TEN YEARS AGO IN TIMMINS

From files in the Porcupine Advance files

Figures supplied ten years ago by the town assessment department showed that the assessment of Timmins for the years 1935 was half a million greater than in the previous year, showing a noteworthy growth of the town. The total value of the assessable property in the town of Timmins as at Jan. 1st, 1935, was given as \$9,325,105, including Mountjoy, which was assessed only for school taxes.

The Advance ten years ago had another ditorial urging the paying to settlers of land-clearing bonus. This was a plan urged for many years by The Advance as the best way to help bona fide settlers who were in earnest, and industrious. Ready cash was one of the big needs of the settlers, and for want of it many had been forced off the land. If settlers who attended to the business of clearing the land and putting it into cultivation received even a small amount of cash they would be able to carry on to eventual success to the advantage of the whole country. Government after government would consider the question, and usually it was not difficult to convince them of the value of the plan, but for one reason or another they sidestepped the issue.

There was an interesting article in The Advance ten years ago about the history of curling. In this article it was reluctantly admitted that Scotland may not have originated curling. There was a story to the effect that some Flemish merchants, going to Scotland in the hopes of learning the real secret of conducting business, had introduced the game of curling in the land of heath and heather and porridge. Scotland, however, had indisputable title to priority in organized curling. The Grand Caledonian Curling Club was founded in 1838.

Carl Hannah, of Schumacher, fell and broke his arm ten years ago while playing hockey in the school rink.

In hockey ten years ago the McIntyre hockey team won an exhibition game from Timmins with the score 7 to 3. A hockey game at South Porcupine was featured by free fighting for a few minutes. Somebody walloped the referee, then the players mixed it up and later the spectators joined in the fracas. A good time was had by all. There was no one hurt to any amount.

The Timmins Kiwanis ten years ago had an unusually attractive meeting. The guest speaker was Mr. W. M. Whyte ("Dad"), one of the most popular of the very popular Scots in the Porcupine. He had been guest speaker on other occasions for the Kiwanis meetings, taking for his subject on these other occasions the same subject as in 1935, but each time his approach to the subject was from a different angle. In 1935 he spoke about Robert Burns, the great Scottish poet, of course, but the address threw much new light on Burns and his work. While admitting that Burns and his poetry were characterized by the poet's sympathy with every living thing from mice to men, he turned his address to a discussion of the irony, wit and humour of the poet. Many illustrations of the points of the address were given by the reciting of poems by Burns. Mr. Whyte, who was a recognized authority on the life and work of the poet, Burns, had a remarkable memory, and it was no trouble for him to repeat any of Burns' poems (even the lengthy ones) without a note or other help to memory. The Scottish music for the luncheon was supplied by David Gordon, on the violin, with Herman Walters at the piano. One number that made a very special hit was an imitation of the bagpipes on the violin.

The Advance ten years ago extended congratulations and good wishes to Mrs. Sharp, mother of Geo. Sharp, on the occasion of her 81st birthday. Ten years ago A. Tierney lost a case against the town of Timmins in Division Court. He sued for damages to his car which had suffered from colliding with the fire truck at the intersection of Third Avenue and Cedar streets. Judge Caron said that the fire truck had right of way and was exempt from the provisions of stopping at stop streets.

There was reference in The Advance ten years ago to the fact that Miss Gertrude Oakes, sister of Sir Harry Oakes, who also lost his life in tragic circumstances, died in the wreck of the Steamer Mohawk, which went down after collision with another vessel.

Reference was made in The Advance ten years ago to the death in South Porcupine hospital of Mrs. Clement Latendresse, of Hoyle. Mrs. Latendresse was only 33 years of age at the time of death. In addition to the bereaved husband she was survived by six children, the youngest two years old and the oldest fourteen.

Mr. and Mrs. R. B. Ash, of Schumacher, left ten years ago for Saint John, Newfoundland, en route for England. They intended to spend some time in London, and then proceed to West Africa where Mr. Ash had been engaged to manage a mining property.

Announcement was made in The Advance ten years ago that harmony again reigned supreme in the Liberal party ranks. There had been some friction, with some resignations, due it was said to discord between the provincial and federal organizations.

Eight rinks from Timmins took part in the T. & N. O. bonspiel at Noranda ten years ago.

South Porcupine completed the hockey schedule for the North without a single loss in 1935.

Moosee was given as the coldest spot in Ontario, with the official temperature of 44 below ten years ago.

In a letter to the post office department at Ottawa ten years ago, Mr. W. O. Langdon, president of the Timmins board of trade, made three suggestions for the benefit of Timmins, and the P. O. Inspector from North Bay came here to investigate. The Advance agreed with the Inspector that the time of arrival of the mails here and the frequent changes of address and other factors did not make mail delivery here practical at that time. In regard to two other suggestions of Mr. Langdon The Advance and everybody else who gave thought to the matter were in agreement. One was for mail collection boxes in town, and the other for a mail box at the station.

Among the local and personal items in The Advance ten years ago were the following:—"W. E. Mason, publisher of the Sudbury Star, was unanimously elected president of Sudbury board of trade." "Mr. and Mrs. A. W. Young have returned home from their wedding trip in the South." "Miss Ethel Brown daughter of Mr. J. L. Brown, Elm street South, has gone to Toronto where she will go into training for a nurse." "Col. S. B. Scobell is ill at his home with the prevalent influenza." "R. M. Wynne returned last week from a visit to his native Ireland. He says things are looking better in the Old Land generally, and that prospects for the future are much improved." "F. A. Burt, manager of the Dominion Bank, was operated on for appendicitis, on Tuesday." "A. E. DeMille is in hospital in South Porcupine, suffering from a fractured leg in an accident at the mine at which he is employed."

"Arthur Lawlor, who was taken to St. Mary's Hospital on Monday, is progressing favourably to recovery."

"R. Arthur ('Doc') of The Advance staff, is laid up with the prevalent 'flu'." "Mr. and Mrs. W. H. Pritchard left to-day for a month's vacation and will visit Montreal, New York, Chicago, New Orleans and Florida, during their trip south." "Born—To Mr. and Mrs. Peter Petchersky, at St. Mary's hospital, Timmins, on Feb. 1st, 1935—a daughter." "Three members of the town council have been ill recently—J. E. Morrison, W. P. McDermott and Dr. Day."

Presentations Made to Mr. and Mrs. Don McInnis Last Week

General Regret at Loss to Town from Departure of Popular Couple

There is very general regret in town and district at the loss of Mr. and Mrs. Don McInnis, who left on Wednesday of this week to take up permanent residence on their fruit farm at Oakville, Ont. For several years past Mrs. McInnis has been spending part of the year at the property overseeing operations, and the fruit farm is now running very smoothly and well. Mr. McInnis has been with the Hollinger for some twenty-five years and has been popular with men and mine alike. In addition he has taken a keen interest in sports, and as president of the Timmins Conservative Association for some years did much to re-instate that party in public esteem in this district. Mrs. McInnis has been prominent in the Eastern Star and in other circles, and it is not stating the case too strongly to say that both of them will be greatly missed in Timmins and district. Mr. McInnis is one of the real old-timers of the Porcupine, first coming here in 1910. He went overseas early in the last war and served with distinction.

The esteem in which Mr. Donald McInnis is held by his many friends and work associates was evidenced at the Stag party given in his honour at the Timmins Armories on Saturday, Jan. 27th.

About 100 men gathered to wish Mr. McInnis au revoir prior to his departure for Oakville where he and Mrs. McInnis will reside on their farm.

As a tangible expression of the high regard in which the guest of honour is held he was presented with a gladstone bag and there was an overnight case for his wife. The presentation was made by Mr. Edgar Stevens, convener of the gift committee.

Mr. James Dougherty Superintendent, and Mr. J. M. Douglas, Assistant Underground Superintendent, both spoke in high praise of Mr. McInnis and voiced their regret at his departure, having been associated with the Hollinger mine since the conclusion of the last war during which he has been employed in almost every phase of practical mining from miner to mine captain, which position he attained in 1937, and he always has been held in high esteem by men in every branch of the industry.

Mr. Ike Solomon spoke of the interest which Mr. McInnis had at all times exercised in the field of sport, making special reference to baseball activities in the district which had for many years held his keen interest.

Mr. Charles Brown, of the Buffalo

Canadian Legion Offers Forestry Course for Troops

First Time Such a Course has Been Offered in Canada

Ottawa, Jan. 31 (Special)—Adding to its already formidable list of firsts, Canadian Legion Educational Services has now, for the first time in Canada's history, produced a complete course in forestry that can be undertaken with only a grade 7 or 8 education. The forestry course has been developed by Legion educationalists as part of the rehabilitation program designed to allow men in uniform to train themselves for the occupation they wish to follow when finally discharged.

The new forestry course, like all Legion rehabilitation studies is distinct entirely from correspondence courses the Legion has been operating since the beginning of the war.

Composed of four textbooks, two elementary and two advanced, the course is given by qualified instructors whenever a sufficient number of students can be gathered together. The instructors is provided and paid by Canadian Legion Educational Services. The course is open to anyone in uniform and upon successful completion, certificates of achievement are awarded to the qualifying servicemen.

To every district where forestry classes are started go sets of textbook from the Legion library along with a set of wood samples for practical use. Every textbook has its own series of tests to be given on the completion of each chapter. All books are illustrated with actual photographs, and in the advanced courses a large number of sketches are provided to illustrate formulas, etc. On completion of the course a list of publications dealing with more advanced aspects of forestry are recommended and are offered free of charge to servicemen on application to the Legion educational library.

For the most part, servicemen need only notify their camp educational officer that they desire to take the course. The educational officer applies to the Legion for an instructor, whom he has had a sufficient large number of student and the course is begun at a spot most convenient for all students who wish to attend.

Should the demand arise, Canadian Legion Educational Services is prepared to adapt the textbooks to be used as a correspondence course and will engage a correspondence instructor.

THE LEGION COLUMN

The following extracts appearing in the Legion Forum were taken from a letter written by Supervisor H. H. Lyons, Canadian Legion War Services, while on active service with the boys in Italy: "As a supervisor with the C. L. W. S. I have served with the troops in Canada, England and Italy. I can say that I have really lived with them under all conditions of war; ; ; During my stay with the 1st Canadian Division I have had plenty of opportunity to hear the expressions of thought in the minds of the men. Here, I wish to pay tribute to them as an old soldier. Can. Div. man of the last war. I can truly say they are worthy successors. They have carried and are still carrying on the great fighting traditions their fathers left behind in France. They act the same as we did, fight with great courage and skill, play just as hard, no job too hard and none taken lightly.

"There is a difference, however, and that is in their thoughts of Home. Many have been away longer than

Ankerite, spoke on behalf of the hockey enthusiasts in the district, and said that Mr. McInnis will be a great loss in local sports activities.

Mr. Wm. King of the Hollinger referred to the early days underground where he and Mr. McInnis began the first of their long and happy associations.

Mr. Wm. Roberts paid tribute to Mr. McInnis on behalf of the shift bosses.

Mr. McInnis responded appropriately and expressed regret at leaving the mine and its many pleasant connections.

The evening was spent playing cards and music was supplied by Peter Boychuck and his orchestra.

Refreshments were served by Mr. "Bill" King, assisted by Mr. "Bill" Roberts and their committee.

One of the features of the evening was an original song entitled "We are the Holly boys" which was sung by the composer who wishes his name to be withheld for security reasons.

On Wednesday of last week there was also a presentation made to Mr. McInnis at the mine. Mr. R. Jackson acted on behalf of the officials and shift bosses and the gift took the form of a well-filled wallet.

In addition to his many other interests Mr. McInnis was an active member of Golden Beaver Lodge A. F. & A. M. and Northern Lights Royal Arch Chapter as well as taking a keen part in the activities of the Progressive Conservative Association. His departure will indeed be deeply regretted and a distinct loss to the district.

we were, and five years is a long time. To them strange things have happened at Home. Zombies and Zootsuits have appeared and they are wondering just what are these strange creatures who have taken possession of our beloved country. To these men who have been away and fought so valiantly it is all very confusing, and, I might say, very disturbing indeed, as to them it is sowing the seeds of factionalism in Canada.

"The volunteers versus the zombies, zootsuits and the essential worker—this is definitely not a good state of affairs and much of the responsibility rests with our government; Democracy works only in proportion to the extent that people make it work. The people of Canada by an overwhelming majority voted in favor of conscription for overseas, but they have not yet insisted that the Government put that policy into effect; ; ;"

Bright and Gay might be confused at first glance with one of Sydney's famous weather prognosticators or, maybe, an up and coming vaudeville team, but we are here to tell you that Bright and Gay, believe it or not, are two h-r-s-s definitely sombre in shade who recently emerged from the obscurity of their respective stables to participate in the dart racket in a big way. Having positively no connection with any of the existing dart leagues Bright and Gay are strictly on the amateur list, their own list, and are battling desperately for the amateur championship originated by their own selves; other aspiring amateurs please take note.

To date Bright and Gay have clashed on two separate occasions, both of them pay-days, and if one is Bright and the other Gay you would hardly expect these who looked on to be otherwise, not if you are at all acquainted with Bright and Gay, because—to keep the record straight—neither of them are particularly dull. So far all the honours have gone to Bright, which doesn't look to bright for Gay, although Gay stoutly maintains that—despite his reverses—he remains Gay, which same is open to question, and—as stated before—if the spectators were also gay there was ample cause for that too.

Bright is particularly bright on the doubles but Gay is a trifle less gay when they come his way. To be perfectly frank about it Gay is neither gay nor bright at the moment, but he says, definitely, that the next game may leave him with a brighter outlook. Gay intends to go in for a little secret training, as Bright has been doing all along; bright lad! Confidentially—Bright has been taking lessons from Jenks, one of our foremost exponents of the dart game, and—without giving away any secrets—he has been giving Jenks the well known run-around and if Bright is bright enough to beat Jenks, Gay has very little to be gay about.

J. Gordon and F. Melville are the Doubles Champions for 1945. Although the title was won in two straight games it was far from being a walk-over. Paddy and Jimmy put up a grand fight. Paddy McAlvey just didn't click with his usual high scores. Jimmy Wakeford played a very steady game. However, the Doubles Trophy will find a temporary home in the Legion Hall, for the first time, and will be exhibited alongside of the Russell Trophy, won by Legion.

Legion met Moose—Moose with only three players rearing to go. Legion gained 3 points, Moose 1. Legion fell down in allowing Moose to creep up to the double one while still holding a lead of over 300. Bill Nixon took the double one and was responsible for the Moose's single point. Imps met their old opponents, Seven Up. Bill Mackay being absent on account of sickness Victor Cotnam filled the gap in Paddy's team. Imps took two points at Seven Up's stamping grounds. Ken Hulme taking the necessary doubles in both cases. Seven Up scored a couple of points on Imps' home grounds. Imps 2 points—Seven Up two points. High scores for Imps: Paddy Mc-

New Procedure in Pensions Much Better, Says Legion

Ottawa, Jan. 31 (Special)—A new pension procedure designed to assist veterans of the present war, or their dependents, in proving claims to pension, was announced here today by R. Hale, Canadian Legion chief pensions officer, following several months of negotiation between the Canadian Pension Commission, the Department of Veterans' Affairs and the Legion.

The new procedure Mr. Hale said, abolishing as it does any time limit on action to be taken following the Pension Commission's first decision, affords almost unlimited opportunity for claims having merit to receive the full consideration of the commission.

Where formerly a veteran who was dissatisfied with the ruling of the commission in his particular case had to make application for a second hearing, accompanied by additional evidence, within ninety days, he may now secure further consideration at any time upon producing additional evidence. The more complete the evidence is, Mr. Hale pointed out, the better are the chances for a favourable decision.

Legion adjustment officers are prepared to assist veterans in proper presentation of their cases to the commission Mr. Hale explained. The applicant must first sign an authorization form which gives the Legion officers authority to examine all military documents in connection with the case.

A copy of the first decision of the commission must be attached and a statement from the individual pointing out reasons why he considers the decision of the commission to be correct. When the case is complete, Legion officers discuss the case with the commission and make proper submission to secure new consideration for the applicant.

In instructing to all Legion branches on the new procedure, Mr. Hale added: "Always remember that we have learned from our vast experience regarding claims arising out of the first great war, that often the diagnosis of applicant's condition may not be fully correct. Obscure and insidious disease in young persons are difficult to recognize; and the tragedy of the last war was that thousands of such cases were discharged on demobilization as being physically fit.

Alcay 93-97; Ken Hulme 93; Vic Cotnam 93.

White Cross clashed with Aity Aits. White Cross 3 points—Aity Aits 1 point. High scores for White Cross: Bobby Dunsmore 95-95-97; Geo. Gibson 94; Albert Rigg 91; Lou Hudson 101. A nice aggregate to add to their lead. Firefighters forfeited 4 points to Windsor by default. Windsor celebrated with a little card party of their own. In their game with Windsor last week the members of Seven Up should be commended on their sporting action to participate after the game was well in allowing a very belated Windsorite started, especially so considering that both teams are fighting for leadership in the Shield league. Sez Frank Melville: "Good luck to Seven Up."

Therefore, the greatest possible care should be taken in submitting any claim for disability pension to ensure that the true nature of the disabling condition is known and fully described. In Canada, full advantage should be taken of the right to free treatment, within one year of discharge, under the Department of Veterans' Affairs. Subsequent medical examinations may reveal previously hidden disease."

Girl Guide News

"The 51st I.O.D.E. Guides met at the Hollinger Hall. The programme this week was planned by Betty Webber. During the evening May Allen and Doris Sanderson were enrolled by Captain McKi. Welcome to the Company, Elaine Craig and Mary Bourke! Despite the cold weather Wednesday the 56th I.O.D.E. Brownies had very good attendance. The following passed their sewing: Jean Armstrong, Patty Beattie, Jean Rosenthal, Barbra Hocking, Joan D. Robinson, Patty Beattie, Barbra Horrester and Joan D. Robinson also passed their knitting. Noah's Ark, a very noisy game was much enjoyed. The meeting closed with "Night is come."

St. Matthew's Guides, under Captain Bailey spent the evening studying for their first class badge. Acting Lieutenant Eileen Strickley supervised the tenderfoots for the second class badge. During campfire the Guides

The St. Matthew's Brownies reviewed their flags with Helen Channon. Brown Owl Read instructed the Golden Hand and Golden Bar Brownies in manners. The game "tunnels" was much enjoyed. Pow-wow and treasurers brought the meeting to a close. Has anyone taken a size 13 overshoe by mistake? If so please advise your Captain or Brown Owl.

CAUGHT

A recruit was trying to dodge military service.

"I'm afraid my shortsightedness will prevent me from doing any actual fighting," he said.

The M.O. replied cheerfully: "That's right, old chap. We've got special trenches for the shortsighted ones. Right close up to the enemy—you just can't miss seeing them."—North Bay Nugget.
