President Mervyn "Red" Dutton has spoken of the possibility of calling a special meeting before Feb. 15 to hear Walter "Babe" Pratt appeal against his dismissal from hockey.

It was stated that Pratt had persisted in betting on the outcome of Might we suppose that some of the boys sitting in galleries of all

organizations will break a leg sconer or later in the sudden turns to paths of straight and narrow lanes. Admittedly gambling is a dark affair, and perhaps we shouldn't be sounding off, but aside from Pratt's case, (we don't know enough to become opinionated, being partly sure that we do not stand alone in this) ??? it might be a good idea to throw bingo in the bucket, now that the gallery

On opening the missive with trembling fingers, we found it to be a letter from the city of Sudbury, bringing tidings of the Canadian Speed Skating Championships to be held in that city, under authority of the Amateur Association of Canada, in Queen's Athletic Field on

Monday and Tuesday, February 11 and 12. Along with the letter are five entry forms with all the events printed thereon inclusive of the 220-yard affair up to the three-mile men's senior race to the one-mile women's contest. Now all we have to do is find out what, who, where, and such the speed skaters of Timmins and district ever disappeared to (if there were ever such an athlete roaming around and

about the place). As there are no speed skating clubs here, (we speak in the belief that we are right), then it would seem that of the two suggestions, re financing, in the letter, the second one would have to be considered. The second suggestion being that the "laurels won by a skater, naturally reflects credit as well as publicizes their respective Municipalities as assisting in clean wholesome recreation which means so much to the Youth and Citizens of Canada," meaning that the skater be financed by the municipality he

Now where do we dig up a speedster to represent Timmins? (say it fast represents. and it doesn't sound so bad). Unfortunately it is a little late to start a canvass for a representative for Timmins at the present time. it looks as though we are out in the cold if decided otherwise by anyone interested we would be only too glad to help in getting in on the proceedings in Sudbury.

Our favourite barber, Harry Carry, has a very entertaining way of snipping off the locks. Harry himself is a very silent character, especially

while he is working around and about the hearing agents. In fact, he generally leaves the conversation to someone who has something to say, and while our curls were dropping hither and thither, a gentleman, whom we shall call Dick Taphone came sneaking out from behind a very large magazine, took a sniff at Harry's best hair tonic and started up the conversation, naturally choosing a subject that we

know very little about. Dick started talking sport and eventually wound up with a fairly good suggestion in regard keeping some of our hockey players in Timmins instetad of having them play for other cities and towns.

He began with the mention of Bill Curik, Louis Smrke, and numerous other gents, "as soon as they start coming up they leave, and you can't blame 'em," says Dick, "wny, even, now there are a host of smart-playing lads in the junior bracket". Here Dick mentions Elwood and Burril Small Gus Sicoli, Sammy Casanato and others. Then he went into the juvenile ranks for Christie Fox, Bednis, Favero, Forrester, Thrasher, winding up

"Now," says Dick, "in time they will all be coming up into the limelight with a pile of names. Maybe they can't be kept here as seniors but I think they can be kept

here as juniors." "How?" says Harry, just missing a few ounces of good solid ear. Dick takes a bead on the spitoon before he answers and then he says, 'maybe if some of the merchants, or the bigger businessmen, or even if some way to drag in donations were worked out, to put a few sheckles up for the kids so that they would get a enough out of a season and a good job to foot, then perhaps they wouldn't mind staying around home One good junior team would be great," says Dick, "it would help put

Timmins down as a great hockey centre". Continuing, Dick puts forth the suggestion that, "if the team were started it may encourage other northern town to do the same. At the end of the season take the champs and hike 'em off for championships. Let them go right through for the big time. Then work on a senior team with

Dick was all for seeing the kids coached along to a great pitch. "Even larger sporting centre. the coaches are here to get the teams along on the right track," he

"The old story of, when I was playing I used to buy my own skates, pay my fare, and pay for everything I did, are gone for good," says Dick. "Money spoiled sport", says Dick, "so now money has to keep it going". Whatever bearing that statement had on the subject we don't know, but it's different with Harry Carry. He whomps the locks off and you pay him for the whomping.

A banker in Kentucky was in the habit of wearing his hat a good deal during business hours, as in summer the flies used his bald pate for a parading ground and in winter the cold breezes swept over its polished surface. A negro workman each week presented a cheque and drew his wages, and one day as he put his money into a greasy wallet, the banker said:

"Look her, Mose; why don't you let 3 some of that money stay in the bank and keep an account with us?" The Negro leaned towards him, and

with a quizzical look at the banker's hat, answered confidentially: "Boss, I'se jes' afeared. You look ?
