Gold Centre Couple Observe Their 25th Wedding Event

Schumacher, July 12th. Special to The Advance.

Congratulations are extended to Mr. and Mrs. Thomas Hodson, Gold Centre, who celebrated their 25th wedding anniversary Tuesday, July 4th. Mr. and Mrs. Hodson were married at Dunfermline, Fifeshire, Scotland, and came to Canada about twenty years ago where they took up residence in Schumacher and are held in the highest esteem by their many friends. During the day many friends called to extend their best wishes. Mr. and Mrs. Hodson were the recipients of many lovely gifts, including a four-piece silver tea service from their daughter L. A. W. Mary Hodson, R. C. A. F. (W. D.), stationed at Newfoundland, and their son, Tommy, who was with the Cadets at Camp Bolton.

If it's Ogilvie it's good!

There is no question that poultry, fed "Miracle" Laying Mash produce more eggs... both in and out of season. This has been proved countless times, and many poultrymen report egg increases up to 200%.

"Miracle" Laying Mash does the job better because it contains top quality ingredients, scientifically blended in just the right proportions. Why not put your flock on this mash now, and prove that poultry pays more the "Miracle" way.

"Here are 8 Ways to help make your ELECTRIC WASHER last longer!"

Says REDDY KILOWATT

Under government restrictions, your Electric washer has become extremely valuable property, demanding the best care available. Electric washers help to improve health and conserve strength, time and money.

1. Immediately after washing—drain tub and rinse thoroughly. Remove agitator and also rinse.
2. Remove with soft cloth or sponge any soap curd or lint that may have remained. Hard water deposits may be removed with vinegar water on cloth.
3. Take particular care of rubber wringer rolls—wipe dry and release pressure on rolls when not in use. Make sure no grease is left on rolls.
4. Leave lid off tub until thoroughly dry, then protect washer from dirt and dust with an overall covering.
5. Never let connecting electric cord lie on floor. After using wipe dry, coil carefully on hooks provided. Tape any worn insulation temporarily until new cord is secured.
6. Follow manufacturer's lubricating instructions to prevent wear.
7. Avoid running washer longer than necessary—7 to 12 minutes is usually enough.
8. Do not overload washer. It increases Electric consumption, increases wear on clothes and decreases efficiency.
