## Bow Waves

(Sea Cadet News)

Hello Chums:-

This week we were informed that the Sea Cadet movement has gone into a peace-time training and planning scheme. From the headquarters of the Navy League of Canada we received a memorandum entitled "Supplementary Sea Cadet Activities" and this contains many wondrous ideas as to what ought to be done now that peace is here. Here is a quotation from it for you:-

"Boys in Sea Cadet corps need activities, both for interest and instructional purposes. It is essential, however, that regular training and strict discipline be maintained as the basic requirements of all Sea Cadet corps. The activities outlined in this pamphlet are submitted as suggestions. Here are some of the suggestions made as to the further activities for all Sea Cadet corps: sports, gym programs, specialized training, collecting, and here is what every wolf likes to hear, parties and social activities.

These are just a few of the amazing changes about to be made for you lads so if there are any questions the Pay Bob will do his best to answer all your "Quiz Kids".

Last parade was mostly taken up with the showing of the movie, "Anchors and Cables" and there were several remarks that would have warmed the hearts of the most tough material. Among those heard were "Gosh, that was good", "Very Good", "That's the best one we've had yet".

So you see, lads, that our films are getting better all the time (Sounds like a popular song and all apologies are offered to the music publishers). It has been stated before that an inspection is coming off in the not-too-distant future and already preparations are under way.

Sunday saw the commencement of the Petty Officers' training classes and

## ESCAPED GERMAN WAR PRISONERS HEAD BACK TO MONTEITH, ONT.

Nine escaped German prisoners of war had their apparent free-and-easy way of life ended when they were put on board a train for the civilian-internment camp at Monteith, Ont., under heavy guard from the Canadian Provost Corps. Four of the prisoners were apprehended in a bootlegger's house in Cooksville, Ont., and five others arrested in Toronto, Ont., while heading for a dance. Photo shows some of the prisoners on the train. All of the prisoners were merchant seamen and in Canada for four years. R.C.M.P. are conducting a probe into their special activities. Some of the prisoners are reported to have taken trips without being detected.

here is a bit of advice to those who will be looking for promotion soon. There is going to be a set of exams before the inspection and although they will not be before the school exams they follow closely on their heels. You had better get a set of notes up soon if you want that rating, chaps.

There has been a good response to the solicitation for instructor-officers and to please me very much there is going to be another Pay Bob. No more messes in the stores (we hope).

The past week gave everyone the feeling of spring in the air and the Sea Cadets thought that they could do doughty service if they got their whalers out on the streets to do ferry service across some of those puddles through which cars, trucks and buses wade, making all the ladies gasp at the havoc to their recently acquired nylon. Don't worry ladies, you'll soon be able to cast them aside and employ the paint again. I've heard that there is more comfort in the latter mode anyway.

The Commanding Officer has been scanning the muster sheets again and it looks as if more letters will be sent

out of those delinquents. If there is a strange man at your door, don't worry, it will probably be the Accounting branch calling to collect some of those uniforms. Jump to me, lads!

Heavy hoof-beats have been disturbing our sleep lately and we have traced all the rumpus to our dreams. It was all those Gremlins in Navy Blue parading down the halls of fame in their new Navy boots. What a noise! Certainly when this corps was started the few men interested did not expect to get all the boys with size 9's and larger.

Well, lads, that's all there is for this week so keep those red flannels on for another two weeks and we'll see you at the next parade Friday, at 1900 in the Birch Street School.

The PAY BOB.

## SOUTH PORCUPINE Township Council Endorses Resolution

A regular council meeting was held on Monday in the council chambers.

Reeve V. H. Evans was appointed to serve on the committee sponsored by the Association of Mining Municipalities to investigate the camp at Monteith with regard to future possibilities of post-war usefulness.

The council endorsed the following letter from the town of Timmins:-

"The Municipal Council at a regular meeting on Feb. 21, passed the following resolution, "That the department of Indian affairs of the Dominion government be urged to appoint a full-time physician and surgeon to work among the Indians of the James Bay area and that the department be required to take immediate steps to improve the living conditions of the Indian population, throughout all the northern territory". This resolution is submitted for your endorsement."

Mr. Bevin will gladly donate three British mandates in Africa to the U.N.O., for practice purposes, if nothing more, while girding for the big stuff, like Iran, and points east.
