Peter Rabbit, Lavender and Old Lace, which, however suitable for the very young or very old, have no attraction for the modern young soldier sick a-bed. These were replaced with fresh volumes, the latest in travel, biography, mystery, romance. I. O. D. E., through its book fund, pays for many of the volumes. Smart book-covers are in use, designed in three colors, bearing both I. O. D. E. and Red Cross crests. Book plates inside make it clear that the book is the gift of the I. O. D. E.

In the past year nearly 4,000 books have been distributed in Ontario military hospitals through this system by which the Red Cross accepts responsibility for care and upkeep or replacement of books from libraries supplied by the I. O. D. E.

Hundreds of letters are on file at headquarters of both organizations bearing testimony to the appreciation which servicemen feel for this enrichment of life in Ontario's military hospitals.

Notable Bond Record of the San Antonia Kiwanis

There are many special bonds of interest between the Timmins Kiwanis Club and the Club at San Antonia, Texas. Timmins is one of the farthest North Kiwanis Clubs while San Antonia is one of the farthest south. Mr. Vincent Woodbury, a Past President of the Timmins Club, has been for some years past a director of the San Antonia Kiwanis Club. The San Antonia Club, honoured the Timmins Club some times ago by presenting the local Kiwanis with a flag of the Lone

and transportation to Britain. To-day, in numerous church kitchens throughout the province, Women's Institute members are busily engaged in the making of strawberry jam, to be followed by other fruits in season.

The amount of \$2,635, to purchase factory-made jam and honey has been sent to Ontario Division from branches and Women's Institutes situated outside the fruit-growing belt who did not find it practical to make their own jam. This sum has been used to purchase nearly 9,000 pounds of factory-made jam. Tins, cases, labels, recipes and sugar permits supplied by Red Cross have been sent to those groups who plan to make jam this year.

Ontario Red Cross Wants 125,000 lbs. of Jam and Honey

Objective Set for Jam and Honey to be Sent to Britain.

TORONTO, July 5th, 1944. . . . All reports indicate a better-than-average fruit crop this year, and therefore, Red Cross and Women's Institutes jam conveners are optimistic about reaching Ontario's objective of 250,000 pounds of jam and honey for Britain. This Red Cross activity, essentially Canadian, has been quietly carried on from year to year, sending jam to children's nurseries and hospitals, as well as to bombed homes in Britain. In the earliest days of the blitz, when the devoted women of the Motherland were evacuating the children, invalids and aged, to safe and strange locations, and themselves to nights in underground shelters, the Women's Institutes in the fruit belt of Ontario approached the Red Cross to provide ways and means that they might share their abundant fruit crop with their British sisters overseas.

Red Cross provides the Institutes with standardized cases, cans, labels

Star State, and the Timmins Kiwanis Club in return presented a Union Jack to the Texas Club. A great many of the members of the Timmins Kiwanis in recent years have been guests at the San Antonia Club and speak in superlatives of the hospitality shown them. For all these reasons, and also for its own importance the following record made by the San Antonia Club in the U. S. War loan campaign recently concluded will be read with special interest. With 185 members the San Antonia Club bought \$4,438,150.00 worth of bonds. It is said that to give quickly is to give twice. Well, the San Antonia, Texas Club, actually subscribed at the rate of \$3,698.00 per second, which should be quick enough for anyone and far too quick for Herr Schickelgruber. Salute to San Antonia!

Emphasizing Urgent Need for Red Cross Hospital Supplies

TORONTO, July 5th, 1944. . . . "The greatest event in history, the invasion to liberate oppressed peoples, is on. Our boys are fighting valiantly, sacrificing their lives that freedom may live. The need for hospital supplies is urgent," Mrs. J. C. Fraser, chairman Women's War Work Committee, Ontario Division of Red Cross declared, in an appeal to all workers throughout the province to keep busy throughout the summer months.

Stating that her committee was anxious to supply branches with hospital supplies quotas, she reported that shipment of hospital supplies to Great Britain, the Second Front, plus the outfitting of R. C. A. F. depots across Canada was giving Ontario large quotas in all types of these supplies. The need for knitted goods, too, was urgent. "We have this week shipped every knitted article from our warehouse, at the request of the National Women's War Work Committee," she said, "leaving only the smallest reserve of seamen's comforts to meet immediate request from corvettes and other new ships." Sweaters were still the greatest need, she pointed out.
