

KINETTE BABIES GET SILVER SPOONS

Nineteen members of the Kinetite club attended the regular monthly meeting of the club held at the Fern Cottage Dining room last night. The president, Mrs. C. Bowker, introduced a new member, Mrs. Ed. Reid, and welcomed the guest for the evening, Mrs. W. Brochu.

Minutes were read by the secretary, Mrs. O. Carter, who outlined rules for coming elections. It was then decided that the executive would nominate a group of members to draw up two slates of officers. The members decided that babies born to members of the club would receive a silver spoon. The first spoon will be presented to the baby daughter of Mr. and Mrs. Wallace.

Mrs. Len McKerrow reported on the collections from milk bottles and members were pleased to note that a substantial amount has been added to the shelter work. Mrs. William Alexander reported on articles which are on order for the children's shelter and members suggested other necessities to add to the present list.

Plans were continued for the rummage sale to be held in the late spring with the definite time and place of the sale to be announced at a later date.

Following the business portion of the meeting, the president, extended an invitation from Mrs. Clark, matron of the Children's Shelter, for members

of the club to visit the shelter that evening to see the work that has already been done there and the work that still has to be done.

The next regular meeting of the club will take place on the first Wednesday at the Fern Cottage dining room and all members are asked to attend.

The Cowl Once Again

By PRUNELLA WOOD

Many a hood has been seen in the fashionable spots this winter, and none is handier and less affected looking than the one which grows out of a frock's collar, in true cowl manner.

Here you have a black and white scroll print frock with wide shoulders over sleeveless cut, and a cowl which really looks well, worn over the head or hanging over the shoulders. One may wear the neckline closed high or low, besides. Notice the new and greater fullness of the skirt, the narrow belt of black patent.

Parents Culpable In Juvenile Cases Here, Kiwanians Are Told

Reports of the various committees of Kiwanis featured the weekly luncheon of the club on Monday. President G. N. Ross passed the chair to the group chairmen, who, in turn, called on the various committee chairmen for reports on the work to date. The result showed the large amount of good work being done by each branch of the club and the further activities planned for coming days.

Special welcome was given to Kiwanian Frank Feldman, who is just back from Toronto after a serious operation and several weeks of recuperation.

A letter was read from the Cobalt Kiwanis saying that the club had issued copies of "The Cobalt Song," available at a small fee to anyone wishing this famous song. The proceeds will be devoted to the community welfare work of the Cobalt Kiwanis.

Kiwanian Frank McDowell was complimented by the president on his recent winning of the Lions curling trophy. Later, G. S. Drew, chairman of the committee for handicapped ex-service men, humorously suggested that this win was a sample of what a "handicapped" man could accomplish with the right encouragement and friendship.

President Ross read a letter from Mountjoy United Church, thanking the Kiwanis for the use of the Barber's Bay camp the last two years, and asking for the same privilege this coming summer. "It has been granted," commented the chairman of the committee concerned.

The meeting was then turned over to E. H. King, chairman of the Club Meetings group of committees, who called on the six committee chairmen in his group.

Kiwanian King responded for O. R. Kenny, chairman of Club Classification.

In his report, Zig Ostrowski, chairman of the House Committee, mentioned that the average attendance for the past three months had been 43.

Harry Wright, Inter-club Relations, Gordon Campbell, Music, Bob Harvey, Program, and F. A. Woodbury, Reception, were the other chairmen reporting in this group.

When Jack Beattie, chairman of the Community Service Group, took over,

he called on F. Feldman, chairman of the Agriculture Committee, R. P. Kinkel, Public Affairs, Business Standards and Support of Churches, G. S. Drew, Auxiliary War Service, and H. J. Quinn, Salvage, for reports on their committees, all responding briefly but effectively.

In his report, R. P. Kinkel referred to what had been done by his committee in connection with securing an armoured building that would also be used for community purposes, and also the efforts to have a soldier's home or hospital at Monteth.

Kiwanian Drew made brief reference to the work for rehabilitation and also the interest being specially shown in handicapped ex-service men. There were 87 handicapped men now here or to return to the Porcupine Camp, and these were being looked after so far as interest and encouragement were concerned by the Lions Club of Schumacher, the South Porcupine Kiwanis, and the Kiwanis, Lions and Kinsmen of Timmins.

Salvage work had been suspended for the present, H. J. Quinn reported, as its need was not apparent now in the North.

The Youth Service group was introduced by A. W. Pickering, chairman of the group.

In the absence of the chairman (H. G. Laidlaw) P. T. Moisy spoke for the Juvenile Court Committee. He mentioned a number of recent cases that were startling in their implications. He did not blame the boys and girls so much as conditions which parents had allowed to grow up here. He felt that it was high time that there was something done to remedy matters.

In reporting for the Under-privileged Child Committee, G. E. Knowles, the chairman, said that 2,000 quarts of milk and 5,000 pints had been distributed this year by the Kiwanis.

Kiwanian Knowles also reported for the Boy Scout committee for J. Hunt, chairman of the committee. There were 30 Kiwanis Scouts and 85 Cubs. The chief need now was for equipment for the Troop and Pack.

In reporting as chairman of the Guidance committee, H. J. Lloyd mentioned that on the 15th of this month the club was to hear an address on vocational guidance by an expert in that line.

G. C. Campbell, chairman of the Air Cadet committee, being called away, the report of this committee had to be deferred to a later meeting, and on account of lack of further time on Monday, the reports of the Administration Group—Finance, Kiwanis Property, Classification and Membership, Kiwanis Education, Laws and Regulations and Public Relations, and Publi-

MAY-TIME DANCE IS PLANNED BY I. O. D. E.

The regular monthly meeting of the I.O.D.E. was held on Tuesday night in the municipal chambers, with Mrs. W. Mackie, regent, presiding. The meeting opened with the prayer of the order, and the presentation of the flag. Roll call was given, and the minutes of the previous meeting were read and adopted.

It was noted that Bucovetsky's had given a donation to the Order, to assist in carrying on their good work. This was in place of the fashion show they usually have, but which was omitted this year because of the shortage of materials.

An appeal was read for the "Save the Children" fund, and it was decided to make layettes for this.

The treasurer's report was read and adopted.

Mrs. E. Warnock, guide convener, reported attending a few meetings concerning the forming of a local association for guides.

TOWN PLANNING IS 50-50 CLUB TOPIC

The 50-50 Club held its regular meeting in Mountjoy Church, on Thursday of last week the meeting opening with a business period conducted by the president, Mr. L. Kerr.

Final discussions on the Craft Fair to be held Apr. 11, in the church, took place. Some of the many displays of handicraft will include amateur photography, handmade rugs, pottery and woodwork. There will be a booth with "Things made out of Nothing" and a "For Sale" booth of handwork by the 50-50 Club members.

During the evening, entertainment will be provided by a male quartette, Ukrainian dancers, musical numbers on the saxophone, and a gymnastic display by the Finnish group. There will be a children's hour from five until six o'clock with a special program including a "Touch and Take" table, with parcels for five and ten cents.

The meeting was turned over to the program conveners, Mr. and Mrs. C. Newell and Mr. and Mrs. E. Warnock, who had as their topic, "Town Planning". Mr. C. Newell, acting as town manager, and Mr. E. Warnock, as secretary, gave an outline of a suitable location for the planning of a model town. Town Commissioners were called upon for the building of a town.

Many of the members expressed their views, creating a lively discussion. However, it was agreed upon that the town would own all the land, even that which skirted the limits, for protection in case of an increase in population. Sizes of lots were agreed upon; houses would be of a certain standard with fire-proof finish; home beautification would be encouraged; and playgrounds and parks would be sponsored by the town.

In conclusion it was decided to form a committee to study ways of improving and re-planning Timmins. The volunteers were Rev. E. G. Smith, Mr. E. Denton, Miss C. Weiss, Mrs. E. G. Smith, Mr. T. Thomas, and Mrs. I. Wilson.
