TEN YEARS AGO IN TIMMINS

From data in the Porcupine Advance Files

Ten years ago "on information received," Chief of Police Ralph Paul, Deputy Chief Sally and three constables walked in on a film, "Golden Mountain," being shown at the Elm hall, Fourth avenue. They seized the film and equipment and laid information against a man giving the name of Herman Shawn, alleged to be operating the machine. When they went to seize the equipment, they were asked if they "wanted to start a riot." Chief Paul replied, smiling, that of course they did not, that they were only following out their duty. Still smiling, he added that if anyone started any rioting they would most certainly regret it. There was no riot. The seizure of the film and equipment was not due to any supposed branch of the section laws, but because the film was being illegally shown without having first passed the Ontario Motion Picture Board, and because the hall was considered as an unsafe place for the showing of motion pictures with the type of equipment in use and the fact that the hall itself was far from fire-proof. When the case came up in police court the next week it was remanded on request from the Toronto authorities, and there were several remands before it was finally disposed of. Shawn was fined \$50 and costs for the showing of the film under illegal conditions.

Special reference was made in The Advance ten years ago to the new theatre to be built in town by Leo Mascioli. The Advance said it was to be named "The Palace," and that its elegance was to justify the name. The building was to be 147 by 70 feet, and the seating capacity was to be 1400. Construction was under way ten years ago, the town engineer having inspected and approved the plans. In the House of Commons ten years ago J. A. Bradette, M. P., made a very able and thoughtful address showing the need for a Government radio station in the North to relay programmes so that the hundreds of thousands in this area would have equal opportunity with the people of the South. There was an editorial in The Advance endorsing the ideas of Mr. Bradette in the matter. What thoughtful people then wished to avoid was the very sort of a situation in regard to radio that was developing then and later became a very sad fact.

In the Ontario Legislature ten years ago Premier Hepburn made the announcement that a private group were negotiating to take over and develop the lignite deposits in the country north of Cochrane. At the present time it seems apparent that private enterprise was not allowed to proceed with the development. The Hepburn Government seemed to have a dislike for private enterprise, except in some notorious cases. Had private enterprise been allowed to go ahead in the lignite matter it would have been certain that long ere this the lignite business would have gone much farther than it has, or it would have been shown long before this that there was no place to go.

Reductions were made ten years ago in the telegraph rates charged by the T. & N. O. These reductions ranged from 15 per cent. upwards. The rate from all T. & N. O. points to Toronto, for example was reduced from 60 cents to 50 cents. The change in rates was made through an arrangement made with the C.N.R.

David Gordon and Mike Kostynik, two local High School musicians had the honour in 1935 of being chosen as members of an orchestra gathered from all over the province and representing the musical talent of the High Schools and Collegiate Institutes of Ontario. This orchestra was to play for the convention of the Ontario Educational Association.

For the first time in history, Timmins was represented in 1935 on the Provincial Women's Softball Association. Miss Maimie Borland was elected as one of the vice-presidents of the Association at the annual meeting at Toronto that year.

Mrs. Mellina Pichette, a resident of Timmins for 22 years, passed away at the home of her daughter, Mrs. Joe Larcher, Sixth avenue, on April 17th, 1935. She was a native of St. Ceele de Macham, Que., and was 79 years of age at the time of death. Her husband who was a lumber worker, predeceased her by 15 years. In addition to members of the family residing elsewhere in Ontario, there were three sons, Damase Pichette, Isaac Pichette and A. Pichette, living in Timmins, as well as two daughters, Mrs. J. Larcher and Mrs. Catherine Dubeau.

The Timmins Golden Chapter I.O. O.E. at its meeting in April, 1935, observed a minute silence in honour of Mrs. Ernie Blodgett, who died shortly before, and who was one of the active and faithful workers for the Chapter. The Regent of the local I.O.E.E., Mrs. H. L. Traver, paid special tribute to Mrs. Blodgett and her value to the work of the Order.

Ten years ago burglars stole a quantity of cigarettes from the Consumers' store at South Porcupine. Police traced the robbery to two boys who were appropriately dealt with later.

Miss Catherine Nemeth, of Graydon Sask., and Mr. Leslie Szilagyi, of South Porcupine, were married at the home of Mr. and Mrs. V. Nelly, Schumacher, on April 17th, 1935. Rev. Murray C. Tait officiated. The couple took up residence in Schumacher.

Note was made in The Advance at this time in 1935 of the observance by Mr. Robert Holmes, of Cobalt, of his 78th birthday.

President A. Neame, supported by Vice-president Jas. Cowan, of Timmins Branch of the Canadian Legion, were special visitors to the regular meeting of the Ladies' Auxiliary here ten years ago, presenting the Auxiliary with a handsome silk Union Jack. The address by President Neame on this occasion was most impressive in its patriotism, and Mrs. France, president of the Ladies' Auxiliary, in accepting the much appreciated gift from the Legion, said that the women were, as usual, right with the men in loyalty and devotion to Canada and the Empire.

Safety Trophies Awarded at Convention at Quebec

Quebec, April 18th—Special to The Advance.
The mines of Canada are becoming rapidly a safe place for men to work. Already mining compares favourably with most other occupations in spite of certain natural hazards, and the record is improving year by year. This good result has been achieved, however, only at the expense of constant care and watchfulness on the part of both the responsible officials and of the miners themselves. A continuous campaign is waged to make the mines "safety conscious."

To-day (April 18th) the annual awards were made to the miners, in 1944, of the John T. Ryan Trophies, at the annual dinner of the Canadian Institute of Mining & Metallurgy in Quebec. These are emblematic of the best records of the year for the two classes of mines, metalliferous and coal. The coal miner record was made (for the second time) by the Gardiner Mine (No.25) of the Dominion Coal Company in Cape Breton Nova Scotia. This mine had, in 1944, 35.5 compensable accidents (over 6 days) per 1,000 men at work for 300 shifts each. The metalliferous award was made to Stadacona Mines at Rouyn, Quebec, with 10.7 compensable accidents per 1,000 men at work.

In addition to these Dominion winners, Regional awards were made to the following:
Prairie Provinces—Cadomin Coal Co. Cadomin, Alberta.
Ontario—Frood Mine of International Nickel Co., Sudbury, Ont.
Prairie Provinces & N.W. Territories—Sherritt Gordon Mine, Sherridon, Manitoba.

The John T. Ryan Trophies are named for a man who turned his enthusiasm for safety in mines to good account by founding a flourishing business on the idea of safety. Mine Safety Appliances Ltd. makes in Canada and the United States a wide range of hats, clothing, electric lamp and other appliances designed to preserve the miners from accident. The company has presented the trophies to honour the memory of their late president. The annual competition among the Canadian mines for these trophies has done much in the interest of safety.

Timmins Soldier Bereaved by the Death of His Father
Mr. George Murphy, who was a Timmins resident prior to his enlistment five years ago, but who has been home on leave in recent weeks, was bereaved last week by the death of his father at the family home in Kensington, Prince Edward Island. In The Rouyn-Noranda Press last week the following reference was made to the death of Mr. John Murphy:—

"Justin Murphy, of Noranda, was bereaved on Sunday by the death of the family home at Kensington, P. E. I., of his father, John T. Murphy, following a short illness. One son, Earl, died in Noranda in 1939 and besides his widow he leaves two daughters and nine sons, several of whom

daily paper here of the sad accident at the Paymaster Mine.
Once again I thank you for your kind thoughts and send you my best wishes.
From an Old-timer,
Alf. W. Snow.

Among the local and personal items in The Advance ten years ago were the following:—"In the three months he has been pastor of Trinity United Church at Kirkland Lake, Rev. James Graham has officiated at nearly forty weddings." "Mrs. A. S. Porter and Miss Roma Porter left on Tuesday on a two weeks' trip to Bermuda." "Little Miss Norma Gayle Laroue, who has been a patient in St. Mary's hospital for some weeks, is now well on the way to recovery." "The schools closed to-day for the Easter holidays, to reopen on April 29th." "Bobby Skelly, little son of Mr. and Mrs. A. T. Skelly, Sixth avenue, is making the very best recovery after an operation this week at St. Mary's hospital for mastoid trouble." "John Hooker, the little son of Mr. and Mrs. H. W. Hooker, is still seriously ill at St. Mary's hospital. His condition to-day is reported as a little better than yesterday, but he is very weak."

Alf. Snow Writes to Thank Friends in the Porcupine
The Advance has received the following letter from Alf. Snow, popular old-time resident of the Porcupine. All here will be delighted to hear from him, and will reciprocate the good wishes he expresses.
St. Ann's Chapel,
Gunnislake, Cornwall, Eng.,
March 19th, 1945

To the Editor of The Advance, Timmins.
Dear Sir:—I have been receiving letters from my friends in Timmins, including one from Vincent Woodbury (now in Texas), with a cutting from your paper re the rumours of my death by a robot bomb. As much as I appreciate the kindness and respect of all my friends, I am thankful to say that so far my life has been spared once again. As your paper stated, no doubt it was some one of the same name.

I want to publicly thank all the organizations who so kindly remembered me and I trust that one day very soon when this terrible war is over, my wife and I will be with you all once more.

I used to have your paper sent over to me, and I must say how much I miss them now. I used to feel in a way that I was sharing in the happenings of the town.
I was very grieved to read in our

been employed in the northern mining areas, including Mark, with the Ontario Hydro Commission, at Larder Lake; Justin, Noranda; George, formerly of Timmins, now home on leave after more than five years of overseas service, and Dan, formerly of Kirkland Lake. A requiem mass for the late Mr. Murphy was sung in Notre Dame church, Larder Lake, on Wednesday morning.

Rusk Porcupine Mines To Do Diamond Drilling
Rusk Porcupine Mines, Ltd., is preparing to undertake a program of diamond drilling, to follow the recommendations of E. K. Fockler, consulting geologist. The company holds two groups of claims in Bristol Township, one group of 19 claims adjoining Orpik on the south. Mr. Fockler states that the main shearing of the area traverses the north group and possibly extends into the southern holdings in Thornloe Township, says The Northern Miner.

TOWN OF TIMMINS

Tenders for Uniforms

Sealed tenders will be received by the Clerk until 5 p.m. Monday, April 30th, 1945, for supplying of Firemen's Uniforms.
Complete details may be obtained from the Chief of the Fire Department. Tenders should be plainly marked. The lowest or any tender will not necessarily be accepted.
Municipal Building,
Timmins, Ontario,
April 16th, 1945.
A. L. SHAW
Clerk.

The best job you ever did has to be done again!

REMEMBER when you were asked to buy Victory Bonds last Fall?

One of the company War Finance Workers asked you: "Well, how much will it be this time, Bert?" And you told him.

Then he asked: "And how about buying another bond—for cash?"

You hadn't thought of that. The one you were buying on the Payroll Plan was going to pinch you plenty.

Suddenly, for no reason, you thought of that husky, fair-haired Stevens kid who lived in the brown house near you. You'd been talking to his mother only a couple of days ago and she told you he'd been reported missing after they'd taken Calais. You didn't know what to say to her then.

So you said, "O.K.—I'll take that other bond for cash."

And he answered: "It's a wise move, Bert. Victory Bonds are a grand investment at 3%. And in an emergency you can get your money back on them immediately."

When you got home and told Mary what you'd done, she didn't squawk. She just said, "What else can we do?"

Two weeks later there was a "V" flag flying over your plant building. And it made you feel warm deep inside to be a member of that winning team.

It was the best job you ever did!

The cost of war is greater now than ever. So the best job you ever did has to be done again!
