Baptisms and Marriages by arrangement.

Magazine Digest:—A genius is a man who shoots at something no one else can see, and hits it.

TEN YEARS AGO IN TIMMINS

From data in the Porcupine Advance Files

The Advance noted with pleasure ten years ago that Honourable Howard Ferguson was back again at his desk in London, England, as High Commissioner for Canada. He had been ill with the prevalent influenza and there had been talk that he might have to retire on account of ill health. But the Honourable Howard weathered the storm once more with his physical ills as he had done with his political ills so often.

Word from Toronto this time in 1935 was to the effect that C. V. Gallagher, of South Porcupine, and A. Racine, of Windsor, had resigned as commissioners of the T. & N. O. Railway, and that Premier Hepburn said that the railway was to be administered in the future by one Commissioner, Col. Mac. Lang.

Ten years ago, Mr. E. L. Longmore was appointed by Hon. H. C. Nixon, acting minister of education for Ont., as one of a committee of eight to study the matter of school taxes in the province. The committee was to bring in recommendations as to the allocations of taxes by municipalities as between corporations and separate schools.

"A wedding of general interest throughout the North," said The Advance of May 9th, 1935, took place at the Church of the Nativity on Monday morning, May 6th, at nine o'clock, when Mabel, daughter of Philip Beadman, 4 Montgomery avenue, Timmins, became the bride of John Kostuk, son of Mr. and Mrs. Stephen Kostuk, of Cobalt. In the presence of a large number of the bride's friends, as well as students of Ontario universities who are friends of the groom, Rev. Father McManus performed the ceremony. The bride, given in marriage by her father, was accompanied to the altar by her sister, Margaret, as maid of honour. Arch. Kirkland was groomsmen. The bride wore a dress of robin's egg blue, with long sleeves and flowing lines. Blue shoes, beige accessories, and a bouquet of Talisman roses and lilies-of-the-valley, completed the costume. Her bridesmaid wore rose crepe with beige accessories, and she carried a bouquet of sweet peas. Miss Eileen Carrier played the wedding march, and during the mass that followed, Miss R. Kelly played organ music. Wedding breakfast was served to about thirty guests at the bride's home. Mr. and Mrs. Kostuk are to leave for Cobalt where they will spend a short time with the groom's parents before going to Red Lake where they will make their home at the Howey mine, where Mr. Kostuk is employed as an engineer. Both the bride and groom have been popular residents of Timmins. Mr. Kostuk, who is a graduate of Queen's University, where he attained nationwide fame as an athlete, worked here during the summer holidays for two or three years. The bride has been associated with the T. & N. O. Telegraph for some time, and has been well known and popular for her charm of manner.

In an address on patriotism at the

Timmins Kiwanis club ten years ago Mr. J. A. Bradette, M. P., emphasized the fact that to be a good Canadian entails being a Britisher. He spoke of the steady influence of the royal family on the Empire and the Empire's steady influence on the world of nations.

There was a large attendance at the fourth annual Saguette of the Timmins Branch of the Canadian Legion held ten years ago. The three main prize winners were—Mrs. Chulak, Ford V-8 Car; A. Shields, Schumacher, \$100 in cash; Kenneth Blanchard, \$50 in cash. There were also ten prizes of \$10 each.

In 1925 the annual meeting of the Timmins Liberal-Conservative Association was held in the Oddfellows hall, and the following were the officers elected:—President W. H. Huckabee; vice-presidents, J. K. Moore, G. N. Moore and Harry Redden; secretary-treasurer, H. R. Channen; executive committee—J. Cowan, A. Desroches, G. A. Macdonald, Dr. Durkin, R. Gauthier, Harvey Graham, Dr. J. B. McClinton, Chas. Pierce, A. W. Pickering, Dr. H. H. Moore and Walter Ecclestone.

H. A. Preston, old-time prospector of the North, had a letter in The Advance ten years ago in which he expressed the belief that radium would be found in the Porcupine area. In his letter he called attention to the fact that pitch-blende could be found in quantity in the Gowganda area.

The crime sensation here ten years ago was the case of a man who was charged with attempted murder and attempted suicide. He was said to have stabbed his wife ten times with a pair of scissors and then to have jumped into the river himself. The police fished him out of the water and locked him up after taking the lady to the hospital.

Timmins did itself proud ten years ago in its celebration of the twenty-fifth anniversary of the reign of King George V and Queen Mary. The parade of floats and patriotic organizations was fully three miles long. It included fully 3,000 people, most of them in attractive national costumes, and many racial origins being noted in the line of march. The number and quality of the floats had never been equalled in the North before and it is not likely that there will be a more impressive parade with greater art shown in the floats in the North for many a year. There were from ten to twelve thousand people watching the parade, people coming from all over the district, Cochrane, Kirkland Lake, Rouyn, and other places sending their quotas. South Porcupine and Schumacher had their own magnificent parades, but joined the Timmins parade in the afternoon after their own parades had been concluded. The parade here was organized by Timmins Branch of the Canadian Legion, and since that day in 1935, when it is desired to organize a parade here on any large scale it has been the custom to call for the help of the Legion. There were about fifty re-

markable floats in the parade, all representing groups that wished to express their loyalty to King and Empire. There were two bands (Timmins Citizens Band and the Porcupine District Pipe Band) in the parade, and the Welsh Choir, under the leadership of Ron Jones added to the pleasure of the day by their fine singing on the march. Every national group in Timmins had a float in the parade, and in addition a large group marched with the parade. All the service clubs and similar organizations were also well represented. Indeed it was the most representative parade ever marching here, or for that matter anywhere else. In proportion to population both Schumacher and South Porcupine did equally well in the matter of celebrating the silver jubilee of the King and Queen in 1935. It was in brief one of the greatest days in the history of the North.

Among the local and personal items in The Advance ten years ago were the following:—Mr. and Mrs. T. J. Lainsbury and daughter, Lillian, motored to Kirkland Lake to spend the week-end with Mr. and Mrs. James Aspin. "Sam Williams, formerly a constable on the Timmins police force, left for Wales last Thursday. He will be employed by a bus company on his arrival in his native land."

"Miss J. Neame, matron of the Cottage hospital, Niagara-on-the-Lake, was publicly decorated with a King's Jubilee medal at the ceremonies there on Monday. Miss Neame is a daughter of Mr. and Mrs. Austin Neame of Timmins." "Timmins Citizens' Band favoured the crowds with an hour's good music from the bandstand on Spruce street after the parade on Monday."

"King's Silver Jubilee medals were received this week in Timmins by His Worship Mayor R. Richardson, Police Chief Ralph Paul, and Thomas Richards, superintendent of the St. John Ambulance Brigade here. It is understood that another medal is on the way to the Reverend Sister Superior of St. Mary's hospital, Timmins." "A feature of the celebration at South Porcupine was the presentation of the Jubilee medal to Miss Wenger of the Porcupine Hospital for 'devotion to duty.'"

A total of 98 new Legion Charters have been granted since the last Dominion convention. The new charters include 53 branches, 44 ladies' auxiliaries and one junior auxiliary. The report of Mr. Thomas, treasury officer, follows: "Indicating the growth of the Canadian Legion it is interesting to see the tremendous activity shown by all commands across the country, in organizing and chartering new branches and auxiliaries. Since the Dominion convention in June 1944, the growth continues to be rapid and charters have been issued to 53 branches, 44 ladies' auxiliaries, and one junior auxiliary, a total of 98. Applications are still coming in and we anticipate that as many charters will be issued in the next six months

as in the last. This represents a considerable growth of membership over this period and indications are that this growth will not only be continued but acceleration is looked for as time goes on."

Coming back to Branch 88, our master-at-arms, who is an authority on most forms of military procedure and has earned for himself the right to wear, among other decorations, the 1914-1915 Star, has finally discovered, after displaying this particular ribbon on his manly chest for more than a quarter of a century, that two and two never make five. Not that his comrades at Branch 88 can claim to be any more observant.

The honors go to Lt. Brown, who with his pipe band from Monteith, took part in the Victory Bond Parade. Lt. Brown pointed out that blue, white and red, although identical in color, do not add up to the same thing as red, white and blue. Briefly, George was wearing the ribbon wrong end to the square himself. George came across with D. A. R. Nobody objected.

C. P. O. Jack Shaw, R. C. N. V. R. Tpr. Jack Potts, Canadian Armored Corps, and F. Lt. Marcel Everard, Ferry Command, R. C. A. F., were all in evidence at the Legion Hall on Saturday evening Rumour has it that both Marcel and Ken Hulme went to some spot undesignated in search of lake trout. Ken took a movie camera along with him, hooked some very nice trout and got some good pictures to boot, but he had to photograph Marcel's catch several times to make it even look like a batch of fish.

There will be a Canadian Legion dance put on especially for all armed service personnel who happen to be in town on Friday, May 11th, and for '39-ers no longer in uniform. The dance will be held in the Hollinger Hall and Ron Jones' Orchestra will supply the music. All new-army lads and lassies are ardently welcomed. The price? Six bits for gents—two bits for the ladies.

There were only practice games at the Legion Dart board during the week, everybody is watching and waiting for the final championship game. There is a great opportunity for all dart fans to try their hand at the game. There is a silver rose bowl open for competition; Anyone in the Porcupine is eligible to enter. Games will be played on the Legion board at the Legion Hall and all

participants will be welcomed as guests of the Legion. Hand your name in to Jimmy Gordon or the assistant house steward. There will be a small entrance fee of fifty cents. You must buy a radio license somewhere; why not buy it at the Legion Hall and help out a veteran?

Human Nature Points Essential for Peace

Ten points of human nature which must be considered in the framing of a lasting peace, as agreed to by more than 2,000 American psychologists, have been sent to all members of the U. S. Congress to aid them in making plans for an enduring peace.

World War II could be the last war, these scientists who have made a study of human nature declare as their belief. They warn, however, that new wars may be expected if what is known about human psychology is neglected or ignored. The ten points considered basic are:

1. War can be avoided. War is not born in men; it is built into them.
2. In planning for permanent peace, the coming generation should be the primary focus of attention.
3. Racial, national and group hatreds can, to considerable degree, be controlled.
4. Condescension toward "inferior" groups destroys our chances for a lasting peace.
5. Liberated and enemy peoples must participate in planning their own destiny.
6. The confusion of defeated peoples will call for clarity and consistency in the application of rewards and punishments.
7. If properly administered, retri-

and rehabilitation can lead to self-reliance and co-operation; if improperly, to resentment and hatred.

8. The root desire of the common people of all lands are the safest guide to framing a peace.

9. The trend of human relationships is toward ever wider units of collective security.

10. Commitments now may prevent postwar apathy and reaction.

BARBER WANTED

The private was marched in to the C.O. for being on parade and in need of a haircut.

"What's your excuse?" queried the C.O.

"Can't find a barber, sir," said he.

"But what about the camp barber?"

"I'm him sir."

Opportunities for ALL

YOUR Liberal Government under Mackenzie King has taken practical steps to see that every Canadian after the war shall have a wide-open chance to make a real success of his life. It can be done by giving everybody the opportunity to get ahead faster and go further.

Isn't that what you want — a chance to make your own way IN your own way?

Here are definite, practical steps which the Liberal Government has taken (not just talked about, but taken) to make this Canada a better place to work in and bring up your children.

You will have to decide whether you want the men who devised these measures to carry them through, or whether you wish to entrust your own and your family's future to others.

- 1 Reconstruction**
Plans for jobs for 900,000 more workers than in 1939; and 60,000 more each year as the population grows. Every kind of enterprise will be encouraged. The Liberal Government has already set up the machinery: the Department of Reconstruction.
- 2 Foreign Trade**
Liberal objective: Sixty percent increase in value over Canada's pre-war export trade. This means thousands of jobs, and is based on the number of jobs created by Canada's normal export trade.
- 3 Credit for Enterprise**
The Liberal Government set up the Industrial Development Bank to provide money at low interest for long terms to help enterprising Canadians to develop new business. Another step towards creating full employment.
- 4 Exports Encouraged**
War-torn countries will want to buy tremendous quantities of Canadian goods. To facilitate this, the Liberal Government has set up the Export Credit Insurance Act to do two things: (1) to insure Canadian exporters against loss, and (2) to make loans to foreign governments under contract to Canadian exporters.
- 5 Farm Improvement Loans**
Your Liberal Government has made low interest loans available to farmers to finance their work and make improvements.
- 6 Guaranteed Markets**
To provide farmers with a better wartime income, the Liberal Government made contracts for definite quantities of important products at agreed prices—notably bacon, eggs, cheese and beef. These contracts have worked out so well the Liberal Government extended many for longer periods.
- 7 Family Allowances**
From July next, Family Allowances are to be paid monthly to assist parents in raising their children—\$250,000,000 a year direct spending power in the hands of people who need it most.
- 8 New Homes for Canadians**
The Liberal Government's new \$400,000,000 National Housing Act enables hundreds of thousands of Canadians to own their own homes. In the first year after Germany's defeat, at least 50,000 dwellings will be built.
- 9 Returning Veterans**
Gratuities, benefits and grants of \$750,000,000 will enable men and women of the Armed Services to apply their energies in building the prosperous Canada for which your Liberal Government has been planning.
- 10 Floor Prices under Fish and Farm Products**
To protect farmers and fishermen and to maintain prices, the Liberal Government has provided floor prices under their products. Prosperous farmers and fishermen make a prosperous Canada.
- 11 Better Labour Conditions**
In co-operation with organized labour, the Liberal Government has confirmed collective bargaining, provided unemployment insurance, appointed labour representatives on government boards. (More than 600,000 workers, because of the Liberal Government's attitude towards labour and the labour movement, now get annual vacations with pay.)
- 12 Reduction in Taxation**
The Liberal Government will gradually reduce taxation when the European war is over to free spending power and to give Canadians every opportunity for prosperity, employment and freedom.

What you have done in war—you can do in peace. You can do your part by supporting the Liberal Candidate in your constituency.
