### Hydro to Continue to Pay Municipal Taxes for Present

(Continued from Page One) have to be secured either from the municipality or from private individuals.

Comment was made that at present the plan was only in the stock-selling stage.

Councillor Bonhomme pointed out that there was much talk of what the T. and N. O. planned to do in the way of providing air service for this part of the North and he suggested that the details of the T. and N. O. plans might be secured before any action was taken on any other proposition.

The matter was referred to the chairman of the public relations committee, Councillor Eyre.

A letter from the Aid to Russia Fund was received, pointing out that a new government regulation stopped the collection of clothing for refugees and evacuees except under special permit. The Aid to Russia Fund had been allowed to continue its present collection of clothing for shipment overseas until Feb. 20th. This made the time for their very short accordingly all who could contribute clothing so badly needed in Russia should do so at once. The council was asked to facilitate the collection here as much as possible. Referred to Councillor Karol who commented that he regretted that the collection here was really being stopped almost before it was started. It meant that all who could help by donating clothing must do so at once.

The report of the mayor on the recent session of the Ontario Mayors and Reeyes' Association and of the delegation from the Association of Northern Ontario Mining Municipalities that interviewed Hon. Geo. A. Drew and members of his cabinet were read and accepted.

The fire chief's report for January were read and accepted.

A list of requests from the General Workers' Union was referred to the Public Works Committee.

Gray's Shows wrote asking permission to bring their shows to town during the coming summer. They offered to bring a percentage of profits to any designated patriotic cause. Council decided against having them, the business men of town objected to this type of travelling show coming to town. Councillor Robert commented that even if the council kept the shows out, they could get a location adjacent to the town and still take money from the town without contributing anything to the municipality. They had done this before. Nevertheless, he was agreeable to keeping them out.

Mr. S. J. Morgan addressed council on behalf of the Porcupine Bomber Squadron comforts fund. He mentioned the contributions made to every worthy cause by the Hollinger War Chest fund and the feeling among Hollinger employees that the townspeople in general were not contributing as well. The Hollinger War Chest had given generously to the Porcupine Bomber Squadron comforts fund, but the business men and others in the town had seemed apathetic. Timmins had not made its quota in this respect. Mr. Morgan referred to the day's pay plan used at the time as the solution of the present situation. The Hollinger War Chest had contributed \$144,000 to patriotic causes since the war began. This fund was made up of contributions from the employees at the Hollinger, with the Hollinger putting up dollar for dollar with the men. He suggested that a similar War Chest might be adopted for the town.

"An excellent suggestion," commented the mayor. The matter was referred to Councillor Eyre chairman of the Public Relations committee.

Councillor Eyre thought the War Chest idea might include all the causes represented now in the Welfare Federation. He thought it would be a full time job for some good man to organize the whole plan, interview all business men and others.

Councillor Bonhomme thought that those interested should get together and organize and elect officers so that council would have authorized people to confer with.

Councillor Karol said that many thought that the merchants were not doing enough. He knew that the Union felt that way. He did not think there should be any difficulty in organizing as suggested by Mr. Morgan and Councillor Eyre.

The usual by-law was formally passed to authorize the borrowing of the necessary money to carry on until town

taxes came in, the amount to be borrowed being limited to \$500,000. In answer to a question by one of the council, Town Clerk Shaw said that last year the limit borrowed had been \$225,000.

Council passed a resolution for the annexation of the Empire townsite.

Councillor Eyre and Town Engineer MacLean were authorized to attend the Air Conference on February 27th and 28th.

A by-law was given its necessary readings and finally passed to provide for an annual salary of \$300 for town councillors, a penalty of \$15 for each meeting of the by-law, this provision however, not to be effective during July and August. The by-law is to come effective if and when approved by the Municipal Board.

### Valentine Tea Held by Women's Institute

The ladies of the Golden Star Branch of the Women's Institute held a very delightful and successful Valentine Tea in the Hollinger Hall on Wednesday, Feb. 14th.

Valentine motifs, red and white streamers and red and white carnations were used effectively in the decorating of the hall.

The President, Mrs. W. Johnston received the guests at the door and Mrs. A. McCharles was in charge of the tickets and receipts for the afternoon.

A well filled and attractive bake table laden with bread, rolls, cookies, cakes and pastries were conveined by Mrs. W. Hawse and Mrs. W. Martin and looking after the tea tables were Mrs. C. Briggs, Mrs. J. Holson, Mrs. C. Surman and Mrs. A. J. McDonald.

The kitchen committee was composed of Mrs. W. P. Willson, Mrs. A. Weir, Mrs. A. Jack, Mrs. M. Veinotte, Miss B. Burton and Mrs. E. Buckenburgh. The Work Table which contained many attractive and useful articles and a quantity of children's knitted wear was conveyed by Mrs. Peter Jeffrey.

During the afternoon piano music was played by Mrs. C. Surman who also sang several solos which were

well received by the visitors. A highlight of the afternoon was the drawing of lucky Number 43 by Miss D. Kyllonen for the quilt which has been on display in several of the stores recently. The proud owner of the ticket was Mrs. S. Johns, 2 Laurier Avenue and Mrs. T. Marriott was the lady who sold the winning number. Mrs. Mary McIntosh was in charge of the sale of the draw tickets.

Proceeds of the Valentine Tea and Quilt Draw are to go to the financing of further war work which this very fine organization has carried on so earnestly and consistently since the branch was formed in Timmins.

The next regular monthly meeting of the Institute will be held next Wednesday, Feb. 21st, in the Hollinger Hall at 2:30 p.m.

### Pulling False Fire Alarm Criminal Act

Boy Given Suspended Sentence After Stern Warning

In Juvenile Court this week a young boy was charged with turning in a false fire alarm. Juvenile Court Judge Atkinson gave the lad a stern lecture, but allowed him to go on suspended sentence after explaining to him the seriousness of the act. It is not likely that any adult caught at this time will escape lightly. Boys usually have too much sense to try this mean trick. Recently there have been quite a number of these false fire alarms and both the fire department and the police are anxious for the town's sake to stop this form of dangerous crime. Every false alarm means unnecessary cost and danger. The firemen have

the same chance of injury going to a false alarm as to a real fire. Indeed some of the worst injuries to Timmins firemen in the past have been from answering false alarms. The very essence of fire-fighting and fire-prevention is getting to the scene as quickly as possible, for every second may count. A short delay in having men or equipment on the scene may make a serious difference. Such a delay may easily occur due to a false alarm. There was an illustration of this a couple of weeks ago when just after a false alarm a real alarm was turned in. Fortunately, the two alarms were for the same section and the men and equipment were switched to the real call without much delay. People in general should make a point of realizing the seriousness of this false alarm business and making others realize it. It may be well to mention in passing that most of the false alarms are not turned in by children but by foolish and dangerous adults.

Don't take a chance on poor "handwriting". You may save a minute—at the cost of many weeks' delay.

THIS is a war of rapid movement. Overseas mail must be handled many times before it reaches your man. If you write a wrong or incomplete address, it may cause weeks of delay in spite of all your Post Office or Canadian Postal Corps can do to speed delivery. You can save much heart-ache by following these simple rules:

1. Write clearly or print full address in block letters.
2. Make sure the address is COMPLETE, many delays are caused in Army mail by senders omitting name and number of unit.
3. If you are writing to a wounded man in hospital Overseas, write the usual COMPLETE address, then ADD the words "IN HOSPITAL" in large letters on the envelope.

YOUR PARCEL MUST FACE THE RIGORS OF WAR...

Your parcel must stand the weight of thousands more pressing down on it in the hold of a lurching ship at sea. It must stand rough transport, often under fire, over shell-torn roads. Pack your parcels in corrugated containers, wrap in several layers of heavy paper and tie with strong twine.

DON'TS for SENDERS: Don't pack matches or lighter fluids. Don't send foods that can spoil. Don't send liquids in cartons or glass. Don't forget to affix completed customs declaration. Don't use "shoe boxes", they crush easily.
