Born—On December 17th in Porcupine General Hospital, to Mr. and Mrs. D. J. Marshall, of 12 Birch St., N. Timmins—a son.

Proof of the damage carelessness can do was given this week, when several parcels, salvaged from a recent fire in a mailing and shipping office, were returned to senders here. They had been mailed to service men overseas and were sent back from a fire which had broken out among them possibly from a parcel containing matches or 'lighting fluid.' Very little (if any) of the water-soaked contents were of any use and the loss to the senders (and the men) was great besides the disappointment of both parties over a Christmas parcel. The only consolation was that another parcel might be made up and sent post free to replace the damaged one.

Free Enterprise FEEDS CANADA

MANY of Canada's earliest settlers came solely because they wished to farm their own land...

Thus Canada's great farming acres are a monument to men with courage and initiative, who ventured into a strange territory, tilled the soil with knowing hands and set about the business of reaping their own profits from their own labour. Because of their enterprise Canada is today one of the world's best-fed nations. This is free enterprise.

For over a hundred years, this Bank has loaned money and afforded other essential banking facilities to Canadian farmers... has contributed towards giving Canada a standard of living unsurpassed by any nation on earth.

On Earth Peace to Men of Good Will

With the advent of Christmas this year, these words hold for us an added significance: "Peace to men of good will!"

WE Canadians, whether we fight in the factory or on the farm—in industry or in the armed services, wish peace on earth to men of good will the world

over. We are fighting that the spirit of Christmas shall endure. And we rejoice that this Christmas brings with it the definite promise of freedom for all mankind.
