Services on Saints Days as announced
Sunday before.
Sunday School—July and August at
11:00 a.m.
Rev. John S. Ford B. A., Rector

Household Hints
(By MRS. MARY MORTON)

With sugar still on the short list, it is still timely to give you some recipes that will help you to make some Christmas cookies or candies with very little or none of that sweet and useful commodity.

Time was, not so long ago, when raisins were scarce, and so were other dried fruits. They help now to save our sugar as they are more plentiful. The muffins are excellent for breakfast or lunch (Sunday breakfast especially, and the fruit chews and zippos can go into the Christmas cookie jar.

Today's Menu

Chop Suey Baked Rice
Spiced Fruit Celery
Bran Raisin Muffins Jam or Jelly
Coffee or Tea

Bran Raisin Muffins

1 1/4 c. sifted flour 1/2 tsp. salt
1 1/2 tsp. Baking Powder 1/4 c. butter-milk
1/2 tsp. soda 3 tbsp. molasses
1/2 c. chopped raisins 3 tbsp. melted shortening
1 egg, well beaten 1 1/4 c. bran
Sift together flour, baking powder, soda and salt; add bran and raisins. Combine egg, buttermilk first mixture, stirring until molasses and shortening; add to flour disappears. Fill greased muffin pans two-thirds full and bake in moderately hot oven (400 deg. F.) 25 to 30 min. Makes 12 muffins.

Raisin Fig Chews

1/2 lb. raisins, seeded or seedless 1/4 lb. dried figs, seeded or seedless
Put figs, raisins and bran through food chopper; add salt. Form into balls and roll in powdered sugar if desired. Store in tightly covered jar. Makes 14 1-in. balls, with no cooking. Nice hors d'oeuvres.

Zippos

1/2 lb. semi sweet chocolate 1/2 c. bran
1/2 c. seedless raisins Few grains salt
Melt chocolate over hot water. Combine bran, raisins, nutmeats and salt and add to chocolate; stir until well mixed. Drop by tea spoonfuls on to waxed paper. Makes 14 candies 1 1/2 in. in diameter. Children love them.

WHIST DRIVE WINNERS

Prize-winning players at a whist drive held in the Hollinger Hall on Monday night under the auspices of the Daughters of England were Miss Andrew and Mrs. Mills in the order of their names.
The travelling prizes were won by Mrs. Heule and Mrs. Lavigne.

Larger Oranges Will Be Scarcer Locally

Gamble-Robinson informed The Advance that the market price on oranges is expected to be below the former ceiling price adding that this price will be reasonable.

The answer was given when asked for a view on a recent announcement to the effect that the price ceiling on oranges in Canada had been stabilized in line with the level of prices prevailing in the United States as at Nov. 15, the announcement made by the Wartime Prices and Trade Board. A view from one of the larger grocery firms in town was that larger oranges would more than likely draw a high price while oranges of a smaller size would probably sell for less than they have been sold for in the past few months, owing to the lifting of the ceiling in the U. S. A. and the stabilizing price in Canada.

The announcement on the stabilization of prices went on to state this action is the result of removal of the price ceiling on oranges in the States. Since the lifting of the ceiling, American prices on oranges have advanced as much as \$4 or \$5 per case, for some sizes.

The order will probably have the effect of temporarily curtailing importation of the large size oranges, which will probably have to sell in Canada as high as \$1.10 per dozen. It is expected there will be a fairly good supply of the smaller size oranges, some of which may have to sell at slightly higher prices.

Order Seed Potatoes Now, Growers Told

The following information has been received from R. E. Robinson, Seed Potato Section, Special Products Board, Ottawa.

"Due to a comparatively short crop of seed potatoes in Canada this year and a heavy demand for certified seed potatoes from several countries, Canadian potato growers and dealers are urged by the Agriculture Department to place orders for their seed potato requirements for 1946 as soon as possible and to make a definite arrangement with shippers for taking delivery.

Orders should be placed not later than January 15th, next, says the Department. Shippers will give priority to orders for Irish Cobblers for early planting provided that such orders are placed without delay.
Failure to place orders before January 15th and to make arrangements for delivery will, the Department emphasizes, mean disappointment and inconvenience to growers.

Remove Restrictions on Women's Clothing

But No Early Relief Seen By Local Merchants

Provided they manufacture no more than fifty styles in any fall and Spring season, Wartime Prices and Trade has allowed manufacturers of women's, misses and juniors' woollen coats, suits, skirts and jackets, freedom of production from now on, it was announced recently.

Effective immediately, restrictions governing the manufacturers' sale and delivery of such garments have also been revised. This means that sleeve and back styles and restrictions on belts, sashes, collars and cuffs have been relaxed or removed entirely. The ban on culottes, lined skirts and double panels on slips has also been lifted, the Board announced.

Some local merchants were asked for views on the above announcement. The first answer ran to the effect that although the materials had been released the fall and spring pictures would be rather dark.

"This fall has been the worst yet, and we expect the spring to be fairly bad," one merchant stated, adding that it was still difficult to get merchandise.

The other answer was that although the manufacturers had been given freedom of production, the flow of merchandise would be gradual and

that manufacturers would more than likely have difficulty obtaining materials with which to turn out goods.

"There is nothing alarming in regard getting women's clothing -- the acute shortage is in the men's department," it was stated.

Xmas Carols Vie With Dance Tunes In Record Sales

"Symphony", a recording by Freddie Martin, is being given a lot of attention by those buying recordings of popular music this week. Sammy Kaye's rendition of "It might As Well Be Spring" is also passing over the counter fairly fast, it was learned.

Vaughn Monroe's job on "Fishing for the Moon" seems to be appreciated, and Duke Ellington's arrangement of "Time's A-Wastin'" continues to find buyers.

Bunnie Berrigan is heard, more and more often, on "I Can't Get Started," while thin-man Sinatra seems to have enough voice left to push up the sales of "Old Man River".

The locally-shown movie pushed up sales last week of the songs featured in "Rhapsody in Blue", this surprising nobody, but from now on the albums of Christmas carols and recordings of children's stories are expected to be moving along nicely, too.

St. Mary's W. A. Hold Effective Meeting

The Women's Auxiliary of St. Mary's Hospital held a very successful work-meeting, on Nov. 29, in the Nurses' Auditorium.

The ninety-two ladies present produced very gratifying results, such as: Sewing Section, 126 large sheets, 22 draw sheets, 33 bedspreads; folding section, 750 dozen large sponges.

During the afternoon, the president of the Auxiliary, Mrs. J. McCoy, introduced Sister Germaine Therese, the present Superior at the hospital, to the ladies.

With modest charm Sr. Therese thanked all the members for much valuable work accomplished at that meeting as well as at the various meetings in the past and in anticipation, extended to all "Best Wishes for Christmas and the New Year".

"I hear you met Brown's wife the other day. What kind of a woman is she?"

"The kind that talks for hours about things that leave her speechless."

City Lads Seek Work In Porcupine Camp

"Speaking locally, I think we can take care of our own boys, as they come back, due to the fact that we have such an active rehabilitation committee, who give us plenty of help," G. E. Charron, head of the local Selective Service, told The Advance this week during an interview regarding the employment situation.

Mines have slowed down considerably outside of a few requests for machinemen; however, ex-servicemen who were employed at the mines prior to their enlistment are finding no difficulty in being reinstated, it was learned.

Asked about the lumber industry, Mr. Charron replied, "we need all the lumbermen we can get, there are quite a number of boys from the city here seeking employment, but they do not seem interested in logging and besides some are not the type for the job".

"The situation here is favourable, Mr. Charron concluded, we are fortunate in this district in that our returning servicemen are being found jobs."

Hints On Fashions

The ermine trimmed dark suit is a fashion first everywhere, since it is the sort of costume that typifies well-bred luxury, and which has a luxurious look without ostentation. This suit is of dark plum colored woollen, surely a new color combination, for the dark plum makes beautiful background for the shawl collar and cuffs of ermine on the jacket that has a peplum effect in front only, below a set-in belt that ties in front. The skirt is gently flared in front. Worn with the suit is a matching crepe blouse with a high neck.

professional nursing service all contribute toward the need for more and more nurses.

Returning Nurses To End Shortage Here, Supt. Believes

The shortage of nurses that exists in every province in Canada is also severe here in Timmins, it was learned this week.

The superintendent of nurses at St. Mary's Hospital explained that the situation was severe at present with about forty nurses in town and with only fourteen on the general staff.

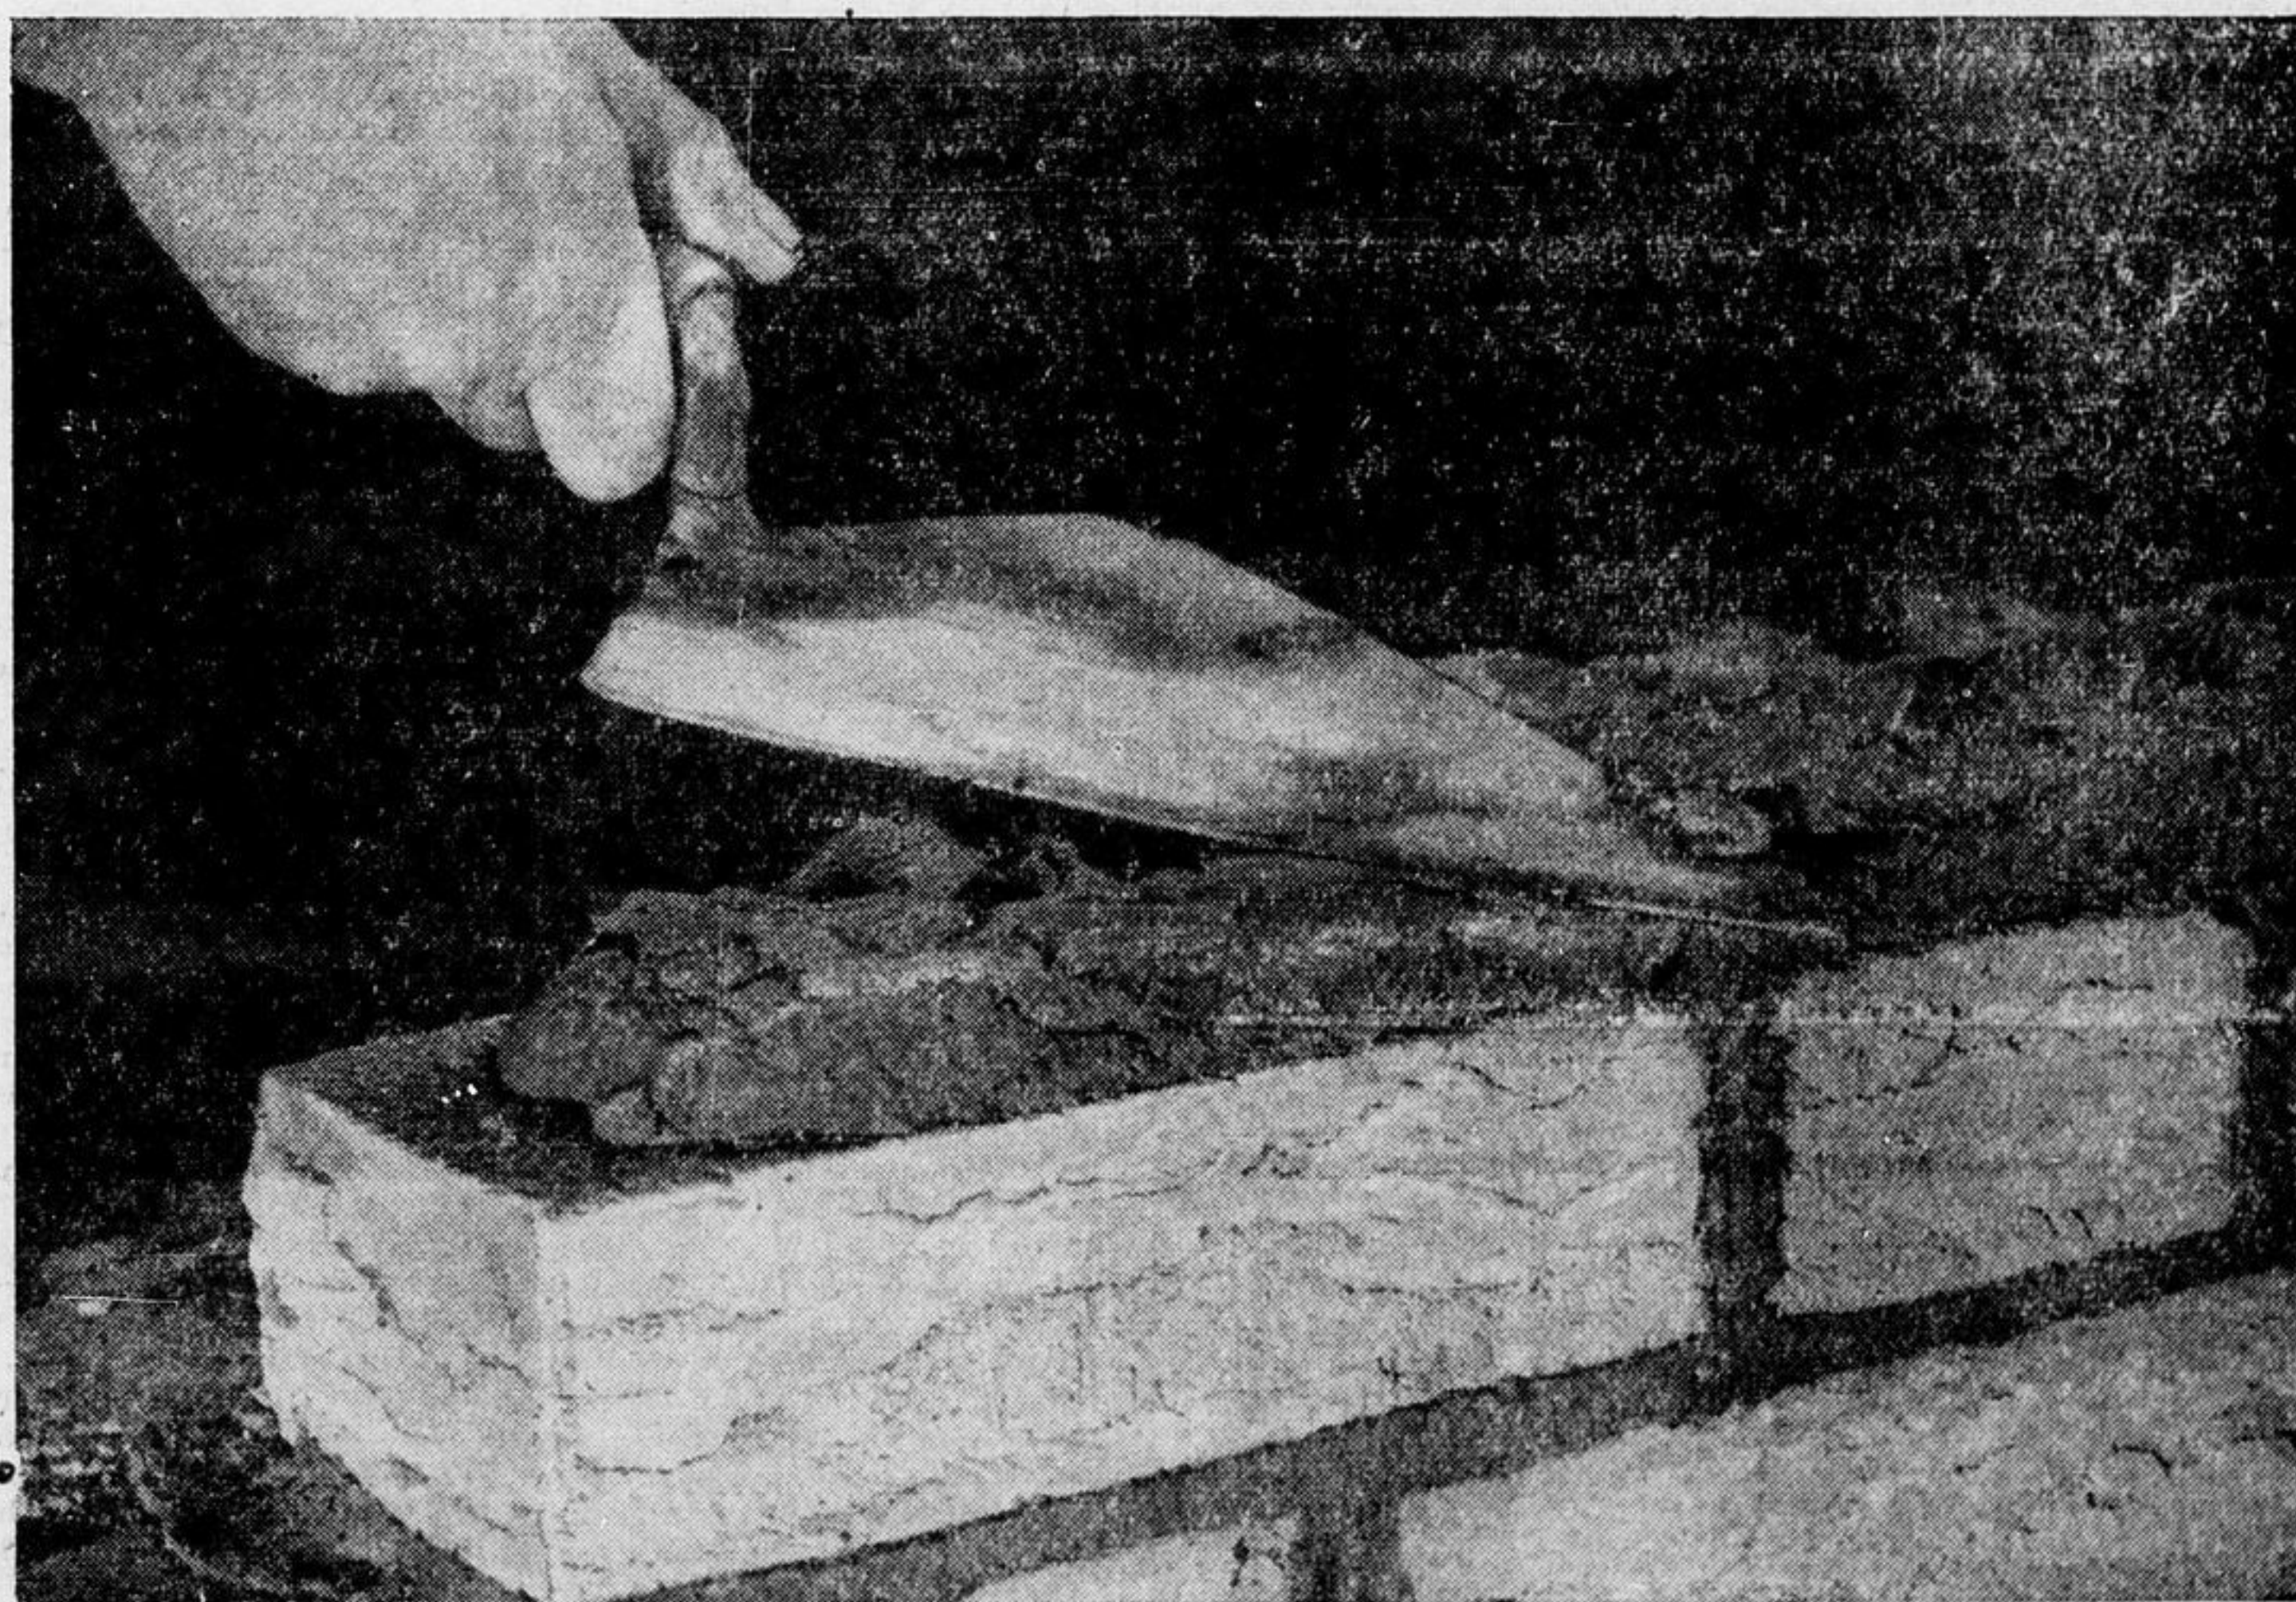

There are, however, 14 senior nurses, seven intermediate nurses and a preliminary class of 27, and the superintendent is of the opinion that the shortage will be remedied with the return of the nursing sisters.

"I don't believe it will be so hard next year, owing to the large class of student nurses," the superintendent stated.

"There is still an acute shortage of graduate nursing personnel in many hospitals," Miss F. Munroe, president of the Canadian Nurses Ass'n, stated in Montreal last week. An appeal is issued by the Association for all Canadian nurses to help meet the situation where and when it may exist.

Prepaid hospitalization plans have already led to greatly increased demands for nursing service, and with the extensive hospital building program now planned across Canada, an even greater demand for nursing service must be anticipated.

"Canada will, for some time to come, need all her nurses in nursing positions," Miss Munroe concluded explaining that care of veterans, expanding health programs and the increasing tendency toward hospitalization and

It takes more than bricks!

SOMEDAY THAT DREAM home will be yours—if you are willing to fight for it today! Bricks may build a house, but to build a home you need more than bricks! You need security—a job—a future! And these depend on a Canadian dollar that will always buy a full dollar's worth of goods—a steady, sound dollar that's not pulled down to half its value by inflation! That's why it's necessary NOW—more than ever now—for all of us to fight and work to keep that dollar worth a dollar!

Why is it so important NOW? Because now is the time civilian goods are scarce, and money is plentiful. NOW is the time we must guard against paying MORE than things are worth... or buying things we

don't really need. We must support rationing, observe price ceilings, and avoid black markets. If we do this, we can keep prices from shooting sky high. If we don't, some day we'll be paying a dollar for fifty cents' worth of goods. This means your dollars—those dollars you've saved to buy your home—will only be worth fifty cents! This is inflation!

And after inflation comes depression! We know what happened after the last war! It mustn't be allowed to happen again. That's why, for our own sakes, and for the sake of the returned men to whom we owe a job, a future, a home of their own—we must make sure Canada's dollar remains steady. We must keep up a constant fight against our country's enemy—inflation!

Make this Pledge Today!

I pledge myself to do my part in fighting inflation:

By observing rationing and avoiding black markets in any shape or form.

By respecting price controls and other anti-inflation measures, and refraining from careless and unnecessary buying. I will not buy two where one will do, nor will I buy a "new" where an "old" will do.

By buying Victory Bonds, supporting taxation and abiding by all such measures which will lower the cost of living and help keep prices at a normal level.

Published by THE BREWING INDUSTRY (ONTARIO) to reveal the dangers of inflation.

A Wholesome Food

Make sure your children have pure wholesome milk by having the Timmins Dairy deliver it regularly.
